HB 03803

(Sen. Celina Villanueva-Jacqueline Y. Collins and Laura M. Murphy)

210 ILCS 88/30

Amends the Fair Patient Billing Act. Requires a hospital to proactively offer information on charity care options available to patients, regardless of their immigration status, health insurance, or residency, and to obtain the signature of a patient declining charity care if the patient does not intend to access financial assistance. Effective July 1, 2021.

House Floor Amendment No. 1

Replaces everything after the enacting clause. Amends the Fair Patient Billing Act. Provides that a hospital shall proactively offer information on charity care options available to uninsured patients, regardless of their immigration status or residency. Effective on the first day of the first month immediately following 90 days after becoming law.
Amends the Unemployment Insurance Act to provide that if an individual’s benefit year begins on or after March 8, 2020, but before the week following the last week of a disaster period established by the gubernatorial disaster proclamations in response to COVID-19, recovery by suit in the name of the People of the State of Illinois or recoupment from benefits payable to an individual for any week shall be permanently waived if the sum was received by the individual without fault on his or her part. Provides that, in cases of such permanent waiver of recovery or recoupment, the Director of Employment Security may not request the Comptroller or the Secretary of the Treasury to withhold a sum of benefits for which an individual is found to be ineligible. Effective immediately.

Fiscal Note (Dept. of Employment Security)

The legislation may have a fiscal impact on the Illinois Unemployment Insurance Trust Fund. The reported data indicates that for the programs payable under Illinois state law: (1) Fiscal Year 2019, non-fraudulent recovery totaled approximately $14,303,046.00; (2) Fiscal Year 2020, non-fraudulent recovery totaled approximately $16,552,059.00; and (3) First and Second Quarter Fiscal Year 2021, non-fraudulent recovery totaled approximately $10,147,378.00. Based on the above data, it appears the legislation could forgive $3.5 million to $5.1 million for each quarter the waiver provision remained in effect. While the system is generally designed to replenish the state’s Unemployment Trust Fund account by charging employers for benefits paid from the account, employers would not be directly charged for the forgiven overpayments as the bill is currently written.

705 ILCS 505/8 from Ch. 37, par. 439.8

Amends the Court of Claims Act. Provides that if a person who has been granted a pardon or issued a certificate of innocence establishes that he or she plead guilty due to a forced confession, the Court of Claims shall make an award of $50,000 per year the person was wrongfully imprisoned and attorney's fees not exceeding 25% of the award granted. Provides that the court shall include the number of years the person was imprisoned awaiting trial in its determination of the award and that the court shall include an additional $25,000 for each year served on parole, probation, or registered as a sex offender after imprisonment. Provides that the court shall annually adjust the awards authorized by the new provisions to reflect the increase, if any, in the Consumer Price Index For All Urban Consumers for the previous calendar year, as determined by the United States Department of Labor, except that no annual increment may exceed 5%. Makes corresponding changes. Effective immediately.

House Committee Amendment No. 1
Replaces everything after the enacting clause. Amends the Court of Claims Act. Deletes language regarding the amount a court shall award to a person for time unjustly served in prison when the person imprisoned received a pardon on the ground of innocence of the crime for which he or she was imprisoned or he or she received a certificate of innocence. Provides instead that the court shall award $50,000 per year during which the person was wrongfully imprisoned and shall prorate that amount for a fraction of a year that the person was wrongfully imprisoned, including the number of years the person was awaiting trial. Provides that the court shall award attorney's fees in an amount not to exceed 25% of the award granted. Provides that the changes made by the amendatory Act apply to all claims pending or filed on or after the effective date.

Fiscal Note (Court of Claims)
House Bill 86 could have a cost to the State of Illinois, however no dollar estimate can be given. Under the current statute, award amounts for innocent individuals that were incarcerated are in three tiers, with maximum payouts based on the length of incarceration. Each tier could be affected by this amendment, which allows payment of $50,000.00 per year in cases involving coerced confessions.
It is not possible to forecast the number of future innocence claims that may be received by the Court of Claims, nor the lengths of incarceration or circumstances surrounding any individual future claim. The Court received approximately 50 certificates in fiscal year 2020 and, to date, over 70 certificates in fiscal year 2021.

before the start of a term, requires the governing board of a public university or community college district to notify an adjunct
professor about whether a class he or she was hired to teach has been canceled.

House Floor Amendment No. 1

Replaces everything after the enacting clause. Amends various Acts relating to the governance of public universities and
community colleges in Illinois. At least 30 days before the start of a term and again 14 days before the beginning of a term, requires
the governing board of a public university or community college district to notify an adjunct professor about the status of the class the
adjunct professor was hired to teach. Requires the governing board to allow adjunct professors to have access to the electronic class
roster that displays enrollment to assess the status of class enrollment. Provides that the provisions do not apply if the Governor has
declared a disaster due to a public health emergency or a natural disaster under the Illinois Emergency Management Agency Act.
Exempts collective bargaining agreements that are in effect on the effective date of the amendatory Act from the provisions.

Senate Floor Amendment No. 1

Removes the provisions allowing an adjunct professor to have access to the electronic class roster that displays class
enrollment. In the provisions amending the Public Community College Act, provides that at least 30 days before the beginning of a
semester or term and again at 14 days before the beginning of the semester or term, a community college must notify an adjunct
professor about the status of class enrollment of the class the adjunct professor was assigned to teach (rather than at least 30 days
before the beginning of a term and again at 14 days before the beginning of the term, the board of trustees must notify an adjunct
professor about the status of class enrollment of the class the adjunct professor was hired to teach).

New Act

50 ILCS 750/4 from Ch. 134, par. 34
Representative Mary E. Flowers
HB 02784  (CONTINUED)

Creates the Community Emergency Services and Supports Act. Provides that the Act applies to every unit of local government that provides or coordinates ambulance or similar emergency medical response or transportation services for individuals with emergency medical needs. A home rule unit may not respond to or provide services for a mental or behavioral health emergency, or create a transportation plan or other regulation, relating to the provision of mental or behavioral health services in a manner inconsistent with this Act. Provides that one plan shall describe how the EMS Region will provide mobile emergency mental and behavioral health services to individuals who do not present as a threat to the responders, and are not involved in criminal activity at the time of the response. Provides that the plan shall conform to the requirements of the Act and, recognizing the variety of systems, services, and needs across the State, provide the specific requirements and guidance appropriate for that region. Provides that the plan shall be identified as the region's community emergency services and supports plan. Provides that the second plan shall describe the manner and extent to which responders operating under the region's Community Emergency Services and Supports Plan coordinate with law enforcement when responding to individuals who appear to be in a mental or behavioral health emergency while engaged in conduct alleged to constitute a non-violent misdemeanor. Provides that the plan shall be identified as the region's Non-Violent Misdemeanor Coordination Plan. Amends the Emergency Telephone System Act to make conforming changes. Effective immediately.

Fiscal Note (Dept. of Human Services)
The fiscal impact to IDHS to provide for the establishment and oversight on the committees would be minimal.

House Floor Amendment No. 1
Replaces everything after the enacting clause. Creates the Community Emergency Services and Support Act. Provides that each 9-1-1 call center and provider of emergency services dispatched through a 9-1-1 system must coordinate with the mobile mental and behavioral health services established by the Division of Mental Health of the Department of Human Services so that the following State goals and State prohibitions are met whenever a person interacts with one of these entities for the purpose seeking emergency mental and behavioral health care or when one of these entities recognizes the appropriateness of providing mobile mental or behavioral health care to an individual with whom they have engaged. Provides that the Division of Mental Health is also directed to provide guidance regarding whether and how these entities should coordinate with mobile mental and behavioral health services when responding to individuals who appear to be in a mental or behavioral health emergency while engaged in conduct alleged to constitute a non-violent misdemeanor. Provides that 9-1-1 call centers, emergency services dispatched through 9-1-1 call centers, and the mobile mental and behavioral health service established by the Division of Mental Health must coordinate their services so that certain specified State prohibitions are avoided. Provides that the Division of Mental Health shall establish regional advisory committees in each EMS Region to advise on emergency response systems for mental and behavioral health. Provides that the Act applies to persons of all ages, both children and adults. Provides that the Act does not limit an individual's right to control his or her own medical care. No provision of this Act shall be interpreted in such a way as to limit an individual's right to choose his or her preferred course of care or to reject care. Provides that no provision of this Act shall be interpreted to promote or provide justification for the use of restraints when providing mental or behavioral health care. Amends the Emergency Telephone System Act to make conforming changes.

HB 02784  (CONTINUED)

Replaces everything after the enacting clause. Creates the Community Emergency Services and Support Act. Provides that each 9-1-1 call center and provider of emergency services dispatched through a 9-1-1 system must coordinate with the mobile mental and behavioral health services established by the Division of Mental Health of the Department of Human Services so that the following State goals and State prohibitions are met whenever a person interacts with one of these entities for the purpose seeking emergency mental and behavioral health care or when one of these entities recognizes the appropriateness of providing mobile mental or behavioral health care to an individual with whom they have engaged. The Division of Mental Health is also directed to provide guidance regarding whether and how these entities should coordinate with mobile mental and behavioral health services when responding to individuals who appear to be in a mental or behavioral health emergency while engaged in conduct alleged to constitute a non-violent misdemeanor. Provides that 9-1-1 PSAPs, emergency services dispatched through 9-1-1 PSAPs, and the mobile mental and behavioral health service established by the Division of Mental Health must coordinate their services so that the State goals listed in this Section are achieved. Appropriate mobile response service for mental and behavioral health emergencies shall be available regardless of whether the initial contact was with 9-8-8, 9-1-1 or directly with an emergency service dispatched through 9-1-1.

Provides that the Division of Mental Health shall establish a Statewide Advisory Committee to review and make recommendations for aspects of coordinating 9-1-1 and the 9-8-8 mobile mental health response system most appropriately addressed on a State level. Provides that the Division of Mental Health shall establish Regional Advisory Committees in each EMS Region to advise on regional issues related to emergency response systems for mental and behavioral health. Provides that the exemptions from civil liability in the Emergency Telephone Systems Act apply to any act or omission in the development, design, installation, operation, maintenance, performance, or provision of service directed by the Act. Provides that the Act applies to persons of all ages, both children and adults. This Act does not limit an individual's right to control his or her own medical care. No provision of this Act shall be interpreted in such a way as to limit an individual's right to choose his or her preferred course of care or to reject care. No provision of this Act shall be interpreted to promote or provide justification for the use of restraints when providing mental or behavioral health care.

Senate Floor Amendment No. 2

Make technical and stylistic changes in the bill as amended by Senate Amendment No. 1. Adds additional responsibilities for 9-1-1 Public Safety Answering Point telecommunicators and emergency service providers. Places the applicability and home rule preemption provisions in a separate Section of the bill.

New Act
Replaces everything after the enacting clause. Creates the Consumer Choice in Maternal Care for African-American Mothers Pilot Program Act. Requires the Task Force on Infant and Maternal Mortality Among African Americans to partner with community-based maternal care providers to develop rules and regulations for a Medicaid voucher pilot program to expand consumer choice for Black mothers that includes planned home birth services and in-home perinatal and postpartum care services provided by racially concordant nationally accredited certified professional midwives. Requires the Department of Healthcare and Family Services to implement the pilot program no later than January 1, 2023. Provides that the pilot program shall operate for a 5-year period. Requires the Task Force to submit annual reports to the General Assembly, beginning January 1, 2024, and each January 1 thereafter through January 1, 2028, that provides a status update on the pilot program and annual impact measure reporting. Provides that the pilot program shall implement a maternity episode payment model that provides a single payment for all services across the prenatal, intrapartum, and postnatal period which covers the 9 months of pregnancy plus 12 weeks of postpartum. Requires the Department of Healthcare and Family Services to make available to the Task Force all relevant data related to maternal care expenditures made under the State's Medical Assistance Program so that budget-neutral reimbursement rates can be established for bundled maternal care services spanning the prenatal, labor and delivery, and postpartum phases of a maternity episode.

Provides that the Department shall report the incidences of low birth weight, preterm birth, hospital admission for neonatal intensive care services, and severe maternal morbidity, pregnancy-related mortality, and neonatal mortality among program participants. Requires the Department to collect and maintain deidentified demographic data for all program participants. Provides that the demographic data collected for any program participant shall include the participant's zip code of residence at the time of program enrollment, parity, maternal race and ethnicity, maternal age at delivery, and weeks' gestation at the time of program enrollment. Amends the Criminal Identification Act. Provides that the Illinois State Police and all law enforcement agencies within the State shall automatically expunge all criminal history records of an arrest, charge not initiated by arrest, order of supervision, or order of qualified probation for any person who, on or after January 1, 1970, has been convicted of, or is serving an order of supervision for, possession or delivery, but not manufacture or production, of cannabis whether or not the person has served or is serving his or her sentence for that violation on the effective date of the amendatory Act. Provides that the clerk of the circuit court shall, on the effective date of the amendatory Act, automatically expunge the court records of a person who, on or after January 1, 1970, has been convicted of, or is serving an order of supervision for, possession or delivery, but not manufacture or production, of cannabis whether or not the person has served or is serving his or her sentence for that violation on the effective date of the amendatory Act. Provides that a person imprisoned solely as a result of one or more convictions for possession or delivery, but not manufacture or production, of cannabis shall be released from incarceration on the effective date of the amendatory Act. Amends the Cannabis Control Act. Repeals the provision prohibiting the possession of cannabis. Modifies the provision prohibiting the delivery or manufacture of cannabis so it applies only to manufacture or production of cannabis. Amends the Cannabis Regulation and Tax Act to make conforming changes.

Fiscal Note (Admin Office of the Illinois Courts)

HB3085 amends the Criminal Identification Act, requiring automatic expungement of law enforcement and court records related to cannabis convictions on the effective date of the bill. Based on a review of the bill, it is not possible to determine what fiscal impact, if any, the bill would have on state appropriations to the judicial branch or what fiscal impact, if any, the bill would have on local judicial budgets.

Fiscal Note (Illinois State Police)

House Bill 3085 provides the Illinois State Police shall automatically expunge all criminal history records of an arrest, charge not initiated by arrest, order of supervision, or order of qualified probation for any person who, on or after January 1, 1970, has been convicted of, or is serving an order of supervision for, possession or delivery, but not manufacture or production, of cannabis whether or not the person has served or is serving his or her sentence for that violation. Automatic expungement outside the judicial process will not allow for the collection of statutory fees, which cover administrative costs. While existing personnel may be used to develop and implement computer programming to carry out the automatic expungement of electronic records, our records unit who handles physical records would need additional staff. The cost of one office specialist in our records unit is $113,583, which includes personal services and fringe benefits (retirement, social security and insurance). If House Bill 3085 were to become law, we would hire three additional records specialists at a cost of approximately $340,749.

Creates the Securing All Futures for Equitable Reinvestment in Communities Act. Provides legislative intent. Creates the Securing All Futures for Equitable Reinvestment Tax Credit Pilot Program Act. Provides that an applicant that hires certain formerly incarcerated individuals during the incentive period may apply for a tax credit against the applicant's withholding tax liability. Provides that the savings from the changes made to the Unified Code of Corrections shall be deposited into the Securing All Futures for Equitable Reinvestment (SAFER) Communities Fund for the purpose of funding the program. Amends the Unified Code of Corrections to reduce the sentencing ranges for all classes of felonies, and to remove minimum sentences for Class 4 felonies and Class A and Class B misdemeanors. Provides that the provisions of the Act apply to offenses committed before the effective date of this Act, and to offenses committed on or after the effective date of this amendatory Act. Provides for resentencing of currently incarcerated persons based on these changes. Effective immediately.

Fiscal Note (Dept. of Revenue)
Although the bill limits the credit to $1.5 billion over its 6-year life, the Department is unable to provide a fiscal impact estimate for House Bill 3215 because the legislation, as introduced, contains multiple drafting ambiguities, errors, and incomplete definitions. For example, the bill defines "participant" to mean, in part, a full-time employee who was formerly incarcerated between January 1, 2009 and December 31, 2019. The bill, however, provides later that the credit is limited to 10,000 participants "newly released" from prison and 10,000 participants that were released between January 1, 2009 and December 31, 2019. Additionally, the bill provides the credit amount awarded is to be between $10,000 and $15,000 each year per participant hired. The bill further provides a list of criteria to be considered in determining the amount of the credit, but no guidance is provided as to how that list of criteria computes to a given credit amount. These problems, among others in the bill as introduced, prevent the Department from making adequately precise determinations of who qualifies for the credit and of how to calculate the credit.

Provides that, to ensure managed care enrollees do not experience an interruption in pharmacy services during the transition from managed care to fee-for-service coverage, the Department must, at a minimum, do the following: add an additional pharmacist to its staff; stress-test its existing claims processing system; increase its capacity for prior authorizations; and educate the public and its help desk staff about the change in coverage for pharmacy services. Grants the Department rulemaking authority. Repeals a provision that permits the Department to enter into a contract with a third party on a fee-for-service reimbursement model for the purpose of administering pharmacy benefits for recipients not enrolled in a Medicaid managed care organization. Provides that, notwithstanding any provision of law to the contrary, a hospital, whenever possible and after reviewing a patient's eligibility, shall charge as much as possible of the patient's hospital bill to insurers, public assistance programs, the medical assistance program established under the Illinois Public Aid Code, or the Medicare program rather than the patient. New Act

HB 03995  (CONTINUED)

Creates the Birth Center Licensing Act. Provides that, except as provided by the Act, no person shall open, manage, conduct, offer, maintain, or advertise as a birth center without a valid license issued by the Department of Public Health. Requires all birth centers in existence as of the effective date of the Act to obtain a valid license to operate within 2 years after the adoption of rules by the Department to implement the Act. Provides that an applicant for a license under the Act shall submit an application on forms prescribed by the Department, which shall be accompanied by a nonrefundable license fee, as established by rule by the Department. Provides that licenses under the Act are renewable every 3 years upon submission of specified materials. Requires birth centers, to the extent possible, to link and integrate services with nearby health care facilities. Contains provisions concerning staffing requirements; minimum standards to protect the health and safety of a patient of a birth center; and requirements for reimbursement, reporting, training, and inspections. Requires the Department to adopt specified rules. Contains other provisions. Effective immediately.

House Floor Amendment No. 2
Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Makes changes concerning definitions. Refers to certified nurse midwives (rather than midwives). Provides that licenses under the Act are renewable every year (rather than every 3 years) upon submission of specified materials. Provides that birth centers shall obtain certificates of need from the Health Facilities and Services Review Board under the Illinois Health Facilities Planning Act before receiving a license by the Department of Public Health. Provides that if, after obtaining an initial certificate of need, a birth center seeks to increase the bed capacity of the birth center, the birth center must obtain a certificate of need from the Health Facilities and Services Review Board before increasing the bed capacity. Provides that a birth center in a medically underserved area shall receive priority in obtaining a certificate of need. Provides that a birth center shall link and integrate its services with at least one birthing hospital with a minimum of a Level 1 perinatal designation (rather than with nearby health care facilities). Provides that a birth center shall have an established agreement with a nearby receiving birthing center (rather than a written plan for transfer of patients). Provides that a birth center is encouraged to participate in quality improvement projects implemented by the Department of Public Health's Administrative Perinatal Centers and other Department-supported perinatal quality improvement projects. Requires clinicians, or their clinical representative, and attending persons in labor at a birth center to attend morbidity and mortality reviews that occur at the receiving birthing hospital on their patients. Requires the Department to require each birth center to report specified information every year (rather than every 3 years). Removes language requiring the Department to deem an accreditation body applicable to birth centers as a substitute for its own periodic inspection. Makes other changes.

305 ILCS 5/5-5.12d new

Amends the Medical Assistance Article of the Illinois Public Aid Code. Requires the Department of Healthcare and Family Services to permit medical assistance recipients, including those enrolled in managed care, to obtain pharmacy services from the pharmacy of their choice if the pharmacy is licensed under the Pharmacy Practice Act and accepts the professional dispensing fee for pharmacy services as determined by the Department. Provides that no managed care organization that contracts with the Department to provide services to recipients may restrict a recipient's access to pharmacy services to a selected group of pharmacies. Provides that if a managed care organization merges with or is acquired by another entity, the resulting entity may not restrict a recipient's access to pharmacy services to a selected group of pharmacies. Permits the Department to renegotiate with the resulting entity the terms of the managed care contract the Department had with the original managed care organization prior to the merger or acquisition. Requires the Department to contract with an independent research organization to conduct a study and submit a report on those managed care organizations that are contracted to provide services to recipients. Requires the report to include an analysis of pharmacy access for medical assistance recipients with the aim of identifying "pharmacy deserts"; an analysis of the costs and benefits of having managed care organizations administer health care services, including pharmacy services, to recipients; and other matters. Prohibits the Department from entering into any new contract with a managed care organization before the report has been received and analyzed by the Department and posted on its website. Effective immediately.

Balanced Budget Note (Office of Management and Budget)
Please be advised that the Balanced Budget Note Act does not apply to House Bill 591 as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Judicial Note (Admin Office of the Illinois Courts)
Based on a review of the bill, it has been determined that the proposed legislation would neither increase nor decrease the number of judges needed in the State of Illinois.

Pension Note (Government Forecasting & Accountability)
HB 591 will not have any impact on any public pension fund or retirement system in the State of Illinois.

State Debt Impact Note (Government Forecasting & Accountability)
HB 591 would not change the amount of authorization for any type of State-issued bond, and, therefore, would not affect the level of State indebtedness.

Housing Affordability Impact Note (Housing Development Authority)
This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.
Representative La Shawn K. Ford
HB 00591 (CONTINUED)

Home Rule Note (Dept. of Commerce & Economic Opportunity)
This bill does not pre-empt home rule authority.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)
This bill does not create a State Mandate.

Fiscal Note (Dept. of Healthcare & Family Services)
The bill would require the Department to accept claims from any provider licensed under the Pharmacy Practice Act for services provided to recipients under the Medicaid fee-for-service (FFS) program or through a contractual managed care organization (MCO) entity. There would be a significant impact to liability for the MCO capitation rates. This bill has a total fiscal impact of $186 million.

Replaces everything after the enacting clause. Amends the Substance Use Disorder Act. Provides that any hospital licensed under the Hospital Licensing Act or organized under the University of Illinois Hospital Act shall be deemed to have met certain standards and requirements to enroll in the drug overdose prevention program upon completion of the enrollment process except that proof of a standing order and attestation of programmatic requirements shall be waived for enrollment purposes. Provides that SBIRT services include: (i) a screening to quickly assess the severity of substance use and to identify the appropriate level of treatment; (ii) a brief intervention focused on increasing insight and awareness regarding substance use and motivation toward behavioral change; and (iii) referral to treatment provided to those identified as needing more extensive treatment with access to specialty care. Provides that SBIRT services may include, but are not limited to, the following settings and programs: primary care centers, hospital emergency rooms, hospital in-patient units, trauma centers, community behavioral health programs, and other community settings that provide opportunities for early intervention with at-risk substance users before more severe consequences occur. Amends the Medical Assistance Article of the Illinois Public Aid Code. Defines SBIRT. Requires the Department of Healthcare and Family Services to develop and seek federal approval of a SBIRT benefit for which qualified providers shall be reimbursed under the medical assistance program. Permits the Department of Healthcare and Family Services, in conjunction with the Department of Human Services’ Division of Substance Use Prevention and Recovery, to develop a methodology and reimbursement rate for SBIRT services provided by qualified providers in approved settings. Provides that for opioid specific SBIRT services provided in a hospital emergency department, the Department of Healthcare and Family Services shall develop a bundled reimbursement methodology and rate for a package of opioid treatment services. Provides that the package of opioid related services shall be billed on a separate claim and shall be reimbursed outside of the Enhanced Ambulatory Patient Grouping system.

- 720 ILCS 5/11-1.40 was 720 ILCS 5/12-14.1
- 720 ILCS 5/12-3.05 was 720 ILCS 5/12-4
- 720 ILCS 5/18-2 from Ch. 38, par. 18-2

Adds reference to:

- 730 ILCS 5/5-4-1 from Ch. 38, par. 1005-4-1

Replaces everything after the enacting clause. Amends the Unified Code of Corrections. Provides that in imposing sentences of imprisonment for certain violations of the Criminal Code of 2012, the court may, in its discretion, decline to impose or impose a term of years less than any otherwise applicable sentencing enhancement based upon firearm possession, possession with personal discharge, or possession with personal discharge that proximately causes great bodily harm, permanent disability, permanent disfigurement, or death to another person. Provides that in the exercise of this discretion the court shall consider specified factors.

House Floor Amendment No. 2
Deletes reference to:

- 730 ILCS 5/5-4-1

Adds reference to:

- 730 ILCS 5/5-4.5-105

Replaces everything after the enacting clause. Amends the Unified Code of Corrections. Provides that when a person commits an offense and the person is under 21, rather than under 18, the court, at the sentencing hearing shall consider specified factors in mitigation in determining the appropriate sentence.

House Floor Amendment No. 3
Provides that notwithstanding any other provision of law, if the defendant is under 18 at the time of the commission of the offense and convicted of first degree murder and would otherwise be subject to sentencing under certain provisions based on the category of persons identified therein, the court shall impose a sentence of not less than 40 years of imprisonment. Provides that, in addition, the court may, in its discretion, decline to impose the sentencing enhancements based upon the possession or use of a firearm during the commission of the offense.

Fiscal Note (Admin Office of the Illinois Courts)
HB 2989 amends the Criminal Code of 2012, making various statutory sentencing provisions discretionary rather than mandatory. Based on a review of the bill, it has been determined that the proposed legislation would have no fiscal impact on the state appropriation to the judicial branch. It is not possible to determine what fiscal impact, if any, the bill would have on local judicial budgets.

House Floor Amendment No. 4
Provides that notwithstanding any other provision of law, if the defendant is under 18 at the time of the commission of the offense and convicted of first degree murder and would otherwise be subject to sentencing under certain provisions based on the category of persons identified therein, the court shall impose a sentence of not less than 40 years of imprisonment. Provides that, in addition, the court may, in its discretion, decline to impose the sentencing enhancements based upon the possession or use of a firearm during the commission of the offense.

Amends the Amusement Ride and Attraction Safety Act. Provides that "amusement ride" includes any trampoline court.

Defines "trampoline court".

House Floor Amendment No. 1
Provides that "amusement ride" means, among other things, any dry slide, alpine slide, or toboggan slide that a person must pay to gain access to, but not a slide at a private residence, public or nonpublic school, daycare, or public park (rather than any dry slide, alpine slide, or toboggan slide). Provides that "trampoline court" does not include a gymnastic training facility that derives all (rather than a majority) of its revenue from supervised instruction in the teaching of gymnastic skills (rather than gymnastic skills and basics).

House Floor Amendment No. 2
Makes changes to the bill as amended by House Amendment No. 1 to provide that "amusement ride" does not include (1) any slide that is placed in a playground and that does not normally require the supervision or services of a person responsible for its operation; or (2) any slide that is not open to the general public and for which admission is monitored and strictly controlled by invitation, company or group identification, or other means of identification (rather than providing that "amusement ride" includes any dry slide, alpine slide, or toboggan slide that a person must pay to gain access to, but not a slide at a private residence, public or nonpublic school, daycare, or public park).

Senate Committee Amendment No. 1
Provides that the definition of "trampoline court" does not include a gymnastic training facility that only utilizes trampolines during the supervised instruction of gymnastic skills (currently, a gymnastic training facility that derives all of its revenue from supervised instruction in the teaching of gymnastic skills).

Amends the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois. Provides that the Director of Public Health, if a physician licensed to practice medicine in all its branches in Illinois, shall establish a standing order complete with the issuance of a prescription for a hormonal contraceptive in accordance with the requirements of the provisions. Provides that if the Director is not a physician licensed to practice medicine in all its branches in Illinois, the Medical Director of the Department of Public Health shall establish the standing order. Amends the Illinois Insurance Code. Requires a group or individual policy of accident and health insurance or managed care plan to provide coverage for patient care services provided by a pharmacist. Makes conforming changes in the State Employees Group Insurance Act of 1971, the Counties Code, the Illinois Municipal Code, and the School Code. Amends the Pharmacy Practice Act. Provides that the definition of “practice of pharmacy” includes the dispensing of hormonal contraceptives pursuant to the standing order under provisions of the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois. Amends the Illinois Public Aid Code. Requires the medical assistance program to cover patient care services provided by a pharmacist for hormonal contraceptives assessment and consultation. Effective January 1, 2022.

House Floor Amendment No. 1
Deletes reference to:
20 ILCS 2310/2310-705 new
Adds reference to:
225 ILCS 85/43 new
Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Further amends the Pharmacy Practice Act. Sets forth provisions concerning dispensation of hormonal contraceptives. Provides that the Department of Financial and Professional Regulation may adopt rules to implement the provisions. In provisions in the Illinois Public Aid Code concerning coverage for patient care services for hormonal contraceptives provided by a pharmacist, provides that the Department of Public Health (rather than the Director of Public Health) shall apply for any necessary federal waivers or approvals to implement the provisions by January 1, 2022. Provides that the Department shall submit to the Joint Committee on Administrative Rules administrative rules (rather than adopt administrative rules) as soon as practicable but no later than 6 months after federal approval is received (rather than no later than May 1, 2022). Removes changes to the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois. Removes language that provides that the provisions shall not be implemented until the receipt of all necessary federal waivers or approvals or until January 1, 2024, whichever comes first, and if federal approval is not obtained by January 1, 2024, the provisions shall be implemented using State funds.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the engrossed bill with the following changes. Amends the Illinois Insurance Code. Provides that a group or individual policy of accident and health insurance or a managed care plan that is amended, delivered, issued, or renewed on or after January 1, 2023 (rather than the effective date of the amendatory Act) shall provide coverage for health care or patient care services provided by a pharmacist if specified conditions are met (instead of coverage for patient care services provided by a pharmacist for hormonal contraceptives assessment and consultation). Amends the Pharmacy Practice Act to provide that nothing in the provisions concerning dispensation of hormonal contraceptives shall be interpreted to require a pharmacist to dispense hormonal contraception under a standing order issued by a physician licensed to practice medicine in all its branches or the medical director of a local health department (rather than also under a standing order issued by the Medical Director of the Department of Public Health). Changes the definition of "practice of pharmacy". Effective January 1, 2023 (rather than January 1, 2022).

Senate Floor Amendment No. 2

Provides that the bill takes effect on January 1, 2022, except that provisions amending the Illinois Insurance Code take effect on January 1, 2023 (rather than all provisions taking effect on January 1, 2023).

305 ILCS 5/5-19 from Ch. 23, par. 5-19
410 ILCS 527/15

Amends the Illinois Public Aid Code. Provides that, to ensure full access to the benefits set forth in provisions regarding
the Healthy Kids Program, on and after January 1, 2022, the Department of Healthcare and Family Services shall ensure that provider
and hospital reimbursements for immunization as required under the provisions are no lower than the Medicare reimbursement rate.
Amends the Immunization Data Registry Act. Provides that health care providers, physician's designees, or pharmacist's designees
shall (rather than may) provide immunization data to be entered into the immunization data registry. Removes language providing that
the immunization data need not be provided if the patient or the patient's parent or guardian, if the patient is less than 18 years of age,
has completed and filed with the provider, physician's designee, or pharmacist's designee a written immunization data exemption form.
Provides that the written information and the immunization data exemption forms must include information that the health care
provider shall (rather than may) report immunization data to the Department of Public Health to be entered into the immunization data

House Floor Amendment No. 2
In provisions amending the Illinois Public Aid Code, provides that the Department of Healthcare and Family Services shall
ensure that provider and hospital reimbursements for immunization are no lower than 70% of the regional maximum administration fee
as established by the U.S. Department of Health and Human Services' Centers for Medicare and Medicaid Services (rather than the
Medicare reimbursement rate).

Fiscal Note, House Floor Amendment No. 2 (Dept. of Healthcare & Family Services)
Based on limited data availability, the annual impact of using 70% of Medicare rates for vaccine services for Medicaid
participants under age 21 is estimated at $5.7 million, with $0.9 million for FFS claims and about $4.8 million impact to
the MCO capitation rates. The FY 2022 impact for providing six months of services at the new rates would be about $2.9
million. There would be substantial administrative costs to change the pricing methodology to the provider level and for
storage and programming changes to the claims processing and provider enrollment systems. Planning and implementation
may take up to 12 months to complete, which would exceed the time available with the January 1, 2022 effective date.

Provides that the Illinois Juvenile Justice Commission shall study and make recommendations to the General Assembly regarding the availability of youth services to reduce the use of detention and prevent deeper criminal involvement. Amends the Juvenile Court Act of 1987. Provides that it is the goal of the Act to ensure that detention is the last resort and for as short a time as possible. Provides that on and after July 1, 2021, any minor 13 years of age or older arrested under this Act where there is probable cause to believe that the minor is a delinquent minor and that (i) secure custody is a matter of immediate and urgent necessity in light of a serious threat to the physical safety of a person or persons in the community or to secure the presence of the minor at the next hearing, as evidenced by a demonstrable record of willful failure to appear at a scheduled court hearing within the last 12 months, may be kept or detained in an authorized detention facility. Provides that a minor must be at least 13 (rather than 10) years of age to be placed in detention. Effective immediately.

Provides that an employee barred from contact with recipients of services shall remain barred: (1) pending the outcome of any further investigation, prosecution or disciplinary action against the employee; or (2) until the Department of Human Services Office of Inspector General independently determines that the allegation or allegations against the employee will be unsubstantiated or unfounded in the Office of Inspector General's final investigative report. New Act

Creates the Birth Center Licensing Act. Provides that, except as provided by the Act, no person shall open, manage, conduct, offer, maintain, or advertise as a birth center without a valid license issued by the Department of Public Health. Requires all birth centers in existence as of the effective date of the Act to obtain a valid license to operate within 2 years after the adoption of rules by the Department to implement the Act. Provides that an applicant for a license under the Act shall submit an application on forms prescribed by the Department, which shall be accompanied by a nonrefundable license fee, as established by rule by the Department. Provides that licenses under the Act are renewable every 3 years upon submission of specified materials. Requires birth centers, to the extent possible, to link and integrate services with nearby health care facilities. Contains provisions concerning staffing requirements; minimum standards to protect the health and safety of a patient of a birth center; and requirements for reimbursement, reporting, training, and inspections. Requires the Department to adopt specified rules. Contains other provisions. Effective immediately.

House Floor Amendment No. 2

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Makes changes concerning definitions. Refers to certified nurse midwives (rather than midwives). Provides that licenses under the Act are renewable every year (rather than every 3 years) upon submission of specified materials. Provides that birth centers shall obtain certificates of need from the Health Facilities and Services Review Board under the Illinois Health Facilities Planning Act before receiving a license by the Department of Public Health. Provides that if, after obtaining an initial certificate of need, a birth center seeks to increase the bed capacity of the birth center, the birth center must obtain a certificate of need from the Health Facilities and Services Review Board before increasing the bed capacity. Provides that a birth center in a medically underserved area shall receive priority in obtaining a certificate of need. Provides that a birth center shall link and integrate its services with at least one birthing hospital with a minimum of a Level 1 perinatal designation (rather than with nearby health care facilities). Provides that a birth center shall have an established agreement with a nearby receiving birthing center (rather than a written plan for transfer of patients). Provides that a birth center is encouraged to participate in quality improvement projects implemented by the Department of Public Health's Administrative Perinatal Centers and other Department-supported perinatal quality improvement projects. Requires clinicians, or their clinical representative, and attending persons in labor at a birth center to attend morbidity and mortality reviews that occur at the receiving birthing hospital on their patients. Requires the Department to require each birth center to report specified information every year (rather than every 3 years). Removes language requiring the Department to deem an accreditation body applicable to birth centers as a substitute for its own periodic inspection. Makes other changes.

Amends the Vital Records Act. Removes language requiring that the State Registrar of Vital Records establish a new certificate of birth when he receives a declaration stating that a person has undergone treatment for the purpose of gender transition, or that the individual has an intersex condition, and that the sex designation on such person's birth record should therefore be changed. Provides that the State Registrar of Vital Records must establish a new certificate of birth when he receives a statement signed by the person in which the person attests to making the request for the purpose of affirming the person's gender identity or intersex condition and that the sex designation on the person's certificate of birth should therefore be changed. Provides that the fee for a new certificate of birth shall not be required from persons upon release from the Department of Corrections or the Department of Juvenile Justice, but the person is entitled to only one new certificate of birth fee waiver. Provides that the fee for a new certificate of birth shall be waived for specified persons. Provides that fees for a new certificate of birth and for a search of a birth record or a certified copy of a birth record shall be waived for all requests by a person who resides in a shelter for domestic violence. Requires the State Registrar of Vital Records to establish standards and procedures for the waiver of fees. Provides that a person who resides in a shelter for domestic violence must not be charged for verification. Provides that a person who knowingly or purposefully falsifies verification is subject to a penalty of $100. Provides that a person who resides in a shelter for domestic violence shall be provided no more than 4 birth records annually under the provisions. Effective January 1, 2022.

House Committee Amendment No. 1

Provides that a person's signed statement to receive a new birth certificate must indicate whether the certificate of birth should be changed to a male, female, or X designation (rather than just changed).

HB 02595
Amends the Illinois Insurance Code. Provides that every insurer that amends, delivers, issues, or renews a group or individual policy of accident and health insurance or a qualified health plan offered through the health insurance marketplace in the State and Medicaid managed care organizations providing coverage for hospital or medical treatment shall provide coverage for medically necessary treatment of mental, emotional, nervous, or substance use disorders or conditions. Provides that an insurer shall not limit benefits or coverage for medically necessary services on the basis that those services should be or could be covered by a public program. Provides that an insurer shall base any medical necessity determination or the utilization review criteria on current generally accepted standards of mental, emotional, nervous, or substance use disorder or condition care. Provides that in conducting utilization review of covered health care services and benefits for the diagnosis, prevention, and treatment of mental, emotional, and nervous disorders or conditions in children, adolescents, and adults, an insurer shall exclusively apply the criteria and guidelines set forth in the most recent versions of the treatment criteria developed by the nonprofit professional association for the relevant clinical specialty. Provides that an insurer shall not apply different, additional, conflicting, or more restrictive utilization review criteria than the criteria and guidelines set forth in the treatment criteria. Provides that the Director may, after appropriate notice and opportunity for hearing, assess a civil penalty between $5,000 and $20,000 for each violation. Amends the Health Carrier External Review Act. Provides that the independent review organization shall comply with specified requirements for an adverse determination or final adverse determination involving mental, emotional, nervous, or substance use disorders or conditions. Makes other changes. Effective immediately.

House Floor Amendment No. 1

In provisions concerning mental and emotional disorders, provides that an insurer shall not set a specific limit on the duration of benefits or coverage of medically necessary treatment of mental, emotional, nervous, or substance use disorders or conditions or limit coverage only to alleviation of the insured's current symptoms. Provides that nothing shall require the insurer to cover a treatment when the authorization was granted based on a material misrepresentation by the insured, the policyholder, or the provider. Provides that an insurer may apply specified utilization review criteria to health care services and benefits for mental, emotional, and nervous disorders or conditions that are outside the scope of specified criteria and guidelines or relate to advancements in technology or types of care that are not covered in the most recent versions of specified sources. Provides that if the Director of Insurance determines that an insurer has violated the provisions, the Director may assess a civil penalty between $1,000 and $5,000 for each violation (rather than between $5,000 and $20,000). Removes language that provides that changes in terminology, organization, or classification of mental, emotional, nervous, substance use disorder or condition in future versions of specified publications shall not affect the conditions covered by provisions concerning mental and emotional disorders as long as a condition is commonly understood to be a mental, emotional, nervous, or substance use disorder or condition by health care providers practicing in relevant clinical specialties. Removes language that provides that an insurer shall not limit benefits or coverage for mental, emotional, nervous, or substance use disorders or conditions to short-term or acute treatment at any level of placement. Makes other changes. Changes the effective date to January 1, 2022 (rather than an immediate effective date).

Senate Committee Amendment No. 1

Adds reference to:

215 ILCS 5/370c.1
Replaces everything after the enacting clause with the provisions of the engrossed bill with the following changes. Provides that every insurer that amends, delivers, issues, or renews a group or individual policy of accident and health insurance or a qualified health plan offered through the health insurance marketplace in the State and Medicaid managed care organizations providing coverage for hospital or medical treatment shall provide coverage for medically necessary treatment of mental, emotional, nervous, or substance use disorders or conditions on or after January 1, 2023 (rather than January 1, 2022). Provides that an insurer or Medicaid managed care organization shall not be required to pay for services if the individual was not the insurer's enrollee or eligible for Medicaid at the time the service was rendered. Provides that an insurer shall not be required to cover benefits that have been authorized and provided for a covered person by a public entitlement program. Provides that for medical necessity determinations (rather than in conducting utilization review of covered health care services and benefits) relating to level of care placement, continued stay, and transfer or discharge of insureds diagnosed with mental, emotional, and nervous disorders or conditions, insurers and Medicaid managed care organizations shall apply specified patient placement criteria. Makes various changes to provisions concerning requirements for insurers regarding education of the insurer's staff and other stakeholders, publishing of utilization review criteria, and documentation of interrater reliability testing and remediation actions. Further amends the Illinois Insurance Code. In provisions concerning mental, emotional, nervous, or substance use disorder or condition parity, provides that not later than January 1 (rather than August 1) of each year, the Department of Insurance shall issue a joint report to the General Assembly and provide an educational presentation to the General Assembly. Removes language that provides that insurers shall base the duration of treatment on the insured's individual needs; that an insurer shall only engage applicable qualified providers in the treatment of mental, emotional, nervous, or substance use disorders or conditions or the appropriate subspecialty and who possess an active professional license or certificate to review, approve, or deny services; and that every insurer shall sponsor a formal education program by nonprofit clinical specialty associations. Makes other changes. Effective January 1, 2022, except that specified provisions take effect immediately.

Amends the Illinois Insurance Code. In provisions concerning mental and emotional disorders, provides that every insurer that amends, delivers, issues, or renews group accident and health policies providing coverage for hospital or medical treatment or services for illness on an expense-incurred basis shall provide coverage for the diagnosis and medically necessary treatment (rather than reasonable and necessary treatment and services for) of mental, emotional, nervous, or substance use disorders or conditions. Provides that every insurer that amends, delivers, issues, or renews a group or individual policy of accident and health insurance providing coverage for hospital or medical treatment on or after January 1, 2022 shall provide coverage for medically necessary treatment of mental health and substance use disorders. Provides that an insurer that authorizes a specific type of treatment by a provider shall not rescind or modify the authorization after that provider renders the health care service. Provides that if services for the medically necessary treatment of a mental health or substance use disorder are not available in-network within the geographic and timely access standards set by law or regulation, the insurer shall arrange coverage to ensure the delivery of medically necessary out-of-network services and any medically necessary follow-up services, and the insured shall pay no more in total for benefits rendered than the cost sharing that the insured would pay for the same covered services received from an in-network provider. Provides that an insurer shall not limit benefits or coverage for medically necessary services on the basis that those services should be or could be covered by a public entitlement program. Provides that every insurer shall sponsor an education program, make the program available to other stakeholders, provide clinical review criteria at no cost to providers and insured patients, conduct interrater reliability testing, and achieve interrater pass rates of at least 90% or comply with specified requirements if the 90% threshold is not met. Defines terms.

Acknowledges that toxic stress and adverse childhood experiences can have significantly negative short-term, long-term, and generational impacts and that early interventions through trauma-informed care is the most efficient and cost effective way to combat these impacts. Urges the Illinois General Assembly to seek out opportunities to enhance legislation through the science of resiliency and a trauma informed lens and funding around early intervention services for children and families that centers the principles of brain development, the intimate connection between mental and physical health, and the concepts of toxic stress and adverse childhood experiences.

HB 01443 (CONTINUED)

In provisions amending the Compassionate Use of Medical Cannabis Program Act, makes changes to the definition of "Social Equity Justice Involved Applicant". Requires cannabis in a vehicle to be in a reasonably secured, sealed or resealable (rather than a reasonably secured, sealed) container. In provisions amending the Cannabis Regulation and Tax Act, makes the following changes. Removes language providing that any person 21 years of age or older in possession of cannabis shall not be required to possess cannabis in a container that meets specified requirements. Provides an exception for breaching the confidentiality of information obtained under the Act. Provides that an Early Approval Adult Use Dispensing Organization's application to relocate its license under specified provisions shall be deemed approved 30 days (rather than within 30 days) following the submission of a complete application to relocate. Provides that specified applicants may not be located within 1,500 of a dispensing organization licensed under provisions regarding Early Approval Adult Use Dispensing Organization Licenses or Early Approval Adult Use Dispensing Organization License secondary sites (rather than within 1,500 of a dispensing organization), unless specified requirements are met. Provides that if awarding a license in a Tied Applicant Lottery would result in a Tied Applicant possessing more than 10 specified licenses, or any combination of the specified licenses, (rather than only the specified licenses) the Tied Applicant must choose which license to abandon. Restores language requiring any product containing cannabis to be sold in a container that, among other things, must be odor-proof.

New Act

Creates the Relieve College Costs Pilot Program Act. Creates a pilot program for a 4-year degree pathway based on texts that served as the core foundational basis for western civilization and the Enlightenment, under which one public high school, one public community college, and one public university shall develop a competency-based baccalaureate degree program for a Fundamental Issues and Texts Humanities Degree. Includes as goals of the program: (1) preparing students with skills relating to critical thinking, problem solving, rational inquiry, and oral and written communication needed for employment or further graduate study; (2) using open educational resources if available; (3) using online course options if available to reduce costs; (4) identifying pathway courses to promote dual credit course enrollment in the participating high school; and (5) having a $20,000 maximum tuition rate for the entirety of the degree pathway. Contains provisions concerning a program director, the curriculum, open educational resources, reporting, and rulemaking. Effective immediately.

House Floor Amendment No. 1

In provisions concerning the panel created by the State Board of Education, Illinois Community College Board, and Board of Higher Education, requires the panel to seek and identify initiatives to support the use of foundational materials and original sources that reside in the public domain or open educational resource materials in support of the degree program (rather than only to seek and identify initiatives to support the use of open educational resource materials). Provides that the panel is dissolved on January 31, 2023. Provides that a public institution, at the request of its board of trustees, must highlight the courses that use low-cost digital or print options for students (rather than courses that may have a lost-cost option for print versions).

Amends the Unified Code of Corrections to create a Misdemeanor Diversion Program.

Fiscal Note (Admin Office of the Illinois Courts)
HB3447 amends the Criminal Identification Act regarding expungements. It is not possible to determine what fiscal impact, if any, the bill would have on local judicial budgets.

Creates the Prescription Drug Repository Program Act. Requires the Department of Public Health to, by rule, establish a prescription drug repository program, under which any person may donate a prescription drug or supplies needed to administer a prescription drug for use by an individual who meets eligibility criteria specified by the Department. Sets forth requirements that prescription drugs or supplies must meet in order to be accepted and dispensed under the program. Provides that no drugs or supplies donated under the prescription drug repository program may be resold. Provides that nothing in the Act requires that a pharmacy or pharmacist participate in the prescription drug repository program. Provides for civil and criminal immunity for drug and supply manufacturers and individuals in relation to the donation, acceptance, or dispensing of prescription drugs or supplies under the prescription drug repository program. Imposes conditions on any rulemaking authority. Amends the Pharmacy Practice Act, the Wholesale Drug Distribution Licensing Act, the Senior Pharmaceutical Assistance Act, the Illinois Food, Drug and Cosmetic Act, the Illinois Controlled Substances Act, and the Cannabis and Controlled Substances Tort Claims Act to provide that persons engaged in donating or accepting, or packaging, repackaging, or labeling, prescription drugs to the extent permitted or required under the Prescription Drug Repository Program Act are exempt from provisions of those other Acts that might prohibit or otherwise regulate such activity.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Creates the Illinois Drug Reuse Opportunity Program Act. Provides that, notwithstanding any other law or rule, donors may donate drugs to recipients and recipients may receive donated drugs from donors. Provides that recipients shall only dispense or administer drugs to eligible patients, further donate drugs to another recipient, or dispose of drugs in accordance with specified provisions. Provides that drugs donated for use under the Act are considered nonsaleable. Provides that, when dispensing a drug to an eligible patient, the recipient must do so at no cost to the eligible patient, except that a reasonable handling fee may be charged. Provides that recipients may only dispense or administer a prescription drug or provide an over-the-counter drug if specified requirements are met. Provides that recipients shall, to the greatest extent practicable, dispense drugs received under the Act to priority patients. Provides that drugs may be accepted under the Act only if specified requirements are met. Contains requirements for the further donation of drugs by a recipient. Contains provisions regarding the disposition of specified drugs. Provides that nothing in the Act requires that a pharmacy or pharmacist be a recipient of drugs under the Act. Provides that the Act shall supersede any inconsistent law or rule for activities conducted under the Act. Contains other provisions. Amends the Pharmacy Practice Act, the Wholesale Drug Distribution Licensing Act, the Senior Pharmaceutical Assistance Act, the Illinois Food, Drug and Cosmetic Act, the Illinois Controlled Substances Act, and the Cannabis and Controlled Substances Tort Claims Act to provide that persons engaged in donating or accepting, or packaging, repackaging, or labeling, prescription drugs to the extent permitted or required under the Illinois Drug Reuse Opportunity Program Act are exempt from provisions of those other Acts that might prohibit or otherwise regulate such activity.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the engrossed bill with the following changes. In provisions creating the Prescription Drug Repository Program Act, provides that "prescription drug" does not include a drug for the treatment of cancer that can only be dispensed to a patient registered with the drug manufacturer in accordance with the federal Food and Drug Administration's requirements. Removes language providing that "recipient" includes a prescriber office. Provides that when dispensing a drug to an eligible patient, the recipient must do so at no cost to the eligible patient, except that a uniform reasonable handling fee (rather than a reasonable handling fee) may be charged. Provides that a drug may be accepted under the Act only if, in addition to other requirements, the donor has removed or redacted any patient name and prescription number and any other patient identifying information (rather than removed or redacted any patient name and prescription number) on the drug or otherwise maintains patient confidentiality by executing a confidentiality agreement with the recipient according to all State and federal medical patient privacy laws, rules, or regulations (rather than or otherwise maintains patient confidentiality by executing a confidentiality agreement with the recipient).

775 ILCS 5/2-101

775 ILCS 5/2-102 from Ch. 68, par. 2-102
Amends the Illinois Human Rights Act. Provides that it is the public policy of the State to prevent discrimination based on the specific status or term of status that accompanies a legal work authorization. Defines "work authorization status" as the status of being a person born outside of the United States, and not a U.S. citizen, who is authorized by the federal government to work in the United States. Provides that it is a civil rights violation for: (1) any employer to refuse to hire, to segregate, to engage in harassment, or to act with respect to recruitment, hiring, promotion, renewal of employment, selection for training or apprenticeship, discharge, discipline, tenure or terms, privileges or conditions of employment on the basis of work authorization status; (2) any employment agency to fail or refuse to classify properly, accept applications and register for employment referral or apprenticeship referral, refer for employment, or refer for apprenticeship on the basis of work authorization status; (3) any labor organization to limit, segregate, or classify its membership, or to limit employment opportunities, selection and training for apprenticeship in any trade or craft, or otherwise to take or fail to take, any action which affects adversely any person's status as an employee or as an applicant for employment or as an apprentice, or as an applicant for apprenticeships, or wages, tenure, hours of employment, or apprenticeship conditions on the basis of work authorization status; and (4) any employer to refuse to honor work authorization based upon the specific status or term of status that accompanies the authorization to work. Provides that it is a civil rights violation for a person, or for 2 or more persons, to conspire to retaliate against a person because he or she has opposed that which he or she reasonably and in good faith believes to be discrimination based on work authorization status. Makes conforming changes. Effective immediately.

Amends the Chicago Teacher Article of the Illinois Pension Code. Provides that in case any officer whose signature appears upon any check or draft, issued pursuant to the Article, ceases to hold office, the signature nevertheless shall be valid and sufficient for all purposes. Removes language concerning checks or drafts signed by an officer who ceases to hold office before the delivery of the check to the payee. Provides that if the Fund mistakenly sets any benefit at an incorrect amount, the Fund shall recalculate the benefit as soon as may be practicable after the mistake is discovered. Provides that if the benefit was mistakenly set too low, the Fund shall make a lump sum payment to the recipient of an amount equal to the difference between the benefits that should have been paid and those actually paid, plus interest at the rate of 3% from the date the unpaid amounts accrued to the date of payment. Provides that if the benefit was mistakenly set too high, the Fund may recover the amount overpaid from the recipient plus interest at 3% from the date of overpayment to the date of recovery. Contains provisions concerning repayment of the overpaid amount. Provides that if (1) the amount of the benefit was mistakenly set too high, (2) the error was undiscovered for 3 years or longer from the date of the first mistaken benefit payment, and (3) the error was not the result of incorrect information supplied by the affected member, then upon discovery of the mistake the benefit shall be adjusted to the correct level, but the recipient of the benefit shall not be required to repay to the Fund the excess amounts received in error. Changes the definition of "administering State agency" to any agency or department of the State that is eligible to receive a direct federal allocation of federal Emergency Rental Assistance funds that will disburse funds and administer all or a portion of the Federal Emergency Rental Assistance Program. Amends the Illinois Act on the Aging. In provisions concerning the powers and duties of the Department on Aging under the Act, requires the Department to work with workforce development providers through the federal Workforce Innovation and Opportunity Act to establish and implement an affirmative action employment plan for the recruitment, hiring, training, and retraining of persons 60 or more years old for jobs for which their employment would not be precluded by law (rather than requiring the Department to make a grant to an institution of higher learning to study the feasibility of establishing and implementing an affirmative action employment plan for the recruitment, hiring, training, and retraining of persons 60 or more years old for jobs for which their employment would not be precluded by law). Requires the Department to conduct demonstration projects to identify additional ways to assist aging and minority senior citizens throughout the State (rather than requiring the Department to conduct a study of the feasibility of implementing the Senior Companion Program throughout the State). In a provision requiring the Department on Aging and the Department of Human Services to file a joint report with the Governor and the General Assembly, removes the requirement that the report be filed on or before September 30 of each year. Requires the Department on Aging and other specified agencies to submit an annual report on programs and services for minority senior citizens in the State to be filed with the Governor and the General Assembly within 12 months of the closing of the lapse period for the fiscal year included in the report.

New Act

Replaces everything after the enacting clause. Creates the Consumer Choice in Maternal Care for African-American Mothers Pilot Program Act. Requires the Task Force on Infant and Maternal Mortality Among African Americans to partner with community-based maternal care providers to develop rules and regulations for a Medicaid voucher pilot program to expand consumer choice for Black mothers that includes planned home birth services and in-home perinatal and postpartum care services provided by racially concordant nationally accredited certified professional midwives. Requires the Department of Healthcare and Family Services to implement the pilot program no later than January 1, 2023. Provides that the pilot program shall operate for a 5-year period. Requires the Task Force to submit annual reports to the General Assembly, beginning January 1, 2024, and each January 1 thereafter through January 1, 2028, that provides a status update on the pilot program and annual impact measure reporting. Provides that the pilot program shall implement a maternity episode payment model that provides a single payment for all services across the prenatal, intrapartum, and postnatal period which covers the 9 months of pregnancy plus 12 weeks of postpartum. Requires the Department of Healthcare and Family Services to make available to the Task Force all relevant data related to maternal care expenditures made under the State's Medical Assistance Program so that budget-neutral reimbursement rates can be established for bundled maternal care services spanning the prenatal, labor and delivery, and postpartum phases of a maternity episode.

House Committee Amendment No. 2
Provides that the Medicaid voucher pilot program includes home birth services and in-home perinatal and postpartum care services provided by racially concordant nationally accredited certified professional midwives who are licensed and registered in Illinois (rather than racially concordant nationally accredited certified professional midwives).

Senate Committee Amendment No. 1

Requires the Department of Healthcare and Family Services to take all necessary steps to ensure that the State is eligible for, and receives, the maximum federal matching funds available under Title XIX or XXI of the Social Security Act for the purposes of the pilot program. Requires the Department, beginning January 1, 2024, and each January 1 thereafter through January 1, 2028, to report to the General Assembly the expenditures associated with the provision of perinatal care services to pilot program participants who are insured under the State's Medical Assistance Program. Provides that the Department shall report the incidences of low birth weight, preterm birth, hospital admission for neonatal intensive care services, and severe maternal morbidity, pregnancy-related mortality, and neonatal mortality among program participants. Requires the Department to collect and maintain deidentified demographic data for all program participants. Provides that the demographic data collected for any program participant shall include the participant's zip code of residence at the time of program enrollment, parity, maternal race and ethnicity, maternal age at delivery, and weeks' gestation at the time of program enrollment. Requires the Department of Public Health to monitor and evaluate implementation of the alternative health care delivery model provided under the pilot program in accordance with the relevant terms and standards under the Alternative Health Care Delivery Act.

725 ILCS 5/116-2.2 new
Representative Sonya M. Harper
HB 03443     (CONTINUED)

Amends the Code of Criminal Procedure of 1963. Provides that a person serving a sentence for any criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or a similar local ordinance for which the statutory penalty has been subsequently reduced or altered may petition the trial court that entered the judgment of conviction to request resentencing or dismissal in accordance with the statutory penalty in effect at the time of the filing of the petition. Provides that upon verified petition for resentencing by the defendant, the trial court that entered the judgment of conviction in a defendant's case may order resentencing at any time after 30 days have passed following the imposition of a sentence under a guilty verdict or a finding of guilt for any criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or a similar local ordinance provided: (1) the State's Attorney or other prosecuting attorney is given at least 30-day notice of the filing of the petition seeking resentencing; (2) the statutory penalty for the offense for which the defendant was found guilty or convicted, since his or her plea of guilty or conviction, has been subsequently reduced or altered in a manner that includes, but is not limited to: (A) reducing the minimum or maximum sentence for the offense; (B) granting the court more discretion over the range of penalties available for the offense; or (C) changing the penalties associated with the offense or conduct underlying the offense in any way.

725 ILCS 5/123 new

Replaces everything after the enacting clause. Amends the Code of Criminal Procedure of 1963. Provides that at any time upon the recommendation of the State's Attorney of the county in which the defendant was sentenced, the State's Attorney may petition the sentencing court or the sentencing court's successor to resentence the offender if the original sentence no longer advances the interests of justice. Provides that the sentencing court or the sentencing court's successor may resentence the offender if it finds that the original sentence no longer advances the interests of justice. Provides that, upon receipt of a petition for resentencing, the court may resentence the defendant in the same manner as if the offender had not previously been sentenced; however, the new sentence, if any, may not be greater than the initial sentence. Provides that the court may consider postconviction factors, including, but not limited to, the inmate's disciplinary record and record of rehabilitation while incarcerated; evidence that reflects whether age, time served, and diminished physical condition, if any, have reduced the inmate's risk for future violence; and evidence that reflects changed circumstances since the inmate's original sentencing such that the inmate's continued incarceration no longer serves the interests of justice. Provides that credit shall be given for time served; that victims shall be afforded all rights as outlined in the Rights of Crime Victims and Witnesses Act; and that resentencing shall not reopen the defendant's conviction to challenges that would otherwise be barred. Provides that nothing in the new provisions shall be construed to limit the power of the Governor under the Constitution to grant a reprieve, commutation of sentence, or pardon.

(Sen. Robert Peters-Jacqueline Y. Collins)

725 ILCS 5/123 new

Amends the Code of Criminal Procedure of 1963. Provides that at any time upon the recommendation of the State's Attorney of the county in which the defendant was sentenced, the State's Attorney may petition the sentencing court or the sentencing court's successor to resentence the offender if the original sentence no longer advances the interests of justice. Provides that the sentencing court or the sentencing court's successor may resentence the offender if it finds that the original sentence no longer advances the interests of justice. Provides that the court may consider postconviction factors, including, but not limited to, the inmate's disciplinary record and record of rehabilitation while incarcerated; evidence that reflects whether age, time served, and diminished physical condition, if any, have reduced the inmate's risk for future violence; and evidence that reflects changed circumstances since the inmate's original sentencing such that the inmate's continued incarceration no longer serves the interests of justice. Provides that credit shall be given for time served; that victims shall be afforded all rights as outlined in the Rights of Crime Victims and Witnesses Act; and that resentencing shall not reopen the defendant's conviction to challenges that would otherwise be barred. Provides that nothing in the new provisions shall be construed to limit the power of the Governor under the Constitution to grant a reprieve, commutation of sentence, or pardon.

Amends the Illinois Act on the Aging. In provisions concerning the powers and duties of the Department on Aging under the Act, requires the Department to work with workforce development providers through the federal Workforce Innovation and Opportunity Act to establish and implement an affirmative action employment plan for the recruitment, hiring, training, and retraining of persons 60 or more years old for jobs for which their employment would not be precluded by law (rather than requiring the Department to make a grant to an institution of higher learning to study the feasibility of establishing and implementing an affirmative action employment plan for the recruitment, hiring, training, and retraining of persons 60 or more years old for jobs for which their employment would not be precluded by law). Requires the Department to conduct demonstration projects to identify additional ways to assist aging and minority senior citizens throughout the State (rather than requiring the Department to conduct a study of the feasibility of implementing the Senior Companion Program throughout the State). In a provision requiring the Department on Aging and the Department of Human Services to file a joint report with the Governor and the General Assembly, removes the requirement that the report be filed on or before September 30 of each year. Requires the Department on Aging and other specified agencies to submit an annual report on programs and services for minority senior citizens in the State to be filed with the Governor and the General Assembly within 12 months of the closing of the lapse period for the fiscal year included in the report.

Amends the School Code. With regard to the student discipline report, provides that the report must include data on the total number of school days missed by a student due to an out-of-school suspension or expulsion and data on the number of arrests made by law enforcement officers of students on school grounds, in school vehicles, at school activities or school-sanctioned events, or as a result of referrals by school officials. Provides that the report must be disaggregated by whether a student qualifies for services under the federal Individuals with Disabilities Education Act, the total number of school days missed by the student, and the incident type that caused the suspension, expulsion, or removal to an alternative setting. Provides that, in compiling the report, the State Board of Education must use the same disclosure avoidance standards used by the United States Department of Education in its public reporting of data submitted by each school district as part of the Civil Rights Data Collection and must also ensure that cross-tabulation by the various categories of disaggregation is possible. Requires the State Superintendent of Education to convene an Equitable and Restorative School Discipline Advisory Council to advise the State Board of Education on the ongoing implementation of school discipline policies in this State. Makes other changes. Effective immediately.

Creates the Prior Authorization Reform Act. Provides requirements concerning disclosure and review of prior authorization requirements, denial of claims or coverage by a utilization review organization, and the implementation of prior authorization requirements or restrictions. Provides requirements concerning a utilization review organization’s obligations with respect to prior authorizations in nonurgent circumstances, urgent health care services, and emergency health care services. Provides that a utilization review organization shall not require prior authorization under specified circumstances. Provides requirements concerning the length of prior authorizations. Provides that health care services are automatically deemed authorized if a utilization review organization fails to comply with the requirements of the Act. Provides that the Director of Insurance may impose an administrative fine not to exceed $250,000 for violations of the Act. Defines terms. Amends the Illinois Insurance Code to change the definition of “emergency medical condition”. Amends the Managed Care Reform and Patient Rights Act to provide that companies that transact accident and health insurance shall comply with specified requirements of the Managed Care Reform and Patient Rights Act. Amends the Illinois Public Aid Code to provide that all managed care organizations shall comply with the requirements of the Prior Authorization Reform Act. Makes other changes. Effective January 1, 2022.

House Floor Amendment No. 1

Changes references from “utilization review organization” to “health insurance issuer” or “health insurance issuer or its contracted utilization review organization”. Provides that a health insurance issuer or its contracted utilization review organization must ensure that all adverse determinations are made by a physician when the request is by a physician or a representative of a physician. Provides that a health insurance issuer shall periodically review its prior authorization requirements and consider removal of prior authorization requirements in specified circumstances (rather than a utilization review organization shall not require prior authorization in specified circumstances). In provisions concerning length of prior authorization approval, provides that a prior authorization approval shall be valid for the lesser of 12 months after the date the health care professional or health care provider receives the prior authorization approval or the length of treatment as determined by the patient's health care professional. In provisions concerning clinical review criteria of prior authorization requirements, removes language that provides that a utilization review organization shall seek input from actively practicing physicians representing major areas of the specialty who are not employees of the utilization review organization or consultants to the utilization review organization before establishing or substantially or materially altering written clinical review criteria. Removes language that provides that a utilization review organization shall not deny prior authorization of a health care service solely based on the grounds that a health care professional or health care provider judges a service, product, or procedure is medically appropriate for his or her patient even if it has not been formally approved for the specific condition being treated. In provisions concerning statistics that shall be made available regarding prior authorization approvals and denials, removes specified categories of information. In provisions concerning requirements applicable to the physician who can review consultations and appeals, removes language that provides that the physician must not be employed by a utilization review organization, be under contract with the utilization review organization other than to participate in one or more of the utilization review organization’s health care professional networks or to perform reviews of appeals, or otherwise have any financial interest in the outcome of the appeal. Makes other changes. Effective January 1, 2022.

215 ILCS 134/45.3 new

Amends the Managed Care Reform and Patient Rights Act. Requires health insurance carriers that provide coverage for prescription drugs to ensure that, within service areas and levels of coverage specified by federal law, at least half of individual and group plans meet one or more of the following criteria: apply a pre-deductible and flat-dollar copayment structure to the entire drug benefit, limit a beneficiary's monthly out-of-pocket financial responsibility for prescription drugs to a specified amount, or limit a beneficiary's annual out-of-pocket financial responsibility for prescription drugs to a specified amount. Provides that all plans for prescription drugs offered under the amendatory Act must be clearly and appropriately named, marketed in the same manner as other plans offered by the health insurance carrier, and offered for purchase to any individual and group plan sponsor. Effective January 1, 2022.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Amends the Managed Care Reform and Patient Rights Act. In provisions concerning individual health plans that provide coverage for prescription drugs, provides that beginning January 1, 2023, health insurance carriers shall ensure that at least 10% of individual health care plans offered in each applicable service area apply a flat-dollar copayment structure to the entire drug benefit; and beginning January 1, 2024, health insurance carriers shall ensure that at least 25% of individual health care plans offered in each applicable service area apply a flat-dollar copayment structure to the entire drug benefit. In provisions concerning group health plans that provide coverage for prescription drugs, provides that beginning January 1, 2023, health insurance carriers shall offer at least one group health plan in each applicable service area that applies a flat-dollar copayment structure to the entire drug benefit; and beginning January 1, 2024, health insurance carriers shall offer at least 2 group health plans in each applicable service area that apply a flat-dollar copayment structure to the entire drug benefit. Provides that the flat-dollar copayment structure for prescription drugs must be applied pre-deductible and be reasonably graduated and proportionately related in all tier levels such that the copayment structure as a whole does not discriminate against or discourage the enrollment of individuals with significant health care needs. Requires the health insurance carriers to clearly and appropriately name the plans to aid in individual or group plan selection. Requires the health insurance carriers to market the plans in the same manner as their other plans. Requires the Department of Insurance to adopt rules necessary to implement and enforce the provisions. Effective January 1, 2023.

305 ILCS 5/5-5.07

Provides that if and only if Senate Bill 1510 of the 101st General Assembly becomes law, then the Medical Assistance Article of the Illinois Public Aid Code is amended by making a provision that concerns the DCFS per diem rates for inpatient psychiatric stays operative through July 1, 2023 (rather than through June 30, 2021). Effective immediately or on the date Senate Bill 1510 of the 101st General Assembly takes effect, whichever is later.

House Committee Amendment No. 1
Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following change. Adds hospitals with a pediatric or adolescent inpatient psychiatric unit to the type of hospitals that the Department of Children and Family Services is required to pay the DCFS per diem rate for inpatient psychiatric stays.

Amends the Arsonist Registration Act, the Sex Offender Registration Act, and the Murderer and Violent Offender Against
Youth Registration Act. Provides that a person required to register under the Act may change her or his name if the change is due to
marriage, religious beliefs, status as a victim of trafficking or gender-related identity as defined by the Illinois Human Rights Act.
Requires the person to report the name change within 10 days to the law enforcement agency with whom they last registered. Amends
the Code of Civil Procedure. Provides further requirements for when name changes may and may not be granted. Provides that a
petition for this change shall be a statewide, standardized form approved by the Illinois Supreme Court and include a warning about
when a name change may be charged as a felony. Provides when an objection to the name change may be filed. Deletes notice by
publication language.
House Floor Amendment No. 1

Deletes reference to:

735 ILCS 5/21-103 rep.

Adds reference to:

735 ILCS 5/21-103 from Ch. 110, par. 21-103

Deletes a provision concerning objections relating to specificity, timing, filing, and form. Provides that a person who has been convicted of a felony offense in this State or any other state and whose sentence has not been terminated, completed, or discharged is not permitted to file a petition for a name change in the courts of this State unless that person is pardoned for the offense. Adds "name" to two section headings to reflect the duty to report a legal name change. Provides that certain objections shall be served upon the petitioner. Replaces a repeal of a provision concerning notice by publication with a change to the provision providing that the court may issue an order directing that the notice and publication requirement be waived for a change of name involving a person who files with the court a statement verified under oath that the person believes that publishing notice of the name change would be a hardship, including but not limited to, a negative impact on the person's health or safety. Provides that in a case where waiver of the notice and publication requirement is sought, the petition for waiver will be presumed granted and heard at the same hearing as the petition for name change. Provides that the court retains discretion to determine whether a hardship is shown and may order the petitioner to publish thereafter.

Amends the School Code and the Illinois School Student Records Act. In provisions concerning the suspension or expulsion of a pupil, adds references to guardians (rather than just parents). Provides that a student may disclose mitigating factors, such as the student's status as a parent, expectant parent, or victim of domestic or sexual violence, in suspension or expulsion hearings. Provides that home instruction or correspondence courses must be made available to students who are unable to attend school because of pregnancy-related conditions, parenting obligations related to the health of a child, or health and safety concerns arising from domestic or sexual violence. Includes attendance at a medical or therapeutic appointment and appointments with a victim services provider as a valid cause for absence from school. Adds provisions to the Code concerning children and students who are parents, expectant parents, or victims of domestic or sexual violence, the purpose of which is to ensure that Illinois schools have policies, procedures, and protocols in place that ensure children and students who are parents, expectant parents, or victims of domestic or sexual violence are identified by schools in a manner respectful of their privacy and safety, treated with dignity and regard, and provided the protection, instruction, and related accommodations and services necessary to enable them to meet State educational standards and successfully attain a school diploma. Makes changes to the Chicago School District Article of the School Code concerning the transfer of students. Amends the State Mandates Act to require implementation without reimbursement. Makes other changes. Effective July 1, 2022.

Representative Greg Harris
HB 03223 (CONTINUED)

Replaces everything after the enacting clause. Amends the School Code and the Illinois School Student Records Act. In provisions concerning the suspension or expulsion of a pupil, adds references to guardians (rather than just parents). Provides that a student may disclose mitigating factors, such as the student's status as a parent, expectant parent, or victim of domestic or sexual violence, in suspension or expulsion hearings. Sets forth provisions concerning suspension and expulsion hearings. Provides that home instruction or correspondence courses must be made available to students who are unable to attend school because of pregnancy-related conditions, parenting obligations related to the health of a child, or health and safety concerns arising from domestic or sexual violence. Includes attendance at a medical or therapeutic appointment and appointments with a victim services provider as a valid cause for absence from school. Adds provisions to the Code concerning children and students who are parents, expectant parents, or victims of domestic or sexual violence, the purpose of which is to ensure that Illinois schools have policies, procedures, and protocols in place that ensure children and students who are parents, expectant parents, or victims of domestic or sexual violence are identified by schools in a manner respectful of their privacy and safety, treated with dignity and regard, and provided the protection, instruction, and related accommodations and services necessary to enable them to meet State educational standards and successfully attain a school diploma. Creates the Ensuring Success in School Task Force. Sets forth provisions concerning complaint resolution procedures and confidentiality. Makes changes to the Chicago School District Article of the School Code concerning the transfer of students. Amends the State Mandates Act to require implementation without reimbursement. Senate Committee Amendment No. 2

Replaces everything after the enacting clause. Reinserts the contents of the engrossed bill as amended by Senate Amendment No. 1 with the following changes. Repeals the Section concerning the Ensuring Success in School Task Force on December 1, 2025 (instead of December 1, 2023). Amends the provisions concerning confidentiality. Requires each school district to adopt and ensure that the school has and implements a confidentiality policy regarding students. Provides that information about a student concerning whether the student has obtained assistance, support, or services (rather than only assistance or services) must be kept in strictest of confidence, except if the disclosure is permitted under (rather than in conflict with) certain State or federal laws or consented to in writing by the student or the student's parent or guardian. Provides that information about students may not be disclosed to any other individual outside of the district (rather than may not be disclosed to any other individual). With regard to domestic or sexual violence, provides that except as permitted (rather than except as required) under State or federal law, a school official may contact (instead of must not contact) the person named to be the perpetrator if the school official determines that the school official has an obligation to do so based on safety concerns or threats to the community, including the victim. Provides that a school district must not contact a person named by a student or the student's parent or guardian without providing prior written notice to the student or the student's parent or guardian (rather than without obtaining written permission from the student or the student's parent or guardian). Removes provisions requiring a school district to comply with the confidentiality provisions no later than July 1, 2024. Effective July 1, 2025.

HB 00218
Amends the Illinois Vehicle Code. Provides that the Secretary of State and the Illinois Supreme Court may work in cooperation to implement a program to reinstate suspended driving privileges. Provides that the program shall be available to citizens of this State who earn less than $50,000 per year and whose driving privileges have been suspended for a period longer than 3 months, but not to persons whose driving privileges have been revoked or suspended for driving under the influence or refusing to submit to drug or alcohol testing. Provides that the program shall include a feature by which persons may apply for relief online through the website of the Secretary or in person at a local Driver Services facility. Provides that a person eligible for relief under the program shall be provided with a daily 10-hour window in which the person may operate the vehicle for transportation to and from work. Provides that if a person granted limited driving privileges drives for 6 months without committing specified violations, then the person shall be eligible for the full restoration of driving privileges upon the payment of a $50 fee and completion of a 4-hour driver's education course. Provides that the Secretary shall develop the driver's education course and offer the course to eligible participants free of charge. Provides that the Secretary and the Illinois Supreme Court shall work in cooperation with local law enforcement, the Illinois State Police, and circuit court clerks to implement the new provisions. Authorizes the Secretary of State to adopt rules.

Effective immediately.
Amends the Illinois Public Aid Code. Provides that, to ensure full access to the benefits set forth in provisions regarding the Healthy Kids Program, on and after January 1, 2022, the Department of Healthcare and Family Services shall ensure that provider and hospital reimbursements for immunization as required under the provisions are no lower than the Medicare reimbursement rate. Amends the Immunization Data Registry Act. Provides that health care providers, physician's designees, or pharmacist's designees shall (rather than may) provide immunization data to be entered into the immunization data registry. Removes language providing that the immunization data need not be provided if the patient or the patient's parent or guardian, if the patient is less than 18 years of age, has completed and filed with the provider, physician's designee, or pharmacist's designee a written immunization data exemption form. Provides that the written information and the immunization data exemption forms must include information that the health care provider shall (rather than may) report immunization data to the Department of Public Health to be entered into the immunization data registry. Effective January 1, 2022.

House Floor Amendment No. 2
In provisions amending the Illinois Public Aid Code, provides that the Department of Healthcare and Family Services shall ensure that provider and hospital reimbursements for immunization are no lower than 70% of the regional maximum administration fee as established by the U.S. Department of Health and Human Services' Centers for Medicare and Medicaid Services (rather than the Medicare reimbursement rate).

Fiscal Note, House Floor Amendment No. 2 (Dept. of Healthcare & Family Services)
Based on limited data availability, the annual impact of using 70% of Medicare rates for vaccine services for Medicaid participants under age 21 is estimated at $5.7 million, with $0.9 million for FFS claims and about $4.8 million impact to the MCO capitation rates. The FY 2022 impact for providing six months of services at the new rates would be about $2.9 million. There would be substantial administrative costs to change the pricing methodology to the provider level and for storage and programming changes to the claims processing and provider enrollment systems. Planning and implementation may take up to 12 months to complete, which would exceed the time available with the January 1, 2022 effective date.

775 ILCS 5/6-101  from Ch. 68, par. 6-101
Amends the Illinois Human Rights Act. Provides that it is the public policy of the State to prevent discrimination based on
the specific status or term of status that accompanies a legal work authorization. Defines "work authorization status" as the status of
being a person born outside of the United States, and not a U.S. citizen, who is authorized by the federal government to work in the
United States. Provides that it is a civil rights violation for: (1) any employer to refuse to hire, to segregate, to engage in harassment, or
to act with respect to recruitment, hiring, promotion, renewal of employment, selection for training or apprenticeship, discharge,
discipline, tenure or terms, privileges or conditions of employment on the basis of work authorization status; (2) any employment
agency to fail or refuse to classify properly, accept applications and register for employment referral or apprenticeship referral, refer
for employment, or refer for apprenticeship on the basis of work authorization status; (3) any labor organization to limit, segregate, or
classify its membership, or to limit employment opportunities, selection and training for apprenticeship in any trade or craft, or
otherwise to take or fail to take, any action which affects adversely any person's status as an employee or as an applicant for
employment or as an apprentice, or as an applicant for apprenticeships, or wages, tenure, hours of employment, or apprenticeship
conditions on the basis of work authorization status; and (4) any employer to refuse to honor work authorization based upon the
specific status or term of status that accompanies the authorization to work. Provides that it is a civil rights violation for a person, or
for 2 or more persons, to conspire to retaliate against a person because he or she has opposed that which he or she reasonably and in
good faith believes to be discrimination based on work authorization status. Makes conforming changes. Effective immediately.

Adds reference to:
775 ILCS 5/2-104 from Ch. 68, par. 2-104

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following change:
Provides that nothing contained in the Act shall require an employer to sponsor any applicant or employee to obtain or modify work
authorization status, unless otherwise required by federal law. Effective immediately.

HB 01092 (CONTINUED)

Replaces everything after the enacting clause. Amends the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois. Provides that the Department of Public Health, subject to appropriation or other available funding, shall conduct a program to promote awareness of firearms restraining orders to the general public. Provides that beginning July 1, 2022, the program must include the development and dissemination, through print, digital, and broadcast media, of public service announcements that publicize the options victims of domestic violence have to seek help with special emphasis on the firearms restraining order. Amends the Department of State Police Law of the Civil Administrative Code of Illinois. Creates the Commission on Implementing the Firearms Restraining Order Act. Amends the Illinois Police Training Act. Provides that the Illinois Law Enforcement Training Standards Board shall develop and approve a standard curriculum for a training program on the Firearms Restraining Order Act. Provides that the Board shall conduct a training program that trains officers on the use of firearms restraining orders, how to identify situations in which a firearms restraining order is appropriate, and how to safely promote the usage of the firearms restraining order in a domestic violence situation. Provides that the curriculum of police training schools shall also include training on the use of a firearms restraining order by providing instruction on the process used to file a firearms restraining order, how to identify situations in which a firearms restraining order is appropriate, and how to promote a firearms restraining order in a domestic violence situation. Provides that if adequate firearms restraining order training is unavailable, the Illinois Law Enforcement Training Standards Board may approve training to be conducted by a third party. Officers who have successfully completed this program shall be issued a certificate attesting to their attendance. Amends the Firearms Restraining Order Act. Provides that a firearms restraining order includes the seizure of the respondent's ammunition and firearm parts that could be assembled to make an operable firearm. Provides that "family member of the respondent" includes a former spouse and a person with whom the respondent has or allegedly has a child in common. Provides that a petition for a firearms restraining order may be filed in any county where an incident occurred that involved the respondent posing an immediate and present danger of causing personal injury to the respondent or another by having in his or her custody or control, or purchasing, possessing, or receiving, a firearm or ammunition or firearm parts that could be assembled to make an operable firearm. Includes printing a petition for a firearms restraining order for which no fees may be charged by the circuit clerk. Provides that the Illinois State Police shall submit a yearly report to the General Assembly concerning the applications and issuance of firearms restraining orders. Makes other changes.

Senate Committee Amendment No. 1

Further amends the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois. Provides that the Department of Public Health's program to promote awareness of firearms restraining orders shall include production of materials that can be given to health care workers that assist in identifying people who may benefit from awareness of the Firearms Restraining Order Act (rather than victims of domestic violence and how to safely and discreetly determine if a potential abuser possesses a firearm). Deletes language providing that the program must include the development and dissemination of public service announcements that publicize the options for victims of domestic violence to seek help. Further amends the Department of State Police Law of the Civil Administrative Code of Illinois. Changes the composition of the Commission on Implementing the Firearms Restraining Order Act. Removes language providing for a member of a nonprofit organization whose mission is to reduce gun violence with experience educating the public about the Firearms Restraining Order Act, nominated by such an organization whose membership is the most numerous in Illinois. Adds to the membership the Director of Public Health or the Director's designee. Further amends the Illinois Police Training Act. Deletes language providing that police officer training shall include how to promote a firearms restraining order in a domestic violence situation. Further amends the Firearms Restraining Order Act. In the definition of "family member of the respondent", replaces new provision that the definition includes a person with whom the respondent has or allegedly has a child in common with a person with whom the respondent has a minor child in common.

New Act
30 ILCS 105/5.935 new
220 ILCS 5/9-211.7 new
Representative Frances Ann Hurley
HB 00414     (CONTINUED)

Creates the Water and Sewer Financial Assistance Act. Provides that the Department of Commerce and Economic Opportunity is authorized to institute the water and sewer assistance program. Provides that any person who is a resident of the State of Illinois and whose household income is not greater than an amount determined annually by the Department may apply for assistance. Provides that in determining the amounts of assistance to be provided to or on behalf of a qualified applicant, the Department shall ensure that the highest amounts of assistance go to households with the greatest need for financial assistance in relation to household income by considering specified factors. Provides that each water or sewer provider shall assess each of its customer accounts a monthly Water and Sewer Assistance Charge to be deposited into the Water and Sewer Low-Income Assistance Fund. Amends the State Finance Act. Creates the Water and Sewer Low-Income Assistance Fund. Amends the Public Utilities Act. Provides that specified water or sewer utilities shall be allowed to offer a financial assistance program designed for bill payment assistance for low-income customers in accordance with the Water and Sewer Financial Assistance Act. Provides that the costs of a financial assistance program offered by a water or sewer utility shall be reimbursed from the Water and Sewer Low-Income Assistance Fund. Effective immediately.

House Floor Amendment No. 1

Provides that, in its use of federal funds under the Act, the Department of Commerce and Economic Opportunity may not cause a disproportionate share of those federal funds to benefit customers of water or sewer providers that do not assess the Water and Sewer Assistance Charge.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes: In provisions creating the Water and Sewer Financial Assistance Act, provides that in setting the annual eligibility level to receive financial assistance under the Act, the Department of Commerce and Economic Opportunity may not set a limit higher than the eligibility limit for assistance under the Energy Assistance Act (rather than 150% of the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services). Provides that the process to allow a water or sewer provider to discontinue imposing assessments shall include review by the Illinois Commerce Commission of any water or sewer provider subject to the Public Utilities Act. Removes provisions concerning program eligibility for residents of rental properties. In provisions amending the Public Utilities Act, provides that the Commission shall render its decision within 90 days (rather than 60 days) after receiving a petition from a water or sewer utility to offer a financial assistance program. Removes language requiring the Commission to annually review and reconcile any amounts collected through tariffs to recover the costs of the financial assistance program. Makes corresponding changes.

In provisions regarding involuntary transfer or discharge of a resident, provides that a facility may submit to a resident or a resident's legal representative a bill for all charges for which payment was not made during the COVID-19 pandemic. Provides that if payment is not made or if the resident or the resident's legal representative does not contact the facility to set up a payment schedule acceptable to the facility within 45 days after submission of a bill, the facility may submit a request for payment and, 30 days after receipt of the request for payment, the facility may initiate an involuntary transfer or discharge of the resident. Provides that if the resident or the resident's legal representative submits evidence of the resident's financial inability to cover all charges, the facility shall make application on behalf of the resident for Medicaid services, and, upon approval of the resident's application, the State shall pay the resident's bill, retroactive to the date the resident failed to make payment. Provides that a resident's discharge prior to this action does not eliminate a resident's responsibility to pay for all services rendered. Effective immediately.

House Floor Amendment No. 1  
Provides that the amendatory provisions do not apply to a resident whose care is provided for under the Illinois Public Aid Code or who has submitted an application for care to be provided under the Illinois Public Aid Code.

Provides specified procedures by which the Director may designate a group-wide supervisor of an internationally active insurance group and supervise internationally active insurance groups. In provisions concerning confidential treatment of certain information, excludes information submitted pursuant to specified provisions concerning mergers and acquisitions that is not personal financial information. Provides that the Director may share confidential and privileged documents, materials, or other information with third-party consultants to assist in the performance of the Director's duties. Makes other changes. Defines "group-wide supervisor", "internationally active insurance group", "NAIC", and "securityholder". Repeals certain provisions concerning exemptions and provisions concerning confidentiality of documents, materials, and other information. Effective immediately.
