Except for the grounds numbered (8), (9), (26), and (29), no action shall be commenced more than 10 years after the date of the incident or act alleged to have violated this Section. For actions involving the ground numbered (26), a pattern of practice or other behavior includes all incidents alleged to be part of the pattern of practice or other behavior that occurred, or a report pursuant to Section 23 of this Act received, within the 10-year period preceding the filing of the complaint. In the event of the settlement of any claim or cause of action in favor of the claimant or the reduction to final judgment of any civil action in favor of the plaintiff, such claim, cause of action or civil action being grounded on the allegation that a person licensed under this Act was negligent in providing care, the Department shall have an additional period of 2 years from the date of notification to the Department under Section 23 of this Act of such settlement or final judgment in which to investigate and commence formal disciplinary proceedings under Section 36 of this Act, except as otherwise provided by law. The time during which the holder of the license was outside the State of Illinois shall not be included within any period of time limiting the commencement of

disciplinary action by the Department.

The entry of an order or judgment by any circuit court establishing that any person holding a license under this Act is a person in need of mental treatment operates as a suspension of that license. That person may resume their practice only upon the entry of a Departmental order based upon a finding by the Disciplinary Board that they have been determined to be recovered from mental illness by the court and upon the Disciplinary Board's recommendation that they be permitted to resume their practice.

The Department may refuse to issue or take disciplinary action concerning the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied as determined by the Illinois Department of Revenue.

The Department, upon the recommendation of the Disciplinary Board, shall adopt rules which set forth standards to be used in determining:

(a) when a person will be deemed sufficiently rehabilitated to warrant the public trust;

(b) what constitutes dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud, or harm the public;

(c) what constitutes immoral conduct in the commission of any act, including, but not limited to, commission of an act of sexual misconduct related to the licensee's practice; and

(d) what constitutes gross negligence in the practice of medicine.

However, no such rule shall be admissible into evidence in any civil action except for review of a licensing or other disciplinary action under this Act.

In enforcing this Section, the Disciplinary Board or the Licensing Board, upon a showing of a possible violation, may compel, in the case of the Disciplinary Board, any individual who is licensed to practice under this Act or holds a permit to practice under this Act, or, in the case of the Licensing Board, any individual who has applied for licensure or a permit pursuant to this Act, to submit to a mental or physical examination and evaluation, or both, which may include a substance abuse or sexual offender evaluation, as required by the Licensing Board or Disciplinary Board and at the expense of the Department. The Disciplinary Board or Licensing Board shall specifically designate the examining physician licensed to practice medicine in all of its branches or, if applicable, the multidisciplinary team involved in providing the mental or physical examination and evaluation, or both. The multidisciplinary team shall be led by a physician licensed to practice medicine in all of its branches and may consist of one

or more or a combination of physicians licensed to practice medicine in all of its branches, licensed chiropractic physicians, licensed clinical psychologists, licensed clinical social workers, licensed clinical professional counselors, and other professional and administrative staff. Any examining physician or member of the multidisciplinary team may require any person ordered to submit to an examination and evaluation pursuant to this Section to submit to any additional supplemental testing deemed necessary to complete any examination or evaluation process, including, but not limited to, blood testing, urinalysis, psychological testing, or neuropsychological testing. The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to provide to the Department, the Disciplinary Board, or the Licensing Board any and all records, including business records, that relate to the examination and evaluation, including any supplemental testing performed. The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to present testimony concerning this examination and evaluation of the licensee, permit holder, or applicant, including testimony concerning any supplemental testing or documents relating to the examination and evaluation. No information, report, record, or other documents in any way related to the examination and evaluation shall be excluded by

reason of any common law or statutory privilege relating to communication between the licensee or applicant and the examining physician or any member of the multidisciplinary team. No authorization is necessary from the licensee, permit holder, or applicant ordered to undergo an evaluation and examination for the examining physician or any member of the multidisciplinary team to provide information, reports, records, or other documents or to provide any testimony regarding the examination and evaluation. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to mental or physical examination and evaluation, or both, when directed, shall result in an automatic suspension, without hearing, until such time as the individual submits to the examination. If the Disciplinary Board finds a physician unable to practice because of the reasons set forth in this Section, the Disciplinary Board shall require such physician to submit to care, counseling, or treatment by physicians approved or designated by the Disciplinary Board, as a condition for continued, reinstated, or renewed licensure to practice. Any physician, whose license was granted pursuant to Sections 9, 17, or 19 of this Act, or, continued, reinstated, renewed, disciplined or supervised, subject to such terms, conditions or restrictions who shall fail to comply with such terms, conditions or restrictions, or to complete a required program of care,

counseling, or treatment, as determined by the Chief Medical Coordinator or Deputy Medical Coordinators, shall be referred to the Secretary for a determination as to whether the licensee shall have their license suspended immediately, pending a hearing by the Disciplinary Board. In instances in which the Secretary immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Disciplinary Board within 15 days after such suspension and completed without appreciable delay. The Disciplinary Board shall have the authority to review the subject physician's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act, affected under this Section, shall be afforded an opportunity to demonstrate to the Disciplinary Board that they can resume practice in compliance with acceptable and prevailing standards under the provisions of their license.

The Department may promulgate rules for the imposition of fines in disciplinary cases, not to exceed \$10,000 for each violation of this Act. Fines may be imposed in conjunction with other forms of disciplinary action, but shall not be the exclusive disposition of any disciplinary action arising out of conduct resulting in death or injury to a patient. Any funds collected from such fines shall be deposited in the Medical

Disciplinary Fund.

All fines imposed under this Section shall be paid within 60 days after the effective date of the order imposing the fine or in accordance with the terms set forth in the order imposing the fine.

(B) The Department shall revoke the license or permit issued under this Act to practice medicine or a chiropractic physician who has been convicted a second time of committing any felony under the Illinois Controlled Substances Act or the Methamphetamine Control and Community Protection Act, or who has been convicted a second time of committing a Class 1 felony under Sections 8A-3 and 8A-6 of the Illinois Public Aid Code. A person whose license or permit is revoked under this subsection B shall be prohibited from practicing medicine or treating human ailments without the use of drugs and without operative surgery.

(C) The Disciplinary Board shall recommend to the Department civil penalties and any other appropriate discipline in disciplinary cases when the Board finds that a physician willfully performed an abortion with actual knowledge that the person upon whom the abortion has been performed is a minor or an incompetent person without notice as required under the Parental Notice of Abortion Act of 1995. Upon the Board's recommendation, the Department shall impose, for the first violation, a civil penalty of \$1,000 and for a second or subsequent violation, a civil penalty of \$5,000.

(Section scheduled to be repealed on December 31, 2013)

Sec. 23. Reports relating to professional conduct and capacity.

(A) Entities required to report.

(1) Health care institutions. The chief administrator or executive officer of any health care institution licensed by the Illinois Department of Public Health shall report to the Disciplinary Board when any person's clinical privileges are terminated or are restricted based on a final determination made in accordance with that institution's by-laws or rules and regulations that a person has either committed an act or acts which may directly threaten patient care or that a person may be mentally or physically disabled in such a manner as to endanger patients under that person's care. Such officer also shall report if a person accepts voluntary termination or restriction of clinical privileges in lieu of formal action based upon conduct related directly to patient care or in lieu of formal action seeking to determine whether a person may be mentally or physically disabled in such a manner as to endanger patients under that person's care. The Disciplinary Board shall, by rule, provide for the

reporting to it by health care institutions of all instances in which a person, licensed under this Act, who is impaired by reason of age, drug or alcohol abuse or physical or mental impairment, is under supervision and, where appropriate, is in a program of rehabilitation. Such reports shall be strictly confidential and may be reviewed and considered only by the members of the Disciplinary Board, or by authorized staff as provided by rules of the Disciplinary Board. Provisions shall be made for the periodic report of the status of any such person not less than twice annually in order that the Disciplinary Board shall have current information upon which to determine the status of any such person. Such initial and periodic reports of impaired physicians shall not be considered records within the meaning of The State Records Act and shall be disposed of, following a determination by the Disciplinary Board that such reports are no longer required, in a manner and at such time as the Disciplinary Board shall determine by rule. The filing of such reports shall be construed as the filing of a report for purposes of subsection (C) of this Section.

(1.5) Clinical training programs. The program director of any post-graduate clinical training program shall report to the Disciplinary Board if a person engaged in a post-graduate clinical training program at the institution, including, but not limited to, a residency or

fellowship, separates from the program for any reason prior to its conclusion. The program director shall provide all documentation relating to the separation if, after review of the report, the Disciplinary Board determines that a review of those documents is necessary to determine whether a violation of this Act occurred.

(2) Professional associations. The President or chief executive officer of any association or society, of persons licensed under this Act, operating within this State shall report to the Disciplinary Board when the association or society renders a final determination that a person has committed unprofessional conduct related directly to patient care or that a person may be mentally or physically disabled in such a manner as to endanger patients under that person's care.

(3) Professional liability insurers. Every insurance company which offers policies of professional liability insurance to persons licensed under this Act, or any other entity which seeks to indemnify the professional liability of a person licensed under this Act, shall report to the Disciplinary Board the settlement of any claim or cause of action, or final judgment rendered in any cause of action, which alleged negligence in the furnishing of medical care by such licensed person when such settlement or final judgment is in favor of the plaintiff.

(4) State's Attorneys. The State's Attorney of each

county shall report to the Disciplinary Board, within 5 days, any instances in which a person licensed under this Act is convicted of any felony or Class A misdemeanor. The State's Attorney of each county may report to the Disciplinary Board through a verified complaint any instance in which the State's Attorney believes that a physician has willfully violated the notice requirements of the Parental Notice of Abortion Act of 1995.

(5) State agencies. All agencies, boards, commissions, departments, or other instrumentalities of the government of the State of Illinois shall report to the Disciplinary Board any instance arising in connection with the operations of such agency, including the administration of any law by such agency, in which a person licensed under this Act has either committed an act or acts which may be a violation of this Act or which may constitute unprofessional conduct related directly to patient care or which indicates that a person licensed under this Act may be mentally or physically disabled in such a manner as to endanger patients under that person's care.

(B) Mandatory reporting. All reports required by items (34), (35), and (36) of subsection (A) of Section 22 and by Section 23 shall be submitted to the Disciplinary Board in a timely fashion. Unless otherwise provided in this Section, the reports shall be filed in writing within 60 days after a determination that a report is required under this Act. All

reports shall contain the following information:

(1) The name, address and telephone number of the person making the report.

(2) The name, address and telephone number of the person who is the subject of the report.

(3) The name and date of birth of any patient or patients whose treatment is a subject of the report, if available, or other means of identification if such information is not available, identification of the hospital or other healthcare facility where the care at issue in the report was rendered, provided, however, no medical records may be revealed.

(4) A brief description of the facts which gave rise to the issuance of the report, including the dates of any occurrences deemed to necessitate the filing of the report.

(5) If court action is involved, the identity of the court in which the action is filed, along with the docket number and date of filing of the action.

(6) Any further pertinent information which the reporting party deems to be an aid in the evaluation of the report.

The Disciplinary Board or Department may also exercise the power under Section 38 of this Act to subpoena copies of hospital or medical records in mandatory report cases alleging death or permanent bodily injury. Appropriate rules shall be adopted by the Department with the approval of the Disciplinary

Board.

When the Department has received written reports concerning incidents required to be reported in items (34), (35), and (36) of subsection (A) of Section 22, the licensee's failure to report the incident to the Department under those items shall not be the sole grounds for disciplinary action.

Nothing contained in this Section shall act to in any way, waive or modify the confidentiality of medical reports and committee reports to the extent provided by law. Any information reported or disclosed shall be kept for the confidential use of the Disciplinary Board, the Medical Coordinators, the Disciplinary Board's attorneys, the medical investigative staff, and authorized clerical staff, as provided in this Act, and shall be afforded the same status as is provided information concerning medical studies in Part 21 of Article VIII of the Code of Civil Procedure, except that the Department may disclose information and documents to a federal, State, or local law enforcement agency pursuant to a subpoena in an ongoing criminal investigation or to a health care licensing body or medical licensing authority of this State or another state or jurisdiction pursuant to an official request made by that licensing body or medical licensing authority. Furthermore, information and documents disclosed to a federal, State, or local law enforcement agency may be used by that agency only for the investigation and prosecution of a criminal offense, or, in the case of disclosure to a health care

licensing body or medical licensing authority, only for investigations and disciplinary action proceedings with regard to a license. Information and documents disclosed to the Department of Public Health may be used by that Department only for investigation and disciplinary action regarding the license of a health care institution licensed by the Department of Public Health.

(C) Immunity from prosecution. Any individual or organization acting in good faith, and not in a wilful and wanton manner, in complying with this Act by providing any report or other information to the Disciplinary Board or a peer review committee, or assisting in the investigation or preparation of such information, or by voluntarily reporting to the Disciplinary Board or a peer review committee information regarding alleged errors or negligence by a person licensed under this Act, or by participating in proceedings of the Disciplinary Board or a peer review committee, or by serving as a member of the Disciplinary Board or a peer review committee, shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

(D) Indemnification. Members of the Disciplinary Board, the Licensing Board, the Medical Coordinators, the Disciplinary Board's attorneys, the medical investigative staff, physicians retained under contract to assist and advise the medical coordinators in the investigation, and authorized clerical staff shall be indemnified by the State for any

actions occurring within the scope of services on the Disciplinary Board or Licensing Board, done in good faith and not wilful and wanton in nature. The Attorney General shall defend all such actions unless he or she determines either that there would be a conflict of interest in such representation or that the actions complained of were not in good faith or were wilful and wanton.

Should the Attorney General decline representation, the member shall have the right to employ counsel of his or her choice, whose fees shall be provided by the State, after approval by the Attorney General, unless there is a determination by a court that the member's actions were not in good faith or were wilful and wanton.

The member must notify the Attorney General within 7 days of receipt of notice of the initiation of any action involving services of the Disciplinary Board. Failure to so notify the Attorney General shall constitute an absolute waiver of the right to a defense and indemnification.

The Attorney General shall determine within 7 days after receiving such notice, whether he or she will undertake to represent the member.

(E) Deliberations of Disciplinary Board. Upon the receipt of any report called for by this Act, other than those reports of impaired persons licensed under this Act required pursuant to the rules of the Disciplinary Board, the Disciplinary Board shall notify in writing, by certified mail, the person who is

the subject of the report. Such notification shall be made within 30 days of receipt by the Disciplinary Board of the report.

The notification shall include a written notice setting forth the person's right to examine the report. Included in such notification shall be the address at which the file is maintained, the name of the custodian of the reports, and the telephone number at which the custodian may be reached. The person who is the subject of the report shall submit a written statement responding, clarifying, adding to, or proposing the amending of the report previously filed. The person who is the subject of the report shall also submit with the written statement any medical records related to the report. The statement and accompanying medical records shall become a permanent part of the file and must be received by the Disciplinary Board no more than 30 days after the date on which the person was notified by the Disciplinary Board of the existence of the original report.

The Disciplinary Board shall review all reports received by it, together with any supporting information and responding statements submitted by persons who are the subject of reports. The review by the Disciplinary Board shall be in a timely manner but in no event, shall the Disciplinary Board's initial review of the material contained in each disciplinary file be less than 61 days nor more than 180 days after the receipt of the initial report by the Disciplinary Board.

When the Disciplinary Board makes its initial review of the materials contained within its disciplinary files, the Disciplinary Board shall, in writing, make a determination as to whether there are sufficient facts to warrant further investigation or action. Failure to make such determination within the time provided shall be deemed to be a determination that there are not sufficient facts to warrant further investigation or action.

Should the Disciplinary Board find that there are not sufficient facts to warrant further investigation, or action, the report shall be accepted for filing and the matter shall be deemed closed and so reported to the Secretary. The Secretary shall then have 30 days to accept the Disciplinary Board's decision or request further investigation. The Secretary shall inform the Board of the decision to request further investigation, including the specific reasons for the decision. The individual or entity filing the original report or complaint and the person who is the subject of the report or complaint shall be notified in writing by the Secretary of any final action on their report or complaint. The Department shall disclose to the individual or entity who filed the original report or complaint, on request, the status of the Disciplinary Board's review of a specific report or complaint. Such request may be made at any time, including prior to the Disciplinary Board's determination as to whether there are sufficient facts to warrant further investigation or action.

(F) Summary reports. The Disciplinary Board shall prepare, on a timely basis, but in no event less than once every other month, a summary report of final disciplinary actions taken upon disciplinary files maintained by the Disciplinary Board. The summary reports shall be made available to the public upon request and payment of the fees set by the Department. This publication may be made available to the public on the Department's website. Information or documentation relating to any disciplinary file that is closed without disciplinary action taken shall not be disclosed and shall be afforded the same status as is provided by Part 21 of Article VIII of the Code of Civil Procedure.

(G) Any violation of this Section shall be a Class A misdemeanor.

(H) If any such person violates the provisions of this Section an action may be brought in the name of the People of the State of Illinois, through the Attorney General of the State of Illinois, for an order enjoining such violation or for an order enforcing compliance with this Section. Upon filing of a verified petition in such court, the court may issue a temporary restraining order without notice or bond and may preliminarily or permanently enjoin such violation, and if it is established that such person has violated or is violating the injunction, the court may punish the offender for contempt of court. Proceedings under this paragraph shall be in addition to, and not in lieu of, all other remedies and penalties
