Thereafter, a State Superintendent of Education must, at a minimum, be appointed at the beginning of each term of a Governor after that Governor has made appointments to the Board. A performance-based contract issued for the employment of a State Superintendent of Education entered into on or after the effective date of this amendatory Act of the 93rd General Assembly must expire no later than February 1, 2007, and subsequent contracts must expire no later than February 1 each 4 years thereafter. No contract shall be extended or renewed beyond February 1, 2007 and February 1 each 4 years thereafter, but a State Superintendent
of Education shall serve until his or her successor is appointed. Each contract entered into on or before January 8, 2007 with a State Superintendent of Education must provide that the State Board of Education may terminate the contract for cause, and the State Board of Education shall not thereafter be liable for further payments under the contract. With regard to this amendatory Act of the 93rd General Assembly, it is the intent of the General Assembly that, beginning with the Governor who takes office on the second Monday of January, 2007, a State Superintendent of Education be appointed at the beginning of each term of a Governor after that Governor has made appointments to the Board. All meetings of this Committee shall be official meetings for reimbursement under this Act. On the effective date of this amendatory Act of the 95th General Assembly, the Joint Education Committee is abolished.

E. Five members of the Board shall constitute a quorum. A majority vote of the members appointed, confirmed and serving on the Board is required to approve any action, except that the 7 new Board members who were appointed to fill seats of members whose terms were terminated on the effective date of this
amendatory act of the 93rd General Assembly may vote to approve actions when appointed and serving.

Using the most recently available data, the Board shall prepare and submit to the General Assembly and the Governor on or before January 14, 1976 and annually thereafter a report or reports of its findings and recommendations. Such annual report shall contain a separate section which provides a critique and analysis of the status of education in Illinois and which identifies its specific problems and recommends express solutions therefor. Such annual report also shall contain the following information for the preceding year ending on June 30: each act or omission of a school district of which the State Board of Education has knowledge as a consequence of scheduled, approved visits and which constituted a failure by the district to comply with applicable State or federal laws or regulations relating to public education, the name of such district, the date or dates on which the State Board of Education notified the school district of such act or omission, and what action, if any, the school district took with respect thereto after being notified thereof by the State Board of Education. The report shall also include the statewide high school dropout rate by grade level, sex and race and the annual student dropout rate of and the number of students who graduate from, transfer from or otherwise leave bilingual programs. The Auditor General shall annually perform a compliance audit of the State Board of
Education's performance of the reporting duty imposed by this amendatory Act of 1986. A regular system of communication with other directly related State agencies shall be implemented.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Council, as required by Section 3.1 of the General Assembly Organization Act, and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

F. Upon appointment of the 7 new Board members who were appointed to fill seats of members whose terms were terminated on the effective date of this amendatory Act of the 93rd General Assembly, the Board shall review all of its current rules in an effort to streamline procedures, improve efficiency, and eliminate unnecessary forms and paperwork.

Sec. 1B-8. There is created in the State Treasury a special fund to be known as the School District Emergency Financial Assistance Fund (the "Fund"). The School District Emergency Financial Assistance Fund shall consist of appropriations, loan repayments, grants from the federal government, and donations from any public or private source.
Moneys in the Fund may be appropriated only to the Illinois Finance Authority and the State Board for those purposes authorized under this Article and Article Articles 1F and 1H of this Code. The appropriation may be allocated and expended by the State Board for contractual services to provide technical assistance or consultation to school districts to assess their financial condition and to Financial Oversight Panels that petition for emergency financial assistance grants. The Illinois Finance Authority may provide loans to school districts which are the subject of an approved petition for emergency financial assistance under Section 1B-4, 1F-62, or 1H-65 of this Code. Neither the State Board of Education nor the Illinois Finance Authority may collect any fees for providing these services.

From the amount allocated to each such school district under this Article the State Board shall identify a sum sufficient to cover all approved costs of the Financial Oversight Panel established for the respective school district. If the State Board and State Superintendent of Education have not approved emergency financial assistance in conjunction with the appointment of a Financial Oversight Panel, the Panel's approved costs shall be paid from deductions from the district's general State aid or evidence-based funding.

The Financial Oversight Panel may prepare and file with the State Superintendent a proposal for emergency financial
assistance for the school district and for its operations budget. No expenditures from the Fund shall be authorized by the State Superintendent until he or she has approved the request of the Panel, either as submitted or in such lesser amount determined by the State Superintendent.

The maximum amount of an emergency financial assistance loan which may be allocated to any school district under this Article, including moneys necessary for the operations of the Panel, shall not exceed $4,000 times the number of pupils enrolled in the school district during the school year ending June 30 prior to the date of approval by the State Board of the petition for emergency financial assistance, as certified to the local board and the Panel by the State Superintendent. An emergency financial assistance grant shall not exceed $1,000 times the number of such pupils. A district may receive both a loan and a grant.

The payment of an emergency State financial assistance grant or loan shall be subject to appropriation by the General Assembly. Payment of the emergency State financial assistance loan is subject to the applicable provisions of the Illinois Finance Authority Act. Emergency State financial assistance allocated and paid to a school district under this Article may be applied to any fund or funds from which the local board of education of that district is authorized to make expenditures by law.

Financial Oversight Panel and approved by the State Superintendent may be paid in its entirety during the initial year of the Panel's existence or spread in equal or declining amounts over a period of years not to exceed the period of the Panel's existence. An emergency financial assistance loan proposed by the Financial Oversight Panel and approved by the Illinois Finance Authority may be paid in its entirety during the initial year of the Panel's existence or spread in equal or declining amounts over a period of years not to exceed the period of the Panel's existence. The Panel shall establish and the Illinois Finance Authority shall approve the terms and conditions, including the schedule, of repayments. The schedule shall provide for repayments commencing July 1 of each year or upon each fiscal year's receipt of moneys from a tax levy for emergency financial assistance. Repayment shall be incorporated into the annual budget of the school district and may be made from any fund or funds of the district in which there are moneys available. When moneys are repaid as provided herein they shall not be made available to the local board for further use as emergency financial assistance under this Article at any time thereafter. All repayments required to be made by a school district shall be received by the State Board and deposited in the School District Emergency Financial Assistance Fund.

Such tax levy shall not be subject to referendum approval. The amount of the levy shall be equal to the amount necessary to meet the annual repayment obligations of the district as established by the Panel, or 20% of the amount levied for educational purposes for the prior year, whichever is less. Sec. 10-21.9. Criminal history records checks and checks of the Statewide Sex Offender Database and Statewide Murderer and Violent Offender Against Youth Database.
(a) Licensed and nonlicensed applicants for employment
with a school district, except school bus driver applicants, are required as a condition of employment to authorize a fingerprint-based criminal history records check to determine if such applicants have been convicted of any disqualifying, enumerated criminal or drug offenses in subsection (c) of this Section or have been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State. Authorization for the check shall be furnished by the applicant to the school district, except that if the applicant is a substitute teacher seeking employment in more than one school district, a teacher seeking concurrent part-time employment positions with more than one school district (as a reading specialist, special education teacher or otherwise), or an educational support personnel employee seeking employment positions with more than one district, any such district may require the applicant to furnish authorization for the check to the regional superintendent of the educational service region in which are located the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee. Upon receipt of this authorization, the school district or the appropriate regional
superintendent, as the case may be, shall submit the applicant's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Illinois State Police, to the Illinois State Police. The regional superintendent submitting the requisite information to the Illinois State Police shall promptly notify the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee that the check of the applicant has been requested. The Illinois State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, forever and hereinafter, until expunged, to the president of the school board for the school district that requested the check, or to the regional superintendent who requested the check. The Illinois State Police shall charge the school district or the appropriate regional superintendent a fee for conducting such check, which fee shall be deposited in the State Police Services Fund and shall not exceed the cost of the inquiry; and the applicant shall not be charged a fee for such check by the school district or by the regional superintendent, except that those applicants seeking employment as a substitute teacher with a school district may be charged a fee not to exceed the cost of the inquiry. Subject to appropriations for these purposes, the State Superintendent of Education shall reimburse school
districts and regional superintendents for fees paid to obtain criminal history records checks under this Section.

(a-5) The school district or regional superintendent shall further perform a check of the Statewide Sex Offender Database, as authorized by the Sex Offender Community Notification Law, for each applicant. The check of the Statewide Sex Offender Database must be conducted by the school district or regional superintendent once for every 5 years that an applicant remains employed by the school district.

(a-6) The school district or regional superintendent shall further perform a check of the Statewide Murderer and Violent Offender Against Youth Database, as authorized by the Murderer and Violent Offender Against Youth Community Notification Law, for each applicant. The check of the Murderer and Violent Offender Against Youth Database must be conducted by the school district or regional superintendent once for every 5 years that an applicant remains employed by the school district.

(b) Any information concerning the record of convictions obtained by the president of the school board or the regional superintendent shall be confidential and may only be transmitted to the superintendent of the school district or his designee, the appropriate regional superintendent if the check was requested by the school district, the presidents of the appropriate school boards if the check was requested from
the Illinois State Police by the regional superintendent, the State Board of Education and a school district as authorized under subsection (b-5), the State Superintendent of Education, the State Educator Preparation and Licensure Board, any other person necessary to the decision of hiring the applicant for employment, or for clarification purposes the Illinois State Police or Statewide Sex Offender Database, or both. A copy of the record of convictions obtained from the Illinois State Police shall be provided to the applicant for employment. Upon the check of the Statewide Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database, the school district or regional superintendent shall notify an applicant as to whether or not the applicant has been identified in the Database. If a check of an applicant for employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee in more than one school district was requested by the regional superintendent, and the Illinois State Police upon a check ascertains that the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) of this Section or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of
this State and so notifies the regional superintendent and if the regional superintendent upon a check ascertains that the applicant has not been identified in the Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database, then the regional superintendent shall issue to the applicant a certificate evidencing that as of the date specified by the Illinois State Police the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) of this Section or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and evidencing that as of the date that the regional superintendent conducted a check of the Statewide Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database, the applicant has not been identified in the Database. The school board of any school district may rely on the certificate issued by any regional superintendent to that substitute teacher, concurrent part-time teacher, or concurrent educational support personnel employee or may initiate its own criminal history records check of the applicant through the Illinois State Police and its own check of the Statewide Sex Offender Database or Statewide Murderer
Any unauthorized release of confidential information may be a violation of Section 7 of the Criminal Identification Act.

(b-5) If a criminal history records check or check of the Statewide Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database is performed by a regional superintendent for an applicant seeking employment as a substitute teacher with a school district, the regional superintendent may disclose to the State Board of Education whether the applicant has been issued a certificate under subsection (b) based on those checks. If the State Board receives information on an applicant under this subsection, then it must indicate in the Educator Licensure Information System for a 90-day period that the applicant has been issued or has not been issued a certificate.

(c) No school board shall knowingly employ a person who has been convicted of any offense that would subject him or her to license suspension or revocation pursuant to Section 21B-80 of this Code, except as provided under subsection (b) of Section 21B-80. Further, no school board shall knowingly employ a person who has been found to be the perpetrator of sexual or physical abuse of any minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987. As a condition of employment, each school board must consider the status of a person who has been issued an
indicated finding of abuse or neglect of a child by the Department of Children and Family Services under the Abused and Neglected Child Reporting Act or by a child welfare agency of another jurisdiction.

(d) No school board shall knowingly employ a person for whom a criminal history records check and a Statewide Sex Offender Database check have not been initiated.

(e) Within 10 days after a superintendent, regional office of education, or entity that provides background checks of license holders to public schools receives information of a pending criminal charge against a license holder for an offense set forth in Section 21B-80 of this Code, the superintendent, regional office of education, or entity must notify the State Superintendent of Education of the pending criminal charge.

If permissible by federal or State law, no later than 15 business days after receipt of a record of conviction or of checking the Statewide Murderer and Violent Offender Against Youth Database or the Statewide Sex Offender Database and finding a registration, the superintendent of the employing school board or the applicable regional superintendent shall, in writing, notify the State Superintendent of Education of any license holder who has been convicted of a crime set forth in Section 21B-80 of this Code. Upon receipt of the record of a conviction of or a finding of child abuse by a holder of any license issued pursuant to Article 21B or Section 34-8.1
of this the School Code, the State Superintendent of Education may initiate licensure suspension and revocation proceedings as authorized by law. If the receipt of the record of conviction or finding of child abuse is received within 6 months after the initial grant of or renewal of a license, the State Superintendent of Education may rescind the license holder's license.

(e-5) The superintendent of the employing school board shall, in writing, notify the State Superintendent of Education and the applicable regional superintendent of schools of any license holder whom he or she has reasonable cause to believe has committed an intentional act of abuse or neglect with the result of making a child an abused child or a neglected child, as defined in Section 3 of the Abused and Neglected Child Reporting Act, and that act resulted in the license holder's dismissal or resignation from the school district. This notification must be submitted within 30 days after the dismissal or resignation and must include the Illinois Educator Identification Number (IEIN) of the license holder and a brief description of the misconduct alleged. The license holder must also be contemporaneously sent a copy of the notice by the superintendent. All correspondence, documentation, and other information so received by the regional superintendent of schools, the State Superintendent of Education, the State Board of Education, or the State Educator Preparation and Licensure Board under this subsection.
(e-5) is confidential and must not be disclosed to third parties, except (i) as necessary for the State Superintendent of Education or his or her designee to investigate and prosecute pursuant to Article 21B of this Code, (ii) pursuant to a court order, (iii) for disclosure to the license holder or his or her representative, or (iv) as otherwise provided in this Article and provided that any such information admitted into evidence in a hearing is exempt from this confidentiality and non-disclosure requirement. Except for an act of willful or wanton misconduct, any superintendent who provides notification as required in this subsection (e-5) shall have immunity from any liability, whether civil or criminal or that otherwise might result by reason of such action.

(f) After January 1, 1990 the provisions of this Section shall apply to all employees of persons or firms holding contracts with any school district including, but not limited to, food service workers, school bus drivers and other transportation employees, who have direct, daily contact with the pupils of any school in such district. For purposes of criminal history records checks and checks of the Statewide Sex Offender Database on employees of persons or firms holding contracts with more than one school district and assigned to more than one school district, the regional superintendent of the educational service region in which the contracting school districts are located may, at the request of any such school district, be responsible for receiving the authorization for a
criminal history records check prepared by each such employee and submitting the same to the Illinois State Police and for conducting a check of the Statewide Sex Offender Database for each employee. Any information concerning the record of conviction and identification as a sex offender of any such employee obtained by the regional superintendent shall be promptly reported to the president of the appropriate school board or school boards.

(f-5) Upon request of a school or school district, any information obtained by a school district pursuant to subsection (f) of this Section within the last year must be made available to the requesting school or school district.

(g) Prior to the commencement of any student teaching experience or required internship (which is referred to as student teaching in this Section) in the public schools, a student teacher is required to authorize a fingerprint-based criminal history records check. Authorization for and payment of the costs of the check must be furnished by the student teacher to the school district where the student teaching is to be completed. Upon receipt of this authorization and payment, the school district shall submit the student teacher's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Illinois State Police, to the Illinois State Police. The Illinois State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based
criminal history records check, records of convictions, forever and hereinafter, until expunged, to the president of the school board for the school district that requested the check. The Illinois State Police shall charge the school district a fee for conducting the check, which fee must not exceed the cost of the inquiry and must be deposited into the State Police Services Fund. The school district shall further perform a check of the Statewide Sex Offender Database, as authorized by the Sex Offender Community Notification Law, and of the Statewide Murderer and Violent Offender Against Youth Database, as authorized by the Murderer and Violent Offender Against Youth Registration Act, for each student teacher. No school board may knowingly allow a person to student teach for whom a criminal history records check, a Statewide Sex Offender Database check, and a Statewide Murderer and Violent Offender Against Youth Database check have not been completed and reviewed by the district.

A copy of the record of convictions obtained from the Illinois State Police must be provided to the student teacher. Any information concerning the record of convictions obtained by the president of the school board is confidential and may only be transmitted to the superintendent of the school district or his or her designee, the State Superintendent of Education, the State Educator Preparation and Licensure Board, or, for clarification purposes, the Illinois State Police or the Statewide Sex Offender Database or Statewide Murderer and
Violent Offender Against Youth Database. Any unauthorized release of confidential information may be a violation of Section 7 of the Criminal Identification Act.

No school board shall knowingly allow a person to student teach who has been convicted of any offense that would subject him or her to license suspension or revocation pursuant to subsection (c) of Section 21B-80 of this Code, except as provided under subsection (b) of Section 21B-80. Further, no school board shall allow a person to student teach if he or she has been found to be the perpetrator of sexual or physical abuse of a minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987. Each school board must consider the status of a person to student teach who has been issued an indicated finding of abuse or neglect of a child by the Department of Children and Family Services under the Abused and Neglected Child Reporting Act or by a child welfare agency of another jurisdiction.

Sec. 14-7.05. Placement in residential facility; payment
of educational costs. For any student with a disability in a residential facility placement made or paid for by an Illinois public State agency or made by any court in this State, the school district of residence as determined pursuant to this Article is responsible for the costs of educating the child and shall be reimbursed for those costs in accordance with this Code. Subject to this Section and relevant State appropriation, the resident district's financial responsibility and reimbursement must be calculated in accordance with the provisions of Section 14-7.02 of this Code. In those instances in which a district receives a block grant pursuant to Article 1D of this Code, the district's financial responsibility is limited to the actual educational costs of the placement, which must be paid by the district from its block grant appropriation. Resident district financial responsibility and reimbursement applies for both residential facilities that are approved by the State Board of Education and non-approved facilities, subject to the requirements of this Section. The Illinois placing agency or court remains responsible for funding the residential portion of the placement and for notifying the resident district prior to the placement, except in emergency situations. The residential facility in which the student is placed shall notify the resident district of the student's enrollment as soon as practicable after the placement. Failure of the placing agency or court to notify the resident district prior to the
placement does not absolve the resident district of financial responsibility for the educational costs of the placement; however, the resident district shall not become financially responsible unless and until it receives written notice of the placement by either the placing agency, court, or residential facility. The placing agency or parent shall request an individualized education program (IEP) meeting from the resident district if the placement would entail additional educational services beyond the student's current IEP. The district of residence shall retain control of the IEP process, and any changes to the IEP must be done in compliance with the federal Individuals with Disabilities Education Act.

Prior to the placement of a child in an out-of-state special education residential facility, the placing agency or court must refer to the child or the child's parent or guardian the option to place the child in a special education residential facility located within this State, if any, that provides treatment and services comparable to those provided by the out-of-state special education residential facility. The placing agency or court must review annually the placement of a child in an out-of-state special education residential facility. As a part of the review, the placing agency or court must refer to the child or the child's parent or guardian the option to place the child in a comparable special education residential facility located within this State, if any.

Payments shall be made by the resident district to the
entity providing the educational services, whether the entity is the residential facility or the school district wherein the facility is located, no less than once per quarter unless otherwise agreed to in writing by the parties.

A residential facility providing educational services within the facility, but not approved by the State Board of Education, is required to demonstrate proof to the State Board of (i) appropriate licensure certification of teachers for the student population, (ii) age-appropriate curriculum, (iii) enrollment and attendance data, and (iv) the ability to implement the child's IEP. A school district is under no obligation to pay such a residential facility unless and until such proof is provided to the State Board's satisfaction.

When a dispute arises over the determination of the district of residence under this Section, any person or entity, including without limitation a school district or residential facility, may make a written request for a residency decision to the State Superintendent of Education, who, upon review of materials submitted and any other items of information he or she may request for submission, shall issue his or her decision in writing. The decision of the State Superintendent of Education is final.

In conjunction with the Annual State Report on Special Education Performance, the State Board of Education shall annually post to its website by August 1 submit data on the performance of the due process hearing system, including data on timeliness of hearings and an analysis of the issues and disability categories underlying hearing requests during the period covered by the Annual State Report. certified personnel exists. Nothing contained in this Act prohibits the school board from employing necessary workers to assist the teacher with the special educational facilities, except that all such necessary workers must have had such training as the State Board of Education may require.

The No later than January 1, 1993, the State Board of Education shall develop, in consultation with the Advisory Council on the Education of Children with Disabilities and the Advisory Council on Bilingual Education, rules governing the qualifications for licensure certification of teachers and school service personnel providing services to English learners receiving special education and related services.

The employment of any teacher in a special education program provided for in Sections 14-1.01 to 14-14.01, inclusive, shall be subject to the provisions of Sections 24-11 to 24-16, inclusive. Any teacher employed in a special education program, prior to the effective date of this amendatory Act of 1987, in which 2 or more districts participate shall enter upon contractual continued service in each of the participating districts subject to the provisions of Sections 24-11 to 24-16, inclusive.

Sec. 18-8.15. Evidence-Based Funding for student success for the 2017-2018 and subsequent school years.

(a) General provisions.

(1) The purpose of this Section is to ensure that, by June 30, 2027 and beyond, this State has a kindergarten through grade 12 public education system with the capacity to ensure the educational development of all persons to the limits of their capacities in accordance with Section 1 of Article X of the Constitution of the State of Illinois. To accomplish that objective, this Section creates a method of funding public education that is evidence-based; is sufficient to ensure every student receives a meaningful opportunity to learn irrespective of race, ethnicity, sexual orientation, gender, or community-income level; and is sustainable and predictable. When fully funded under this Section, every school shall have the resources, based on what the evidence indicates is needed, to:

(A) provide all students with a high quality education that offers the academic, enrichment, social and emotional support, technical, and career-focused programs that will allow them to become competitive workers, responsible parents, productive citizens of
this State, and active members of our national
democracy;

(B) ensure all students receive the education they
need to graduate from high school with the skills
required to pursue post-secondary education and
training for a rewarding career;

(C) reduce, with a goal of eliminating, the
achievement gap between at-risk and non-at-risk
students by raising the performance of at-risk
students and not by reducing standards; and

(D) ensure this State satisfies its obligation to
assume the primary responsibility to fund public
education and simultaneously relieve the
disproportionate burden placed on local property taxes
to fund schools.

(2) The Evidence-Based Funding formula under this
Section shall be applied to all Organizational Units in
this State. The Evidence-Based Funding formula outlined in
this Act is based on the formula outlined in Senate Bill 1
of the 100th General Assembly, as passed by both
legislative chambers. As further defined and described in
this Section, there are 4 major components of the
Evidence-Based Funding model:

(A) First, the model calculates a unique Adequacy
Target for each Organizational Unit in this State that
considers the costs to implement research-based
activities, the unit's student demographics, and regional wage differences.

(B) Second, the model calculates each Organizational Unit's Local Capacity, or the amount each Organizational Unit is assumed to contribute toward its Adequacy Target from local resources.

(C) Third, the model calculates how much funding the State currently contributes to the Organizational Unit and adds that to the unit's Local Capacity to determine the unit's overall current adequacy of funding.

(D) Finally, the model's distribution method allocates new State funding to those Organizational Units that are least well-funded, considering both Local Capacity and State funding, in relation to their Adequacy Target.

(3) An Organizational Unit receiving any funding under this Section may apply those funds to any fund so received for which that Organizational Unit is authorized to make expenditures by law.

(4) As used in this Section, the following terms shall have the meanings ascribed in this paragraph (4):

"Adequacy Target" is defined in paragraph (1) of subsection (b) of this Section.

"Adjusted EAV" is defined in paragraph (4) of subsection (d) of this Section.
"Adjusted Local Capacity Target" is defined in paragraph (3) of subsection (c) of this Section.

All students attending kindergarten for a half day shall be counted as 0.5, unless in 2017 by June 15 or by March 1 in subsequent years, the school district reports to the State Board of Education the intent to implement full-day kindergarten district-wide for all students, then all students attending kindergarten shall be counted as 1.0. Special education pre-kindergarten students shall be counted as 0.5 each. If the State Board does not collect or has not collected both an October 1 and March 1 enrollment count by grade or a December 1 collection of special education pre-kindergarten students as of August 31, 2017 (the effective date of Public Act 100-465), it shall establish such collection for all future years. For any year in which a count by grade level was collected only once, that count shall be used as the single count available for computing a 3-year average ASE. Funding for
programs operated by a regional office of education or an intermediate service center must be calculated using the Evidence-Based Funding formula under this Section for the 2019-2020 school year and each subsequent school year until separate adequacy formulas are developed and adopted for each type of program. ASE for a program operated by a regional office of education or an intermediate service center must be determined by the March 1 enrollment for the program. For the 2019-2020 school year, the ASE used in the calculation must be the first-year ASE and, in that year only, the assignment of students served by a regional office of education or intermediate service center shall not result in a reduction of the March enrollment for any school district. For the 2020-2021 school year, the ASE must be the greater of the current-year ASE or the 2-year average ASE. Beginning with the 2021-2022 school year, the ASE must be the greater of the current-year ASE or the 3-year average ASE. School districts shall submit the data for the ASE calculation to the State Board within 45 days of the dates required in this Section for submission of enrollment data in order for it to be included in the ASE calculation. For fiscal year 2018 only, the ASE calculation shall include only enrollment taken on October 1. In recognition of the impact of COVID-19, the definition of "Average Student Enrollment" or "ASE" shall be adjusted for calculations under this Section for fiscal
years 2022 through 2024. For fiscal years 2022 through 2024, the enrollment used in the calculation of ASE representing the 2020-2021 school year shall be the greater of the enrollment for the 2020-2021 school year or the 2019-2020 school year.

students;

(ii) one FTE instructional assistant for every 141 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students; and

(iii) one FTE psychologist position for every 1,000 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students.

(3) For calculating the salaries included within the Essential Elements, the State Superintendent shall annually calculate average salaries to the nearest dollar using the employment information system data maintained by the State Board, limited to public schools only and excluding special education and vocational cooperatives, schools operated by the Department of Juvenile Justice, and charter schools, for the following positions:

(A) Teacher for grades K through 8.
(B) Teacher for grades 9 through 12.
(C) Teacher for grades K through 12.
(D) School counselor for grades K through 8.
(E) School counselor for grades 9 through 12.
(F) School counselor for grades K through 12.
(G) Social worker.
(H) Psychologist.
(I) Librarian.
(J) Nurse.
(K) Principal.
(L) Assistant principal.

For the purposes of this paragraph (3), "teacher" includes core teachers, specialist and elective teachers, instructional facilitators, tutors, special education teachers, pupil support staff teachers, English learner teachers, extended day teachers, and summer school teachers. Where specific grade data is not required for the Essential Elements, the average salary for corresponding positions shall apply. For substitute teachers, the average teacher salary for grades K through 12 shall apply.

For calculating the salaries included within the Essential Elements for positions not included within EIS Data, the following salaries shall be used in the first year of implementation of Evidence-Based Funding:

(i) school site staff, $30,000; and

(ii) non-instructional assistant, instructional assistant, library aide, library media tech, or supervisory aide: $25,000.

In the second and subsequent years of implementation of Evidence-Based Funding, the amounts in items (i) and (ii) of this paragraph (3) shall annually increase by the ECI.

The salary amounts for the Essential Elements
determined pursuant to subparagraphs (A) through (L), (S) and (T), and (V) through (X) of paragraph (2) of subsection (b) of this Section shall be multiplied by a Regionalization Factor.

(c) Local Capacity calculation.

(1) Each Organizational Unit's Local Capacity represents an amount of funding it is assumed to contribute toward its Adequacy Target for purposes of the Evidence-Based Funding formula calculation. "Local Capacity" means either (i) the Organizational Unit's Local Capacity Target as calculated in accordance with paragraph (2) of this subsection (c) if its Real Receipts are equal to or less than its Local Capacity Target or (ii) the Organizational Unit's Adjusted Local Capacity, as calculated in accordance with paragraph (3) of this subsection (c) if Real Receipts are more than its Local Capacity Target.

(2) "Local Capacity Target" means, for an Organizational Unit, that dollar amount that is obtained by multiplying its Adequacy Target by its Local Capacity Ratio.

(A) An Organizational Unit's Local Capacity Percentage is the conversion of the Organizational Unit's Local Capacity Ratio, as such ratio is determined in accordance with subparagraph (B) of this paragraph (2), into a cumulative distribution
resulting in a percentile ranking to determine each Organizational Unit's relative position to all other Organizational Units in this State. The calculation of Local Capacity Percentage is described in subparagraph (C) of this paragraph (2).

(B) An Organizational Unit's Local Capacity Ratio in a given year is the percentage obtained by dividing its Adjusted EAV or PTELL EAV, whichever is less, by its Adequacy Target, with the resulting ratio further adjusted as follows:

(i) for Organizational Units serving grades kindergarten through 12 and Hybrid Districts, no further adjustments shall be made;

(ii) for Organizational Units serving grades kindergarten through 8, the ratio shall be multiplied by 9/13;

(iii) for Organizational Units serving grades 9 through 12, the Local Capacity Ratio shall be multiplied by 4/13; and

(iv) for an Organizational Unit with a different grade configuration than those specified in items (i) through (iii) of this subparagraph (B), the State Superintendent shall determine a comparable adjustment based on the grades served.

(C) The Local Capacity Percentage is equal to the percentile ranking of the district. Local Capacity
Percentage converts each Organizational Unit's Local Capacity Ratio to a cumulative distribution resulting in a percentile ranking to determine each Organizational Unit's relative position to all other Organizational Units in this State. The Local Capacity Percentage cumulative distribution resulting in a percentile ranking for each Organizational Unit shall be calculated using the standard normal distribution of the score in relation to the weighted mean and weighted standard deviation and Local Capacity Ratios of all Organizational Units. If the value assigned to any Organizational Unit is in excess of 90%, the value shall be adjusted to 90%. For Laboratory Schools, the Local Capacity Percentage shall be set at 10% in recognition of the absence of EAV and resources from the public university that are allocated to the Laboratory School. For programs operated by a regional office of education or an intermediate service center, the Local Capacity Percentage must be set at 10% in recognition of the absence of EAV and resources from school districts that are allocated to the regional office of education or intermediate service center. The weighted mean for the Local Capacity Percentage shall be determined by multiplying each Organizational Unit's Local Capacity Ratio times the ASE for the unit creating a weighted value, summing the weighted values
of all Organizational Units, and dividing by the total ASE of all Organizational Units. The weighted standard deviation shall be determined by taking the square root of the weighted variance of all Organizational Units' Local Capacity Ratio, where the variance is calculated by squaring the difference between each unit's Local Capacity Ratio and the weighted mean, then multiplying the variance for each unit times the ASE for the unit to create a weighted variance for each unit, then summing all units' weighted variance and dividing by the total ASE of all units.

(D) For any Organizational Unit, the Organizational Unit's Adjusted Local Capacity Target shall be reduced by either (i) the school board's remaining contribution pursuant to paragraph (ii) of subsection (b-4) of Section 16-158 of the Illinois Pension Code in a given year or (ii) the board of education's remaining contribution pursuant to paragraph (iv) of subsection (b) of Section 17-129 of the Illinois Pension Code absent the employer normal cost portion of the required contribution and amount allowed pursuant to subdivision (3) of Section 17-142.1 of the Illinois Pension Code in a given year. In the preceding sentence, item (i) shall be certified to the State Board of Education by the Teachers' Retirement System of the State of Illinois and item
(ii) shall be certified to the State Board of Education by the Public School Teachers' Pension and Retirement Fund of the City of Chicago.

(3) If an Organizational Unit's Real Receipts are more than its Local Capacity Target, then its Local Capacity shall equal an Adjusted Local Capacity Target as calculated in accordance with this paragraph (3). The Adjusted Local Capacity Target is calculated as the sum of the Organizational Unit's Local Capacity Target and its Real Receipts Adjustment. The Real Receipts Adjustment equals the Organizational Unit's Real Receipts less its Local Capacity Target, with the resulting figure multiplied by the Local Capacity Percentage.

As used in this paragraph (3), "Real Percent of Adequacy" means the sum of an Organizational Unit's Real Receipts, CPPRT, and Base Funding Minimum, with the resulting figure divided by the Organizational Unit's Adequacy Target.

(d) Calculation of Real Receipts, EAV, and Adjusted EAV for purposes of the Local Capacity calculation.

(1) An Organizational Unit's Real Receipts are the product of its Applicable Tax Rate and its Adjusted EAV. An Organizational Unit's Applicable Tax Rate is its Adjusted Operating Tax Rate for property within the Organizational Unit.

(2) The State Superintendent shall calculate the
equalized assessed valuation, or EAV, of all taxable property of each Organizational Unit as of September 30 of the previous year in accordance with paragraph (3) of this subsection (d). The State Superintendent shall then determine the Adjusted EAV of each Organizational Unit in accordance with paragraph (4) of this subsection (d), which Adjusted EAV figure shall be used for the purposes of calculating Local Capacity.

(3) To calculate Real Receipts and EAV, the Department of Revenue shall supply to the State Superintendent the value as equalized or assessed by the Department of Revenue of all taxable property of every Organizational Unit, together with (i) the applicable tax rate used in extending taxes for the funds of the Organizational Unit as of September 30 of the previous year and (ii) the limiting rate for all Organizational Units subject to property tax extension limitations as imposed under PTELL.

(A) The Department of Revenue shall add to the equalized assessed value of all taxable property of each Organizational Unit situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (i) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that Organizational Unit exceeds
the total amount that would have been allowed in that Organizational Unit if the maximum reduction under Section 15-176 was (I) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (II) $5,000 in all counties in tax year 2004 and thereafter and (ii) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each Organizational Unit all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this subparagraph (A) that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of EAV shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the
amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this subparagraph (A) that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of EAV shall not be affected by the difference, if any, because of those additional exemptions.

(B) With respect to any part of an Organizational Unit within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Division 74.4 of Article 11 of the Illinois Municipal Code, or the Industrial Jobs Recovery Law, Division 74.6 of Article 11 of the Illinois Municipal Code, no part of the current EAV of real property located in any such project area that is attributable to an increase above the total initial EAV of such property shall be used as part of the EAV of the Organizational Unit, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose
of the EAV of the Organizational Unit, the total initial EAV or the current EAV, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(B-5) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value, as equalized or assessed by the Department of Revenue, for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (B-5).

(C) For Organizational Units that are Hybrid Districts, the State Superintendent shall use the lesser of the adjusted equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, or the adjusted equalized assessed valuation for property within the partial
elementary unit district for high school purposes, as defined in Article 11E of this Code.

(D) If a school district's boundaries span multiple counties, then the Department of Revenue shall send to the State Board, for the purposes of calculating Evidence-Based Funding, the limiting rate and individual rates by purpose for the county that contains the majority of the school district's equalized assessed valuation.

(4) An Organizational Unit's Adjusted EAV shall be the average of its EAV over the immediately preceding 3 years or its EAV in the immediately preceding year if the EAV in the immediately preceding year has declined by 10% or more compared to the 3-year average. In the event of Organizational Unit reorganization, consolidation, or annexation, the Organizational Unit's Adjusted EAV for the first 3 years after such change shall be as follows: the most current EAV shall be used in the first year, the average of a 2-year EAV or its EAV in the immediately preceding year if the EAV declines by 10% or more compared to the 2-year average for the second year, and a 3-year average EAV or its EAV in the immediately preceding year if the Adjusted EAV declines by 10% or more compared to the 3-year average for the third year. For any school district whose EAV in the immediately preceding year is used in calculations, in the following year, the Adjusted EAV
shall be the average of its EAV over the immediately preceding 2 years or the immediately preceding year if that year represents a decline of 10% or more compared to the 2-year average.

"PTELL EAV" means a figure calculated by the State Board for Organizational Units subject to PTELL as described in this paragraph (4) for the purposes of calculating an Organizational Unit's Local Capacity Ratio. Except as otherwise provided in this paragraph (4), the PTELL EAV of an Organizational Unit shall be equal to the product of the equalized assessed valuation last used in the calculation of general State aid under Section 18-8.05 of this Code (now repealed) or Evidence-Based Funding under this Section and the Organizational Unit's Extension Limitation Ratio. If an Organizational Unit has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the PTELL EAV shall be equal to the product of the equalized assessed valuation last used in the calculation of general State aid under Section 18-8.05 of this Code (now repealed) or Evidence-Based Funding under this Section multiplied by an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for All Urban Consumers for all items published by the United States Department of Labor for the 12-month calendar year preceding the Base Tax Year, plus the
equalized assessed valuation of new property, annexed property, and recovered tax increment value and minus the equalized assessed valuation of disconnected property.

As used in this paragraph (4), "new property" and "recovered tax increment value" shall have the meanings set forth in the Property Tax Extension Limitation Law.

(e) Base Funding Minimum calculation.

(1) For the 2017-2018 school year, the Base Funding Minimum of an Organizational Unit or a Specially Funded Unit shall be the amount of State funds distributed to the Organizational Unit or Specially Funded Unit during the 2016-2017 school year prior to any adjustments and specified appropriation amounts described in this paragraph (1) from the following Sections, as calculated by the State Superintendent: Section 18-8.05 of this Code (now repealed); Section 5 of Article 224 of Public Act 99-524 (equity grants); Section 14-7.02b of this Code (funding for children requiring special education services); Section 14-13.01 of this Code (special education facilities and staffing), except for reimbursement of the cost of transportation pursuant to Section 14-13.01; Section 14C-12 of this Code (English learners); and Section 18-4.3 of this Code (summer school), based on an appropriation level of $13,121,600. For a school district organized under Article 34 of this Code, the Base Funding Minimum also includes (i) the funds
allocated to the school district pursuant to Section 1D-1 of this Code attributable to funding programs authorized by the Sections of this Code listed in the preceding sentence and (ii) the difference between (I) the funds allocated to the school district pursuant to Section 1D-1 of this Code attributable to the funding programs authorized by Section 14-7.02 (non-public special education reimbursement), subsection (b) of Section 14-13.01 (special education transportation), Section 29-5 (transportation), Section 2-3.80 (agricultural education), Section 2-3.66 (truants' alternative education), Section 2-3.62 (educational service centers), and Section 14-7.03 (special education - orphanage) of this Code and Section 15 of the Childhood Hunger Relief Act (free breakfast program) and (II) the school district's actual expenditures for its non-public special education, special education transportation, transportation programs, agricultural education, truants' alternative education, services that would otherwise be performed by a regional office of education, special education orphanage expenditures, and free breakfast, as most recently calculated and reported pursuant to subsection (f) of Section 1D-1 of this Code. The Base Funding Minimum for Glenwood Academy shall be $625,500. For programs operated by a regional office of education or an intermediate service center, the Base Funding Minimum
must be the total amount of State funds allocated to those programs in the 2018-2019 school year and amounts provided pursuant to Article 34 of Public Act 100-586 and Section 3-16 of this Code. All programs established after June 5, 2019 (the effective date of Public Act 101-10) and administered by a regional office of education or an intermediate service center must have an initial Base Funding Minimum set to an amount equal to the first-year ASE multiplied by the amount of per pupil funding received in the previous school year by the lowest funded similar existing program type. If the enrollment for a program operated by a regional office of education or an intermediate service center is zero, then it may not receive Base Funding Minimum funds for that program in the next fiscal year, and those funds must be distributed to Organizational Units under subsection (g).

(2) For the 2018-2019 and subsequent school years, the Base Funding Minimum of Organizational Units and Specially Funded Units shall be the sum of (i) the amount of Evidence-Based Funding for the prior school year, (ii) the Base Funding Minimum for the prior school year, and (iii) any amount received by a school district pursuant to Section 7 of Article 97 of Public Act 100-21.

(3) Subject to approval by the General Assembly as provided in this paragraph (3), an Organizational Unit that meets all of the following criteria, as determined by
the State Board, shall have District Intervention Money added to its Base Funding Minimum at the time the Base Funding Minimum is calculated by the State Board:

(A) The Organizational Unit is operating under an Independent Authority under Section 2-3.25f-5 of this Code for a minimum of 4 school years or is subject to the control of the State Board pursuant to a court order for a minimum of 4 school years.

(B) The Organizational Unit was designated as a Tier 1 or Tier 2 Organizational Unit in the previous school year under paragraph (3) of subsection (g) of this Section.

(C) The Organizational Unit demonstrates sustainability through a 5-year financial and strategic plan.

(D) The Organizational Unit has made sufficient progress and achieved sufficient stability in the areas of governance, academic growth, and finances.

As part of its determination under this paragraph (3), the State Board may consider the Organizational Unit's summative designation, any accreditations of the Organizational Unit, or the Organizational Unit's financial profile, as calculated by the State Board.

If the State Board determines that an Organizational Unit has met the criteria set forth in this paragraph (3), it must submit a report to the General Assembly, no later
than January 2 of the fiscal year in which the State Board makes it determination, on the amount of District Intervention Money to add to the Organizational Unit's Base Funding Minimum. The General Assembly must review the State Board's report and may approve or disapprove, by joint resolution, the addition of District Intervention Money. If the General Assembly fails to act on the report within 40 calendar days from the receipt of the report, the addition of District Intervention Money is deemed approved. If the General Assembly approves the amount of District Intervention Money to be added to the Organizational Unit's Base Funding Minimum, the District Intervention Money must be added to the Base Funding Minimum annually thereafter.

For the first 4 years following the initial year that the State Board determines that an Organizational Unit has met the criteria set forth in this paragraph (3) and has received funding under this Section, the Organizational Unit must annually submit to the State Board, on or before November 30, a progress report regarding its financial and strategic plan under subparagraph (C) of this paragraph (3). The plan shall include the financial data from the past 4 annual financial reports or financial audits that must be presented to the State Board by November 15 of each year and the approved budget financial data for the current year. The plan shall be developed according to the
guidelines presented to the Organizational Unit by the State Board. The plan shall further include financial projections for the next 3 fiscal years and include a discussion and financial summary of the Organizational Unit's facility needs. If the Organizational Unit does not demonstrate sufficient progress toward its 5-year plan or if it has failed to file an annual financial report, an annual budget, a financial plan, a deficit reduction plan, or other financial information as required by law, the State Board may establish a Financial Oversight Panel under Article 1H of this Code. However, if the Organizational Unit already has a Financial Oversight Panel, the State Board may extend the duration of the Panel.

(f) Percent of Adequacy and Final Resources calculation.

(1) The Evidence-Based Funding formula establishes a Percent of Adequacy for each Organizational Unit in order to place such units into tiers for the purposes of the funding distribution system described in subsection (g) of this Section. Initially, an Organizational Unit's Preliminary Resources and Preliminary Percent of Adequacy are calculated pursuant to paragraph (2) of this subsection (f). Then, an Organizational Unit's Final Resources and Final Percent of Adequacy are calculated to account for the Organizational Unit's poverty concentration levels pursuant to paragraphs (3) and (4) of
this subsection (f).

(2) An Organizational Unit's Preliminary Resources are equal to the sum of its Local Capacity Target, CPPRT, and Base Funding Minimum. An Organizational Unit's Preliminary Percent of Adequacy is the lesser of (i) its Preliminary Resources divided by its Adequacy Target or (ii) 100%.

(3) Except for Specially Funded Units, an Organizational Unit's Final Resources are equal to the sum of its Local Capacity, CPPRT, and Adjusted Base Funding Minimum. The Base Funding Minimum of each Specially Funded Unit shall serve as its Final Resources, except that the Base Funding Minimum for State-approved charter schools shall not include any portion of general State aid allocated in the prior year based on the per capita tuition charge times the charter school enrollment.

(4) An Organizational Unit's Final Percent of Adequacy is its Final Resources divided by its Adequacy Target. An Organizational Unit's Adjusted Base Funding Minimum is equal to its Base Funding Minimum less its Supplemental Grant Funding, with the resulting figure added to the product of its Supplemental Grant Funding and Preliminary Percent of Adequacy.

(g) Evidence-Based Funding formula distribution system.

(1) In each school year under the Evidence-Based Funding formula, each Organizational Unit receives funding equal to the sum of its Base Funding Minimum and the unit's
allocation of New State Funds determined pursuant to this subsection (g). To allocate New State Funds, the Evidence-Based Funding formula distribution system first places all Organizational Units into one of 4 tiers in accordance with paragraph (3) of this subsection (g), based on the Organizational Unit's Final Percent of Adequacy. New State Funds are allocated to each of the 4 tiers as follows: Tier 1 Aggregate Funding equals 50% of all New State Funds, Tier 2 Aggregate Funding equals 49% of all New State Funds, Tier 3 Aggregate Funding equals 0.9% of all New State Funds, and Tier 4 Aggregate Funding equals 0.1% of all New State Funds. Each Organizational Unit within Tier 1 or Tier 2 receives an allocation of New State Funds equal to its tier Funding Gap, as defined in the following sentence, multiplied by the tier's Allocation Rate determined pursuant to paragraph (4) of this subsection (g). For Tier 1, an Organizational Unit's Funding Gap equals the tier's Target Ratio, as specified in paragraph (5) of this subsection (g), multiplied by the Organizational Unit's Adequacy Target, with the resulting amount reduced by the Organizational Unit's Final Resources. For Tier 2, an Organizational Unit's Funding Gap equals the tier's Target Ratio, as described in paragraph (5) of this subsection (g), multiplied by the Organizational Unit's Adequacy Target, with the resulting amount reduced by the Organizational Unit's Final Resources.
Resources and its Tier 1 funding allocation. To determine the Organizational Unit's Funding Gap, the resulting amount is then multiplied by a factor equal to one minus the Organizational Unit's Local Capacity Target percentage. Each Organizational Unit within Tier 3 or Tier 4 receives an allocation of New State Funds equal to the product of its Adequacy Target and the tier's Allocation Rate, as specified in paragraph (4) of this subsection (g).

(2) To ensure equitable distribution of dollars for all Tier 2 Organizational Units, no Tier 2 Organizational Unit shall receive fewer dollars per ASE than any Tier 3 Organizational Unit. Each Tier 2 and Tier 3 Organizational Unit shall have its funding allocation divided by its ASE. Any Tier 2 Organizational Unit with a funding allocation per ASE below the greatest Tier 3 allocation per ASE shall get a funding allocation equal to the greatest Tier 3 funding allocation per ASE multiplied by the Organizational Unit's ASE. Each Tier 2 Organizational Unit's Tier 2 funding allocation shall be multiplied by the percentage calculated by dividing the original Tier 2 Aggregate Funding by the sum of all Tier 2 Organizational Units' Tier 2 funding allocation after adjusting districts' funding below Tier 3 levels.

(3) Organizational Units are placed into one of 4 tiers as follows:
(A) Tier 1 consists of all Organizational Units, except for Specially Funded Units, with a Percent of Adequacy less than the Tier 1 Target Ratio. The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed, with the Tier 1 Allocation Rate determined pursuant to paragraph (4) of this subsection (g).

(B) Tier 2 consists of all Tier 1 Units and all other Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of less than 0.90.

(C) Tier 3 consists of all Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of at least 0.90 and less than 1.0.

(D) Tier 4 consists of all Organizational Units with a Percent of Adequacy of at least 1.0.

(4) The Allocation Rates for Tiers 1 through 4 are determined as follows:

(A) The Tier 1 Allocation Rate is 30%.

(B) The Tier 2 Allocation Rate is the result of the following equation: Tier 2 Aggregate Funding, divided by the sum of the Funding Gaps for all Tier 2 Organizational Units, unless the result of such equation is higher than 1.0. If the result of such equation is higher than 1.0, then the Tier 2 Allocation Rate is 1.0.
(C) The Tier 3 Allocation Rate is the result of the following equation: Tier 3 Aggregate Funding, divided by the sum of the Adequacy Targets of all Tier 3 Organizational Units.

(D) The Tier 4 Allocation Rate is the result of the following equation: Tier 4 Aggregate Funding, divided by the sum of the Adequacy Targets of all Tier 4 Organizational Units.

(5) A tier's Target Ratio is determined as follows:

(A) The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed with the Tier 1 Allocation Rate.

(B) The Tier 2 Target Ratio is 0.90.

(C) The Tier 3 Target Ratio is 1.0.

(6) If, at any point, the Tier 1 Target Ratio is greater than 90%, then all Tier 1 funding shall be allocated to Tier 2 and no Tier 1 Organizational Unit's funding may be identified.

(7) In the event that all Tier 2 Organizational Units receive funding at the Tier 2 Target Ratio level, any remaining New State Funds shall be allocated to Tier 3 and Tier 4 Organizational Units.

(8) If any Specially Funded Units, excluding Glenwood Academy, recognized by the State Board do not qualify for direct funding following the implementation of Public Act 100-465 from any of the funding sources included within
the definition of Base Funding Minimum, the unqualified portion of the Base Funding Minimum shall be transferred to one or more appropriate Organizational Units as determined by the State Superintendent based on the prior year ASE of the Organizational Units.

(8.5) If a school district withdraws from a special education cooperative, the portion of the Base Funding Minimum that is attributable to the school district may be redistributed to the school district upon withdrawal. The school district and the cooperative must include the amount of the Base Funding Minimum that is to be reapportioned in their withdrawal agreement and notify the State Board of the change with a copy of the agreement upon withdrawal.

(9) The Minimum Funding Level is intended to establish a target for State funding that will keep pace with inflation and continue to advance equity through the Evidence-Based Funding formula. The target for State funding of New Property Tax Relief Pool Funds is $50,000,000 for State fiscal year 2019 and subsequent State fiscal years. The Minimum Funding Level is equal to $350,000,000. In addition to any New State Funds, no more than $50,000,000 New Property Tax Relief Pool Funds may be counted toward the Minimum Funding Level. If the sum of New State Funds and applicable New Property Tax Relief Pool Funds are less than the Minimum Funding Level, than
funding for tiers shall be reduced in the following manner:

(A) First, Tier 4 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds until such time as Tier 4 funding is exhausted.

(B) Next, Tier 3 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds and the reduction in Tier 4 funding until such time as Tier 3 funding is exhausted.

(C) Next, Tier 2 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds and the reduction in Tier 4 and Tier 3.

(D) Finally, Tier 1 funding shall be reduced by an amount equal to the difference between the Minimum Funding level and New State Funds and the reduction in Tier 2, 3, and 4 funding. In addition, the Allocation Rate for Tier 1 shall be reduced to a percentage equal to the Tier 1 Allocation Rate set by paragraph (4) of this subsection (g), multiplied by the result of New State Funds divided by the Minimum Funding Level.

(9.5) For State fiscal year 2019 and subsequent State fiscal years, if New State Funds exceed $300,000,000, then any amount in excess of $300,000,000 shall be dedicated
for purposes of Section 2-3.170 of this Code up to a maximum of $50,000,000.

(10) In the event of a decrease in the amount of the appropriation for this Section in any fiscal year after implementation of this Section, the Organizational Units receiving Tier 1 and Tier 2 funding, as determined under paragraph (3) of this subsection (g), shall be held harmless by establishing a Base Funding Guarantee equal to the per pupil kindergarten through grade 12 funding received in accordance with this Section in the prior fiscal year. Reductions shall be made to the Base Funding Minimum of Organizational Units in Tier 3 and Tier 4 on a per pupil basis equivalent to the total number of the ASE in Tier 3-funded and Tier 4-funded Organizational Units divided by the total reduction in State funding. The Base Funding Minimum as reduced shall continue to be applied to Tier 3 and Tier 4 Organizational Units and adjusted by the relative formula when increases in appropriations for this Section resume. In no event may State funding reductions to Organizational Units in Tier 3 or Tier 4 exceed an amount that would be less than the Base Funding Minimum established in the first year of implementation of this Section. If additional reductions are required, all school districts shall receive a reduction by a per pupil amount equal to the aggregate additional appropriation reduction divided by the total ASE of all Organizational Units.
(11) The State Superintendent shall make minor adjustments to the distribution formula set forth in this subsection (g) to account for the rounding of percentages to the nearest tenth of a percentage and dollar amounts to the nearest whole dollar.

(h) State Superintendent administration of funding and district submission requirements.

(1) The State Superintendent shall, in accordance with appropriations made by the General Assembly, meet the funding obligations created under this Section.

(2) The State Superintendent shall calculate the Adequacy Target for each Organizational Unit and Net State Contribution Target for each Organizational Unit under this Section. No Evidence-Based Funding shall be distributed within an Organizational Unit without the approval of the unit's school board.

(3) Annually, the State Superintendent shall calculate and report to each Organizational Unit the unit's aggregate financial adequacy amount, which shall be the sum of the Adequacy Target for each Organizational Unit. The State Superintendent shall calculate and report separately for each Organizational Unit the unit's total State funds allocated for its students with disabilities. The State Superintendent shall calculate and report separately for each Organizational Unit the amount of funding and applicable FTE calculated for each Essential
Element of the unit's Adequacy Target.

(4) Annually, the State Superintendent shall calculate and report to each Organizational Unit the amount the unit must expend on special education and bilingual education and computer technology and equipment for Organizational Units assigned to Tier 1 or Tier 2 that received an additional $285.50 per student computer technology and equipment investment grant to their Adequacy Target pursuant to the unit's Base Funding Minimum, Special Education Allocation, Bilingual Education Allocation, and computer technology and equipment investment allocation.

(5) Moneys distributed under this Section shall be calculated on a school year basis, but paid on a fiscal year basis, with payments beginning in August and extending through June. Unless otherwise provided, the moneys appropriated for each fiscal year shall be distributed in 22 equal payments at least 2 times monthly to each Organizational Unit. If moneys appropriated for any fiscal year are distributed other than monthly, the distribution shall be on the same basis for each Organizational Unit.

(6) Any school district that fails, for any given school year, to maintain school as required by law or to maintain a recognized school is not eligible to receive Evidence-Based Funding. In case of non-recognition of one or more attendance centers in a school district otherwise
operating recognized schools, the claim of the district shall be reduced in the proportion that the enrollment in the attendance center or centers bears to the enrollment of the school district. "Recognized school" means any public school that meets the standards for recognition by the State Board. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim that was filed while it was recognized.

(7) School district claims filed under this Section are subject to Sections 18-9 and 18-12 of this Code, except as otherwise provided in this Section.

(8) Each fiscal year, the State Superintendent shall calculate for each Organizational Unit an amount of its Base Funding Minimum and Evidence-Based Funding that shall be deemed attributable to the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, in a manner that ensures compliance with maintenance of State financial support requirements under the federal Individuals with Disabilities Education Act. An Organizational Unit must use such funds only for the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, and must comply with any expenditure verification procedures adopted by the State Board.

(9) All Organizational Units in this State must submit
annual spending plans by the end of September of each year to the State Board as part of the annual budget process, which shall describe how each Organizational Unit will utilize the Base Funding Minimum and Evidence-Based Funding it receives from this State under this Section with specific identification of the intended utilization of Low-Income, English learner, and special education resources. Additionally, the annual spending plans of each Organizational Unit shall describe how the Organizational Unit expects to achieve student growth and how the Organizational Unit will achieve State education goals, as defined by the State Board. The State Superintendent may, from time to time, identify additional requisites for Organizational Units to satisfy when compiling the annual spending plans required under this subsection (h). The format and scope of annual spending plans shall be developed by the State Superintendent and the State Board of Education. School districts that serve students under Article 14C of this Code shall continue to submit information as required under Section 14C-12 of this Code.

(10) No later than January 1, 2018, the State Superintendent shall develop a 5-year strategic plan for all Organizational Units to help in planning for adequacy funding under this Section. The State Superintendent shall submit the plan to the Governor and the General Assembly, as provided in Section 3.1 of the General Assembly
Organization Act. The plan shall include recommendations for:

(A) a framework for collaborative, professional, innovative, and 21st century learning environments using the Evidence-Based Funding model;

(B) ways to prepare and support this State's educators for successful instructional careers;

(F) Central office under subparagraph (T) of paragraph (2) of subsection (b).

(i) Professional Review Panel.

(1) A Professional Review Panel is created to study and review topics related to the implementation and effect of Evidence-Based Funding, as assigned by a joint resolution or Public Act of the General Assembly or a motion passed by the State Board of Education. The Panel must provide recommendations to and serve the Governor, the General Assembly, and the State Board. The State Superintendent or his or her designee must serve as a voting member and chairperson of the Panel. The State Superintendent must appoint a vice chairperson from the membership of the Panel. The Panel must advance recommendations based on a three-fifths majority vote of Panel members present and voting. A minority opinion may also accompany any recommendation of the Panel. The Panel shall be appointed by the State Superintendent, except as otherwise provided in paragraph (2) of this subsection (i) and include the following members:

Staff from the State Board shall staff the Panel.

(2) In addition to those Panel members appointed by the State Superintendent, 4 members of the General Assembly shall be appointed as follows: one member of the House of Representatives appointed by the Speaker of the House of Representatives, one member of the Senate appointed by the President of the Senate, one member of the House of Representatives appointed by the Minority

The Panel shall report to the State Board, the General Assembly, and the Governor on the findings of the study.

(6) (Blank).

(7) To ensure that (i) the Adequacy Target calculation under subsection (b) accurately reflects the needs of students living in poverty or attending schools located in areas of high poverty, (ii) racial equity within the Evidence-Based Funding formula is explicitly explored and advanced, and (iii) the funding goals of the formula distribution system established under this Section are sufficient to provide adequate funding for every student and to fully fund every school in this State, the Panel shall review the Essential Elements under paragraph (2) of subsection (b). The Panel shall consider all of the following in its review:

(A) The financial ability of school districts to provide instruction in a foreign language to every student and whether an additional Essential Element should be added to the formula to ensure that every
student has access to instruction in a foreign language.

(B) The adult-to-student ratio for each Essential Element in which a ratio is identified. The Panel shall consider whether the ratio accurately reflects the staffing needed to support students living in poverty or who have traumatic backgrounds.

(C) Changes to the Essential Elements that may be required to better promote racial equity and eliminate structural racism within schools.

A part-time provisional career and technical educator endorsement or a provisional career and technical educator endorsement on an Educator License with Stipulations may be issued to an applicant who has a minimum of 8,000 hours of work experience in the skill for which the applicant is seeking the endorsement. It is the responsibility of each employing school board and regional office of education to provide verification, in writing, to the
State Superintendent of Education at the time the application is submitted that no qualified teacher holding a Professional Educator License or an Educator License with Stipulations with a career and technical educator endorsement is available and that actual circumstances require such issuance.

A part-time provisional career and technical educator endorsement on an Educator License with Stipulations may be issued for teaching no more than 2 courses of study for grades 6 through 12. A transitional bilingual educator endorsement shall be valid for prekindergarten through grade 12,
is valid until June 30 immediately following 5 years of the endorsement being issued, and shall not be renewed.

Persons holding a transitional bilingual educator endorsement shall not be employed to replace any presently employed teacher who otherwise would not be replaced for any reason.

(H) Language endorsement. In an effort to alleviate the shortage of teachers speaking a language other than English in the public schools, an individual who holds an Educator License with Stipulations may also apply for a language endorsement, provided that the applicant provides satisfactory evidence that he or she meets all of the following requirements:

(i) Holds a transitional bilingual endorsement.

(ii) Has demonstrated proficiency in the language for which the endorsement is to be issued by passing the applicable language content test required by the State Board of Education.

A holder of a visiting international educator endorsement on an Educator License with Stipulations shall be permitted to teach in bilingual education programs in the language that was the medium of instruction in his or her teacher preparation program, provided that he or she passes the English Language Proficiency Examination or another test of writing skills in English identified by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board.

A visiting international educator endorsement on an Educator License with Stipulations is valid for 5 years and shall not be renewed.

applicable State tests, including an applicable content area test. This endorsement shall be required for any individual employed as a chief school business official.

The chief school business official endorsement on an Educator License with Stipulations is valid until June 30 immediately following 5 years of the endorsement being issued and may be renewed if the license holder completes renewal requirements as required for individuals who hold a Professional Educator License endorsed for chief school business official under Section 21B-45 of this Code and such rules as may be adopted by the State Board of Education.

A substitute teacher may only teach in the place of a licensed teacher who is under contract with the employing board. If, however, there is no licensed teacher under contract because of an emergency situation, then a district may employ a substitute teacher for no longer than 30 calendar days per each vacant position in the district if the district notifies the appropriate regional office of education within 5 business days after the employment of the substitute teacher in the emergency situation. An emergency situation is one in which an unforeseen vacancy has occurred and (i) a teacher is unable to fulfill his or her contractual duties or (ii) teacher capacity needs of the district exceed previous indications, and the district is actively engaged in advertising to hire a fully licensed teacher for the vacant position.

There is no limit on the number of days that a substitute teacher may teach in a single school district, provided that no substitute teacher may teach for longer than 90 school days for any one licensed teacher under
contract in the same school year. A substitute teacher who holds a Professional Educator License or Educator License with Stipulations shall not teach for more than 120 school days for any one licensed teacher under contract in the same school year. The limitations in this paragraph (3) on the number of days a substitute teacher may be employed do not apply to any school district operating under Article 34 of this Code.

A school district may not require an individual who holds a valid Professional Educator License or Educator License with Stipulations to seek or hold a Substitute Teaching License to teach as a substitute teacher.

(4) Short-Term Substitute Teaching License. Beginning on July 1, 2018 and until June 30, 2023, the State Board of Education may issue a Short-Term Substitute Teaching License. An individual holding a Short-Term Substitute Teaching License may teach no more than 5 consecutive days per licensed teacher who is under contract. For teacher absences lasting 6 or more days per licensed teacher who is under contract, a school district may not hire an individual holding a Short-Term Substitute Teaching License. An individual holding a Short-Term Substitute Teaching License must complete the training program under Section 10-20.67 or 34-18.60 of this Code to be eligible to teach at a public school. This paragraph (4) is inoperative on and after July 1, 2023.

Sec. 22-81. Heroin and opioid prevention pilot program. By January 1, 2017, the State Board of Education and the Department of Human Services shall develop and establish a 3-year heroin and opioid drug prevention pilot program that
offers educational materials and instruction on heroin and opioid abuse to all school districts in the State for use at their respective public elementary and secondary schools. A school district's participation in the pilot program shall be voluntary. Subject to appropriation, the Department of Human Services shall reimburse a school district that decides to participate in the pilot program for any costs it incurs in connection with its participation in the pilot program. Each school district that participates in the pilot program shall have the discretion to determine which grade levels the school district will instruct under the program.

The pilot program must use effective, research-proven, interactive teaching methods and technologies, and must provide students, parents, and school staff with scientific, social, and emotional learning content to help them understand the risk of drug use. Such learning content must specifically target the dangers of prescription pain medication and heroin abuse. The Department may contract with a health education organization to fulfill the requirements of the pilot program.

The State Board of Education, the Department of Human Services, and any contracted organization shall submit an annual report to the General Assembly that includes: (i) a list of school districts participating in the pilot program; (ii) the grade levels each school district instructs under the pilot program; and (iii) any findings regarding the effectiveness of the pilot program.
Sec. 27-23.7. Bullying prevention.

(a) The General Assembly finds that a safe and civil school environment is necessary for students to learn and achieve and that bullying causes physical, psychological, and emotional harm to students and interferes with students' ability to learn and participate in school activities. The General Assembly further finds that bullying has been linked to other forms of antisocial behavior, such as vandalism, shoplifting, skipping and dropping out of school, fighting, using drugs and alcohol, sexual harassment, and sexual violence. Because of the negative outcomes associated with bullying in schools, the General Assembly finds that school districts, charter schools, and non-public, non-sectarian elementary and secondary schools should educate students, parents, and school district, charter school, or non-public, non-sectarian elementary or secondary school personnel about what behaviors constitute prohibited bullying.

Bullying on the basis of actual or perceived race, color, religion, sex, national origin, ancestry, age, marital status, physical or mental disability, military status, sexual orientation, gender-related identity or expression, unfavorable discharge from military service, association with a person or group with one or more of the aforementioned actual
or perceived characteristics, or any other distinguishing characteristic is prohibited in all school districts, charter schools, and non-public, non-sectarian elementary and secondary schools. No student shall be subjected to bullying:

   (1) during any school-sponsored education program or activity;

   (2) while in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities;

   (3) through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment; or

   (4) through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by a school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This item (4) applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and does not require a district or school to staff or monitor any nonschool-related activity, function, or program.

(a-5) Nothing in this Section is intended to infringe upon
any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the United States Constitution or under Section 3 of Article I of the Illinois Constitution.

(b) In this Section:

"Bullying" includes "cyber-bullying" and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

(1) placing the student or students in reasonable fear of harm to the student's or students' person or property;

(2) causing a substantially detrimental effect on the student's or students' physical or mental health;

(3) substantially interfering with the student's or students' academic performance; or

(4) substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying, as defined in this subsection (b), may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. The school district, charter school, or non-public, non-sectarian elementary or secondary school
may use relevant data and information it already collects for other purposes in the policy evaluation. The information developed as a result of the policy evaluation must be made available on the Internet website of the school district, charter school, or non-public, non-sectarian elementary or secondary school. If an Internet website is not available, the information must be provided to school administrators, school board members, school personnel, parents, guardians, and students.

(c) (Blank).

(d) Each school district, charter school, and non-public, non-sectarian elementary or secondary school shall create, maintain, and implement a policy on bullying, which policy must be filed with the State Board of Education. The policy or implementing procedure shall include a process to investigate whether a reported act of bullying is within the permissible scope of the district's or school's jurisdiction and shall require that the district or school provide the victim with information regarding services that are available within the district and community, such as counseling, support services, and other programs. School personnel available for help with a bully or to make a report about bullying shall be made known to parents or legal guardians, students, and school personnel. Every 2 years, each school district, charter school, and non-public, non-sectarian elementary or secondary school shall conduct a review and re-evaluation of its policy and make any
necessary and appropriate revisions. No later than September 30 of the subject year, the policy must be filed with the State Board of Education after being updated. The State Board of Education shall monitor and provide technical support for the implementation of policies created under this subsection (d). If a school district, charter school, or non-public, non-sectarian elementary or secondary school fails to file a policy on bullying by September 30 of the subject year, the State Board of Education shall provide a written request for filing to the school district, charter school, or non-public, non-sectarian elementary or secondary school. If a school district, charter school, or non-public, non-sectarian elementary or secondary school fails to file a policy on bullying within 14 days of receipt of the aforementioned written request, the State Board of Education shall publish notice of the non-compliance on the State Board of Education's website.

The Task Force shall develop age-appropriate, emotional intelligence and social and emotional learning curriculum and assessment guidelines and best practices for elementary schools and high schools. The guidelines shall, at a minimum, include teaching how to recognize, direct, and positively express emotions. The Task Force must also make recommendations on the funding of appropriate services and the availability of sources of funding, including, but not limited to, federal funding, to address social and emotional learning. The Task Force shall complete the guidelines and recommendations on or before March 1, 2020. Upon completion of
the guidelines and recommendations the Task Force is dissolved.

Sec. 34-2.3. Local school councils; powers and duties. Each local school council shall have and exercise, consistent with the provisions of this Article and the powers and duties of the board of education, the following powers and duties:

1. (A) To annually evaluate the performance of the principal of the attendance center using a Board approved principal evaluation form, which shall include the evaluation of (i) student academic improvement, as defined by the school improvement plan, (ii) student absenteeism rates at the school, (iii) instructional leadership, (iv) the effective implementation of programs, policies, or strategies to improve student academic achievement, (v) school management, and (vi) any other factors deemed relevant by the local school council, including, without limitation, the principal's communication skills and ability to create and maintain a student-centered learning environment, to develop opportunities for professional development, and to encourage parental involvement and community partnerships to achieve school improvement;

(B) to determine in the manner provided by subsection (c) of Section 34-2.2 and subdivision 1.5 of this Section whether the performance contract of the principal shall be renewed; and

(C) to directly select, in the manner provided by subsection (c) of Section 34-2.2, a new principal (including a
new principal to fill a vacancy) -- without submitting any list of candidates for that position to the general superintendent as provided in paragraph 2 of this Section -- to serve under a 4 year performance contract; provided that (i) the determination of whether the principal's performance contract is to be renewed, based upon the evaluation required by subdivision 1.5 of this Section, shall be made no later than 150 days prior to the expiration of the current performance-based contract of the principal, (ii) in cases where such performance contract is not renewed -- a direct selection of a new principal -- to serve under a 4 year performance contract shall be made by the local school council no later than 45 days prior to the expiration of the current performance contract of the principal, and (iii) a selection by the local school council of a new principal to fill a vacancy under a 4 year performance contract shall be made within 90 days after the date such vacancy occurs. A Council shall be required, if requested by the principal, to provide in writing the reasons for the council's not renewing the principal's contract.

1.5. The local school council's determination of whether to renew the principal's contract shall be based on an evaluation to assess the educational and administrative progress made at the school during the principal's current performance-based contract. The local school council shall base its evaluation on (i) student academic improvement, as
defined by the school improvement plan, (ii) student absenteeism rates at the school, (iii) instructional leadership, (iv) the effective implementation of programs, policies, or strategies to improve student academic achievement, (v) school management, and (vi) any other factors deemed relevant by the local school council, including, without limitation, the principal's communication skills and ability to create and maintain a student-centered learning environment, to develop opportunities for professional development, and to encourage parental involvement and community partnerships to achieve school improvement. If a local school council fails to renew the performance contract of a principal rated by the general superintendent, or his or her designee, in the previous years' evaluations as meeting or exceeding expectations, the principal, within 15 days after the local school council's decision not to renew the contract, may request a review of the local school council's principal non-retention decision by a hearing officer appointed by the American Arbitration Association. A local school council member or members or the general superintendent may support the principal's request for review. During the period of the hearing officer's review of the local school council's decision on whether or not to retain the principal, the local school council shall maintain all authority to search for and contract with a person to serve as interim or acting principal, or as the principal of the attendance center under
a 4-year performance contract, provided that any performance contract entered into by the local school council shall be voidable or modified in accordance with the decision of the hearing officer. The principal may request review only once while at that attendance center. If a local school council renews the contract of a principal who failed to obtain a rating of "meets" or "exceeds expectations" in the general superintendent's evaluation for the previous year, the general superintendent, within 15 days after the local school council's decision to renew the contract, may request a review of the local school council's principal retention decision by a hearing officer appointed by the American Arbitration Association. The general superintendent may request a review only once for that principal at that attendance center. All requests to review the retention or non-retention of a principal shall be submitted to the general superintendent, who shall, in turn, forward such requests, within 14 days of receipt, to the American Arbitration Association. The general superintendent shall send a contemporaneous copy of the request that was forwarded to the American Arbitration Association to the principal and to each local school council member and shall inform the local school council of its rights and responsibilities under the arbitration process, including the local school council's right to representation and the manner and process by which the Board shall pay the costs of the council's representation. If the local school council
retains the principal and the general superintendent requests a review of the retention decision, the local school council and the general superintendent shall be considered parties to the arbitration, a hearing officer shall be chosen between those 2 parties pursuant to procedures promulgated by the State Board of Education, and the principal may retain counsel and participate in the arbitration. If the local school council does not retain the principal and the principal requests a review of the retention decision, the local school council and the principal shall be considered parties to the arbitration and a hearing officer shall be chosen between those 2 parties pursuant to procedures promulgated by the State Board of Education. The hearing shall begin (i) within 45 days after the initial request for review is submitted by the principal to the general superintendent or (ii) if the initial request for review is made by the general superintendent, within 45 days after that request is mailed to the American Arbitration Association. The hearing officer shall render a decision within 45 days after the hearing begins and within 90 days after the initial request for review. The Board shall contract with the American Arbitration Association for all of the hearing officer's reasonable and necessary costs. In addition, the Board shall pay any reasonable costs incurred by a local school council for representation before a hearing officer.

1.10. The hearing officer shall conduct a hearing, which
shall include (i) a review of the principal's performance, evaluations, and other evidence of the principal's service at the school, (ii) reasons provided by the local school council for its decision, and (iii) documentation evidencing views of interested persons, including, without limitation, students, parents, local school council members, school faculty and staff, the principal, the general superintendent or his or her designee, and members of the community. The burden of proof in establishing that the local school council's decision was arbitrary and capricious shall be on the party requesting the arbitration, and this party shall sustain the burden by a preponderance of the evidence. The hearing officer shall set the local school council decision aside if that decision, in light of the record developed at the hearing, is arbitrary and capricious. The decision of the hearing officer may not be appealed to the Board or the State Board of Education. If the hearing officer decides that the principal shall be retained, the retention period shall not exceed 2 years.

2. In the event (i) the local school council does not renew the performance contract of the principal, or the principal fails to receive a satisfactory rating as provided in subsection (h) of Section 34-8.3, or the principal is removed for cause during the term of his or her performance contract in the manner provided by Section 34-85, or a vacancy in the position of principal otherwise occurs prior to the expiration of the term of a principal's performance contract, and (ii)
the local school council fails to directly select a new principal to serve under a 4 year performance contract, the local school council in such event shall submit to the general superintendent a list of 3 candidates -- listed in the local school council's order of preference -- for the position of principal, one of which shall be selected by the general superintendent to serve as principal of the attendance center. If the general superintendent fails or refuses to select one of the candidates on the list to serve as principal within 30 days after being furnished with the candidate list, the general superintendent shall select and place a principal on an interim basis (i) for a period not to exceed one year or (ii) until the local school council selects a new principal with 7 affirmative votes as provided in subsection (c) of Section 34-2.2, whichever occurs first. If the local school council fails or refuses to select and appoint a new principal, as specified by subsection (c) of Section 34-2.2, the general superintendent may select and appoint a new principal on an interim basis for an additional year or until a new contract principal is selected by the local school council. There shall be no discrimination on the basis of race, sex, creed, color or disability unrelated to ability to perform in connection with the submission of candidates for, and the selection of a candidate to serve as principal of an attendance center. No person shall be directly selected, listed as a candidate for, or selected to serve as principal of
an attendance center (i) if such person has been removed for cause from employment by the Board or (ii) if such person does not hold a valid Professional Educator License administrative certificate issued or exchanged under Article 21B 21 and endorsed as required by that Article for the position of principal. A principal whose performance contract is not renewed as provided under subsection (c) of Section 34-2.2 may nevertheless, if otherwise qualified and licensed certified as herein provided and if he or she has received a satisfactory rating as provided in subsection (h) of Section 34-8.3, be included by a local school council as one of the 3 candidates listed in order of preference on any candidate list from which one person is to be selected to serve as principal of the attendance center under a new performance contract. The initial candidate list required to be submitted by a local school council to the general superintendent in cases where the local school council does not renew the performance contract of its principal and does not directly select a new principal to serve under a 4 year performance contract shall be submitted not later than 30 days prior to the expiration of the current performance contract. In cases where the local school council fails or refuses to submit the candidate list to the general superintendent no later than 30 days prior to the expiration of the incumbent principal's contract, the general superintendent may appoint a principal on an interim basis for a period not to exceed one year, during which time
the local school council shall be able to select a new principal with 7 affirmative votes as provided in subsection (c) of Section 34-2.2. In cases where a principal is removed for cause or a vacancy otherwise occurs in the position of principal and the vacancy is not filled by direct selection by the local school council, the candidate list shall be submitted by the local school council to the general superintendent within 90 days after the date such removal or vacancy occurs. In cases where the local school council fails or refuses to submit the candidate list to the general superintendent within 90 days after the date of the vacancy, the general superintendent may appoint a principal on an interim basis for a period of one year, during which time the local school council shall be able to select a new principal with 7 affirmative votes as provided in subsection (c) of Section 34-2.2.

2.5. Whenever a vacancy in the office of a principal occurs for any reason, the vacancy shall be filled in the manner provided by this Section by the selection of a new principal to serve under a 4 year performance contract.

3. To establish additional criteria to be included as part of the performance contract of its principal, provided that such additional criteria shall not discriminate on the basis of race, sex, creed, color or disability unrelated to ability to perform, and shall not be inconsistent with the uniform 4 year performance contract for principals developed by the
board as provided in Section 34-8.1 of the School Code or with other provisions of this Article governing the authority and responsibility of principals.

4. To approve the expenditure plan prepared by the principal with respect to all funds allocated and distributed to the attendance center by the Board. The expenditure plan shall be administered by the principal. Notwithstanding any other provision of this Act or any other law, any expenditure plan approved and administered under this Section 34-2.3 shall be consistent with and subject to the terms of any contract for services with a third party entered into by the Chicago School Reform Board of Trustees or the board under this Act.

Via a supermajority vote of 8 members of a local school council enrolling students through the 8th grade or 9 members of a local school council at a secondary attendance center or an attendance center enrolling students in grades 7 through 12, the Council may transfer allocations pursuant to Section 34-2.3 within funds; provided that such a transfer is consistent with applicable law and collective bargaining agreements.

Beginning in fiscal year 1991 and in each fiscal year thereafter, the Board may reserve up to 1% of its total fiscal year budget for distribution on a prioritized basis to schools throughout the school system in order to assure adequate programs to meet the needs of special student populations as determined by the Board. This distribution shall take into
account the needs catalogued in the Systemwide Plan and the
various local school improvement plans of the local school
councils. Information about these centrally funded programs
shall be distributed to the local school councils so that
their subsequent planning and programming will account for
these provisions.

Beginning in fiscal year 1991 and in each fiscal year
thereafter, from other amounts available in the applicable
fiscal year budget, the board shall allocate a lump sum amount
to each local school based upon such formula as the board shall
determine taking into account the special needs of the student
body. The local school principal shall develop an expenditure
plan in consultation with the local school council, the
professional personnel leadership committee and with all other
school personnel, which reflects the priorities and activities
as described in the school's local school improvement plan and
is consistent with applicable law and collective bargaining
agreements and with board policies and standards; however, the
local school council shall have the right to request waivers
of board policy from the board of education and waivers of
employee collective bargaining agreements pursuant to Section
34-8.1a.

The expenditure plan developed by the principal with
respect to amounts available from the fund for prioritized
special needs programs and the allocated lump sum amount must
be approved by the local school council.
The lump sum allocation shall take into account the following principles:

a. Teachers: Each school shall be allocated funds equal to the amount appropriated in the previous school year for compensation for teachers (regular grades kindergarten through 12th grade) plus whatever increases in compensation have been negotiated contractually or through longevity as provided in the negotiated agreement. Adjustments shall be made due to layoff or reduction in force, lack of funds or work, change in subject requirements, enrollment changes, or contracts with third parties for the performance of services or to rectify any inconsistencies with system-wide allocation formulas or for other legitimate reasons.

b. Other personnel: Funds for other teacher licensed and nonlicensed certificated and uncertificated personnel paid through non-categorical funds shall be provided according to system-wide formulas based on student enrollment and the special needs of the school as determined by the Board.

c. Non-compensation items: Appropriations for all non-compensation items shall be based on system-wide formulas based on student enrollment and on the special needs of the school or factors related to the physical plant, including but not limited to textbooks, electronic textbooks and the technological equipment necessary to
gain access to and use electronic textbooks, supplies, electricity, equipment, and routine maintenance.

d. Funds for categorical programs: Schools shall receive personnel and funds based on, and shall use such personnel and funds in accordance with State and Federal requirements applicable to each categorical program provided to meet the special needs of the student body (including but not limited to, Federal Chapter I, Bilingual, and Special Education).

d.1. Funds for State Title I: Each school shall receive funds based on State and Board requirements applicable to each State Title I pupil provided to meet the special needs of the student body. Each school shall receive the proportion of funds as provided in Section 18-8 or 18-8.15 to which they are entitled. These funds shall be spent only with the budgetary approval of the Local School Council as provided in Section 34-2.3.

e. The Local School Council shall have the right to request the principal to close positions and open new ones consistent with the provisions of the local school improvement plan provided that these decisions are consistent with applicable law and collective bargaining agreements. If a position is closed, pursuant to this paragraph, the local school shall have for its use the system-wide average compensation for the closed position.

f. Operating within existing laws and collective
bargaining agreements, the local school council shall have
the right to direct the principal to shift expenditures
within funds.

g. (Blank).

Any funds unexpended at the end of the fiscal year shall be
available to the board of education for use as part of its
budget for the following fiscal year.

5. To make recommendations to the principal concerning
textbook selection and concerning curriculum developed
pursuant to the school improvement plan which is consistent
with systemwide curriculum objectives in accordance with
Sections 34-8 and 34-18 of the School Code and in conformity
with the collective bargaining agreement.

6. To advise the principal concerning the attendance and
disciplinary policies for the attendance center, subject to
the provisions of this Article and Article 26, and consistent
with the uniform system of discipline established by the board
pursuant to Section 34-19.

7. To approve a school improvement plan developed as
provided in Section 34-2.4. The process and schedule for plan
development shall be publicized to the entire school
community, and the community shall be afforded the opportunity
to make recommendations concerning the plan. At least twice a
year the principal and local school council shall report
publicly on progress and problems with respect to plan
implementation.
8. To evaluate the allocation of teaching resources and other licensed and nonlicensed certificated and uncertificated staff to the attendance center to determine whether such allocation is consistent with and in furtherance of instructional objectives and school programs reflective of the school improvement plan adopted for the attendance center; and to make recommendations to the board, the general superintendent and the principal concerning any reallocation of teaching resources or other staff whenever the council determines that any such reallocation is appropriate because the qualifications of any existing staff at the attendance center do not adequately match or support instructional objectives or school programs which reflect the school improvement plan.

9. To make recommendations to the principal and the general superintendent concerning their respective appointments, after August 31, 1989, and in the manner provided by Section 34-8 and Section 34-8.1, of persons to fill any vacant, additional or newly created positions for teachers at the attendance center or at attendance centers which include the attendance center served by the local school council.

10. To request of the Board the manner in which training and assistance shall be provided to the local school council. Pursuant to Board guidelines a local school council is authorized to direct the Board of Education to contract with
personnel or not-for-profit organizations not associated with the school district to train or assist council members. If training or assistance is provided by contract with personnel or organizations not associated with the school district, the period of training or assistance shall not exceed 30 hours during a given school year; person shall not be employed on a continuous basis longer than said period and shall not have been employed by the Chicago Board of Education within the preceding six months. Council members shall receive training in at least the following areas:

1. school budgets;

2. educational theory pertinent to the attendance center's particular needs, including the development of the school improvement plan and the principal's performance contract; and

3. personnel selection.

Council members shall, to the greatest extent possible, complete such training within 90 days of election.

11. In accordance with systemwide guidelines contained in the System-Wide Educational Reform Goals and Objectives Plan, criteria for evaluation of performance shall be established for local school councils and local school council members. If a local school council persists in noncompliance with systemwide requirements, the Board may impose sanctions and take necessary corrective action, consistent with Section 34-8.3.
12. Each local school council shall comply with the Open Meetings Act and the Freedom of Information Act. Each local school council shall issue and transmit to its school community a detailed annual report accounting for its activities programmatically and financially. Each local school council shall convene at least 2 well-publicized meetings annually with its entire school community. These meetings shall include presentation of the proposed local school improvement plan, of the proposed school expenditure plan, and the annual report, and shall provide an opportunity for public comment.

13. Each local school council is encouraged to involve additional non-voting members of the school community in facilitating the council's exercise of its responsibilities.

14. The local school council may adopt a school uniform or dress code policy that governs the attendance center and that is necessary to maintain the orderly process of a school function or prevent endangerment of student health or safety, consistent with the policies and rules of the Board of Education. A school uniform or dress code policy adopted by a local school council: (i) shall not be applied in such manner as to discipline or deny attendance to a transfer student or any other student for noncompliance with that policy during such period of time as is reasonably necessary to enable the student to acquire a school uniform or otherwise comply with the dress code policy that is in effect at the attendance
center into which the student's enrollment is transferred; (ii) shall include criteria and procedures under which the local school council will accommodate the needs of or otherwise provide appropriate resources to assist a student from an indigent family in complying with an applicable school uniform or dress code policy; and (iii) shall not include or apply to hairstyles, including hairstyles historically associated with race, ethnicity, or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists. A student whose parents or legal guardians object on religious grounds to the student's compliance with an applicable school uniform or dress code policy shall not be required to comply with that policy if the student's parents or legal guardians present to the local school council a signed statement of objection detailing the grounds for the objection. If a local school council does not comply with the requirements and prohibitions set forth in this paragraph 14, the attendance center is subject to the penalty imposed pursuant to subsection (a) of Section 2-3.25.

The teacher members of the local school council shall serve as co-chairs of the committee, or one teacher member of the local school council chosen by the committee shall serve as chair of the committee. (b) The purpose of the committee is to develop and formally present recommendations to the principal and the local school council on all matters of educational program, including but not limited to curriculum, school improvement plan development and implementation, and school budgeting.

Sec. 34-8.1. Principals. Principals shall be employed to supervise the operation of each attendance center. Their powers and duties shall include but not be limited to the authority (i) to direct, supervise, evaluate, and suspend with or without pay or otherwise discipline all teachers, assistant principals, and other employees assigned to the attendance center in accordance with board rules and policies and (ii) to
direct all other persons assigned to the attendance center pursuant to a contract with a third party to provide services to the school system. The right to employ, discharge, and layoff shall be vested solely with the board, provided that decisions to discharge or suspend nonlicensed non-certified employees, including disciplinary layoffs, and the termination of licensed certified employees from employment pursuant to a layoff or reassignment policy are subject to review under the grievance resolution procedure adopted pursuant to subsection (c) of Section 10 of the Illinois Educational Labor Relations Act. The grievance resolution procedure adopted by the board shall provide for final and binding arbitration, and, notwithstanding any other provision of law to the contrary, the arbitrator's decision may include all make-whole relief, including without limitation reinstatement. The principal shall fill positions by appointment as provided in this Section and may make recommendations to the board regarding the employment, discharge, or layoff of any individual. The authority of the principal shall include the authority to direct the hours during which the attendance center shall be open and available for use provided the use complies with board rules and policies, to determine when and what operations shall be conducted within those hours, and to schedule staff within those hours. Under the direction of, and subject to the authority of the principal, the Engineer In Charge shall be accountable for the safe, economical operation
of the plant and grounds and shall also be responsible for orientation, training, and supervising the work of Engineers, Trainees, school maintenance assistants, custodial workers and other plant operation employees under his or her direction.

There shall be established by the board a system of semi-annual evaluations conducted by the principal as to performance of the engineer in charge. Nothing in this Section shall prevent the principal from conducting additional evaluations. An overall numerical rating shall be given by the principal based on the evaluation conducted by the principal. An unsatisfactory numerical rating shall result in disciplinary action, which may include, without limitation and in the judgment of the principal, loss of promotion or bidding procedure, reprimand, suspension with or without pay, or recommended dismissal. The board shall establish procedures for conducting the evaluation and reporting the results to the engineer in charge.

Under the direction of, and subject to the authority of, the principal, the Food Service Manager is responsible at all times for the proper operation and maintenance of the lunch room to which he is assigned and shall also be responsible for the orientation, training, and supervising the work of cooks, bakers, porters, and lunchroom attendants under his or her direction.

There shall be established by the Board a system of semi-annual evaluations conducted by the principal as to the
performance of the food service manager. Nothing in this Section shall prevent the principal from conducting additional evaluations. An overall numerical rating shall be given by the principal based on the evaluation conducted by the principal. An unsatisfactory numerical rating shall result in disciplinary action which may include, without limitation and in the judgment of the principal, loss of promotion or bidding procedure, reprimand, suspension with or without pay, or recommended dismissal. The board shall establish rules for conducting the evaluation and reporting the results to the food service manager.

Nothing in this Section shall be interpreted to require the employment or assignment of an Engineer-In-Charge or a Food Service Manager for each attendance center.

Principals shall be employed to supervise the educational operation of each attendance center. If a principal is absent due to extended illness or leave of absence, an assistant principal may be assigned as acting principal for a period not to exceed 100 school days. Each principal shall assume administrative responsibility and instructional leadership, in accordance with reasonable rules and regulations of the board, for the planning, operation and evaluation of the educational program of the attendance center to which he is assigned. The principal shall submit recommendations to the general superintendent concerning the appointment, dismissal, retention, promotion, and assignment of all personnel assigned
to the attendance center; provided, that from and after September 1, 1989: (i) if any vacancy occurs in a position at the attendance center or if an additional or new position is created at the attendance center, that position shall be filled by appointment made by the principal in accordance with procedures established and provided by the Board whenever the majority of the duties included in that position are to be performed at the attendance center which is under the principal's supervision, and each such appointment so made by the principal shall be made and based upon merit and ability to perform in that position without regard to seniority or length of service, provided, that such appointments shall be subject to the Board's desegregation obligations, including but not limited to the Consent Decree and Desegregation Plan in U.S. v. Chicago Board of Education; (ii) the principal shall submit recommendations based upon merit and ability to perform in the particular position, without regard to seniority or length of service, to the general superintendent concerning the appointment of any teacher, teacher aide, counselor, clerk, hall guard, security guard and any other personnel which is to be made by the general superintendent whenever less than a majority of the duties of that teacher, teacher aide, counselor, clerk, hall guard, and security guard and any other personnel are to be performed at the attendance center which is under the principal's supervision; and (iii) subject to law and the applicable collective bargaining agreements, the
authority and responsibilities of a principal with respect to
the evaluation of all teachers and other personnel assigned to
an attendance center shall commence immediately upon his or
her appointment as principal of the attendance center, without
regard to the length of time that he or she has been the
principal of that attendance center.

Notwithstanding the existence of any other law of this
State, nothing in this Act shall prevent the board from
entering into a contract with a third party for services
currently performed by any employee or bargaining unit member.

Notwithstanding any other provision of this Article, each
principal may approve contracts, binding on the board, in the
amount of no more than $10,000, if the contract is endorsed by
the Local School Council.

Unless otherwise prohibited by law or by rule of the
board, the principal shall provide to local school council
members copies of all internal audits and any other pertinent
information generated by any audits or reviews of the programs
and operation of the attendance center.

Each principal shall hold a valid Professional Educator
License administrative certificate issued or exchanged in
accordance with Article 21B and endorsed as required by
that Article for the position of principal. The board may
establish or impose academic, educational, examination, and
experience requirements and criteria that are in addition to
those established and required by Article 21B for issuance
of a valid license certificate endorsed for the position of principal as a condition of the nomination, selection, appointment, employment, or continued employment of a person as principal of any attendance center, or as a condition of the renewal of any principal's performance contract.

The board shall specify in its formal job description for principals, and from and after July 1, 1990 shall specify in the 4 year performance contracts for use with respect to all principals, that his or her primary responsibility is in the improvement of instruction. A majority of the time spent by a principal shall be spent on curriculum and staff development through both formal and informal activities, establishing clear lines of communication regarding school goals, accomplishments, practices and policies with parents and teachers. The principal, with the assistance of the local school council, shall develop a school improvement plan as provided in Section 34-2.4 and, upon approval of the plan by the local school council, shall be responsible for directing implementation of the plan. The principal, with the assistance of the professional personnel leadership committee, shall develop the specific methods and contents of the school's curriculum within the board's system-wide curriculum standards and objectives and the requirements of the school improvement plan. The board shall ensure that all principals are evaluated on their instructional leadership ability and their ability to maintain a positive education and learning climate. It shall
also be the responsibility of the principal to utilize resources of proper law enforcement agencies when the safety and welfare of students and teachers are threatened by illegal use of drugs and alcohol, by illegal use or possession of weapons, or by illegal gang activity.

Nothing in this Section shall prohibit the board and the exclusive representative of the district's teachers from entering into an agreement under Section 34-85c of this Code to establish alternative procedures for teacher evaluation, remediation, and removal for cause after remediation, including an alternative system for peer evaluation and recommendations, for teachers assigned to schools identified in that agreement.

On or before October 1, 1989, the Board of Education, in consultation with any professional organization representing principals in the district, shall promulgate rules and implement a lottery for the purpose of determining whether a principal's existing performance contract (including the performance contract applicable to any principal's position in which a vacancy then exists) expires on June 30, 1990 or on June 30, 1991, and whether the ensuing 4 year performance contract begins on July 1, 1990 or July 1, 1991. The Board of Education shall establish and conduct the lottery in such manner that of all the performance contracts of principals (including the performance contracts applicable to all principal positions in which a vacancy then exists), 50% of
such contracts shall expire on June 30, 1990, and 50% shall expire on June 30, 1991. All persons serving as principal on May 1, 1989, and all persons appointed as principal after May 1, 1989 and prior to July 1, 1990 or July 1, 1991, in a manner other than as provided by Section 34-2.3, shall be deemed by operation of law to be serving under a performance contract which expires on June 30, 1990 or June 30, 1991; and unless such performance contract of any such principal is renewed (or such person is again appointed to serve as principal) in the manner provided by Section 34-2.2 or 34-2.3, the employment of such person as principal shall terminate on June 30, 1990 or June 30, 1991.

Commencing on July 1, 1990, or on July 1, 1991, and thereafter, the principal of each attendance center shall be the person selected in the manner provided by Section 34-2.3 to serve as principal of that attendance center under a 4 year performance contract. All performance contracts of principals expiring after July 1, 1990, or July 1, 1991, shall commence on the date specified in the contract, and the renewal of their performance contracts and the appointment of principals when their performance contracts are not renewed shall be governed by Sections 34-2.2 and 34-2.3. Whenever a vacancy in the office of a principal occurs for any reason, the vacancy shall be filled by the selection of a new principal to serve under a 4 year performance contract in the manner provided by Section 34-2.3.
The board of education shall develop and prepare, in consultation with the organization representing principals, a performance contract for use at all attendance centers, and shall furnish the same to each local school council. The term of the performance contract shall be 4 years, unless the principal is retained by the decision of a hearing officer pursuant to subdivision 1.5 of Section 34-2.3, in which case the contract shall be extended for 2 years. The performance contract of each principal shall consist of the uniform performance contract, as developed or from time to time modified by the board, and such additional criteria as are established by a local school council pursuant to Section 34-2.3 for the performance contract of its principal.

During the term of his or her performance contract, a principal may be removed only as provided for in the performance contract except for cause. He or she shall also be obliged to follow the rules of the board of education concerning conduct and efficiency.

In the event the performance contract of a principal is not renewed or a principal is not reappointed as principal under a new performance contract, or in the event a principal is appointed to any position of superintendent or higher position, or voluntarily resigns his position of principal, his or her employment as a principal shall terminate and such former principal shall not be reinstated to the position from which he or she was promoted to principal, except that he or
she, if otherwise qualified and licensed certified in accordance with Article 21B 21, shall be placed by the board on appropriate eligibility lists which it prepares for use in the filling of vacant or additional or newly created positions for teachers. The principal's total years of service to the board as both a teacher and a principal, or in other professional capacities, shall be used in calculating years of experience for purposes of being selected as a teacher into new, additional or vacant positions.

In the event the performance contract of a principal is not renewed or a principal is not reappointed as principal under a new performance contract, such principal shall be eligible to continue to receive his or her previously provided level of health insurance benefits for a period of 90 days following the non-renewal of the contract at no expense to the principal, provided that such principal has not retired. Sec. 34-18. Powers of the board. The board shall exercise general supervision and jurisdiction over the public education and the public school system of the city, and, except as otherwise provided by this Article, shall have power:

1. To make suitable provision for the establishment and maintenance throughout the year or for such portion thereof as it may direct, not less than 9 months and in
compliance with Section 10-19.05, of schools of all grades and kinds, including normal schools, high schools, night schools, schools for defectives and delinquents, parental and truant schools, schools for the blind, the deaf, and persons with physical disabilities, schools or classes in manual training, constructural and vocational teaching, domestic arts, and physical culture, vocation and extension schools and lecture courses, and all other educational courses and facilities, including establishing, equipping, maintaining and operating playgrounds and recreational programs, when such programs are conducted in, adjacent to, or connected with any public school under the general supervision and jurisdiction of the board; provided that the calendar for the school term and any changes must be submitted to and approved by the State Board of Education before the calendar or changes may take effect, and provided that in allocating funds from year to year for the operation of all attendance centers within the district, the board shall ensure that supplemental general State aid or supplemental grant funds are allocated and applied in accordance with Section 18-8, 18-8.05, or 18-8.15. To admit to such schools without charge foreign exchange students who are participants in an organized exchange student program which is authorized by the board. The board shall permit all students to enroll in
apprenticeship programs in trade schools operated by the board, whether those programs are union-sponsored or not. No student shall be refused admission into or be excluded from any course of instruction offered in the common schools by reason of that student's sex. No student shall be denied equal access to physical education and interscholastic athletic programs supported from school district funds or denied participation in comparable physical education and athletic programs solely by reason of the student's sex. Equal access to programs supported from school district funds and comparable programs will be defined in rules promulgated by the State Board of Education in consultation with the Illinois High School Association. Notwithstanding any other provision of this Article, neither the board of education nor any local school council or other school official shall recommend that children with disabilities be placed into regular education classrooms unless those children with disabilities are provided with supplementary services to assist them so that they benefit from the regular classroom instruction and are included on the teacher's regular education class register;

3. To co-operate with the circuit court;

4. To make arrangements with the public or quasi-public libraries and museums for the use of their facilities by teachers and pupils of the public schools;

The board shall take into consideration the prevention of segregation and the elimination of separation of children in public schools because of color, race, sex, or nationality. Except that children may be committed to or attend parental and social adjustment schools established and maintained either for boys or girls only. All records pertaining to the creation, alteration or revision of attendance areas shall be open to the public. Nothing herein shall limit the
board's authority to establish multi-area attendance centers or other student assignment systems for desegregation purposes or otherwise, and to apportion the pupils to the several schools. Furthermore, beginning in school year 1994-95, pursuant to a board plan adopted by October 1, 1993, the board shall offer, commencing on a phased-in basis, the opportunity for families within the school district to apply for enrollment of their children in any attendance center within the school district which does not have selective admission requirements approved by the board. The appropriate geographical area in which such open enrollment may be exercised shall be determined by the board of education. Such children may be admitted to any such attendance center on a space available basis after all children residing within such attendance center's area have been accommodated. If the number of applicants from outside the attendance area exceed the space available, then successful applicants shall be selected by lottery. The board of education's open enrollment plan must include provisions that allow low-income students to have access to transportation needed to exercise school choice. Open enrollment shall be in compliance with the provisions of the Consent Decree and Desegregation Plan cited in Section 34-1.01;

8. To approve programs and policies for providing transportation services to students. Nothing herein shall

9. Subject to the limitations in this Article, to establish and approve system-wide curriculum objectives and standards, including graduation standards, which reflect the multi-cultural diversity in the city and are consistent with State law, provided that for all purposes of this Article courses or proficiency in American Sign Language shall be deemed to constitute courses or proficiency in a foreign language; and to employ principals and teachers, appointed as provided in this Article, and fix their compensation. The board shall prepare such reports related to minimal competency testing as may be requested by the State Board of Education and, in addition, shall monitor and approve special education and bilingual education programs and policies within the district to ensure that appropriate services are provided in accordance with applicable State and federal laws to children requiring services and education in those areas;

10. To employ non-teaching personnel or utilize volunteer personnel for: (i) non-teaching duties not requiring instructional judgment or evaluation of pupils, including library duties; and (ii) supervising study halls, long distance teaching reception areas used
incident to instructional programs transmitted by electronic media such as computers, video, and audio, detention and discipline areas, and school-sponsored extracurricular activities. The board may further utilize volunteer nonlicensed non-certificated personnel or employ nonlicensed non-certificated personnel to assist in the instruction of pupils under the immediate supervision of a teacher holding a valid educator license certificate, directly engaged in teaching subject matter or conducting activities; provided that the teacher shall be continuously aware of the nonlicensed non-certificated persons' activities and shall be able to control or modify them. The general superintendent shall determine qualifications of such personnel and shall prescribe rules for determining the duties and activities to be assigned to such personnel;

12. To offer, if deemed appropriate, outdoor education courses, including field trips within the State of Illinois, or adjacent states, and to use school educational funds for the expense of the said outdoor educational programs, whether within the school district or not;

13. During that period of the calendar year not embraced within the regular school term, to provide and conduct courses in subject matters normally embraced in the program of the schools during the regular school term and to give regular school credit for satisfactory completion by the student of such courses as may be approved for credit by the State Board of Education;

14. To insure against any loss or liability of the board, the former School Board Nominating Commission, Local School Councils, the Chicago Schools Academic
Accountability Council, or the former Subdistrict Councils or of any member, officer, agent, or employee thereof, resulting from alleged violations of civil rights arising from incidents occurring on or after September 5, 1967 or from the wrongful or negligent act or omission of any such person whether occurring within or without the school premises, provided the officer, agent, or employee was, at the time of the alleged violation of civil rights or wrongful act or omission, acting within the scope of his or her employment or under direction of the board, the former School Board Nominating Commission, the Chicago Schools Academic Accountability Council, Local School Councils, or the former Subdistrict Councils; and to provide for or participate in insurance plans for its officers and employees, including, but not limited to, retirement annuities, medical, surgical and hospitalization benefits in such types and amounts as may be determined by the board; provided, however, that the board shall contract for such insurance only with an insurance company authorized to do business in this State. Such insurance may include provision for employees who rely on treatment by prayer or spiritual means alone for healing, in accordance with the tenets and practice of a recognized religious denomination;

15. To contract with the corporate authorities of any municipality or the county board of any county, as the

16. (a) To provide, on an equal basis, access to a high school campus and student directory information to the official recruiting representatives of the armed forces of Illinois and the United States for the purposes of informing students of the educational and career opportunities available in the military if the board has provided such access to persons or groups whose purpose is to acquaint students with educational or occupational opportunities available to them. The board is not required to give greater notice regarding the right of access to recruiting representatives than is given to other persons and groups. In this paragraph 16, "directory information" means a high school student's name, address, and telephone number.

    (b) If a student or his or her parent or guardian submits a signed, written request to the high school before the end of the student's sophomore year (or if the student is a transfer student, by another time set by the high school) that indicates that the student or his or her parent or guardian does not want the student's directory information to be provided to official recruiting representatives under subsection (a) of this Section, the
high school may not provide access to the student's directory information to these recruiting representatives. The high school shall notify its students and their parents or guardians of the provisions of this subsection (b).

(c) A high school may require official recruiting representatives of the armed forces of Illinois and the United States to pay a fee for copying and mailing a student's directory information in an amount that is not more than the actual costs incurred by the high school.

(d) Information received by an official recruiting representative under this Section may be used only to provide information to students concerning educational and career opportunities available in the military and may not be released to a person who is not involved in recruiting students for the armed forces of Illinois or the United States;

The employee who developed the computer program shall be entitled to share in the proceeds of such sale or marketing of the computer program. The distribution of such proceeds between the
employee and the school district shall be as agreed upon by the employee and the school district, except that neither the employee nor the school district may receive more than 90% of such proceeds. The negotiation for an employee who is represented by an exclusive bargaining representative may be conducted by such bargaining representative at the employee's request.

(b) For the purpose of this paragraph 17:

(1) "Computer" means an internally programmed, general purpose digital device capable of automatically accepting data, processing data and supplying the results of the operation.

(2) "Computer program" means a series of coded instructions or statements in a form acceptable to a computer, which causes the computer to process data in order to achieve a certain result.

(3) "Proceeds" means profits derived from the marketing or sale of a product after deducting the expenses of developing and marketing such product;

18. To delegate to the general superintendent of schools, by resolution, the authority to approve contracts and expenditures in amounts of $10,000 or less;

19. Upon the written request of an employee, to withhold from the compensation of that employee any dues, payments, or contributions payable by such employee to any labor organization as defined in the Illinois Educational
Labor Relations Act. Under such arrangement, an amount shall be withheld from each regular payroll period which is equal to the pro rata share of the annual dues plus any payments or contributions, and the board shall transmit such withholdings to the specified labor organization within 10 working days from the time of the withholding;

19a. Upon receipt of notice from the comptroller of a municipality with a population of 500,000 or more, a county with a population of 3,000,000 or more, the Cook County Forest Preserve District, the Chicago Park District, the Metropolitan Water Reclamation District, the Chicago Transit Authority, or a housing authority of a municipality with a population of 500,000 or more that a debt is due and owing the municipality, the county, the Cook County Forest Preserve District, the Chicago Park District, the Metropolitan Water Reclamation District, the Chicago Transit Authority, or the housing authority by an employee of the Chicago Board of Education, to withhold, from the compensation of that employee, the amount of the debt that is due and owing and pay the amount withheld to the municipality, the county, the Cook County Forest Preserve District, the Chicago Park District, the Metropolitan Water Reclamation District, the Chicago Transit Authority, or the housing authority; provided, however, that the amount deducted from any one salary or wage payment shall not exceed 25% of the net amount of the
payment. Before the Board deducts any amount from any salary or wage of an employee under this paragraph, the municipality, the county, the Cook County Forest Preserve District, the Chicago Park District, the Metropolitan Water Reclamation District, the Chicago Transit Authority, or the housing authority shall certify that (i) the employee has been afforded an opportunity for a hearing to dispute the debt that is due and owing the municipality, the county, the Cook County Forest Preserve District, the Chicago Park District, the Metropolitan Water Reclamation District, the Chicago Transit Authority, or the housing authority and (ii) the employee has received notice of a wage deduction order and has been afforded an opportunity for a hearing to object to the order. For purposes of this paragraph, "net amount" means that part of the salary or wage payment remaining after the deduction of any amounts required by law to be deducted and "debt due and owing" means (i) a specified sum of money owed to the municipality, the county, the Cook County Forest Preserve District, the Chicago Park District, the Metropolitan Water Reclamation District, the Chicago Transit Authority, or the housing authority for services, work, or goods, after the period granted for payment has expired, or (ii) a specified sum of money owed to the municipality, the county, the Cook County Forest Preserve District, the Chicago Park District, the Metropolitan Water Reclamation

21. To make available to students vocational and career counseling and to establish 5 special career counseling days for students and parents. On these days representatives of local businesses and industries shall be invited to the school campus and shall inform students of career opportunities available to them in the various businesses and industries. Special consideration shall be given to counseling minority students as to career opportunities available to them in various fields. For the purposes of this paragraph, minority student means a person who is any of the following:

24. To develop a policy, based on the current state of existing school facilities, projected enrollment, and efficient utilization of available resources, for capital improvement of schools and school buildings within the district, addressing in that policy both the relative priority for major repairs, renovations, and additions to school facilities and the advisability or necessity of building new school facilities or closing existing schools to meet current or projected demographic patterns within the district;

31. To promulgate rules establishing procedures governing the layoff or reduction in force of employees and the recall of such employees, including, but not limited to, criteria for such layoffs, reductions in force or recall rights of such employees and the weight to be given to any particular criterion. Such criteria shall

32. To develop a policy to prevent nepotism in the hiring of personnel or the selection of contractors;

33. (Blank); and

34. To establish a Labor Management Council to the board comprised of representatives of the board, the chief executive officer, and those labor organizations that are the exclusive representatives of employees of the board and to promulgate policies and procedures for the operation of the Council.

The specifications of the powers herein granted are not to be construed as exclusive, but the board shall also exercise all other powers that may be requisite or proper for the maintenance and the development of a public school system, not inconsistent with the other provisions of this Article or provisions of this Code which apply to all school districts.

In addition to the powers herein granted and authorized to be exercised by the board, it shall be the duty of the board to review or to direct independent reviews of special education expenditures and services. The board shall file a report of such review with the General Assembly on or before May 1, 1990.

Sec. 34-18.5. Criminal history records checks and checks of the Statewide Sex Offender Database and Statewide Murderer and Violent Offender Against Youth Database.

(a) Licensed and nonlicensed applicants for employment with the school district are required as a condition of employment to authorize a fingerprint-based criminal history records check to determine if such applicants have been convicted of any disqualifying, enumerated criminal or drug offense in subsection (c) of this Section or have been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State. Authorization for the check shall be furnished by the applicant to the school district, except that if the applicant is a substitute teacher seeking employment in more than one school district, or a teacher seeking concurrent part-time employment positions with more than one school district (as a reading specialist, special education teacher or otherwise), or an educational support personnel employee seeking employment positions with more than one district, any such district may require the applicant to furnish authorization
for the check to the regional superintendent of the educational service region in which are located the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee. Upon receipt of this authorization, the school district or the appropriate regional superintendent, as the case may be, shall submit the applicant's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Illinois State Police, to the Illinois State Police. The regional superintendent submitting the requisite information to the Illinois State Police shall promptly notify the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee that the check of the applicant has been requested. The Illinois State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, forever and hereinafter, until expunged, to the president of the school board for the school district that requested the check, or to the regional superintendent who requested the check. The Illinois State Police shall charge the school district or the appropriate regional superintendent a fee for conducting such check, which fee shall be deposited in the State Police Services Fund and shall not exceed the cost of the inquiry; and the applicant
shall not be charged a fee for such check by the school district or by the regional superintendent. Subject to appropriations for these purposes, the State Superintendent of Education shall reimburse the school district and regional superintendent for fees paid to obtain criminal history records checks under this Section.

(a-5) The school district or regional superintendent shall further perform a check of the Statewide Sex Offender Database, as authorized by the Sex Offender Community Notification Law, for each applicant. The check of the Statewide Sex Offender Database must be conducted by the school district or regional superintendent once for every 5 years that an applicant remains employed by the school district.

(a-6) The school district or regional superintendent shall further perform a check of the Statewide Murderer and Violent Offender Against Youth Database, as authorized by the Murderer and Violent Offender Against Youth Community Notification Law, for each applicant. The check of the Murderer and Violent Offender Against Youth Database must be conducted by the school district or regional superintendent once for every 5 years that an applicant remains employed by the school district.

(b) Any information concerning the record of convictions obtained by the president of the board of education or the regional superintendent shall be confidential and may only be
transmitted to the general superintendent of the school district or his designee, the appropriate regional superintendent if the check was requested by the board of education for the school district, the presidents of the appropriate board of education or school boards if the check was requested from the Illinois State Police by the regional superintendent, the State Board of Education and the school district as authorized under subsection (b-5), the State Superintendent of Education, the State Educator Preparation and Licensure Board or any other person necessary to the decision of hiring the applicant for employment. A copy of the record of convictions obtained from the Illinois State Police shall be provided to the applicant for employment. Upon the check of the Statewide Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database, the school district or regional superintendent shall notify an applicant as to whether or not the applicant has been identified in the Database. If a check of an applicant for employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee in more than one school district was requested by the regional superintendent, and the Illinois State Police upon a check ascertains that the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) of this Section or has not been convicted, within 7 years of the application for employment with the school district, of any
other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and so notifies the regional superintendent and if the regional superintendent upon a check ascertains that the applicant has not been identified in the Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database, then the regional superintendent shall issue to the applicant a certificate evidencing that as of the date specified by the Illinois State Police the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) of this Section or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and evidencing that as of the date that the regional superintendent conducted a check of the Statewide Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database, the applicant has not been identified in the Database. The school board of any school district may rely on the certificate issued by any regional superintendent to that substitute teacher, concurrent part-time teacher, or
concurrent educational support personnel employee or may initiate its own criminal history records check of the applicant through the Illinois State Police and its own check of the Statewide Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database as provided in this Section. Any unauthorized release of confidential information may be a violation of Section 7 of the Criminal Identification Act.

(b-5) If a criminal history records check or check of the Statewide Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database is performed by a regional superintendent for an applicant seeking employment as a substitute teacher with the school district, the regional superintendent may disclose to the State Board of Education whether the applicant has been issued a certificate under subsection (b) based on those checks. If the State Board receives information on an applicant under this subsection, then it must indicate in the Educator Licensure Information System for a 90-day period that the applicant has been issued or has not been issued a certificate.

(c) The board of education shall not knowingly employ a person who has been convicted of any offense that would subject him or her to license suspension or revocation pursuant to Section 21B-80 of this Code, except as provided under subsection (b) of 21B-80. Further, the board of education shall not knowingly employ a person who has been
found to be the perpetrator of sexual or physical abuse of any minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987. As a condition of employment, the board of education must consider the status of a person who has been issued an indicated finding of abuse or neglect of a child by the Department of Children and Family Services under the Abused and Neglected Child Reporting Act or by a child welfare agency of another jurisdiction.

(d) The board of education shall not knowingly employ a person for whom a criminal history records check and a Statewide Sex Offender Database check have not been initiated.

(e) Within 10 days after the general superintendent of schools, a regional office of education, or an entity that provides background checks of license holders to public schools receives information of a pending criminal charge against a license holder for an offense set forth in Section 21B-80 of this Code, the superintendent, regional office of education, or entity must notify the State Superintendent of Education of the pending criminal charge.

No later than 15 business days after receipt of a record of conviction or of checking the Statewide Murderer and Violent Offender Against Youth Database or the Statewide Sex Offender Database and finding a registration, the general superintendent of schools or the applicable regional superintendent shall, in writing, notify the State Superintendent of Education of any license holder who has been
convicted of a crime set forth in Section 21B-80 of this Code. Upon receipt of the record of a conviction of or a finding of child abuse by a holder of any license issued pursuant to Article 21B or Section 34-8.1 or 34-83 of this Code, the State Superintendent of Education may initiate licensure suspension and revocation proceedings as authorized by law. If the receipt of the record of conviction or finding of child abuse is received within 6 months after the initial grant of or renewal of a license, the State Superintendent of Education may rescind the license holder's license.

(e-5) The general superintendent of schools shall, in writing, notify the State Superintendent of Education of any license holder whom he or she has reasonable cause to believe has committed an intentional act of abuse or neglect with the result of making a child an abused child or a neglected child, as defined in Section 3 of the Abused and Neglected Child Reporting Act, and that act resulted in the license holder's dismissal or resignation from the school district and must include the Illinois Educator Identification Number (IEIN) of the license holder and a brief description of the misconduct alleged. This notification must be submitted within 30 days after the dismissal or resignation. The license holder must also be contemporaneously sent a copy of the notice by the superintendent. All correspondence, documentation, and other information so received by the State Superintendent of Education, the State Board of Education, or the State Educator
Preparation and Licensure Board under this subsection (e-5) is confidential and must not be disclosed to third parties, except (i) as necessary for the State Superintendent of Education or his or her designee to investigate and prosecute pursuant to Article 21B of this Code, (ii) pursuant to a court order, (iii) for disclosure to the license holder or his or her representative, or (iv) as otherwise provided in this Article and provided that any such information admitted into evidence in a hearing is exempt from this confidentiality and non-disclosure requirement. Except for an act of willful or wanton misconduct, any superintendent who provides notification as required in this subsection (e-5) shall have immunity from any liability, whether civil or criminal or that otherwise might result by reason of such action.

(f) After March 19, 1990, the provisions of this Section shall apply to all employees of persons or firms holding contracts with any school district including, but not limited to, food service workers, school bus drivers and other transportation employees, who have direct, daily contact with the pupils of any school in such district. For purposes of criminal history records checks and checks of the Statewide Sex Offender Database on employees of persons or firms holding contracts with more than one school district and assigned to more than one school district, the regional superintendent of the educational service region in which the contracting school districts are located may, at the request of any such school

district, be responsible for receiving the authorization for a
criminal history records check prepared by each such employee
and submitting the same to the Illinois State Police and for
conducting a check of the Statewide Sex Offender Database for
each employee. Any information concerning the record of
conviction and identification as a sex offender of any such
employee obtained by the regional superintendent shall be
promptly reported to the president of the appropriate school
board or school boards.

(f-5) Upon request of a school or school district, any
information obtained by the school district pursuant to
subsection (f) of this Section within the last year must be
made available to the requesting school or school district.

(g) Prior to the commencement of any student teaching
experience or required internship (which is referred to as
student teaching in this Section) in the public schools, a
student teacher is required to authorize a fingerprint-based
criminal history records check. Authorization for and payment
of the costs of the check must be furnished by the student
teacher to the school district. Upon receipt of this
authorization and payment, the school district shall submit
the student teacher's name, sex, race, date of birth, social
security number, fingerprint images, and other identifiers, as
prescribed by the Illinois State Police, to the Illinois State
Police. The Illinois State Police and the Federal Bureau of
Investigation shall furnish, pursuant to a fingerprint-based
criminal history records check, records of convictions, forever and hereinafter, until expunged, to the president of the board. The Illinois State Police shall charge the school district a fee for conducting the check, which fee must not exceed the cost of the inquiry and must be deposited into the State Police Services Fund. The school district shall further perform a check of the Statewide Sex Offender Database, as authorized by the Sex Offender Community Notification Law, and of the Statewide Murderer and Violent Offender Against Youth Database, as authorized by the Murderer and Violent Offender Against Youth Registration Act, for each student teacher. The board may not knowingly allow a person to student teach for whom a criminal history records check, a Statewide Sex Offender Database check, and a Statewide Murderer and Violent Offender Against Youth Database check have not been completed and reviewed by the district.

A copy of the record of convictions obtained from the Illinois State Police must be provided to the student teacher. Any information concerning the record of convictions obtained by the president of the board is confidential and may only be transmitted to the general superintendent of schools or his or her designee, the State Superintendent of Education, the State Educator Preparation and Licensure Board, or, for clarification purposes, the Illinois State Police or the Statewide Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database. Any unauthorized
release of confidential information may be a violation of Section 7 of the Criminal Identification Act.

The board may not knowingly allow a person to student teach who has been convicted of any offense that would subject him or her to license suspension or revocation pursuant to subsection (c) of Section 21B-80 of this Code, except as provided under subsection (b) of Section 21B-80. Further, the board may not allow a person to student teach if he or she has been found to be the perpetrator of sexual or physical abuse of a minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987. The board must consider the status of a person to student teach who has been issued an indicated finding of abuse or neglect of a child by the Department of Children and Family Services under the Abused and Neglected Child Reporting Act or by a child welfare agency of another jurisdiction.

Sec. 34-18.10. Minority recruitment policy. The board of education shall, by 1991, develop and implement a policy of recruitment and hiring of minority teachers, other licensed certificated employees, and nonlicensed non-certificated
employees, including custodians, lunch room staff, and teacher aides.

(Source: P.A. 86-227; 86-1028.)

(105 ILCS 5/34-43.1) (from Ch. 122, par. 34-43.1)

Sec. 34-43.1. (A) Limitation of noninstructional costs. It is the purpose of this Section to establish for the Board of Education and the general superintendent of schools requirements and standards which maximize the proportion of school district resources in direct support of educational, program, and building maintenance and safety services for the pupils of the district, and which correspondingly minimize the amount and proportion of such resources associated with centralized administration, administrative support services, and other noninstructional services.

The For the 1989-90 school year and for all subsequent school years, the Board of Education shall undertake budgetary and expenditure control actions which limit the administrative expenditures of the Board of Education to levels, as provided for in this Section, which represent an average of the administrative expenses of all school districts in this State not subject to Article 34.

(B) Certification of expenses by the State Superintendent of Education. The State Superintendent of Education shall annually certify, on or before May 1, to the Board of Education and the School Finance Authority, for the applicable school
year, the following information:

(1) the annual expenditures of all school districts of the State not subject to Article 34 properly attributable to expenditure functions defined by the rules and regulations of the State Board of Education as: 2210 (Improvement of Instructional Services); 2300 (Support Services - General Administration) excluding, however, 2320 (Executive Administrative Services); 2490 (Other Support Services - School Administration); 2500 (Support Services - Business); 2600 (Support Services - Central);

(2) the total annual expenditures of all school districts not subject to Article 34 attributable to the Education Fund, the Operations, Building and Maintenance Fund, the Transportation Fund and the Illinois Municipal Retirement Fund of the several districts, as defined by the rules and regulations of the State Board of Education; and

(3) a ratio, to be called the statewide average of administrative expenditures, derived by dividing the expenditures certified pursuant to paragraph (B)(1) by the expenditures certified pursuant to paragraph (B)(2).

For purposes of the annual certification of expenditures and ratios required by this Section, the "applicable year" of certification shall initially be the 1986-87 school year and, in sequent years, each succeeding school year.

The State Superintendent of Education shall consult with
the Board of Education to ascertain whether particular expenditure items allocable to the administrative functions enumerated in paragraph (B)(1) are appropriately or necessarily higher in the applicable school district than in the rest of the State due to noncomparable factors. The State Superintendent shall also review the relevant cost proportions in other large urban school districts. The State Superintendent shall also review the expenditure categories in paragraph (B)(1) to ascertain whether they contain school-level expenses. If he or she finds that adjustments to the formula are appropriate or necessary to establish a more fair and comparable standard for administrative cost for the Board of Education or to exclude school-level expenses, the State Superintendent shall recommend to the Board of Education School Finance Authority rules and regulations adjusting particular subcategories in this subsection (B) or adjusting certain costs in determining the budget and expenditure items properly attributable to the functions or otherwise adjust the formula.

(C) Administrative expenditure limitations. The annual budget of the Board of Education, as adopted and implemented, and the related annual expenditures for the school year, shall reflect a limitation on administrative outlays as required by the following provisions, taking into account any adjustments established by the State Superintendent of Education: (1) the budget and expenditures of the Board of Education for the
1989-90 school year shall reflect a ratio of administrative expenditures to total expenditures equal to or less than the statewide average of administrative expenditures for the 1986-87 school year as certified by the State Superintendent of Education pursuant to paragraph (B)(3); (2) for the 1990-91 school year and for all subsequent school years, the budget and expenditures of the Board of Education shall reflect a ratio of administrative expenditures to total expenditures equal to or less than the statewide average of administrative expenditures certified by the State Superintendent of Education for the applicable year pursuant to paragraph (B)(3); (2) (3) if for any school year the budget of the Board of Education reflects a ratio of administrative expenditures to total expenditures which exceeds the applicable statewide average, the Board of Education shall reduce expenditure items allocable to the administrative functions enumerated in paragraph (B)(1) such that the Board of Education's ratio of administrative expenditures to total expenditures is equal to or less than the applicable statewide average ratio.

For purposes of this Section, the ratio of administrative expenditures to the total expenditures of the Board of Education, as applied to the budget of the Board of Education, shall mean: the budgeted expenditure items of the Board of Education properly attributable to the expenditure functions identified in paragraph (B)(1) divided by the total budgeted expenditures of the Board of Education properly attributable
to the Board of Education funds corresponding to those funds identified in paragraph (B)(2), exclusive of any monies budgeted for payment to the Public School Teachers' Pension and Retirement System, attributable to payments due from the General Funds of the State of Illinois.

The annual expenditure of the Board of Education for 2320 (Executive Administrative Services) for the 1989-90 school year shall be no greater than the 2320 expenditure for the 1988-89 school year. The annual expenditure of the Board of Education for 2320 for the 1990-91 school year and each subsequent school year shall be no greater than the 2320 expenditure for the immediately preceding school year or the 1988-89 school year, whichever is less. This annual expenditure limitation may be adjusted in each year in an amount not to exceed any change effective during the applicable school year in salary to be paid under the collective bargaining agreement with instructional personnel to which the Board is a party and in benefit costs either required by law or such collective bargaining agreement.

(D) Cost control measures. In undertaking actions to control or reduce expenditure items necessitated by the administrative expenditure limitations of this Section, the Board of Education shall give priority consideration to reductions or cost controls with the least effect upon direct services to students or instructional services for pupils, and upon the safety and well-being of pupils, and, as applicable,
with the particular costs or functions to which the Board of Education is higher than the statewide average.

For purposes of assuring that the cost control priorities of this subsection (D) are met, the State Superintendent of Education shall, with the assistance of the Board of Education, review the cost allocation practices of the Board of Education, and the State Superintendent of Education shall thereafter recommend to the School Finance Authority rules and regulations which define administrative areas which most impact upon the direct and instructional needs of students and upon the safety and well-being of the pupils of the district. No position closed shall be reopened using State or federal categorical funds.

(E) Report of Audited Information. The For the 1988-89 school year and for all subsequent school years, the Board of Education shall file with the State Board of Education the Annual Financial Report and its audit, as required by the rules of the State Board of Education. Such reports shall be filed no later than February 15 following the end of the school year of the Board of Education, beginning with the report to be filed no later than February 15, 1990 for the 1988-89 school year.

As part of the required Annual Financial Report, the Board of Education shall provide a detailed accounting of the central level, district, bureau and department costs and personnel included within expenditure functions included in
paragraph (B)(1). The nature and detail of the reporting required for these functions shall be prescribed by the State Board of Education in rules and regulations. A copy of this detailed accounting shall also be provided annually to the School Finance Authority and the public. This report shall contain a reconciliation to the board of education's adopted budget for that fiscal year, specifically delineating administrative functions.

If the information required under this Section is not provided by the Board of Education in a timely manner, or is initially or subsequently determined by the State Superintendent of Education to be incomplete or inaccurate, the State Superintendent shall, in writing, notify the Board of Education of reporting deficiencies. The Board of Education shall, within 60 days of such notice, address the reporting deficiencies identified. If the State Superintendent of Education does not receive satisfactory response to these reporting deficiencies within 60 days, the next payment of general State aid or evidence-based funding due the Board of Education under Section 18-8 or Section 18-8.15, as applicable, and all subsequent payments, shall be withheld by the State Superintendent of Education until the enumerated deficiencies have been addressed.

Utilizing the Annual Financial Report, the State Superintendent of Education shall certify annually on or before May 1 to the School Finance Authority the Board of
Education's ratio of administrative expenditures to total expenditures for the 1988-89 school year and for each succeeding school year. Such certification shall indicate the extent to which the administrative expenditure ratio of the Board of Education conformed to the limitations required in subsection (C) of this Section, taking into account any adjustments of the limitations which may have been recommended by the State Superintendent of Education to the Board of Education School Finance Authority. In deriving the administrative expenditure ratio of the Chicago Board of Education, the State Superintendent of Education shall utilize the definition of this ratio prescribed in subsection (C) of this Section, except that the actual expenditures of the Board of Education shall be substituted for budgeted expenditure items.

(F) Approval and adjustments to administrative expenditure limitations. The School Finance Authority organized under Article 34A shall monitor the Board of Education's adherence to the requirements of this Section. As part of its responsibility the School Finance Authority shall determine whether the Board of Education's budget for the next school year, and the expenditures for a prior school year, comply with the limitation of administrative expenditures required by this Section. The Board of Education and the State Board of Education shall provide such information as is required by the School Finance Authority in order for the Authority to
determine compliance with the provisions of this Section. If the Authority determines that the budget proposed by the Board of Education does not meet the cost control requirements of this Section, the Board of Education shall undertake budgetary reductions, consistent with the requirements of this Section, to bring the proposed budget into compliance with such cost control limitations.

If, in formulating cost control and cost reduction alternatives, the Board of Education believes that meeting the cost control requirements of this Section related to the budget for the ensuing year would impair the education, safety, or well-being of the pupils of the school district, the Board of Education may request that the School Finance Authority make adjustments to the limitations required by this Section. The Board of Education shall specify the amount, nature, and reasons for the relief required and shall also identify cost reductions which can be made in expenditure functions not enumerated in paragraph (B)(1), which would serve the purposes of this Section.

The School Finance Authority shall consult with the State Superintendent of Education concerning the reasonableness from an educational administration perspective of the adjustments sought by the Board of Education. The School Finance Authority shall provide an opportunity for the public to comment upon the reasonableness of the Board's request. If, after such consultation, the School Finance Authority determines that all
or a portion of the adjustments sought by the Board of Education are reasonably appropriate or necessary, the Authority may grant such relief from the provisions of this Section which the Authority deems appropriate. Adjustments so granted apply only to the specific school year for which the request was made.

In the event that the School Finance Authority determines that the Board of Education has failed to achieve the required administrative expenditure limitations for a prior school year, or if the Authority determines that the Board of Education has not met the requirements of subsection (F), the Authority shall make recommendations to the Board of Education concerning appropriate corrective actions. If the Board of Education fails to provide adequate assurance to the Authority that appropriate corrective actions have been or will be taken, the Authority may, within 60 days thereafter, require the board to adjust its current budget to correct for the prior year’s shortage or may recommend to the members of the General Assembly and the Governor such sanctions or remedial actions as will serve to deter any further such failures on the part of the Board of Education.

To assist the Authority in its monitoring responsibilities, the Board of Education shall provide such reports and information as are from time to time required by the Authority.

(G) Independent reviews of administrative expenditures.
The School Finance Authority may direct independent reviews of the administrative and administrative support expenditures and services and other non-instructional expenditure functions of the Board of Education. The Board of Education shall afford full cooperation to the School Finance Authority in such review activity. The purpose of such reviews shall be to verify specific targets for improved operating efficiencies of the Board of Education, to identify other areas of potential efficiencies, and to assure full and proper compliance by the Board of Education with all requirements of this Section.

In the conduct of reviews under this subsection, the Authority may request the assistance and consultation of the State Superintendent of Education with regard to questions of efficiency and effectiveness in educational administration.

(H) Reports to Governor and General Assembly. On or before May 1, 1991 and no less frequently than yearly thereafter, the School Finance Authority shall provide to the Governor, the State Board of Education, and the members of the General Assembly an annual report, as outlined in Section 34A-606, which includes the following information: (1) documenting the compliance or non-compliance of the Board of Education with the requirements of this Section; (2) summarizing the costs, findings, and recommendations of any reviews directed by the School Finance Authority, and the response to such recommendations made by the Board of Education; and (3) recommending sanctions or legislation necessary to fulfill the

(105 ILCS 128/5)
Sec. 5. Definitions. In this Act:
"First responder" means and includes all fire departments and districts, law enforcement agencies and officials, emergency medical responders, and emergency management officials involved in the execution and documentation of the
drills administered under this Act.

"School" means a public or private facility that offers elementary or secondary education to students under the age of 21, a charter school authorized by the State Board of Education, or a special education cooperative. As used in this definition, "public facility" means a facility operated by the State or by a unit of local government.
