- (c) A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender or death benefits that are guaranteed under the contract, together with sufficient information to determine the amount of such benefits.
- (d) A statement that any paid-up annuity, cash surrender or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which such benefits are altered by the existence of any additional amounts credited by the company to the contract, any indebtedness to the company on the contract or any prior withdrawals from or partial surrenders of the contract.
- Notwithstanding the requirements of this subsection, annuity contract may provide that if no considerations have been received under a contract for a period of 2 full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from considerations paid prior to such period would be less than \$20.00 monthly, the company may at its option terminate such contract by payment in cash of the present value of such portion of the paid-up annuity benefit, calculated on the basis of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by such payment shall be relieved of any further obligation under such contract.

flexible considerations, the minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payments shall be equal to an accumulation up to such time at a rate of interest of 3% per annum of percentages of the net considerations, as hereinafter defined, paid prior to such time, decreased by the sum of (i) any prior withdrawals from or partial surrenders of the contract accumulated at a rate of interest of 3% per annum and (ii) the amount of any indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract.

The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be an amount not less than zero and shall be equal corresponding gross considerations credited to the contract during that contract year less an contract charge of \$30.00 and less a collection charge of \$1.25 per consideration credited to the contract during that contract year. The percentages of net considerations shall be 65% of the net consideration for the first contract year and 87 1/2% of the considerations for the second and later contract years. Notwithstanding the provisions of the preceding sentence, the percentage shall be 65% of the portion of the total net consideration for any renewal contract year which exceeds by not more than two times the sum of those portions of the net considerations in all prior contract years for which the percentage was 65%.

(a) of this subsection, the minimum nonforfeiture amount for any contract issued on or after July 1, 2002 and before July 1, 2005 shall be based on a rate of interest of 1.5% per annum.

2.1

- 1 (b) With respect to contracts providing for fixed 2 scheduled considerations, minimum nonforfeiture amounts 3 shall be calculated on the assumption that considerations 4 are paid annually in advance and shall be defined as for 5 contracts with flexible considerations which are paid 6 annually, with two exceptions:
 - (i) The portion of the net consideration for the first contract year to be accumulated shall be the sum of 65% of the net consideration for the first contract year plus 22 1/2% of the excess of the net consideration for the first contract year over the lesser of the net considerations for the second and third contract years.
 - (ii) The annual contract charge shall be the lesser of (A) \$30.00 or (B) 10% of the gross annual consideration.
 - (c) With respect to contracts providing for a single consideration, minimum nonforfeiture amounts shall be defined as for contracts with flexible considerations except that the percentage of net consideration used to determine the minimum nonforfeiture amount shall be equal to 90% and the net consideration shall be the gross consideration less a contract charge of \$75.00.
 - (3) Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Such present value shall be computed using the mortality table, if any, and the interest rate specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.
- 32 (4) For contracts which provide cash surrender benefits, 33 such cash surrender benefits available prior to maturity 34 shall not be less than the present value as of the date of

1 surrender of that portion of the maturity value of the 2 paid-up annuity benefit which would be provided under the contract at maturity arising from considerations paid prior 4 the time of cash surrender reduced by the amount 5 appropriate to reflect any prior withdrawals from or partial surrenders of the contract, such present value being calculated on the basis of an interest rate not more than 1% 8 higher than the interest rate specified in the contract for accumulating the net considerations to determine maturity value, decreased by the amount of any indebtedness 10 11 to the company on the contract, including interest due and accrued, and increased by any existing additional amounts 12 credited by the company to the contract. In no event shall 13 surrender benefit be less than the minimum 14 cash 15 nonforfeiture amount at that time. The death benefit under 16 such contracts shall be at least equal to the cash surrender benefit. 17

(5) For contracts which do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that portion of the maturity value of the paid-up benefit provided under the contract arising from considerations paid prior to the time of the contract is surrendered in exchange for, or changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine maturity value, and increased by any existing additional amounts credited by the company to the contract. contracts which do not provide any death benefits prior to the commencement of any annuity payments, such present values shall be calculated on the basis of such interest rate and the mortality table specified in the contract for determining

- 1 the maturity value of the paid-up annuity benefit. However,
- 2 in no event shall the present value of a paid-up annuity
- 3 benefit be less than the minimum nonforfeiture amount at that
- 4 time.
- 5 (6) For the purpose of determining the benefits
- 6 calculated under subsections (4) and (5), in the case of
- 7 annuity contracts under which an election may be made to have
- 8 annuity payments commence at optional maturity dates, the
- 9 maturity date shall be deemed to be the latest date for which
- 10 election shall be permitted by the contract, but shall not be
- 11 deemed to be later than the anniversary of the contract next
- 12 following the annuitant's seventieth birthday or the tenth
- anniversary of the contract, whichever is later.
- 14 (7) Any contract which does not provide cash surrender
- benefits or does not provide death benefits at least equal to
- 16 the minimum nonforfeiture amount prior to the commencement of
- 17 any annuity payments shall include a statement in a prominent
- 18 place in the contract that such benefits are not provided.
- 19 (8) Any paid-up annuity, cash surrender or death
- 20 benefits available at any time, other than on the contract
- 21 anniversary under any contract with fixed scheduled
- 22 considerations, shall be calculated with allowance for the
- lapse of time and the payment of any scheduled considerations
- 24 beyond the beginning of the contract year in which cessation
- of payment of considerations under the contract occurs.
- 26 (9) For any contract which provides, within the same
- 27 contract by rider or supplemental contract provision, both
- 28 annuity benefits and life insurance benefits that are in
- 29 excess of the greater of cash surrender benefits or a return
- 30 of the gross considerations with interest, the minimum
- 31 nonforfeiture benefits shall be equal to the sum of the
- 32 minimum nonforfeiture benefits for the annuity portion and
- 33 the minimum nonforfeiture benefits, if any, for the life
- insurance portion computed as if each portion were a separate

- 1 contract. Notwithstanding the provisions of subsections (3),
- 2 (4), (5), (6) and (8), additional benefits payable (a) in the
- event of total and permanent disability, (b) as reversionary 3
- 4 annuity or deferred reversionary annuity benefits, or (c) as
- other policy benefits additional life 5 to insurance,
- 6 endowment, and annuity benefits, and considerations for all
- 7 additional benefits, shall be disregarded
- 8 ascertaining the minimum nonforfeiture amounts, paid-up
- 9 annuity, cash surrender and death benefits that may be
- required by this section. The inclusion of such additional 10
- 11 benefits shall not be required in any paid-up benefits,
- unless such additional benefits separately would require 12
- minimum nonforfeiture amounts, paid-up annuity, cash 13
- surrender and death benefits. 14
- (10) After the effective date of this Section, 15
- 16 company may file with the Director a written notice of its
- election to comply with the provisions of this Section after 17
- a specified date before the second anniversary of the 18
- 19 effective date of this Section. After the filing of such
- notice, then upon such specified date, which shall be the 20
- 21 operative date of this section for such company, this Section
- 22 shall become operative with respect to annuity contracts

thereafter issued by such company. If a company makes no

- such election, the operative date of this section for such
- 25 company shall be the second anniversary of the effective date
- 26 of this Section.
