SB2004 Enrolled LRB9213317ACcdA

- 1 AN ACT concerning health facilities.
- 2 Be it enacted by the People of the State of Illinois,
- 3 represented in the General Assembly:
- 4 Section 5. The Hospital Licensing Act is amended by
- 5 changing Section 8 as follows:

21

- 6 (210 ILCS 85/8) (from Ch. 111 1/2, par. 149)
- 7 Sec. 8. Facility plan review; fees.
- 8 (a) Before commencing construction of new facilities or 9 specified types of alteration or additions to an existing 10 hospital involving major construction, as defined by rule by 11 the Department, with an estimated cost greater than \$100,000, 12 architectural plans and specifications therefor shall be 13 submitted by the licensee to the Department for review and 14 approval. A hospital may submit architectural drawings and
- specifications for other construction projects for Department review according to subsection (b) that shall not be subject
- 17 to fees under subsection (d). Review of drawings and
- 18 specifications shall be conducted by an employee of the
- 19 Department meeting the qualifications established by the
- 20 Department of Central Management Services class

specifications for such an individual's position or by a

- 22 person contracting with the Department who meets those class
- 23 specifications. Final approval of the plans and
- 24 specifications for compliance with design and construction
- 25 standards shall be obtained from the Department before the
- 26 alteration, addition, or new construction is begun.
- 27 (b) The Department shall inform an applicant in writing
- 28 within 10 working days after receiving drawings and
- 29 specifications and the required fee, if any, from the
- 30 applicant whether the applicant's submission is complete or
- 31 incomplete. Failure to provide the applicant with this

1 notice within 10 working days shall result in the submission 2 being deemed complete for purposes of initiating the 60-day review period under this Section. If the submission is 3 4 incomplete, the Department shall inform the applicant of the 5 deficiencies with the submission in writing. б submission is complete and the required fee, if any, has been 7 paid, the Department shall approve or disapprove drawings and 8 specifications submitted to the Department no later than 60 9 days following receipt by the Department. The drawings specifications shall be of sufficient detail, as provided by 10 11 Department rule, to enable the Department to render a determination of compliance with design and construction 12 standards under this Act. If the Department finds that the 13 drawings are not of sufficient detail for it to render a 14 15 determination of compliance, the plans shall be determined to 16 be incomplete and shall not be considered for purposes of initiating the 60 day review period. If a submission of 17 drawings and specifications is incomplete, the applicant may 18 19 submit additional information. The 60-day review period shall not commence until the Department determines that a 20 2.1 submission of drawings and specifications is complete or the 22 submission is deemed complete. If the Department has not 23 approved or disapproved the drawings and specifications within 60 days, the construction, major alteration, or 24 25 addition shall be deemed approved. If the drawings and specifications are disapproved, the Department shall state in 26 writing, with specificity, the reasons for the disapproval. 27 The entity submitting the drawings and specifications may 28 29 submit additional information in response to the written 30 comments from the Department or request a reconsideration of the disapproval. A final decision of approval or disapproval 31 32 shall be made within 45 days of the receipt of the additional information or reconsideration request. If denied, the 33 34 Department shall state the specific reasons for the denial.

- 1 (c) The Department shall provide written approval for 2 occupancy pursuant to subsection (g) and shall not issue a 3 violation to a facility as a result of a licensure or 4 complaint survey based upon the facility's physical structure 5 if:
- (1) the Department reviewed and approved or deemed approved the drawing and specifications for compliance with design and construction standards;
  - (2) the construction, major alteration, or addition was built as submitted;
    - (3) the law or rules have not been amended since the original approval; and
- 13 (4) the conditions at the facility indicate that
  14 there is a reasonable degree of safety provided for the
  15 patients.
  - (d) The Department shall charge the following fees in connection with its reviews conducted before June 30, 2004 under this Section:
- 19 (1) (Blank).
- 20 (2) (Blank).
- (3) If the estimated dollar value of the <u>major</u> 21 22 alteration, -addition, --or--new construction is greater 23 \$100,000-er-mere-but-less than \$500,000, the fee shall be 24 established by the Department pursuant to rules that 25 reflect the reasonable and direct cost of the Department in conducting the architectural reviews required under 26 this Section. The estimated dollar value of the major 27 construction subject to review under this Section shall 28 be annually readjusted to reflect the increase in 29 construction costs due to inflation the-greater-of-\$2,400 30 31 or-1-2%-of-that-value-

The fees provided in this subsection (d) shall not apply to major construction projects involving facility changes that are required by Department rule amendments.

The fees provided in this subsection (d) shall also not apply to major construction projects if 51% or more of estimated cost of the project is attributed to capital equipment. For major construction projects where 51% or more of the estimated cost of the project is attributed to capital equipment, the Department shall by rule establish a fee that is reasonably related to the cost of reviewing the project.

The Department shall not commence the facility plan review process under this Section until the applicable fee has been paid.

23 All fees received by the Department under this Section shall be deposited into the Health Facility Plan 24 25 Review Fund, a special fund created in the State treasury. All fees paid by hospitals under subsection (d) shall be used 26 27 only to cover the <u>direct and reasonable</u> costs relating to the Department's review of hospital projects under this Section. 28 29 Moneys shall be appropriated from that Fund to the Department 30 only to pay the costs of conducting reviews under this 31 Section. None of the moneys in the Health Facility Plan 32 Review Fund shall be used to reduce the amount of General 33 Revenue Fund moneys appropriated to the Department for 34 facility plan reviews conducted pursuant to this Section.

- (g) The Department shall conduct an on-site inspection the completed project no later than 30 days after notification from the applicant that the project has been completed and all certifications required by the Department have been received and accepted by the Department. Department shall provide written approval for occupancy to the applicant within 5 working days of the Department's final inspection, provided the applicant has demonstrated substantial compliance as defined by Department rule. Occupancy of new major construction is prohibited until Department approval is received, unless the Department has not acted within the time frames provided in this subsection (g), in which case the construction shall be deemed approved. Occupancy shall be authorized after any required health inspection by the Department has been conducted.
- 28 (h) The Department shall establish, by rule, a procedure 29 to conduct interim on-site review of large or complex 30 construction projects.
- 31 (i) The Department shall establish, by rule, an 32 expedited process for emergency repairs or replacement of 33 like equipment.
- 34 (j) Nothing in this Section shall be construed to apply

- 1 to maintenance, upkeep, or renovation that does not affect
- 2 the structural integrity of the building, does not add beds
- 3 or services over the number for which the facility is
- 4 licensed, and provides a reasonable degree of safety for the
- 5 patients.
