Amends the Vital Records Act. Removes language requiring that the State Registrar of Vital Records establish a new certificate of birth when he receives a declaration stating that a person has undergone treatment for the purpose of gender transition, or that the individual has an intersex condition, and that the sex designation on such person's birth record should therefore be changed. Provides that the State Registrar of Vital Records must establish a new certificate of birth when he receives a statement signed by the person in which the person attests to making the request for the purpose of affirming the person's gender identity or intersex condition and that the sex designation on the person's certificate of birth should therefore be changed. Provides that the fee for a new certificate of birth shall not be required from persons upon release from the Department of Corrections or the Department of Juvenile Justice, but the person is entitled to only one new certificate of birth fee waiver. Provides that the fee for a new certificate of birth shall be waived for specified persons. Provides that fees for a new certificate of birth and for a search of a birth record or a certified copy of a birth record shall be waived for all requests by a person who resides in a shelter for domestic violence. Requires the State Registrar of Vital Records to establish standards and procedures for the waiver of fees. Provides that a person who resides in a shelter for domestic violence must not be charged for verification. Provides that a person who knowingly or purposefully falsifies verification is subject to a penalty of $100. Provides that a person who resides in a shelter for domestic violence shall be provided no more than 4 birth records annually under the provisions. Effective January 1, 2022.

House Committee Amendment No. 1

Provides that a person's signed statement to receive a new birth certificate must indicate whether the certificate of birth should be changed to a male, female, or X designation (rather than just changed).

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This bill does not create a State Mandate.

Fiscal Note (Dept. of Public Health)

HB9 would not pose any fiscal cost aside from standard staff time with the rulemaking, the cost would be negligible.

Amends the Amusement Ride and Attraction Safety Act. Provides that "amusement ride" includes any trampoline court.

House Floor Amendment No. 1
Provides that "amusement ride" means, among other things, any dry slide, alpine slide, or toboggan slide that a person must pay to gain access to, but not a slide at a private residence, public or nonpublic school, daycare, or public park (rather than any dry slide, alpine slide, or toboggan slide). Provides that "trampoline court" does not include a gymnastic training facility that derives all (rather than a majority) of its revenue from supervised instruction in the teaching of gymnastic skills (rather than gymnastic skills and basics).

House Floor Amendment No. 2
Makes changes to the bill as amended by House Amendment No. 1 to provide that "amusement ride" does not include (1) any slide that is placed in a playground and that does not normally require the supervision or services of a person responsible for its operation; or (2) any slide that is not open to the general public and for which admission is monitored and strictly controlled by invitation, company or group identification, or other means of identification (rather than providing that "amusement ride" includes any dry slide, alpine slide, or toboggan slide that a person must pay to gain access to, but not a slide at a private residence, public or nonpublic school, daycare, or public park).

Amends the Court of Claims Act. Provides that if a person who has been granted a pardon or issued a certificate of innocence establishes that he or she plead guilty due to a forced confession, the Court of Claims shall make an award of $50,000 per year the person was wrongfully imprisoned and attorney's fees not exceeding 25% of the award granted. Provides that the court shall include the number of years the person was imprisoned awaiting trial in its determination of the award and that the court shall include an additional $25,000 for each year served on parole, probation, or registered as a sex offender after imprisonment. Provides that the court shall annually adjust the awards authorized by the new provisions to reflect the increase, if any, in the Consumer Price Index For All Urban Consumers for the previous calendar year, as determined by the United States Department of Labor, except that no annual increment may exceed 5%. Makes corresponding changes. Effective immediately.

Replaces everything after the enacting clause. Amends the Court of Claims Act. Deletes language regarding the amount a court shall award to a person for time unjustly served in prison when the person imprisoned received a pardon on the ground of innocence of the crime for which he or she was imprisoned or he or she received a certificate of innocence. Provides instead that the court shall award $50,000 per year during which the person was wrongfully imprisoned and shall prorate that amount for a fraction of a year that the person was wrongfully imprisoned, including the number of years the person was awaiting trial. Provides that the court shall award attorney's fees in an amount not to exceed 25% of the award granted. Provides that the changes made by the amendatory Act apply to all claims pending or filed on or after the effective date.

Fiscal Note (Court of Claims)

House Bill 86 could have a cost to the State of Illinois, however no dollar estimate can be given. Under the current statute, award amounts for innocent individuals that were incarcerated are in three tiers, with maximum payouts based on the length of incarceration. Each tier could be affected by this amendment, which allows payment of $50,000.00 per year in cases involving coerced confessions. It is not possible to forecast the number of future innocence claims that may be received by the Court of Claims, nor the lengths of incarceration or circumstances surrounding any individual future claim. The Court received approximately 50 certificates in fiscal year 2020 and, to date, over 70 certificates in fiscal year 2021.

Amends the Illinois Human Rights Act. Provides that it is the public policy of the State to prevent discrimination based on the specific status or term of status that accompanies a legal work authorization. Defines "work authorization status" as the status of being a person born outside of the United States, and not a U.S. citizen, who is authorized by the federal government to work in the United States. Provides that it is a civil rights violation for: (1) any employer to refuse to hire, to segregate, to engage in harassment, or to act with respect to recruitment, hiring, promotion, renewal of employment, selection for training or apprenticeship, discharge, discipline, tenure or terms, privileges or conditions of employment on the basis of work authorization status; (2) any employment agency to fail or refuse to classify properly, accept applications and register for employment referral or apprenticeship referral, refer for employment, or refer for apprenticeship on the basis of work authorization status; (3) any labor organization to limit, segregate, or classify its membership, or to limit employment opportunities, selection and training for apprenticeship in any trade or craft, or otherwise to take or fail to take, any action which affects adversely any person's status as an employee or as an applicant for employment or as an apprentice, or as an applicant for apprenticeships, or wages, tenure, hours of employment, or apprenticeship conditions on the basis of work authorization status; and (4) any employer to refuse to honor work authorization based upon the specific status or term of status that accompanies the authorization to work. Provides that it is a civil rights violation for a person, or for 2 or more persons, to conspire to retaliate against a person because he or she has opposed that which he or she reasonably and in good faith believes to be discrimination based on work authorization status. Makes conforming changes. Effective immediately.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following change:
Provides that nothing contained in the Act shall require an employer to sponsor any applicant or employee to obtain or modify work authorization status, unless otherwise required by federal law. Effective immediately.

New Act

30 ILCS 805/8.45 new

Creates the Decennial Committees on Local Government Consolidation and Efficiency Act. Provides that within one year after the effective date of the Act and at least once every 10 years thereafter, each unit of local government (except municipalities and counties) must form a committee to: study local efficiencies, including an analysis of whether to consolidate with another governmental unit, municipality, or county; and create a report with recommendations regarding efficiencies, increased accountability, and consolidation. Provides that the duties of the committee include, but are not limited to, the study of the unit of local government's governing statutes, ordinances, rules, procedures, powers, jurisdiction, shared services, intergovernmental agreements, and interrelationships with other units of local government and the State. Provides that the committee shall collect data, research, analysis, and public input. Dissolves the committee after completion of its report and oral presentation of the report. Contains provisions about committee membership, meetings, and report requirements. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

House Floor Amendment No. 1

Provides that the 2 residents appointed to the commission shall be appointed by the board of the governmental unit (rather than appointed by the county board chairperson or the president of the board of county commissioners in the county in which the governmental unit lies). Removes a government studies representative from a community college or State university from the committee and, instead, provides that the committee may seek assistance from community colleges or universities with research and the development and review of reports of the committee. Provides that, at the conclusion of each meeting, the committee shall conduct a survey of residents who attended asking for input on what was discussed at the meeting (rather than allowing public input though at least one public survey sent to at least 10% of residents within the governmental unit). Allows the committee meetings to take place at the same time as the governmental unit's regularly scheduled meetings under specified circumstances. Removes a requirement of an oral presentation of the committee's report. Requires that the committee submit its report no later than 18 months (rather than 6 months) after the formation of the committee.

Amends the Unified Code of Corrections. 625 ILCS 5/6-308

Amends the Illinois Vehicle Code. Further amends the Unified Code of Corrections. Amends the Illinois Public Aid Code. Requires the Department of Healthcare and Family Services to increase rates and reimbursements in effect on June 30, 2021 payable to Illinois not-for-profit community-based agencies in order to increase access utilization of individual and group supported employment, increase acuity-based rate differentials in on-site and off-site community day services, and other matters. Provides that beginning January 1, 2022, for a medical assistance recipient who is a resident in a facility licensed under the Community-Integrated Living Arrangements (CILA) Licensure and Certification Act, the State shall pay an amount in addition to the minimum monthly personal needs allowance authorized under the Social Security Act so that the person's total monthly personal needs allowance from both State and federal sources equals $90. Provides that beginning no later than October 1, 2022, residents of CILA facilities who are eligible for medical assistance and are enrolled in the State's home and community-based services waiver program for adults with developmental disabilities shall retain all earned income from employment or community day services activities. Amends the Illinois Procurement Code. In a provision requiring the State Use Committee to review the pricing of supplies and services procured by the State from a qualified not-for-profit agency for persons with significant disabilities, provides that the Committee may consider during its review certain factors including, but not limited to, amounts private businesses would pay for similar products or services. Further amends the Illinois Procurement Code. Removes language requiring that supplies and services be procured without advertising or calling for bids from any qualified not-for-profit agency for persons with significant disabilities that pays at least minimum wage or better. Amends the Illinois Funeral or Burial Funds Act. Requires the insured or any other person who may be the owner of rights under the policy of whole life insurance to sign a guaranteed pre-need contract with the provider that describes the cost of the funeral goods and services to be provided upon the person's death, up to $6,774, in addition to the purchase of burial spaces as defined under the Act. Requires the licensee to annually report certain information to the Comptroller. Requires the proceeds of the life insurance policy to be paid to the provider and disbursed in a certain order upon the death of the insured. Exempts up to $6,774 (rather than $5,874) in funds under an irrevocable prepaid funeral or burial contract when determining an individual's resources and eligibility for medical assistance. Provides that existing life insurance policies are exempt if there has been an irrevocable declaration of proceeds at the death of the insured. Requires the insured person to sign an irrevocable designation of beneficiary form declaring that any amounts payable from the policies not used for funeral goods and services shall be received by the State up to an amount equal to the total medical assistance paid on behalf of the person with any remaining funds paid to a secondary beneficiary (if any) listed on the policy.

Amends the Illinois Insurance Code to provide that an air ambulance service or other entity that directly or indirectly, whether through an affiliated entity, agreement with a third-party entity, or otherwise, solicits air ambulance membership subscriptions, accepts membership applications, or charges membership fees, is an insurer. Provides that air ambulance memberships shall be considered insurance and an insurance product and may be considered a supplement to any insurance coverage and shall be regulated accordingly by the Department of Insurance. 305 ILCS 5/5-19

410 ILCS 527/15

Amends the Illinois Public Aid Code. Provides that, to ensure full access to the benefits set forth in provisions regarding the Healthy Kids Program, on and after January 1, 2022, the Department of Healthcare and Family Services shall ensure that provider and hospital reimbursements for immunization as required under the provisions are no lower than the Medicare reimbursement rate.

Amends the Immunization Data Registry Act. Provides that health care providers, physician's designees, or pharmacist's designees shall (rather than may) provide immunization data to be entered into the immunization data registry. Removes language providing that the immunization data need not be provided if the patient or the patient's parent or guardian, if the patient is less than 18 years of age, has completed and filed with the provider, physician's designee, or pharmacist's designee a written immunization data exemption form.

Provides that the written information and the immunization data exemption forms must include information that the health care provider shall (rather than may) report immunization data to the Department of Public Health to be entered into the immunization data registry. Effective January 1, 2022.

House Floor Amendment No. 2

In provisions amending the Illinois Public Aid Code, provides that the Department of Healthcare and Family Services shall ensure that provider and hospital reimbursements for immunization are no lower than 70% of the regional maximum administration fee as established by the U.S. Department of Health and Human Services' Centers for Medicare and Medicaid Services (rather than the Medicare reimbursement rate).

Fiscal Note, House Floor Amendment No. 2 (Dept. of Healthcare & Family Services)

Based on limited data availability, the annual impact of using 70% of Medicare rates for vaccine services for Medicaid participants under age 21 is estimated at $5.7 million, with $0.9 million for FFS claims and about $4.8 million impact to the MCO capitation rates. The FY 2022 impact for providing six months of services at the new rates would be about $2.9 million. There would be substantial administrative costs to change the pricing methodology to the provider level and for storage and programming changes to the claims processing and provider enrollment systems. Planning and implementation may take up to 12 months to complete, which would exceed the time available with the January 1, 2022 effective date.

Amends the Homeowners' Energy Policy Statement Act. Changes the definition of "solar storage mechanism" to include batteries. Provides that the entity may determine the specific configuration of the elements of a solar energy system on a given roof face, provided that it may not prohibit elements of the system from being installed on any roof face and that any such determination may not reduce the production of the solar energy system by more than 10% (rather than specific location where a solar energy system may be installed on the roof within an orientation to the south or within 45 degrees east or west of due south provided that the determination does not impair the effective operation of the solar energy system). Provides that within 60 (rather than 120) days after a homeowners' association, common interest community association, or condominium unit owners' association receives a request for a policy statement or an application from an association member, the association shall adopt an energy policy statement. Provides that whenever approval is required for the installation or use of a solar energy system, the application for approval shall be processed by the appropriate approving entity of the association within 60 (rather than 90) days of (rather than after) the submission of the application. Provides that the Act shall not apply to any building that has a shared roof and is subject to a homeowners' association, common interest community association, or condominium unit owners' association.

House Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes:

Provides that within 90 (rather than 60) days after a homeowners' association, common interest community association, or condominium unit owners' association receives a request for a policy statement or an application from an association member, the association shall adopt an energy policy statement. Provides that whenever approval is required for the installation or use of a solar energy system, the application for approval shall be processed by the appropriate approving entity of the association within 75 (rather than 60) days of the submission of the application. Provides that the Act shall not apply to any building that has a shared roof and is subject to a homeowners' association, common interest community association, or condominium unit owners' association.

(Sen. Mike Simmons-Elgie R. Sims, Jr. and Mattie Hunter-Jacqueline Y. Collins)

310 ILCS 105/25
Amends the Rental Housing Support Program Act. In a provision requiring the Illinois Housing Development Authority to adopt rules concerning grants awarded to local administering agencies to fund rent subsidies for low-income families, provides that the rules must limit eligibility for tenancy in the subsidized rental units to households with gross income that is at or below 40% (rather than 30%) of the family median income for the area in which the grant will be made. In a provision concerning rules on grants awarded to entities for the development of affordable rental housing, provides that the rules must require 50% of the units that are supported by any grant to be set aside for households whose income is at or below 25% (rather than 15%) of the median family income for the area in which the grant will be made.

House Committee Amendment No. 1
Replaces everything after the enacting clause. Amends the Rental Housing Support Program Act. Provides that once a tenant has received assistance under the Rental Housing Support Program the tenant shall remain eligible for assistance under the Program until the tenant reaches an income level of 35% of area median family income and will then begin the transition out of the Program, as described in the rules governing the Program. Provides that local administering agencies should (rather than must) include 2-bedroom, 3-bedroom, and 4-bedroom units among those intended to be supported by grants under the Program.

In provisions concerning clinical review criteria of prior authorization requirements, removes language that provides that a utilization review organization shall seek input from actively practicing physicians representing major areas of the specialty who are not employees of the utilization review organization or consultants to the utilization review organization before establishing or substantially or materially altering written clinical review criteria. Removes language that provides that a utilization review organization shall not deny prior authorization of a health care service solely based on the grounds that a health care professional or health care provider judges a service, product, or procedure is medically appropriate for his or her patient even if it has not been formally approved for the specific condition being treated. In provisions concerning statistics that shall be made available regarding prior authorization approvals and denials, removes specified categories of information. In provisions concerning requirements applicable to the physician who can review consultations and appeals, removes language that provides that the physician must not be employed by a utilization review organization, be under contract with the utilization review organization other than to participate in one or more of the utilization review organization's health care professional networks or to perform reviews of appeals, or otherwise have any financial interest in the outcome of the appeal. Provides that an animal control facility or animal shelter that supplies dogs or cats to pet shop operators to be offered for sale shall not be a dog breeder or a cat breeder or obtain dogs or cats from a dog breeder, a cat breeder, a person who resells dogs or cats from a breeder, or a person who sells dogs or cats at auction in exchange for payment or compensation. Defines the term "offer for sale" and modifies the definitions of "pet shop operator" and "animal shelter". Effective 180 days after becoming law.

House Floor Amendment No. 1

Provides that "offer for sale" means to sell, exchange for consideration, offer for adoption, advertise for the sale of, barter, auction, give away, or otherwise dispose of animals (rather than to display, sell, exchange for consideration, offer for adoption, advertise for the sale of, barter, auction, give away, or otherwise dispose of animals). Provides that provisions concerning the prohibition of dogs and cats sold by pet shops shall not prohibit a pet shop operator from providing space to an animal control facility or animal shelter to showcase dogs or cats owned by these entities for the purpose of adoption.

Amends the Managed Care Reform and Patient Rights Act. Requires health insurance carriers that provide coverage for prescription drugs to ensure that, within service areas and levels of coverage specified by federal law, at least half of individual and group plans meet one or more of the following criteria: apply a pre-deductible and flat-dollar copayment structure to the entire drug benefit, limit a beneficiary's monthly out-of-pocket financial responsibility for prescription drugs to a specified amount, or limit a beneficiary's annual out-of-pocket financial responsibility for prescription drugs to a specified amount. Provides that all plans for prescription drugs offered under the amendatory Act must be clearly and appropriately named, marketed in the same manner as other plans offered by the health insurance carrier, and offered for purchase to any individual and group plan sponsor. Effective January 1, 2022.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Amends the Managed Care Reform and Patient Rights Act. In provisions concerning individual health plans that provide coverage for prescription drugs, provides that beginning January 1, 2023, health insurance carriers shall ensure that at least 10% of individual health care plans offered in each applicable service area apply a flat-dollar copayment structure to the entire drug benefit; and beginning January 1, 2024, health insurance carriers shall ensure that at least 25% of individual health care plans offered in each applicable service area apply a flat-dollar copayment structure to the entire drug benefit. In provisions concerning group health plans that provide coverage for prescription drugs, provides that beginning January 1, 2023, health insurance carriers shall offer at least one group health plan in each applicable service area that applies a flat-dollar copayment structure to the entire drug benefit; and beginning January 1, 2024, health insurance carriers shall offer at least 2 group health plans in each applicable service area that apply a flat-dollar copayment structure to the entire drug benefit. Provides that the flat-dollar copayment structure for prescription drugs must be applied pre-deductible and be reasonably graduated and proportionately related in all tier levels such that the copayment structure as a whole does not discriminate against or discourage the enrollment of individuals with significant health care needs. Requires the health insurance carriers to clearly and appropriately name the plans to aid in individual or group plan selection. Requires the health insurance carriers to market the plans in the same manner as their other plans. Changes certain references relating to law enforcement drills to law enforcement lockdown drills. Removes the requirement that parents or guardians must receive prior notice of a law enforcement drill not less than 5 days prior to the drill. Provides that (i) school administrators and school support personnel may, in their discretion, exempt a student or students from participating in a walk-through lockdown drill; (ii) schools must provide sufficient information and notification to parents and guardians in advance of any walk-through lockdown drill that involves the participation of students and must also provide to parents and guardians an opportunity to exempt their child for any reason from participating in the walk-through lockdown drill; (iii) schools must provide alternative safety education and instruction related to an active threat or active shooter event to students who do not participate in a walk-through lockdown drill to provide them with essential information, training, and instruction through less sensorial safety training methods; (iv) during a drill, students must be allowed to ask questions related to the drill; and (v) law enforcement may choose to run an active shooter simulation, but only on school days when students are not present, and parental notification is not required if students are not required to be present. Corrects a typographical error.

Adds reference to:
735 ILCS 5/21-103 from Ch. 110, par. 21-103

Deletes a provision concerning objections relating to specificity, timing, filing, and form. Provides that a person who has been convicted of a felony offense in this State or any other state and whose sentence has not been terminated, completed, or discharged is not permitted to file a petition for a name change in the courts of this State unless that person is pardoned for the offense. Adds "name" to two section headings to reflect the duty to report a legal name change. Provides that certain objections shall be served upon the petitioner. Replaces a repeal of a provision concerning notice by publication with a change to the provision providing that the court may issue an order directing that the notice and publication requirement be waived for a change of name involving a person who files with the court a statement verified under oath that the person believes that publishing notice of the name change would be a hardship, including but not limited to, a negative impact on the person's health or safety. Provides that in a case where waiver of the notice and publication requirement is sought, the petition for waiver will be presumed granted and heard at the same hearing as the petition for name change. Provides that the court retains discretion to determine whether a hardship is shown and may order the petitioner to publish thereafter.

Provides that an insurer shall not limit benefits or coverage for medically necessary treatment of mental, emotional, nervous, or substance use disorder or condition by health care providers practicing in relevant clinical specialties. Provides that an insurer shall not apply different, additional, conflicting, or more restrictive utilization review criteria than the criteria and guidelines set forth in the treatment criteria. Provides that an insurer shall exclusively apply the criteria and guidelines set forth in the most recent versions of the treatment criteria developed by the nonprofit professional association for the relevant clinical specialty. Provides that an insurer shall not apply different, additional, conflicting, or more restrictive utilization review criteria than the criteria and guidelines set forth in the treatment criteria. Provides that the Director may, after appropriate notice and opportunity for hearing, assess a civil penalty between $5,000 and $20,000 for each violation. House Floor Amendment No. 1

In provisions concerning mental and emotional disorders, provides that an insurer shall not set a specific limit on the duration of benefits or coverage of medically necessary treatment of mental, emotional, nervous, or substance use disorders or conditions or limit coverage only to alleviation of the insured's current symptoms. Provides that nothing shall require the insurer to cover a treatment when the authorization was granted based on a material misrepresentation by the insured, the policyholder, or the provider. Provides that an insurer may apply specified utilization review criteria to health care services and benefits for mental, emotional, and nervous disorders or conditions that are outside the scope of specified criteria and guidelines or relate to advancements in technology or types of care that are not covered in the most recent versions of specified sources. Provides that if the Director of Insurance determines that an insurer has violated the provisions, the Director may assess a civil penalty between $1,000 and $5,000 for each violation (rather than between $5,000 and $20,000). Removes language that provides that changes in terminology, organization, or classification of mental, emotional, nervous, substance use disorder or condition in future versions of specified publications shall not affect the conditions covered by provisions concerning mental and emotional disorders as long as a condition is commonly understood to be a mental, emotional, nervous, or substance use disorder or condition by health care providers practicing in relevant clinical specialties. Removes language that provides that an insurer shall not limit benefits or coverage for mental, emotional, nervous, or substance use disorders or conditions to short-term or acute treatment at any level of placement. Makes other changes. Changes the effective date to January 1, 2022 (rather than an immediate effective date).

New Act

50 ILCS 750/4 from Ch. 134, par. 34

Creates the Community Emergency Services and Supports Act. Provides that the Act applies to every unit of local government that provides or coordinates ambulance or similar emergency medical response or transportation services for individuals with emergency medical needs. A home rule unit may not respond to or provide services for a mental or behavioral health emergency, or create a transportation plan or other regulation, relating to the provision of mental or behavioral health services in a manner inconsistent with this Act. Provides that one plan shall describe how the EMS Region will provide mobile emergency mental and behavioral health services to individuals who do not present as a threat to the responders, and are not involved in criminal activity at the time of the response. Provides that the plan shall conform to the requirements of the Act and, recognizing the variety of systems, services, and needs across the State, provide the specific requirements and guidance appropriate for that region. Provides that the plan shall be identified as the region's community emergency services and supports plan. Provides that the second plan shall describe the manner and extent to which responders operating under the region's Community Emergency Services and Supports Plan coordinate with law enforcement when responding to individuals who appear to be in a mental or behavioral health emergency while engaged in conduct alleged to constitute a non-violent misdemeanor. Provides that the plan shall be identified as the region's Non-Violent Misdemeanor Coordination Plan. Amends the Emergency Telephone System Act to make conforming changes. Effective immediately.

Fiscal Note (Dept. of Human Services)

The fiscal impact to IDHS to provide for the establishment and oversight on the committees would be minimal.

House Floor Amendment No. 1

Replaces everything after the enacting clause. Creates the Community Emergency Services and Support Act. Provides that each 9-1-1 call center and provider of emergency services dispatched through a 9-1-1 system must coordinate with the mobile mental and behavioral health services established by the Division of Mental Health of the Department of Human Services so that the following State goals and State prohibitions are met whenever a person interacts with one of these entities for the purpose seeking emergency mental and behavioral health care or when one of these entities recognizes the appropriateness of providing mobile mental or behavioral health care to an individual with whom they have engaged. Provides that the Division of Mental Health is also directed to provide guidance regarding whether and how these entities should coordinate with mobile mental and behavioral health services when responding to individuals who appear to be in a mental or behavioral health emergency while engaged in conduct alleged to constitute a non-violent misdemeanor. Provides that 9-1-1 call centers, emergency services dispatched through 9-1-1 call centers, and the mobile mental and behavioral health service established by the Division of Mental Health must coordinate their services so that certain specified State prohibitions are avoided. Provides that the Division of Mental Health shall establish regional advisory committees in each EMS Region to advise on emergency response systems for mental and behavioral health. Provides that the Act applies to persons of all ages, both children and adults. Provides that the Act does not limit an individual's right to control his or her own medical care. No provision of this Act shall be interpreted in such a way as to limit an individual's right to choose his or her preferred course of care or to reject care. Provides that no provision of this Act shall be interpreted to promote or provide justification for the use of restraints when providing mental or behavioral health care. Amends the Emergency Telephone System Act to make conforming changes.

(Sen. John F. Curran-Bill Cunningham)

New Act

Creates the Relieve College Costs Pilot Program Act. Creates a pilot program for a 4-year degree pathway based on texts that served as the core foundational basis for western civilization and the Enlightenment, under which one public high school, one public community college, and one public university shall develop a competency-based baccalaureate degree program for a Fundamental Issues and Texts Humanities Degree. Includes as goals of the program: (1) preparing students with skills relating to critical thinking, problem solving, rational inquiry, and oral and written communication needed for employment or further graduate study; (2) using open educational resources if available; (3) using online course options if available to reduce costs; (4) identifying pathway courses to promote dual credit course enrollment in the participating high school; and (5) having a $20,000 maximum tuition rate for the entirety of the degree pathway. Contains provisions concerning a program director, the curriculum, open educational resources, reporting, and rulemaking. Effective immediately.

House Floor Amendment No. 1

In provisions concerning the panel created by the State Board of Education, Illinois Community College Board, and Board of Higher Education, requires the panel to seek and identify initiatives to support the use of foundational materials and original sources that reside in the public domain or open educational resource materials in support of the degree program (rather than only to seek and identify initiatives to support the use of open educational resource materials). Provides that the panel is dissolved on January 31, 2023. Provides that a public institution, at the request of its board of trustees, must highlight the courses that use low-cost digital or print options for students (rather than courses that may have a lost-cost option for print versions).

Replaces everything after the enacting clause. Creates the Consumer Choice in Maternal Care for African-American Mothers Pilot Program Act. Requires the Task Force on Infant and Maternal Mortality Among African Americans to partner with community-based maternal care providers to develop rules and regulations for a Medicaid voucher pilot program to expand consumer choice for Black mothers that includes planned home birth services and in-home perinatal and postpartum care services provided by racially concordant nationally accredited certified professional midwives. Requires the Department of Healthcare and Family Services to implement the pilot program no later than January 1, 2023. Provides that the pilot program shall operate for a 5-year period. Requires the Task Force to submit annual reports to the General Assembly, beginning January 1, 2024, and each January 1 thereafter through January 1, 2028, that provides a status update on the pilot program and annual impact measure reporting. Provides that the pilot program shall implement a maternity episode payment model that provides a single payment for all services across the prenatal, intrapartum, and postnatal period which covers the 9 months of pregnancy plus 12 weeks of postpartum. Requires the Department of Healthcare and Family Services to make available to the Task Force all relevant data related to maternal care expenditures made under the State's Medical Assistance Program so that budget-neutral reimbursement rates can be established for bundled maternal care services spanning the prenatal, labor and delivery, and postpartum phases of a maternity episode.

Amends the Equitable Restrooms Act. Provides that, notwithstanding any other provision of law, any multiple-occupancy restroom may be identified as an all-gender multiple-occupancy restroom and designated for use by any person of any gender. Requires that an all-gender multiple-occupancy restroom must include specified signage, stall dividers, and partitions for urinals. Provides that any multiple-occupancy restroom may be converted into an all-gender multiple-occupancy restroom. Provides that, if a facility commences construction, or commences alterations exceeding 50% of the facility, and implements an all-gender multiple-occupancy restroom, the all-gender multiple-occupancy restroom must satisfy or include specified requirements. Requires certain newly constructed or previously existing restrooms to be designated as all-gender multiple-occupancy restrooms. Provides that, where a person or entity must meet female-to-male ratio requirements, each individual toilet stall in an all-gender multiple-occupancy restroom may be counted toward the required number of either female or male toilet stalls. Requires that during any inspection of a facility by a health officer, health inspector, or building inspector, the health officer, health inspector, or building inspector may inspect the facility to determine whether it complies with the provisions. Requires the Department of Public Health to adopt rules to implement the provisions. Defines "multiple-occupancy restroom". Makes other changes. Effective immediately.

House Floor Amendment No. 1

Provides that specified all-gender multiple-occupancy restrooms must satisfy all accessibility requirements set forth by the Illinois Accessibility Code. Provides that if a fixture is counted towards the minimum required fixtures for females, that same fixture shall not also be counted towards the minimum required fixtures for males, and if a fixture is counted towards the minimum required fixtures for males, that same fixture shall not also be counted towards the minimum required fixtures for females. New Act

Creates the Advisory Commission on Reducing the Disproportionate Representation of African-American Children in Foster Care Act. Creates the Advisory Commission on Reducing the Disproportionate Representation of African-American Children in Foster Care. Provides that the Commission shall be a coordinating and advocating body that acts on behalf of the interests of African-American children who are at risk of placement within the State's child welfare system. Requires the Commission to advise the Governor and the General Assembly, as well as work directly with State agencies, to identify factors contributing to the overrepresentation of African-American children in foster care; to collaborate with State agencies and other social services organizations to develop effective strategies, policies, services, and programs that are aimed at providing African-American children and their families with the resources and preventive services they need to stay out of foster care and the child welfare system; and to assist in the development of child welfare policies and practices that advance more equitable outcomes for African-American children and their families who have contact with the Department of Children and Family Services. Sets forth specific duties including: examining and developing strategies and policies to address reported racial disproportionality during key stages of the child welfare decision-making process; assisting in the development of cultural competency training programs for child welfare workers; and identifying best practices to safely increase the number of family or relative placements for African-American children. Contains provisions on Commission membership; meetings; and reporting requirements. Effective immediately.

Amends the Illinois Insurance Code. Includes the delivery of covered health care services by way of telephone usage in the definition of "telehealth services". Provides that health care services that are covered under an individual or group policy of accident or health insurance must be covered when delivered via telehealth services when clinically appropriate, subject to specified conditions (rather than requiring an individual or group policy of accident or health insurance to comply with specified conditions if it provides coverage for telehealth services). Provides that patient cost-sharing may be no more than if the health care service were delivered in person. Provides that no excepted benefit policy may deny or reduce any benefit to a patient based on the use of clinically appropriate telehealth services in the course of satisfying the policy's benefit criteria.

House Committee Amendment No. 1
Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. In provisions concerning health care services that are covered under an individual or group policy of accident and health insurance that must be covered when delivered via telehealth services when clinically appropriate, provides that reimbursement to a health care provider for telehealth services for behavioral health services provided through an interactive telecommunications system shall be made on the same basis, in the same manner, and at the same rate as would be applied for the same services if they had been delivered in-person and shall include reasonable compensation to a facility that serves as the originating site at the time a telehealth service is rendered. Provides that with respect to telehealth benefits provided in an individual or group policy of accident or health insurance, insurers may not (rather than an individual or group policy of accident or health insurance may not) require patients to use a separate panel of health care providers to receive telehealth service coverage and reimbursement; create geographic or facility restrictions or requirements for telehealth services; require patients or health care providers to prove a hardship or access barrier before the approval of telehealth services for coverage or reimbursement; negotiate different contract rates for telehealth services and in-person services for behavioral health services; or impose upon telehealth services utilization review requirements that are unnecessary, duplicative, or unwarranted or impose any treatment limitations, prior authorization, documentation, or recordkeeping requirements that are more stringent than the requirements applicable to the same health care service when rendered in-person. Provides that health care providers shall determine the appropriateness of specific sites, technology platforms, and technology vendors for a telehealth service, as long as delivered services adhere to privacy laws. Defines terms.

Creates the Telehealth Payment Parity Task Force to review and study the use of telehealth services in the State with respect to payment and reimbursement parity for health care providers providing such services. Sets forth provisions concerning election of a chairperson, compensation, and appointments of members of the Telehealth Payment Parity Task Force. Provides that the task force shall submit its findings and recommendations to the Governor and General Assembly by December 31, 2021. Provides that the task force is dissolved on January 1, 2023. Provides that health care professionals shall maintain documentation and recordkeeping in accordance with specified provisions of the Illinois Administrative Code. Amends the Early Intervention Services System Act. Permits an early intervention provider to deliver via telehealth any type of early intervention services authorized under the Act to the extent of his or her scope of practice as established in his or her respective licensing Act consistent with the standards of care for in-person services. Provides that upon verified petition for resentencing by the defendant, the trial court that entered the judgment of conviction in a defendant's case may order resentencing at any time after 30 days have passed following the imposition of a sentence under a guilty verdict or a finding of guilt for any criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or a similar local ordinance provided: (1) the State's Attorney or other prosecuting attorney is given at least 30-day notice of the filing of the petition seeking resentencing; (2) the statutory penalty for the offense for which the defendant was found guilty or convicted, since his or her plea of guilty or conviction, has been subsequently reduced or altered in a manner that includes, but is not limited to: (A) reducing the minimum or maximum sentence for the offense; (B) granting the court more discretion over the range of penalties available for the offense; or (C) changing the penalties associated with the offense or conduct underlying the offense in any way.

Adds reference to:

725 ILCS 5/123 new

Replaces everything after the enacting clause. Amends the Code of Criminal Procedure of 1963. Provides that at any time upon the recommendation of the State's Attorney of the county in which the defendant was sentenced, the State's Attorney may petition the sentencing court or the sentencing court's successor to resentence the offender if the original sentence no longer advances the interests of justice. Provides that the sentencing court or the sentencing court's successor may resentence the offender if it finds that the original sentence no longer advances the interests of justice. Provides that, upon receipt of a petition for resentencing, the court may resentence the defendant in the same manner as if the offender had not previously been sentenced; however, the new sentence, if any, may not be greater than the initial sentence. Provides that the court may consider postconviction factors, including, but not limited to, the inmate's disciplinary record and record of rehabilitation while incarcerated; evidence that reflects whether age, time served, and diminished physical condition, if any, have reduced the inmate's risk for future violence; and evidence that reflects changed circumstances since the inmate's original sentencing such that the inmate's continued incarceration no longer serves the interests of justice. Provides that credit shall be given for time served; that victims shall be afforded all rights as outlined in the Rights of Crime Victims and Witnesses Act; and that resentencing shall not reopen the defendant's conviction to challenges that would otherwise be barred. Provides that nothing in the new provisions shall be construed to limit the power of the Governor under the Constitution to grant a reprieve, commutation of sentence, or pardon.

Fiscal Note (Admin Office of the Illinois Courts)

HB3447 amends the Criminal Identification Act regarding expungements. Based on a review of the bill, it has been determined that the proposed legislation would have no fiscal impact on the state appropriation to the judicial branch. It is not possible to determine what fiscal impact, if any, the bill would have on local judicial budgets.

Amends the Code of Criminal Procedure of 1963. Provides that at any time upon the recommendation of the State's Attorney of the county in which the defendant was sentenced, the State's Attorney may petition the sentencing court or the sentencing court's successor to resentence the offender if the original sentence no longer advances the interests of justice. Provides that the sentencing court or the sentencing court's successor may resentence the offender if it finds that the original sentence no longer advances the interests of justice. Provides that, upon receipt of a petition for resentencing, the court may resentence the defendant in the same manner as if the offender had not previously been sentenced; however, the new sentence, if any, may not be greater than the initial sentence. Provides that the court may consider postconviction factors, including, but not limited to, the inmate's disciplinary record and record of rehabilitation while incarcerated; evidence that reflects whether age, time served, and diminished physical condition, if any, have reduced the inmate's risk for future violence; and evidence that reflects changed circumstances since the inmate's original sentencing such that the inmate's continued incarceration no longer serves the interests of justice. Provides that credit shall be given for time served; that victims shall be afforded all rights as outlined in the Rights of Crime Victims and Witnesses Act; and that resentencing shall not reopen the defendant's conviction to challenges that would otherwise be barred. Provides that nothing in the new provisions shall be construed to limit the power of the Governor under the Constitution to grant a reprieve, commutation of sentence, or pardon.

HB 03712  Rep. Thaddeus Jones
(Sen. Napoleon Harris, III and Laura M. Murphy-Jason A. Barickman)

New Act

Creates the Car-Sharing Program Act. Adds provisions governing: insurance coverage requirements during car-sharing periods; notification of implications of lien; exclusions in motor vehicle liability insurance policies; recordkeeping requirements; vicarious liability; contribution against indemnification; insurable interests; consumer protection disclosures; driver's license verification; data retention; responsibility for equipment; and automobile safety recalls. Effective January 1, 2022.

House Committee Amendment No. 1

Provides that, under specified circumstances, a motor vehicle insurer that defends or indemnifies a claim against a shared vehicle that is excluded under the terms of its policy shall have the right to seek recovery (instead of contribution) against the motor vehicle insurer of the car-sharing program.

House Floor Amendment No. 2

Replaces everything after the enacting clause with the contents of the introduced bill and House Amendment No. 1, and makes the following changes: Provides that a car-sharing program shall assume liability of a shared-vehicle owner for bodily injury or property damage to third parties or uninsured and underinsured motorist or personal injury protection losses during the car-sharing period in an amount stated in the car-sharing agreement, which amount may not be less than 4 times the minimum amounts required under the Illinois Vehicle Code (instead of those amounts set forth in the Illinois Vehicle Code). Provides that a car-sharing program shall ensure that, during each car-sharing period, the shared-vehicle owner and the shared-vehicle driver are insured under a motor vehicle liability insurance policy that provides insurance coverage in amounts that, for the shared-vehicle driver, are equal to 2 times the minimum amounts set forth in the Illinois Vehicle Code (instead of in amounts no less than the minimum amounts set forth in the Illinois Vehicle Code). Deletes a Section concerning the inapplicability of other Acts. Makes other changes in a Section concerning insurable interest.

Requires the Task Force to examine the historical and current role of mandatory reporting and its impact on the racial and gender disparities of families involved with the Department of Children and Family Services; examine the underlying factors that bring families into contact with the Department and the factors that lead to child removal; review the Department's progress on the planning and implementation of the Family First Prevention Services Act; examine the current processes and policies, data, and data collection methods for families involved simultaneously in the child welfare, juvenile justice, or criminal justice systems; explore policies and protocols for race-blind child protection screenings and child removal reviews; and other duties. Contains provisions concerning the composition of the Task Force and Task Force meetings.

Requires the Task Force to submit a report to the General Assembly and the Governor within one year after the Task Force has its first meeting. Provides that the report shall contain policy recommendations that seek to prioritize preserving and reuniting families involved in the child welfare system, particularly Black families; reduce child welfare system involvement, particularly for Black families; and eliminate racial disproportionality in system involvement and the disproportionate impact of system involvement on families. Provides that the Task Force is dissolved, and the Act repealed, on January 1, 2024. Effective immediately.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes.

Provides that the Department of Children and Family Services shall facilitate the prompt and timely collection and provision of data as requested by or on behalf of the Task Force. Requires the Task Force to explore policies and protocols that honor language, culture, and heritage in identity formation and familial relationships, including, but not limited to, race-blind child protection screenings and child removal reviews, as implemented in other jurisdictions around the United States, and to make recommendations for implementation in Illinois. Effective immediately.

House Floor Amendment No. 2

Provides that any data provided by the Department of Children and Family Services to the Racial Disproportionality in Child Welfare Task Force shall not contain any personally identifiable information of any clients or families in accordance with the provisions of the Abused and Neglected Child Reporting Act.

Amends the Reproductive Health Act. Provides that a health care professional who provides abortion-related care may submit, to any governmental agency, person, business, or association, a written request that the governmental agency, person, business, or association refrain from disclosing any personal information about the health care professional. Provides that if a governmental agency receives a written request from a health care professional, the governmental agency shall not publicly post or display publicly available content that includes any personal information of the health care professional. Exempts the personal information of the health care professional from the Freedom of Information Act. Provides that if a person, business, or association receives a written request from a health care professional, the person, business, or association shall refrain from publicly posting or displaying on the Internet publicly available content that includes the personal information of a health care professional. Provides that no person, business, or association shall solicit, sell, or trade any personal information of the health care professional with the intent to post an imminent or serious threat to the health and safety of the health care professional or his or her immediate family. Allows a health care professional to bring an action against a governmental agency, person, business, or association, seeking injunctive or declaratory relief if a written request is violated. Provides that it is a Class 3 felony for any person to knowingly publicly post on the Internet the personal information of a health care professional or his or her immediate family if the person knows or reasonably should know that publicly posting the personal information poses an imminent and serious threat to the health and safety of the health care professional or his or her immediate family, and the violation is a proximate cause of bodily injury or death of the health care professional or his or her immediate family member. Makes a conforming change in the Freedom of Information Act.

House Floor Amendment No. 1

Provides that it is a Class 3 felony for any person to knowingly publicly post on the Internet the personal information of a health care professional or his or her immediate family if the person knows (instead of "knows or reasonably should know") that publicly posting the personal information poses an imminent and serious threat to the health and safety of the health care professional or his or her immediate family, and the violation is a proximate cause of bodily injury or death of the health care professional or his or her immediate family member.

New Act

Creates the Birth Center Licensing Act. Provides that, except as provided by the Act, no person shall open, manage, conduct, offer, maintain, or advertise as a birth center without a valid license issued by the Department of Public Health. Requires all birth centers in existence as of the effective date of the Act to obtain a valid license to operate within 2 years after the adoption of rules by the Department to implement the Act. Provides that an applicant for a license under the Act shall submit an application on forms prescribed by the Department, which shall be accompanied by a nonrefundable license fee, as established by rule by the Department. Provides that licenses under the Act are renewable every 3 years upon submission of specified materials. Requires birth centers, to the extent possible, to link and integrate services with nearby health care facilities. Contains provisions concerning staffing requirements; minimum standards to protect the health and safety of a patient of a birth center; and requirements for reimbursement, reporting, training, and inspections. Requires the Department to adopt specified rules. Contains other provisions. Effective immediately.

House Floor Amendment No. 2

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Makes changes concerning definitions. Refers to certified nurse midwives (rather than midwives). Provides that licenses under the Act are renewable every year (rather than every 3 years) upon submission of specified materials. Provides that birth centers shall obtain certificates of need from the Health Facilities and Services Review Board under the Illinois Health Facilities Planning Act before receiving a license by the Department of Public Health. Provides that if, after obtaining an initial certificate of need, a birth center seeks to increase the bed capacity of the birth center, the birth center must obtain a certificate of need from the Health Facilities and Services Review Board before increasing the bed capacity. Provides that a birth center in a medically underserved area shall receive priority in obtaining a certificate of need. Provides that a birth center shall link and integrate its services with at least one birthing hospital with a minimum of a Level 1 perinatal designation (rather than with nearby health care facilities). Provides that a birth center shall have an established agreement with a nearby receiving birthing center (rather than a written plan for transfer of patients). Provides that a birth center is encouraged to participate in quality improvement projects implemented by the Department of Public Health's Administrative Perinatal Centers and other Department-supported perinatal quality improvement projects. Requires clinicians, or their clinical representative, and attending persons in labor at a birth center to attend morbidity and mortality reviews that occur at the receiving birthing hospital on their patients. Requires the Department to require each birth center to report specified information every year (rather than every 3 years). Removes language requiring the Department to deem an accreditation body applicable to birth centers as a substitute for its own periodic inspection. Makes other changes.
