Fiscal Note, House Floor Amendment No. 2 (Dept. of Healthcare & Family Services)

Based on limited data availability, the annual impact of using 70% of Medicare rates for vaccine services for Medicaid participants under age 21 is estimated at $5.7 million, with $0.9 million for FFS claims and about $4.8 million impact to the MCO capitation rates. The FY 2022 impact for providing six months of services at the new rates would be about $2.9 million. There would be substantial administrative costs to change the pricing methodology to the provider level and for storage and programming changes to the claims processing and provider enrollment systems. Planning and implementation may take up to 12 months to complete, which would exceed the time available with the January 1, 2022 effective date.

HB 03488

   Rep. Robyn Gabel

65 ILCS 5/3.1-20-45

Amends the Illinois Municipal Code. Provides that when a person who intends to be a write-in candidate for an uncontested nonpartisan office has not timely filed nomination papers but has filed a written statement or notice of his or her intent, no primary ballot shall be printed (rather than requiring a primary ballot to be prepared and a primary election held if the write-in candidate is the fifth candidate filed). Provides that where no primary is held, a person intending to become a write-in candidate shall re-file a declaration of intent to be a write-in candidate for the general election with the appropriate election authority or authorities. Removes language: concerning requirements for the written statement or notice; and providing that an election authority has no duty to conduct a primary and prepare a ballot for an uncontested office, unless the written statement or notice is filed in a timely manner.

Amends the Juvenile Court Act of 1987. Provides that it is the goal of the Act to ensure that detention is the last resort and for as short a time as possible. Provides that on and after July 1, 2021, any minor 13 years of age or older arrested under this Act where there is probable cause to believe that the minor is a delinquent minor and that (i) secure custody is a matter of immediate and urgent necessity in light of a serious threat to the physical safety of a person or persons in the community or to secure the presence of the minor at the next hearing, as evidenced by a demonstrable record of willful failure to appear at a scheduled court hearing within the last 12 months, may be kept or detained in an authorized detention facility. Provides that a minor must be at least 13 (rather than 10) years of age to be placed in detention. Effective immediately.

Provides that an employee barred from contact with recipients of services shall remain barred: (1) pending the outcome of any further investigation, prosecution or disciplinary action against the employee; or (2) until the Department of Human Services Office of Inspector General independently determines that the allegation or allegations against the employee will be unsubstantiated or unfounded in the Office of Inspector General's final investigative report. **New Act**

Creates the Birth Center Licensing Act. Provides that, except as provided by the Act, no person shall open, manage,  
conduct, offer, maintain, or advertise as a birth center without a valid license issued by the Department of Public Health. Requires all  
birth centers in existence as of the effective date of the Act to obtain a valid license to operate within 2 years after the adoption of rules  
by the Department to implement the Act. Provides that an applicant for a license under the Act shall submit an application on forms  
prescribed by the Department, which shall be accompanied by a nonrefundable license fee, as established by rule by the Department.  
Provides that licenses under the Act are renewable every 3 years upon submission of specified materials. Requires birth centers, to the  
extent possible, to link and integrate services with nearby health care facilities. Contains provisions concerning staffing requirements;  
minimum standards to protect the health and safety of a patient of a birth center; and requirements for reimbursement, reporting,  
training, and inspections. Requires the Department to adopt specified rules. Contains other provisions. Effective immediately.

**House Floor Amendment No. 2**

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Makes  
changes concerning definitions. Refers to certified nurse midwives (rather than midwives). Provides that licenses under the Act are  
renewable every year (rather than every 3 years) upon submission of specified materials. Provides that birth centers shall obtain  
certificates of need from the Health Facilities and Services Review Board under the Illinois Health Facilities Planning Act before  
receiving a license by the Department of Public Health. Provides that if, after obtaining an initial certificate of need, a birth center  
seeks to increase the bed capacity of the birth center, the birth center must obtain a certificate of need from the Health Facilities and  
Services Review Board before increasing the bed capacity. Provides that a birth center in a medically underserved area shall receive  
priority in obtaining a certificate of need. Provides that a birth center shall link and integrate its services with at least one birthing  
hospital with a minimum of a Level 1 perinatal designation (rather than with nearby health care facilities). Provides that a birth center  
shall have an established agreement with a nearby receiving birthing center (rather than a written plan for transfer of patients).  
Provides that a birth center is encouraged to participate in quality improvement projects implemented by the Department of Public  
Health's Administrative Perinatal Centers and other Department-supported perinatal quality improvement projects. Requires clinicians,  
or their clinical representative, and attending persons in labor at a birth center to attend morbidity and mortality reviews that occur at  
the receiving birthing hospital on their patients. Requires the Department to require each birth center to report specified information  
every year (rather than every 3 years). Removes language requiring the Department to deem an accreditation body applicable to birth  
centers as a substitute for its own periodic inspection. Makes other changes.

Removes language requiring that the State Registrar of Vital Records establish a new certificate of birth when he receives a declaration stating that a person has undergone treatment for the purpose of gender transition, or that the individual has an intersex condition, and that the sex designation on such person's birth record should therefore be changed. Provides that the State Registrar of Vital Records must establish a new certificate of birth when he receives a statement signed by the person in which the person attests to making the request for the purpose of affirming the person's gender identity or intersex condition and that the sex designation on the person's certificate of birth should therefore be changed. Provides that the fee for a new certificate of birth shall not be required from persons upon release from the Department of Corrections or the Department of Juvenile Justice, but the person is entitled to only one new certificate of birth fee waiver. Provides that the fee for a new certificate of birth shall be waived for specified persons. Provides that fees for a new certificate of birth and for a search of a birth record or a certified copy of a birth record shall be waived for all requests by a person who resides in a shelter for domestic violence. Amends the Homeowners' Energy Policy Statement Act. Changes the definition of "solar storage mechanism" to include batteries. Provides that the entity may determine the specific configuration of the elements of a solar energy system on a given roof face, provided that it may not prohibit elements of the system from being installed on any roof face and that any such determination may not reduce the production of the solar energy system by more than 10% (rather than specific location where a solar energy system may be installed on the roof within an orientation to the south or within 45 degrees east or west of due south provided that the determination does not impair the effective operation of the solar energy system). Provides that within 60 (rather than 120) days after a homeowners' association, common interest community association, or condominium unit owners' association receives a request for a policy statement or an application from an association member, the association shall adopt an energy policy statement. Provides that whenever approval is required for the installation or use of a solar energy system, the application for approval shall be processed by the appropriate approving entity of the association within 60 (rather than 90) days of (rather than after) the submission of the application. Provides that the Act shall not apply to any building that is greater than 60 (rather than 30) feet high.

HB 02595 (CONTINUED)

Amends the Illinois Insurance Code. Provides that every insurer that amends, delivers, issues, or renews a group or individual policy of accident and health insurance or a qualified health plan offered through the health insurance marketplace in the State and Medicaid managed care organizations providing coverage for hospital or medical treatment shall provide coverage for medically necessary treatment of mental, emotional, nervous, or substance use disorders or conditions. Provides that an insurer shall not limit benefits or coverage for medically necessary services on the basis that those services should be or could be covered by a public program. Provides that an insurer shall base any medical necessity determination or the utilization review criteria on current generally accepted standards of mental, emotional, nervous, or substance use disorder or condition care. Provides that in conducting utilization review of covered health care services and benefits for the diagnosis, prevention, and treatment of mental, emotional, and nervous disorders or conditions in children, adolescents, and adults, an insurer shall exclusively apply the criteria and guidelines set forth in the most recent versions of the treatment criteria developed by the nonprofit professional association for the relevant clinical specialty. Provides that an insurer shall not apply different, additional, conflicting, or more restrictive utilization review criteria than the criteria and guidelines set forth in the treatment criteria. Provides that the Director may, after appropriate notice and opportunity for hearing, assess a civil penalty between $5,000 and $20,000 for each violation.

Amends the Health Carrier External Review Act. Provides that independent review organization shall comply with specified requirements for an adverse determination or final adverse determination involving mental, emotional, nervous, or substance use disorders or conditions. Makes other changes. Effective immediately.

House Floor Amendment No. 1

In provisions concerning mental and emotional disorders, provides that an insurer shall not set a specific limit on the duration of benefits or coverage of medically necessary treatment of mental, emotional, nervous, or substance use disorders or conditions or limit coverage only to alleviation of the insured's current symptoms. Provides that nothing shall require the insurer to cover a treatment when the authorization was granted based on a material misrepresentation by the insured, the policyholder, or the provider. Provides that an insurer may apply specified utilization review criteria to health care services and benefits for mental, emotional, and nervous disorders or conditions that are outside the scope of specified criteria and guidelines or relate to advancements in technology or types of care that are not covered in the most recent versions of specified sources. Provides that if the Director of Insurance determines that an insurer has violated the provisions, the Director may assess a civil penalty between $1,000 and $5,000 for each violation (rather than between $5,000 and $20,000). Removes language that provides that changes in terminology, organization, or classification of mental, emotional, nervous, or substance use disorder or condition in future versions of specified publications shall not affect the conditions covered by provisions concerning mental and emotional disorders as long as a condition is commonly understood to be a mental, emotional, nervous, or substance use disorder or condition by health care providers practicing in relevant clinical specialties. Removes language that provides that an insurer shall not limit benefits or coverage for mental, emotional, nervous, or substance use disorders or conditions to short-term or acute treatment at any level of placement. Makes other changes. Changes the effective date to January 1, 2022 (rather than an immediate effective date).

Amends the Illinois Insurance Code. In provisions concerning mental and emotional disorders, provides that every insurer that amends, delivers, issues, or renews group accident and health policies providing coverage for hospital or medical treatment or services for illness on an expense-incurred basis shall provide coverage for the diagnosis and medically necessary treatment (rather than reasonable and necessary treatment and services for) of mental, emotional, nervous, or substance use disorders or conditions. Provides that every insurer that amends, delivers, issues, or renews a group or individual policy of accident and health insurance providing coverage for hospital or medical treatment on or after January 1, 2022 shall provide coverage for medically necessary treatment of mental health and substance use disorders. Provides that an insurer that authorizes a specific type of treatment by a provider shall not rescind or modify the authorization after that provider renders the health care service. Provides that if services for the medically necessary treatment of a mental health or substance use disorder are not available in-network within the geographic and timely access standards set by law or regulation, the insurer shall arrange coverage to ensure the delivery of medically necessary out-of-network services and any medically necessary follow-up services, and the insured shall pay no more in total for benefits rendered than the cost sharing that the insured would pay for the same covered services received from an in-network provider. Provides that an insurer shall not limit benefits or coverage for medically necessary services on the basis that those services should be or could be covered by a public entitlement program. Provides that every insurer shall sponsor an education program, make the program available to other stakeholders, provide clinical review criteria at no cost to providers and insured patients, conduct interrater reliability testing, and achieve interrater pass rates of at least 90% or comply with specified requirements if the 90% threshold is not met. HB 02928

New Act
Representative LaToya Greenwood
HB 02928  (CONTINUED)

Creates the Relieve College Costs Pilot Program Act. Creates a pilot program for a 4-year degree pathway based on texts that served as the core foundational basis for western civilization and the Enlightenment, under which one public high school, one public community college, and one public university shall develop a competency-based baccalaureate degree program for a Fundamental Issues and Texts Humanities Degree. Includes as goals of the program: (1) preparing students with skills relating to critical thinking, problem solving, rational inquiry, and oral and written communication needed for employment or further graduate study; (2) using open educational resources if available; (3) using online course options if available to reduce costs; (4) identifying pathway courses to promote dual credit course enrollment in the participating high school; and (5) having a $20,000 maximum tuition rate for the entirety of the degree pathway. Contains provisions concerning a program director, the curriculum, open educational resources, reporting, and rulemaking. Effective immediately.

House Floor Amendment No. 1

In provisions concerning the panel created by the State Board of Education, Illinois Community College Board, and Board of Higher Education, requires the panel to seek and identify initiatives to support the use of foundational materials and original sources that reside in the public domain or open educational resource materials in support of the degree program (rather than only to seek and identify initiatives to support the use of open educational resource materials). Provides that the panel is dissolved on January 31, 2023. Provides that a public institution, at the request of its board of trustees, must highlight the courses that use low-cost digital or print options for students (rather than courses that may have a lost-cost option for print versions).

HB 00121

(Sen. Ram Villivalam and Melinda Bush)
Amends the Illinois Human Rights Act. Provides that it is the public policy of the State to prevent discrimination based on the specific status or term of status that accompanies a legal work authorization. Defines “work authorization status” as the status of being a person born outside of the United States, and not a U.S. citizen, who is authorized by the federal government to work in the United States. Provides that it is a civil rights violation for: (1) any employer to refuse to hire, to segregate, to engage in harassment, or to act with respect to recruitment, hiring, promotion, renewal of employment, selection for training or apprenticeship, discharge, discipline, tenure or terms, privileges or conditions of employment on the basis of work authorization status; (2) any employment agency to fail or refuse to classify properly, accept applications and register for employment referral or apprenticeship referral, refer for employment, or refer for apprenticeship on the basis of work authorization status; (3) any labor organization to limit, segregate, or classify its membership, or to limit employment opportunities, selection and training for apprenticeship in any trade or craft, or otherwise to take or fail to take, any action which affects adversely any person's status as an employee or as an applicant for employment or as an apprentice, or as an applicant for apprenticeships, or wages, tenure, hours of employment, or apprenticeship conditions on the basis of work authorization status; and (4) any employer to refuse to honor work authorization based upon the specific status or term of status that accompanies the authorization to work. Provides that it is a civil rights violation for a person, or for 2 or more persons, to conspire to retaliate against a person because he or she has opposed that which he or she reasonably and in good faith believes to be discrimination based on work authorization status. Makes conforming changes. Effective immediately.
Amends the Chicago Teacher Article of the Illinois Pension Code. Provides that in case any officer whose signature appears upon any check or draft, issued pursuant to the Article, ceases to hold office, the signature nevertheless shall be valid and sufficient for all purposes. Removes language concerning checks or drafts signed by an officer who ceases to hold office before the delivery of the check to the payee. Provides that if the Fund mistakenly sets any benefit at an incorrect amount, the Fund shall recalculate the benefit as soon as may be practicable after the mistake is discovered. Provides that if the benefit was mistakenly set too low, the Fund shall make a lump sum payment to the recipient of an amount equal to the difference between the benefits that should have been paid and those actually paid, plus interest at the rate of 3% from the date the unpaid amounts accrued to the date of payment. Provides that if the benefit was mistakenly set too high, the Fund may recover the amount overpaid from the recipient plus interest at 3% from the date of overpayment to the date of recovery. Contains provisions concerning repayment of the overpaid amount. Provides that if (1) the amount of the benefit was mistakenly set too high, (2) the error was undiscovered for 3 years or longer from the date of the first mistaken benefit payment, and (3) the error was not the result of incorrect information supplied by the affected member, then upon discovery of the mistake the benefit shall be adjusted to the correct level, but the recipient of the benefit shall not be required to repay to the Fund the excess amounts received in error. Makes other changes.

Deletes a provision concerning objections relating to specificity, timing, filing, and form. Provides that a person who has been convicted of a felony offense in this State or any other state and whose sentence has not been terminated, completed, or discharged is not permitted to file a petition for a name change in the courts of this State unless that person is pardoned for the offense. Adds "name" to two section headings to reflect the duty to report a legal name change. Provides that certain objections shall be served upon the petitioner. Replaces a repeal of a provision concerning notice by publication with a change to the provision providing that the court may issue an order directing that the notice and publication requirement be waived for a change of name involving a person who files with the court a statement verified under oath that the person believes that publishing notice of the name change would be a hardship, including but not limited to, a negative impact on the person's health or safety. Changes the definition of "administering State agency" to any agency or department of the State that is eligible to receive a direct federal allocation of federal Emergency Rental Assistance funds that will disburse funds and administer all or a portion of the Federal Emergency Rental Assistance Program. Deletes the definition of "recipient" or "program recipient". Provides that any State agency administering the program shall provide rental assistance (rather than "program recipients with relief payments") in an amount based on stated need rather than on a flat or fixed amount. Provides that the administering State agency shall make any joint program application forms available. Deletes language requiring the administering State agency to make program application forms for utility providers available.

New Act

Creates the Student Parent Data Collection Act. Beginning September 1, 2021, requires each public institution of higher education to determine the parental status of each of its enrolled students and collect specified information about the student if the student indicates that the student is a parent. Beginning September 1, 2021, requires each public institution of higher education that operates one or more child care centers or early learning centers on its campus or is otherwise affiliated with a child care center or early learning center to collect specified information concerning the number of children served. Sets forth reporting and privacy requirements. Effective July 1, 2021.

House Floor Amendment No. 1

Replaces everything after the enacting clause. Reinserts the contents of the bill with the following changes. Makes changes to the definition of "parent". Requires the Board of Higher Education to prepare a question or questions to be placed on one or more forms that are used by a public institution of higher education on an annual basis to collect demographic data from its students for the purpose of determining the parental status or legal guardian status of each of its enrolled students (rather than beginning September 1, 2021, requiring each public institution of higher education to determine the parental status of each of its enrolled students and collect specified information about the student if the student indicates that the student is a parent). Removes certain information required to be collected regarding child care centers or early learning centers. Provides that the Board of Higher Education and the Illinois Community College Board may adopt rules concerning the reporting of data to protect student privacy while satisfying the requirements of the Act. Effective July 1, 2021.

Requires the Department of Healthcare and Family Services to make available to the Task Force all relevant data related to maternal care expenditures made under the State's Medical Assistance Program so that budget-neutral reimbursement rates can be established for bundled maternal care services spanning the prenatal, labor and delivery, and postpartum phases of a maternity episode.

Amends the Tax Increment Allocation Redevelopment Act of the Illinois Municipal Code. Provides that surplus tax revenues may be used to pay for costs of special education, social services, and other costs of a public school district. Provides that for municipalities with a population of over 1,000,000, redevelopment project costs include public school district qualified workers, costs of providing special educational facilities and services, school psychological services, and school social work services, and any surplus balance in the special tax allocation fund at the end of the fiscal year shall be used for these workers, facilities, and services. Removes provisions allowing anticipated redevelopment project costs to be deemed surplus funds.

Provides that an oral, written, or sign language statement of an accused made as a result of a custodial interrogation conducted at a police station or other place of detention shall be presumed to be inadmissible as evidence against the accused in any criminal proceeding (rather than criminal proceedings involving specified offenses) unless: (1) an electronic recording is made of the custodial interrogation; and (2) the recording is substantially accurate and not intentionally altered. Amends the Illinois Act on the Aging. In provisions concerning the powers and duties of the Department on Aging under the Act, requires the Department to work with workforce development providers through the federal Workforce Innovation and Opportunity Act to establish and implement an affirmative action employment plan for the recruitment, hiring, training, and retraining of persons 60 or more years old for jobs for which their employment would not be precluded by law (rather than requiring the Department to make a grant to an institution of higher learning to study the feasibility of establishing and implementing an affirmative action employment plan for the recruitment, hiring, training, and retraining of persons 60 or more years old for jobs for which their employment would not be precluded by law). Requires the Department to conduct demonstration projects to identify additional ways to assist aging and minority senior citizens throughout the State (rather than requiring the Department to conduct a study of the feasibility of implementing the Senior Companion Program throughout the State). In a provision requiring the Department on Aging and the Department of Human Services to file a joint report with the Governor and the General Assembly, removes the requirement that the report be filed on or before September 30 of each year. Requires the Department on Aging and other specified agencies to submit an annual report on programs and services for minority senior citizens in the State to be filed with the Governor and the General Assembly within 12 months of the closing of the lapse period for the fiscal year included in the report.

Amends the School Code. With regard to the student discipline report, provides that the report must include data on the total number of school days missed by a student due to an out-of-school suspension or expulsion and data on the number of arrests made by law enforcement officers of students on school grounds, in school vehicles, at school activities or school-sanctioned events, or as a result of referrals by school officials. Provides that the report must be disaggregated by whether a student qualifies for services under the federal Individuals with Disabilities Education Act, the total number of school days missed by the student, and the incident type that caused the suspension, expulsion, or removal to an alternative setting. Provides that, in compiling the report, the State Board of Education must use the same disclosure avoidance standards used by the United States Department of Education in its public reporting of data submitted by each school district as part of the Civil Rights Data Collection and must also ensure that cross-tabulation by the various categories of disaggregation is possible. Requires the State Superintendent of Education to convene an Equitable and Restorative School Discipline Advisory Council to advise the State Board of Education on the ongoing implementation of school discipline policies in this State. Makes other changes. Effective immediately.

Creates the Prior Authorization Reform Act. Provides requirements concerning disclosure and review of prior authorization requirements, denial of claims or coverage by a utilization review organization, and the implementation of prior authorization requirements or restrictions. Provides requirements concerning a utilization review organization's obligations with respect to prior authorizations in nonurgent circumstances, urgent health care services, and emergency health care services. Provides that a utilization review organization shall not require prior authorization under specified circumstances. Provides requirements concerning the length of prior authorizations. Provides that health care services are automatically deemed authorized if a utilization review organization fails to comply with the requirements of the Act. Provides that the Director of Insurance may impose an administrative fine not to exceed $250,000 for violations of the Act. Defines terms. Amends the Illinois Insurance Code to change the definition of "emergency medical condition". Amends the Managed Care Reform and Patient Rights Act to provide that companies that transact accident and health insurance shall comply with specified requirements of the Managed Care Reform and Patient Rights Act. Amends the Illinois Public Aid Code to provide that all managed care organizations shall comply with the requirements of the Prior Authorization Reform Act. Makes other changes. Effective January 1, 2022.

House Floor Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Changes references from "utilization review organization" to "health insurance issuer" or "health insurance issuer or its contracted utilization review organization". Provides that a health insurance issuer or its contracted utilization review organization must ensure that all adverse determinations are made by a physician when the request is by a physician or a representative of a physician. Provides that a health insurance issuer shall periodically review its prior authorization requirements and consider removal of prior authorization requirements in specified circumstances (rather than a utilization review organization shall not require prior authorization in specified circumstances). In provisions concerning length of prior authorization approval, provides that a prior authorization approval shall be valid for the lesser of 12 months after the date the health care professional or health care provider receives the prior authorization approval or the length of treatment as determined by the patient's health care professional. In provisions concerning clinical review criteria of prior authorization requirements, removes language that provides that a utilization review organization shall seek input from actively practicing physicians representing major areas of the specialty who are not employees of the utilization review organization or consultants to the utilization review organization before establishing or substantially or materially altering written clinical review criteria. Removes language that provides that a utilization review organization shall not deny prior authorization of a health care service solely based on the grounds that a health care professional or health care provider judges a service, product, or procedure is medically appropriate for his or her patient even if it has not been formally approved for the specific condition being treated. In provisions concerning statistics that shall be made available regarding prior authorization approvals and denials, removes specified categories of information. In provisions concerning requirements applicable to the physician who can review consultations and appeals, removes language that provides that the physician must not be employed by a utilization review organization, be under contract with the utilization review organization other than to participate in one or more of the utilization review organization's health care professional networks or to perform reviews of appeals, or otherwise have any financial interest in the outcome of the appeal. Makes other changes. Effective January 1, 2022.

HB 01745
Amends the Managed Care Reform and Patient Rights Act. Requires health insurance carriers that provide coverage for prescription drugs to ensure that, within service areas and levels of coverage specified by federal law, at least half of individual and group plans meet one or more of the following criteria: apply a pre-deductible and flat-dollar copayment structure to the entire drug benefit, limit a beneficiary's monthly out-of-pocket financial responsibility for prescription drugs to a specified amount, or limit a beneficiary's annual out-of-pocket financial responsibility for prescription drugs to a specified amount. Provides that all plans for prescription drugs offered under the amendatory Act must be clearly and appropriately named, marketed in the same manner as other plans offered by the health insurance carrier, and offered for purchase to any individual and group plan sponsor. Effective January 1, 2022.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Amends the Managed Care Reform and Patient Rights Act. In provisions concerning individual health plans that provide coverage for prescription drugs, provides that beginning January 1, 2023, health insurance carriers shall ensure that at least 10% of individual health care plans offered in each applicable service area apply a flat-dollar copayment structure to the entire drug benefit; and beginning January 1, 2024, health insurance carriers shall ensure that at least 25% of individual health care plans offered in each applicable service area apply a flat-dollar copayment structure to the entire drug benefit. In provisions concerning group health plans that provide coverage for prescription drugs, provides that beginning January 1, 2023, health insurance carriers shall offer at least one group health plan in each applicable service area that applies a flat-dollar copayment structure to the entire drug benefit; and beginning January 1, 2024, health insurance carriers shall offer at least 2 group health plans in each applicable service area that apply a flat-dollar copayment structure to the entire drug benefit. Provides that the flat-dollar copayment structure for prescription drugs must be applied pre-deductible and be reasonably graduated and proportionately related in all tier levels such that the copayment structure as a whole does not discriminate against or discourage the enrollment of individuals with significant health care needs. Requires the health insurance carriers to clearly and appropriately name the plans to aid in individual or group plan selection. Requires the health insurance carriers to market the plans in the same manner as their other plans. Requires the Department of Insurance to adopt rules necessary to implement and enforce the provisions. Effective January 1, 2023.

Amends the Arsonist Registration Act, the Sex Offender Registration Act, and the Murderer and Violent Offender Against Youth Registration Act. Provides that a person required to register under the Act may change her or his name if the change is due to marriage, religious beliefs, status as a victim of trafficking or gender-related identity as defined by the Illinois Human Rights Act. Requires the person to report the name change within 10 days to the law enforcement agency with whom they last registered. Amends the Code of Civil Procedure. Provides further requirements for when name changes may and may not be granted. Provides that a petition for this change shall be a statewide, standardized form approved by the Illinois Supreme Court and include a warning about when a name change may be charged as a felony. Provides when an objection to the name change may be filed. Deletes notice by publication language.

House Floor Amendment No. 1
Deletes reference to:
735 ILCS 5/21-103 rep.
Adds reference to:
735 ILCS 5/21-103 from Ch. 110, par. 21-103

Deletes a provision concerning objections relating to specificity, timing, filing, and form. Provides that a person who has been convicted of a felony offense in this State or any other state and whose sentence has not been terminated, completed, or discharged is not permitted to file a petition for a name change in the courts of this State unless that person is pardoned for the offense. Adds "name" to two section headings to reflect the duty to report a legal name change. Provides that certain objections shall be served upon the petitioner. Replaces a repeal of a provision concerning notice by publication with a change to the provision providing that the court may issue an order directing that the notice and publication requirement be waived for a change of name involving a person who files with the court a statement verified under oath that the person believes that publishing notice of the name change would be a hardship, including but not limited to, a negative impact on the person's health or safety. Provides that in a case where waiver of the notice and publication requirement is sought, the petition for waiver will be presumed granted and heard at the same hearing as the petition for name change. Provides that the court retains discretion to determine whether a hardship is shown and may order the petitioner to publish thereafter.

Amends the Illinois Vehicle Code. Provides that the Secretary of State and the Illinois Supreme Court may work in cooperation to implement a program to reinstate suspended driving privileges. Provides that the program shall be available to citizens of this State who earn less than $50,000 per year and whose driving privileges have been suspended for a period longer than 3 months, but not to persons whose driving privileges have been revoked or suspended for driving under the influence or refusing to submit to drug or alcohol testing. Provides that the program shall include a feature by which persons may apply for relief online through the website of the Secretary or in person at a local Driver Services facility. Provides that a person eligible for relief under the program shall be provided with a daily 10-hour window in which the person may operate the vehicle for transportation to and from work. Provides that if a person granted limited driving privileges drives for 6 months without committing specified violations, then the person shall be eligible for the full restoration of driving privileges upon the payment of a $50 fee and completion of a 4-hour driver's education course. Provides that the Secretary shall develop the driver's education course and offer the course to eligible participants free of charge. Provides that the Secretary and the Illinois Supreme Court shall work in cooperation with local law enforcement, the Illinois State Police, and circuit court clerks to implement the new provisions. 410 ILCS 527/15

Amends the Illinois Public Aid Code. Provides that, to ensure full access to the benefits set forth in provisions regarding the Healthy Kids Program, on and after January 1, 2022, the Department of Healthcare and Family Services shall ensure that provider and hospital reimbursements for immunization as required under the provisions are no lower than the Medicare reimbursement rate. Amends the Immunization Data Registry Act. Provides that health care providers, physician's designees, or pharmacist's designees shall (rather than may) provide immunization data to be entered into the immunization data registry. Removes language providing that the immunization data need not be provided if the patient or the patient's parent or guardian, if the patient is less than 18 years of age, has completed and filed with the provider, physician's designee, or pharmacist's designee a written immunization data exemption form. Provides that the written information and the immunization data exemption forms must include information that the health care provider shall (rather than may) report immunization data to the Department of Public Health to be entered into the immunization data registry. Effective January 1, 2022.

House Floor Amendment No. 2

In provisions amending the Illinois Public Aid Code, provides that the Department of Healthcare and Family Services shall ensure that provider and hospital reimbursements for immunization are no lower than 70% of the regional maximum administration fee as established by the U.S. Department of Health and Human Services' Centers for Medicare and Medicaid Services (rather than the Medicare reimbursement rate).

Fiscal Note, House Floor Amendment No. 2 (Dept. of Healthcare & Family Services)

Based on limited data availability, the annual impact of using 70% of Medicare rates for vaccine services for Medicaid participants under age 21 is estimated at $5.7 million, with $0.9 million for FFS claims and about $4.8 million impact to the MCO capitation rates. The FY 2022 impact for providing six months of services at the new rates would be about $2.9 million. There would be substantial administrative costs to change the pricing methodology to the provider level and for storage and programming changes to the claims processing and provider enrollment systems. Planning and implementation may take up to 12 months to complete, which would exceed the time available with the January 1, 2022 effective date.

Provides that persons who violate the amendatory Act's provisions shall be subject to a civil penalty of $500 for each offense, and that the release of 50 balloons or fewer at one time is a single offense. Provides that the release of more than 50 balloons shall constitute a separate violation for every 50 balloons released. Provides that the Supreme Court may implement a program to issue a Hope Card to the petitioner of a plenary order of protection for the petitioner to distribute to any individual who may need to be aware of the order. Adds provisions concerning the design and details of a Hope Card. Provides that a Hope Card shall have the same effect as the underlying plenary order of protection. Amends the Illinois Insurance Code. Includes the delivery of covered health care services by way of telephone usage in the definition of "telehealth services". Provides that health care services that are covered under an individual or group policy of accident or health insurance must be covered when delivered via telehealth services when clinically appropriate, subject to specified conditions (rather than requiring an individual or group policy of accident or health insurance to comply with specified conditions if it provides coverage for telehealth services). HB 03308   (CONTINUED)

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. In provisions concerning health care services that are covered under an individual or group policy of accident and health insurance that must be covered when delivered via telehealth services when clinically appropriate, provides that reimbursement to a health care provider for telehealth services for behavioral health services provided through an interactive telecommunications system shall be made on the same basis, in the same manner, and at the same rate as would be applied for the same services if they had been delivered in-person and shall include reasonable compensation to a facility that serves as the originating site at the time a telehealth service is rendered. Provides that with respect to telehealth benefits provided in an individual or group policy of accident or health insurance, insurers may not require patients to use a separate panel of health care providers to receive telehealth service coverage and reimbursement; create geographic or facility restrictions or requirements for telehealth services; require patients or health care providers to prove a hardship or access barrier before the approval of telehealth services for coverage or reimbursement; negotiate different contract rates for telehealth services and in-person services for behavioral health services; or impose upon telehealth services utilization review requirements that are unnecessary, duplicative, or unwarranted or impose any treatment limitations, prior authorization, documentation, or recordkeeping requirements that are more stringent than the requirements applicable to the same health care service when rendered in-person. Provides that health care providers shall determine the appropriateness of specific sites, technology platforms, and technology vendors for a telehealth service, as long as delivered services adhere to privacy laws. Amends the All-Inclusive Care for the Elderly Act. Changes the name of the Act to the "Program of All-Inclusive Care for the Elderly Act". Provides that no later than March 1, 2022, the Department of Healthcare and Family Services must submit a State Plan amendment to the federal Centers for Medicare and Medicaid Services (CMS) to establish the Program of All-Inclusive Care for the Elderly (PACE program) to provide community-based, risk-based, and capitated long-term care services as optional services under the State's Medicaid Plan and under contracts entered into between CMS, the Department, and PACE organizations. Provides that beginning June 1, 2022, or upon federal approval, the Department must develop the PACE program in consultation with nursing homes, Area Agencies on Aging, and others interested in the well-being of Illinois' elderly residents. Provides that no later than June 30, 2022, the Department must have prepared a comprehensive plan that describes on a county by county basis how PACE services will be delivered within the designated region. Requires the Department, by August 1, 2022, to issue a request for proposals seeking organizations to enter into risk-based contracts. Provides that no later than October 1, 2023, the Department shall begin accepting applications for the PACE program and shall begin approving applications by November 1, 2023. Provides that certain federal requirements of the PACE model shall not be waived or modified. Contains provisions concerning the treatment of income and resources to determine applicant eligibility; capitation rates for PACE organizations; and other matters. Amends the Illinois Public Aid Code. Provides that subject to federal approval, PACE services shall become a covered benefit of the medical assistance program. Effective immediately.

Fiscal Note (Dept. of Healthcare & Family Services)
The Department of Healthcare and Family Services anticipates that approximately 3 - 6 PACE organizations would begin operation between a target start date of 7/1/23 and a target end date of 6/30/24. It is anticipated that capacity at each center would be roughly 500 individuals. At a per member per month rate of $616 the cost would be between $924,000 and $1,848,000. This fiscal impact has been put together with very broad assumptions, as at this point it is difficult to determine exactly how many areas of the state will be able to support a PACE program, and thus, the number of enrollees is a very general estimate. It is important to note, the cost of the PACE program would be offset by the reduction to MCO coverage. Therefore, while there is a fiscal impact, the fiscal impact on the state overall would be minimal.

Provides that, under specified circumstances, a motor vehicle insurer that defends or indemnifies a claim against a shared vehicle that is excluded under the terms of its policy shall have the right to seek recovery (instead of contribution) against the motor vehicle insurer of the car-sharing program.

House Floor Amendment No. 2  
Replaces everything after the enacting clause with the contents of the introduced bill and House Amendment No. 1, and makes the following changes: Provides that a car-sharing program shall assume liability of a shared-vehicle owner for bodily injury or property damage to third parties or uninsured and underinsured motorist or personal injury protection losses during the car-sharing period in an amount stated in the car-sharing agreement, which amount may not be less than 4 times the minimum amounts required under the Illinois Vehicle Code (instead of those amounts set forth in the Illinois Vehicle Code). Provides that a car-sharing program shall ensure that, during each car-sharing period, the shared-vehicle owner and the shared-vehicle driver are insured under a motor vehicle liability insurance policy that provides insurance coverage in amounts that, for the shared-vehicle driver, are equal to 2 times the minimum amounts set forth in the Illinois Vehicle Code (instead of in amounts no less than the minimum amounts set forth in the Illinois Vehicle Code). Deletes a Section concerning the inapplicability of other Acts. Makes other changes in a Section concerning insurable interest.

305 ILCS 5/5-5.12d new
Amends the Medical Assistance Article of the Illinois Public Aid Code. Requires the Department of Healthcare and Family Services to permit medical assistance recipients, including those enrolled in managed care, to obtain pharmacy services from the pharmacy of their choice if the pharmacy is licensed under the Pharmacy Practice Act and accepts the professional dispensing fee for pharmacy services as determined by the Department. Provides that no managed care organization that contracts with the Department to provide services to recipients may restrict a recipient's access to pharmacy services to a selected group of pharmacies. Provides that if a managed care organization merges with or is acquired by another entity, the resulting entity may not restrict a recipient's access to pharmacy services to a selected group of pharmacies. Permits the Department to renegotiate with the resulting entity the terms of the managed care contract the Department had with the original managed care organization prior to the merger or acquisition. Requires the Department to contract with an independent research organization to conduct a study and submit a report on those managed care organizations that are contracted to provide services to recipients. Requires the report to include an analysis of pharmacy access for medical assistance recipients with the aim of identifying "pharmacy deserts"; an analysis of the costs and benefits of having managed care organizations administer health care services, including pharmacy services, to recipients; and other matters. Prohibits the Department from entering into any new contract with a managed care organization before the report has been received and analyzed by the Department and posted on its website. Amends the Unemployment Insurance Act to provide that if an individual's benefit year begins on or after March 8, 2020, but before the week following the last week of a disaster period established by the gubernatorial disaster proclamations in response to COVID-19, recovery by suit in the name of the People of the State of Illinois or recoupment from benefits payable to an individual for any week shall be permanently waived if the sum was received by the individual without fault on his or her part. Provides that, in cases of such permanent waiver of recovery or recoupment, the Director of Employment Security may not request the Comptroller or the Secretary of the Treasury to withhold a sum of benefits for which an individual is found to be ineligible. Effective immediately.

Fiscal Note (Dept. of Employment Security)
The legislation may have a fiscal impact on the Illinois Unemployment Insurance Trust Fund. The reported data indicates that for the programs payable under Illinois state law: (1) Fiscal Year 2019, non-fraudulent recovery totaled approximately $14,303,046.00; (2) Fiscal Year 2020, non-fraudulent recovery totaled approximately $16,552,059.00; and (3) First and Second Quarter Fiscal Year 2021, non-fraudulent recovery totaled approximately $10,147,378.00. Based on the above data, it appears the legislation could forgive $3.5 million to $5.1 million for each quarter the waiver provision remained in effect. While the system is generally designed to replenish the state’s Unemployment Trust Fund account by charging employers for benefits paid from the account, employers would not be directly charged for the forgiven overpayments as the bill is currently written.

State Mandates Fiscal Note, House Committee Amendment No. 1 (Dept. of Commerce & Economic Opportunity)

HB 1736 (H-AM 1) does not create a State Mandate.

Fiscal Note, House Committee Amendment No. 1 (State Board of Education)

HB 1736 (H-AM 1) includes new requirements for the State Board of Education (Board) and school districts that will have a fiscal impact. This fiscal impact estimate only addresses known or estimated costs for the Board and not PreK-12 public school districts, other State agencies or other entities impacted by the amendments. The Board is tasked with adopting sex education standards by July 1, 2022, develop and maintain sex education resources, and provide technical assistance to school district as needed. ISBE anticipates needing to hire additional staff to implement the requirements of HB 1736 (H-AM 1). ISBE estimates the cost of implementing this amendment will be $1.45m in years 1 and 2 and $100,000 in future years.

New Act

50 ILCS 750/4 from Ch. 134, par. 34

Creates the Community Emergency Services and Supports Act. Provides that the Act applies to every unit of local government that provides or coordinates ambulance or similar emergency medical response or transportation services for individuals with emergency medical needs. A home rule unit may not respond to or provide services for a mental or behavioral health emergency, or create a transportation plan or other regulation, relating to the provision of mental or behavioral health services in a manner inconsistent with this Act. Provides that one plan shall describe how the EMS Region will provide mobile emergency mental and behavioral health services to individuals who do not present as a threat to the responders, and are not involved in criminal activity at the time of the response. Provides that the plan shall conform to the requirements of the Act and, recognizing the variety of systems, services, and needs across the State, provide the specific requirements and guidance appropriate for that region. Provides that the plan shall be identified as the region's community emergency services and supports plan. Provides that the second plan shall describe the manner and extent to which responders operating under the region's Community Emergency Services and Supports Plan coordinate with law enforcement when responding to individuals who appear to be in a mental or behavioral health emergency while engaged in conduct alleged to constitute a non-violent misdemeanor. Provides that the plan shall be identified as the region's Non-Violent Misdemeanor Coordination Plan. Amends the Emergency Telephone System Act to make conforming changes. Effective immediately.

Fiscal Note (Dept. of Human Services)
The fiscal impact to IDHS to provide for the establishment and oversight on the committees would be minimal.

House Floor Amendment No. 1

Replaces everything after the enacting clause. Creates the Community Emergency Services and Support Act. Provides that each 9-1-1 call center and provider of emergency services dispatched through a 9-1-1 system must coordinate with the mobile mental and behavioral health services established by the Division of Mental Health of the Department of Human Services so that the following State goals and State prohibitions are met whenever a person interacts with one of these entities for the purpose seeking emergency mental and behavioral health care or when one of these entities recognizes the appropriateness of providing mobile mental or behavioral health care to an individual with whom they have engaged. Provides that the Division of Mental Health is also directed to provide guidance regarding whether and how these entities should coordinate with mobile mental and behavioral health services when responding to individuals who appear to be in a mental or behavioral health emergency while engaged in conduct alleged to constitute a non-violent misdemeanor. Provides that 9-1-1 call centers, emergency services dispatched through 9-1-1 call centers, and the mobile mental and behavioral health service established by the Division of Mental Health must coordinate their services so that certain specified State prohibitions are avoided. Provides that the Act applies to persons of all ages, both children and adults. Provides that the Act does not limit an individual's right to control his or her own medical care. No provision of this Act shall be interpreted in such a way as to limit an individual's right to choose his or her preferred course of care or to reject care. Provides that no provision of this Act shall be interpreted to promote or provide justification for the use of restraints when providing mental or behavioral health care. Amends the Emergency Telephone System Act to make conforming changes.

Amends the Illinois Human Rights Act. Provides that it is the public policy of the State to prevent discrimination based on the specific status or term of status that accompanies a legal work authorization. Defines "work authorization status" as the status of being a person born outside of the United States, and not a U.S. citizen, who is authorized by the federal government to work in the United States. Provides that it is a civil rights violation for: (1) any employer to refuse to hire, to segregate, to engage in harassment, or to act with respect to recruitment, hiring, promotion, renewal of employment, selection for training or apprenticeship, discharge, discipline, tenure or terms, privileges or conditions of employment on the basis of work authorization status; (2) any employment agency to fail or refuse to classify properly, accept applications and register for employment referral or apprenticeship referral, refer for employment, or refer for apprenticeship on the basis of work authorization status; (3) any labor organization to limit, segregate, or classify its membership, or to limit employment opportunities, selection and training for apprenticeship in any trade or craft, or otherwise to take or fail to take, any action which affects adversely any person's status as an employee or as an applicant for employment or as an apprentice, or as an applicant for apprenticeships, or wages, tenure, hours of employment, or apprenticeship conditions on the basis of work authorization status; and (4) any employer to refuse to honor work authorization based upon the specific status or term of status that accompanies the authorization to work. Provides that it is a civil rights violation for a person, or for 2 or more persons, to conspire to retaliate against a person because he or she has opposed that which he or she reasonably and in good faith believes to be discrimination based on work authorization status. Makes conforming changes. Effective immediately.

Provides that an insured or any other person who may be the owner of rights under a policy of life insurance may make an irrevocable assignment of all or a part of his or her rights under the policy to a funeral home in accordance with a specified provision of the Illinois Funeral or Burial Funds Act. Provides that a policy owner who executes a designation beneficiary form irrevocably waives and cannot exercise certain rights, including the right to collect from the insurance company the net proceeds of the policy when it becomes a claim by death and the right to collect or receive income, distributions, or shares of surplus, dividend deposits, refunds of premium, or additions to the policy. Amends the Illinois Funeral or Burial Funds Act. Provides that existing life insurance policies are exempt if there has been an irrevocable declaration of proceeds at the death of the insured. Requires the insured person to sign an irrevocable designation of beneficiary form declaring that any amounts payable from the policies not used for funeral goods and services shall be received by the State up to an amount equal to the total medical assistance paid on behalf of the person with any remaining funds paid to a secondary beneficiary (if any) listed on the policy.

Creates the Securing All Futures for Equitable Reinvestment in Communities Act. Provides legislative intent. Creates the Securing All Futures for Equitable Reinvestment Tax Credit Pilot Program Act. Provides that an applicant that hires certain formerly incarcerated individuals during the incentive period may apply for a tax credit against the applicant's withholding tax liability. Provides that the savings from the changes made to the Unified Code of Corrections shall be deposited into the Securing All Futures for Equitable Reinvestment (SAFER) Communities Fund for the purpose of funding the program. Amends the Unified Code of Corrections to reduce the sentencing ranges for all classes of felonies, and to remove minimum sentences for Class 4 felonies and Class A and Class B misdemeanors. Provides that the provisions of the Act apply to offenses committed before the effective date of this Act, and to offenses committed on or after the effective date of this amendatory Act. Provides for resentencing of currently incarcerated persons based on these changes. Effective immediately.

Fiscal Note (Dept. of Revenue)
Although the bill limits the credit to $1.5 billion over its 6-year life, the Department is unable to provide a fiscal impact estimate for House Bill 3215 because the legislation, as introduced, contains multiple drafting ambiguities, errors, and incomplete definitions. For example, the bill defines "participant" to mean, in part, a full-time employee who was formerly incarcerated between January 1, 2009 and December 31, 2019. The bill, however, provides later that the credit is limited to 10,000 participants "newly released" from prison and 10,000 participants that were released between January 1, 2009 and December 31, 2019. Additionally, the bill provides the credit amount awarded is to be between $10,000 and $15,000 each year per participant hired. The bill further provides a list of criteria to be considered in determining the amount of the credit, but no guidance is provided as to how that list of criteria computes to a given credit amount. These problems, among others in the bill as introduced, prevent the Department from making adequately precise determinations of who qualifies for the credit and of how to calculate the credit.

Rep. Thaddeus Jones-Rita Mayfield-Sue Scherer-Dan Brady-Bob Morgan, Stephanie A. Kifowit, LaToya Greenwood and Camille Y. Lilly
(Sen. Napoleon Harris, III-Cristina H. Pacione-Zayas)

215 ILCS 5/356z.22

Amends the Illinois Insurance Code. Includes the delivery of covered health care services by way of telephone usage in the definition of "telehealth services". Provides that health care services that are covered under an individual or group policy of accident or health insurance must be covered when delivered via telehealth services when clinically appropriate, subject to specified conditions (rather than requiring an individual or group policy of accident or health insurance to comply with specified conditions if it provides coverage for telehealth services). Provides that patient cost-sharing may be no more than if the health care service were delivered in person. Provides that no excepted benefit policy may deny or reduce any benefit to a patient based on the use of clinically appropriate telehealth services in the course of satisfying the policy's benefit criteria.

House Committee Amendment No. 1
Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. In provisions concerning health care services that are covered under an individual or group policy of accident and health insurance that must be covered when delivered via telehealth services when clinically appropriate, provides that reimbursement to a health care provider for telehealth services for behavioral health services provided through an interactive telecommunications system shall be made on the same basis, in the same manner, and at the same rate as would be applied for the same services if they had been delivered in-person and shall include reasonable compensation to a facility that serves as the originating site at the time a telehealth service is rendered. Provides that with respect to telehealth benefits provided in an individual or group policy of accident or health insurance, insurers may not (rather than an individual or group policy of accident or health insurance may not) require patients to use a separate panel of health care providers to receive telehealth service coverage and reimbursement; create geographic or facility restrictions or requirements for telehealth services; require patients or health care providers to prove a hardship or access barrier before the approval of telehealth services for coverage or reimbursement; negotiate different contract rates for telehealth services and in-person services for behavioral health services; or impose upon telehealth services utilization review requirements that are unnecessary, duplicative, or unwarranted or impose any treatment limitations, prior authorization, documentation, or recordkeeping requirements that are more stringent than the requirements applicable to the same health care service when rendered in-person. Provides that health care providers shall determine the appropriateness of specific sites, technology platforms, and technology vendors for a telehealth service, as long as delivered services adhere to privacy laws. Defines terms.

Provides that a health insurer may establish reasonable requirements and parameters for telehealth services. Further amends the Illinois Insurance Code. Creates the Telehealth Payment Parity Task Force to review and study the use of telehealth services in the State with respect to payment and reimbursement parity for health care providers providing such services. Sets forth provisions concerning election of a chairperson, compensation, and appointments of members of the Telehealth Payment Parity Task Force. Provides that the task force shall submit its findings and recommendations to the Governor and General Assembly by December 31, 2021. Provides that the task force is dissolved on January 1, 2023. Amends the Early Intervention Services System Act. Permits an early intervention provider to deliver via telehealth any type of early intervention services authorized under the Act to the extent of his or her scope of practice as established in his or her respective licensing Act consistent with the standards of care for in-person services.
