

AN ACT concerning education programs.

**Be it enacted by the People of the State of Illinois,
represented in the General Assembly:**

Section 5. The Illinois Municipal Code is amended by changing Sections 1-2-1 and 1-2-1.1 as follows:

(65 ILCS 5/1-2-1) (from Ch. 24, par. 1-2-1)

Sec. 1-2-1. The corporate authorities of each municipality may pass all ordinances and make all rules and regulations proper or necessary, to carry into effect the powers granted to municipalities, with such fines or penalties as may be deemed proper. No fine or penalty, however, except civil penalties provided for failure to make returns or to pay any taxes levied by the municipality shall exceed \$750 and no imprisonment authorized in Section 1-2-9 for failure to pay any fine, penalty or cost shall exceed 6 months for one offense.

A penalty imposed for violation of an ordinance may include, or consist of, a requirement that the defendant do one or both of the following:

(1) Complete an education program, except that a holder of a valid commercial driver's license who commits a vehicle weight or size restriction violation shall not be required to complete an education program under this Section.

(2) Perform ~~perform~~ some reasonable public service work such as but not limited to the picking up of litter in public parks or along public highways or the maintenance of public facilities.

A default in the payment of a fine or penalty or any installment of a fine or penalty may be collected by any means authorized for the collection of monetary judgments. The municipal attorney of the municipality in which the fine or penalty was imposed may retain attorneys and private collection agents for the purpose of collecting any default in payment of any fine or penalty or installment of that fine or penalty. Any fees or costs incurred by the municipality with respect to attorneys or private collection agents retained by the municipal attorney under this Section shall be charged to the offender.

A low-income individual required to complete an education program under this Section who provides proof of eligibility for the federal earned income tax credit under Section 32 of the Internal Revenue Code or the Illinois earned income tax credit under Section 212 of the Illinois Income Tax Act shall not be required to pay any fee for participating in a required education program.

(Source: P.A. 95-389, eff. 1-1-08.)

(65 ILCS 5/1-2-1.1) (from Ch. 24, par. 1-2-1.1)

Sec. 1-2-1.1. The corporate authorities of each

municipality may pass ordinances, not inconsistent with the criminal laws of this State, to regulate any matter expressly within the authorized powers of the municipality, or incidental thereto, making violation thereof a misdemeanor punishable by incarceration in a penal institution other than the penitentiary not to exceed 6 months. The municipality is authorized to prosecute violations of penal ordinances enacted under this Section as criminal offenses by its corporate attorney in the circuit court by an information, or complaint sworn to, charging such offense. The prosecution shall be under and conform to the rules of criminal procedure. Conviction shall require the municipality to establish the guilt of the defendant beyond reasonable doubt.

A penalty imposed for violation of an ordinance may include, or consist of, a requirement that the defendant do one or both of the following:

(1) Complete an education program, except that a holder of a valid commercial driver's license who commits a vehicle weight or size restriction violation shall not be required to complete an education program under this Section.

(2) Perform ~~perform~~ some reasonable public service work such as but not limited to the picking up of litter in public parks or along public highways or the maintenance of public facilities.

A low-income individual required to complete an education

program under this Section who provides proof of eligibility for the federal earned income tax credit under Section 32 of the Internal Revenue Code or the Illinois earned income tax credit under Section 212 of the Illinois Income Tax Act shall not be required to pay any fee for participating in a required education program.

This Section shall not apply to or affect ordinances now or hereafter enacted pursuant to Sections 11-5-1, 11-5-2, 11-5-3, 11-5-4, 11-5-5, 11-5-6, 11-40-1, 11-40-2, 11-40-2a, 11-40-3, 11-80-9 and 11-80-16 of the Illinois Municipal Code, as now or hereafter amended, nor to Sections enacted after this 1969 amendment which replace or add to the Sections herein enumerated, nor to ordinances now in force or hereafter enacted pursuant to authority granted to local authorities by Section 11-208 of "The Illinois Vehicle Code", approved September 29, 1969, as now or hereafter amended.

(Source: P.A. 86-299.)

Section 10. The Illinois Vehicle Code is amended by changing Sections 11-208.3 and 11-208.6 as follows:

(625 ILCS 5/11-208.3) (from Ch. 95 1/2, par. 11-208.3)

Sec. 11-208.3. Administrative adjudication of violations of traffic regulations concerning the standing, parking, or condition of vehicles and automated traffic law violations.

(a) Any municipality may provide by ordinance for a system

of administrative adjudication of vehicular standing and parking violations and vehicle compliance violations as defined in this subsection and automated traffic law violations as defined in Section 11-208.6. The administrative system shall have as its purpose the fair and efficient enforcement of municipal regulations through the administrative adjudication of automated traffic law violations and violations of municipal ordinances regulating the standing and parking of vehicles, the condition and use of vehicle equipment, and the display of municipal wheel tax licenses within the municipality's borders. The administrative system shall only have authority to adjudicate civil offenses carrying fines not in excess of \$250 or requiring the completion of a traffic education program, or both, that occur after the effective date of the ordinance adopting such a system under this Section. For purposes of this Section, "compliance violation" means a violation of a municipal regulation governing the condition or use of equipment on a vehicle or governing the display of a municipal wheel tax license.

(b) Any ordinance establishing a system of administrative adjudication under this Section shall provide for:

(1) A traffic compliance administrator authorized to adopt, distribute and process parking, compliance, and automated traffic law violation notices and other notices required by this Section, collect money paid as fines and penalties for violation of parking and compliance

ordinances and automated traffic law violations, and operate an administrative adjudication system. The traffic compliance administrator also may make a certified report to the Secretary of State under Section 6-306.5.

(2) A parking, standing, compliance, or automated traffic law violation notice that shall specify the date, time, and place of violation of a parking, standing, compliance, or automated traffic law regulation; the particular regulation violated; any requirement to complete a traffic education program; the fine and any penalty that may be assessed for late payment or failure to complete a required traffic education program, or both, when so provided by ordinance; the vehicle make and state registration number; and the identification number of the person issuing the notice. With regard to automated traffic law violations, vehicle make shall be specified on the automated traffic law violation notice if the make is available and readily discernible. With regard to municipalities with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the state registration number or vehicle make specified is incorrect. The violation notice shall state that the completion of any required traffic education program, the payment of ~~any~~ the indicated fine, and the payment of any applicable penalty for late payment or failure to complete a required traffic education program, or both, shall

operate as a final disposition of the violation. The notice also shall contain information as to the availability of a hearing in which the violation may be contested on its merits. The violation notice shall specify the time and manner in which a hearing may be had.

(3) Service of the parking, standing, or compliance violation notice by affixing the original or a facsimile of the notice to an unlawfully parked vehicle or by handing the notice to the operator of a vehicle if he or she is present and service of an automated traffic law violation notice by mail to the address of the registered owner of the cited vehicle as recorded with the Secretary of State within 30 days after the Secretary of State notifies the municipality or county of the identity of the owner of the vehicle, but in no event later than 90 days after the violation. A person authorized by ordinance to issue and serve parking, standing, and compliance violation notices shall certify as to the correctness of the facts entered on the violation notice by signing his or her name to the notice at the time of service or in the case of a notice produced by a computerized device, by signing a single certificate to be kept by the traffic compliance administrator attesting to the correctness of all notices produced by the device while it was under his or her control. In the case of an automated traffic law violation, the ordinance shall require a determination by a technician

employed or contracted by the municipality or county that, based on inspection of recorded images, the motor vehicle was being operated in violation of Section 11-208.6 or a local ordinance. If the technician determines that the vehicle entered the intersection as part of a funeral procession or in order to yield the right-of-way to an emergency vehicle, a citation shall not be issued. The original or a facsimile of the violation notice or, in the case of a notice produced by a computerized device, a printed record generated by the device showing the facts entered on the notice, shall be retained by the traffic compliance administrator, and shall be a record kept in the ordinary course of business. A parking, standing, compliance, or automated traffic law violation notice issued, signed and served in accordance with this Section, a copy of the notice, or the computer generated record shall be prima facie correct and shall be prima facie evidence of the correctness of the facts shown on the notice. The notice, copy, or computer generated record shall be admissible in any subsequent administrative or legal proceedings.

(4) An opportunity for a hearing for the registered owner of the vehicle cited in the parking, standing, compliance, or automated traffic law violation notice in which the owner may contest the merits of the alleged violation, and during which formal or technical rules of

evidence shall not apply; provided, however, that under Section 11-1306 of this Code the lessee of a vehicle cited in the violation notice likewise shall be provided an opportunity for a hearing of the same kind afforded the registered owner. The hearings shall be recorded, and the person conducting the hearing on behalf of the traffic compliance administrator shall be empowered to administer oaths and to secure by subpoena both the attendance and testimony of witnesses and the production of relevant books and papers. Persons appearing at a hearing under this Section may be represented by counsel at their expense. The ordinance may also provide for internal administrative review following the decision of the hearing officer.

(5) Service of additional notices, sent by first class United States mail, postage prepaid, to the address of the registered owner of the cited vehicle as recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database, or, under Section 11-1306 of this Code, to the lessee of the cited vehicle at the last address known to the lessor of the cited vehicle at the time of lease or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database. The service shall be deemed complete as of the date of deposit in the United States mail. The

notices shall be in the following sequence and shall include but not be limited to the information specified herein:

(i) A second notice of parking, standing, or compliance violation. This notice shall specify the date and location of the violation cited in the parking, standing, or compliance violation notice, the particular regulation violated, the vehicle make and state registration number, any requirement to complete a traffic education program, the fine and any penalty that may be assessed for late payment or failure to complete a traffic education program, or both, when so provided by ordinance, the availability of a hearing in which the violation may be contested on its merits, and the time and manner in which the hearing may be had. The notice of violation shall also state that failure to complete a required traffic education program, ~~either~~ to pay the indicated fine and any applicable penalty, or to appear at a hearing on the merits in the time and manner specified, will result in a final determination of violation liability for the cited violation in the amount of the fine or penalty indicated, and that, upon the occurrence of a final determination of violation liability for the failure, and the exhaustion of, or failure to exhaust, available administrative or judicial procedures for review, any

incomplete traffic education program or any unpaid fine or penalty, or both, will constitute a debt due and owing the municipality.

(ii) A notice of final determination of parking, standing, compliance, or automated traffic law violation liability. This notice shall be sent following a final determination of parking, standing, compliance, or automated traffic law violation liability and the conclusion of judicial review procedures taken under this Section. The notice shall state that the incomplete traffic education program or the unpaid fine or penalty, or both, is a debt due and owing the municipality. The notice shall contain warnings that failure to complete any required traffic education program or to pay any fine or penalty due and owing the municipality, or both, within the time specified may result in the municipality's filing of a petition in the Circuit Court to have the incomplete traffic education program or unpaid fine or penalty, or both, rendered a judgment as provided by this Section, or may result in suspension of the person's drivers license for failure to complete a traffic education program or to pay fines or penalties, or both, for 10 or more parking violations under Section 6-306.5 or 5 or more automated traffic law violations under Section 11-208.6.

(6) A notice ~~Notice~~ of impending drivers license suspension. This notice shall be sent to the person liable for failure to complete a required traffic education program or to pay any fine or penalty that remains due and owing, or both, on 10 or more parking violations or 5 or more unpaid automated traffic law violations. The notice shall state that failure to complete a required traffic education program or to pay the fine or penalty owing, or both, within 45 days of the notice's date will result in the municipality notifying the Secretary of State that the person is eligible for initiation of suspension proceedings under Section 6-306.5 of this Code. The notice shall also state that the person may obtain a photostatic copy of an original ticket imposing a fine or penalty by sending a self addressed, stamped envelope to the municipality along with a request for the photostatic copy. The notice of impending drivers license suspension shall be sent by first class United States mail, postage prepaid, to the address recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database.

(7) Final determinations of violation liability. A final determination of violation liability shall occur following failure to complete the required traffic education program or to pay the fine or penalty, or both,

after a hearing officer's determination of violation liability and the exhaustion of or failure to exhaust any administrative review procedures provided by ordinance. Where a person fails to appear at a hearing to contest the alleged violation in the time and manner specified in a prior mailed notice, the hearing officer's determination of violation liability shall become final: (A) upon denial of a timely petition to set aside that determination, or (B) upon expiration of the period for filing the petition without a filing having been made.

(8) A petition to set aside a determination of parking, standing, compliance, or automated traffic law violation liability that may be filed by a person owing an unpaid fine or penalty. A petition to set aside a determination of liability may also be filed by a person required to complete a traffic education program. The petition shall be filed with and ruled upon by the traffic compliance administrator in the manner and within the time specified by ordinance. The grounds for the petition may be limited to: (A) the person not having been the owner or lessee of the cited vehicle on the date the violation notice was issued, (B) the person having already completed the required traffic education program or paid the fine or penalty, or both, for the violation in question, and (C) excusable failure to appear at or request a new date for a hearing. With regard to municipalities with a population of

1 million or more, it shall be grounds for dismissal of a parking violation if the state registration number, or vehicle make if specified, is incorrect. After the determination of parking, standing, compliance, or automated traffic law violation liability has been set aside upon a showing of just cause, the registered owner shall be provided with a hearing on the merits for that violation.

(9) Procedures for non-residents. Procedures by which persons who are not residents of the municipality may contest the merits of the alleged violation without attending a hearing.

(10) A schedule of civil fines for violations of vehicular standing, parking, compliance, or automated traffic law regulations enacted by ordinance pursuant to this Section, and a schedule of penalties for late payment of the fines or failure to complete required traffic education programs, provided, however, that the total amount of the fine and penalty for any one violation shall not exceed \$250, except as provided in subsection (c) of Section 11-1301.3 of this Code.

(11) Other provisions as are necessary and proper to carry into effect the powers granted and purposes stated in this Section.

(c) Any municipality establishing vehicular standing, parking, compliance, or automated traffic law regulations

under this Section may also provide by ordinance for a program of vehicle immobilization for the purpose of facilitating enforcement of those regulations. The program of vehicle immobilization shall provide for immobilizing any eligible vehicle upon the public way by presence of a restraint in a manner to prevent operation of the vehicle. Any ordinance establishing a program of vehicle immobilization under this Section shall provide:

(1) Criteria for the designation of vehicles eligible for immobilization. A vehicle shall be eligible for immobilization when the registered owner of the vehicle has accumulated the number of incomplete traffic education programs or unpaid final determinations of parking, standing, compliance, or automated traffic law violation liability, or both, as determined by ordinance.

(2) A notice of impending vehicle immobilization and a right to a hearing to challenge the validity of the notice by disproving liability for the incomplete traffic education programs or unpaid final determinations of parking, standing, compliance, or automated traffic law violation liability, or both, listed on the notice.

(3) The right to a prompt hearing after a vehicle has been immobilized or subsequently towed without the completion of the required traffic education program or payment of the outstanding fines and penalties on parking, standing, compliance, or automated traffic law violations, or both,

or both, for which final determinations have been issued. An order issued after the hearing is a final administrative decision within the meaning of Section 3-101 of the Code of Civil Procedure.

(4) A post immobilization and post-towing notice advising the registered owner of the vehicle of the right to a hearing to challenge the validity of the impoundment.

(d) Judicial review of final determinations of parking, standing, compliance, or automated traffic law violations and final administrative decisions issued after hearings regarding vehicle immobilization and impoundment made under this Section shall be subject to the provisions of the Administrative Review Law.

(e) Any fine, penalty, incomplete traffic education program, or part of any fine or any penalty remaining unpaid after the exhaustion of, or the failure to exhaust, administrative remedies created under this Section and the conclusion of any judicial review procedures shall be a debt due and owing the municipality and, as such, may be collected in accordance with applicable law. Completion of any required traffic education program and payment ~~Payment~~ in full of any fine or penalty resulting from a standing, parking, compliance, or automated traffic law violation shall constitute a final disposition of that violation.

(f) After the expiration of the period within which judicial review may be sought for a final determination of

parking, standing, compliance, or automated traffic law violation, the municipality may commence a proceeding in the Circuit Court for purposes of obtaining a judgment on the final determination of violation. Nothing in this Section shall prevent a municipality from consolidating multiple final determinations of parking, standing, compliance, or automated traffic law violations against a person in a proceeding. Upon commencement of the action, the municipality shall file a certified copy or record of the final determination of parking, standing, compliance, or automated traffic law violation, which shall be accompanied by a certification that recites facts sufficient to show that the final determination of violation was issued in accordance with this Section and the applicable municipal ordinance. Service of the summons and a copy of the petition may be by any method provided by Section 2-203 of the Code of Civil Procedure or by certified mail, return receipt requested, provided that the total amount of fines and penalties for final determinations of parking, standing, compliance, or automated traffic law violations does not exceed \$2500. If the court is satisfied that the final determination of parking, standing, compliance, or automated traffic law violation was entered in accordance with the requirements of this Section and the applicable municipal ordinance, and that the registered owner or the lessee, as the case may be, had an opportunity for an administrative hearing and for judicial review as provided in this Section, the court

shall render judgment in favor of the municipality and against the registered owner or the lessee for the amount indicated in the final determination of parking, standing, compliance, or automated traffic law violation, plus costs. The judgment shall have the same effect and may be enforced in the same manner as other judgments for the recovery of money.

(g) The fee for participating in a traffic education program under this Section shall not exceed \$25.

A low-income individual required to complete a traffic education program under this Section who provides proof of eligibility for the federal earned income tax credit under Section 32 of the Internal Revenue Code or the Illinois earned income tax credit under Section 212 of the Illinois Income Tax Act shall not be required to pay any fee for participating in a required traffic education program.

(625 ILCS 5/11-208.6)

Sec. 11-208.6. Automated traffic law enforcement system.

(a) As used in this Section, "automated traffic law enforcement system" means a device with one or more motor vehicle sensors working in conjunction with a red light signal to produce recorded images of motor vehicles entering an intersection against a red signal indication in violation of Section 11-306 of this Code or a similar provision of a local

ordinance.

An automated traffic law enforcement system is a system, in a municipality or county operated by a governmental agency, that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance and is designed to obtain a clear recorded image of the vehicle and the vehicle's license plate. The recorded image must also display the time, date, and location of the violation.

(b) As used in this Section, "recorded images" means images recorded by an automated traffic law enforcement system on:

- (1) 2 or more photographs;
- (2) 2 or more microphotographs;
- (3) 2 or more electronic images; or

(4) a video recording showing the motor vehicle and, on at least one image or portion of the recording, clearly identifying the registration plate number of the motor vehicle.

(c) A county or municipality, including a home rule county or municipality, may not use an automated traffic law enforcement system to provide recorded images of a motor vehicle for the purpose of recording its speed. The regulation of the use of automated traffic law enforcement systems to record vehicle speeds is an exclusive power and function of the State. This subsection (c) is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

(d) For each violation of a provision of this Code or a local ordinance recorded by an automatic traffic law enforcement system, the county or municipality having jurisdiction shall issue a written notice of the violation to the registered owner of the vehicle as the alleged violator. The notice shall be delivered to the registered owner of the vehicle, by mail, within 30 days after the Secretary of State notifies the municipality or county of the identity of the owner of the vehicle, but in no event later than 90 days after the violation.

The notice shall include:

(1) the name and address of the registered owner of the vehicle;

(2) the registration number of the motor vehicle involved in the violation;

(3) the violation charged;

(4) the location where the violation occurred;

(5) the date and time of the violation;

(6) a copy of the recorded images;

(7) the amount of the civil penalty imposed and the requirements of any traffic education program imposed and the date by which the civil penalty should be paid and the traffic education program should be completed;

(8) a statement that recorded images are evidence of a violation of a red light signal;

(9) a warning that failure to pay the civil penalty, to

complete a required traffic education program, or to contest liability in a timely manner is an admission of liability and may result in a suspension of the driving privileges of the registered owner of the vehicle; and

(10) a statement that the person may elect to proceed by:

(A) paying the fine, completing a required traffic education program, or both; or

(B) challenging the charge in court, by mail, or by administrative hearing.

(e) If a person charged with a traffic violation, as a result of an automated traffic law enforcement system, does not pay the fine or complete a required traffic education program, or both, or successfully contest the civil penalty resulting from that violation, the Secretary of State shall suspend the driving privileges of the registered owner of the vehicle under Section 6-306.5 of this Code for failing to complete a required traffic education program or to pay any fine or penalty due and owing, or both, as a result of 5 violations of the automated traffic law enforcement system.

(f) Based on inspection of recorded images produced by an automated traffic law enforcement system, a notice alleging that the violation occurred shall be evidence of the facts contained in the notice and admissible in any proceeding alleging a violation under this Section.

(g) Recorded images made by an automatic traffic law

enforcement system are confidential and shall be made available only to the alleged violator and governmental and law enforcement agencies for purposes of adjudicating a violation of this Section, for statistical purposes, or for other governmental purposes. Any recorded image evidencing a violation of this Section, however, may be admissible in any proceeding resulting from the issuance of the citation.

(h) The court or hearing officer may consider in defense of a violation:

(1) that the motor vehicle or registration plates of the motor vehicle were stolen before the violation occurred and not under the control of or in the possession of the owner at the time of the violation;

(2) that the driver of the vehicle passed through the intersection when the light was red either (i) in order to yield the right-of-way to an emergency vehicle or (ii) as part of a funeral procession; and

(3) any other evidence or issues provided by municipal or county ordinance.

(i) To demonstrate that the motor vehicle or the registration plates were stolen before the violation occurred and were not under the control or possession of the owner at the time of the violation, the owner must submit proof that a report concerning the stolen motor vehicle or registration plates was filed with a law enforcement agency in a timely manner.

(j) Unless the driver of the motor vehicle received a Uniform Traffic Citation from a police officer at the time of the violation, the motor vehicle owner is subject to a civil penalty not exceeding \$100 or the completion of a traffic education program, or both, plus an additional penalty of not more than \$100 for failure to pay the original penalty or to complete a required traffic education program, or both, in a timely manner, if the motor vehicle is recorded by an automated traffic law enforcement system. A violation for which a civil penalty is imposed under this Section is not a violation of a traffic regulation governing the movement of vehicles and may not be recorded on the driving record of the owner of the vehicle.

(j-3) A registered owner who is a holder of a valid commercial driver's license is not required to complete a traffic education program.

(j-5) For purposes of the required traffic education program only, a registered owner may submit an affidavit to the court or hearing officer swearing that at the time of the alleged violation, the vehicle was in the custody and control of another person. The affidavit must identify the person in custody and control of the vehicle, including the person's name and current address. The person in custody and control of the vehicle at the time of the violation is required to complete the required traffic education program. If the person in custody and control of the vehicle at the time of the violation

completes the required traffic education program, the registered owner of the vehicle is not required to complete a traffic education program.

(k) An intersection equipped with an automated traffic law enforcement system must be posted with a sign visible to approaching traffic indicating that the intersection is being monitored by an automated traffic law enforcement system.

(l) The compensation paid for an automated traffic law enforcement system must be based on the value of the equipment or the services provided and may not be based on the number of traffic citations issued or the revenue generated by the system.

(m) This Section applies only to the counties of Cook, DuPage, Kane, Lake, Madison, McHenry, St. Clair, and Will and to municipalities located within those counties.

(n) The fee for participating in a traffic education program under this Section shall not exceed \$25.

A low-income individual required to complete a traffic education program under this Section who provides proof of eligibility for the federal earned income tax credit under Section 32 of the Internal Revenue Code or the Illinois earned income tax credit under Section 212 of the Illinois Income Tax Act shall not be required to pay any fee for participating in a required traffic education program.
