215 ILCS 134/45.3 new

Amends the Managed Care Reform and Patient Rights Act. Requires health insurance carriers that provide coverage for prescription drugs to ensure that, within service areas and levels of coverage specified by federal law, at least half of individual and group plans meet one or more of the following criteria: apply a pre-deductible and flat-dollar copayment structure to the entire drug benefit, limit a beneficiary's monthly out-of-pocket financial responsibility for prescription drugs to a specified amount, or limit a beneficiary's annual out-of-pocket financial responsibility for prescription drugs to a specified amount. Provides that all plans for prescription drugs offered under the amendatory Act must be clearly and appropriately named, marketed in the same manner as other plans offered by the health insurance carrier, and offered for purchase to any individual and group plan sponsor. Effective January 1, 2022.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Amends the Managed Care Reform and Patient Rights Act. In provisions concerning individual health plans that provide coverage for prescription drugs, provides that beginning January 1, 2023, health insurance carriers shall ensure that at least 10% of individual health care plans offered in each applicable service area apply a flat-dollar copayment structure to the entire drug benefit; and beginning January 1, 2024, health insurance carriers shall ensure that at least 25% of individual health care plans offered in each applicable service area apply a flat-dollar copayment structure to the entire drug benefit. In provisions concerning group health plans that provide coverage for prescription drugs, provides that beginning January 1, 2023, health insurance carriers shall offer at least one group health plan in each applicable service area that applies a flat-dollar copayment structure to the entire drug benefit; and beginning January 1, 2024, health insurance carriers shall offer at least 2 group health plans in each applicable service area that apply a flat-dollar copayment structure to the entire drug benefit. Provides that the flat-dollar copayment structure for prescription drugs must be applied pre-deductible and be reasonably graduated and proportionately related in all tier levels such that the copayment structure as a whole does not discriminate against or discourage the enrollment of individuals with significant health care needs. Requires the health insurance carriers to clearly and appropriately name the plans to aid in individual or group plan selection. Requires the health insurance carriers to market the plans in the same manner as their other plans. Requires the Department of Insurance to adopt rules necessary to implement and enforce the provisions. Effective January 1, 2023.

Changes references from "utilization review organization" to "health insurance issuer" or "health insurance issuer or its contracted utilization review organization". Provides that a health insurance issuer or its contracted utilization review organization must ensure that all adverse determinations are made by a physician when the request is by a physician or a representative of a physician. Provides that a health insurance issuer shall periodically review its prior authorization requirements and consider removal of prior authorization requirements in specified circumstances (rather than a utilization review organization shall not require prior authorization in specified circumstances). In provisions concerning length of prior authorization approval, provides that a prior authorization approval shall be valid for the lesser of 12 months after the date the health care professional or health care provider receives the prior authorization approval or the length of treatment as determined by the patient's health care professional. In provisions concerning clinical review criteria of prior authorization requirements, removes language that provides that a utilization review organization shall seek input from actively practicing physicians representing major areas of the specialty who are not employees of the utilization review organization or consultants to the utilization review organization before establishing or substantially or materially altering written clinical review criteria. Removes language that provides that a utilization review organization shall not deny prior authorization of a health care service solely based on the grounds that a health care professional or health care provider judges a service, product, or procedure is medically appropriate for his or her patient even if it has not been formally approved for the specific condition being treated. In provisions concerning statistics that shall be made available regarding prior authorization approvals and denials, removes specified categories of information. In provisions concerning requirements applicable to the physician who can review consultations and appeals, removes language that provides that the physician must not be employed by a utilization review organization, be under contract with the utilization review organization other than to participate in one or more of the utilization review organization's health care professional networks or to perform reviews of appeals, or otherwise have any financial interest in the outcome of the appeal. Makes other changes. Effective January 1, 2022.

New Act
50 ILCS 750/4 from Ch. 134, par. 34

Creates the Community Emergency Services and Supports Act. Provides that the Act applies to every unit of local government that provides or coordinates ambulance or similar emergency medical response or transportation services for individuals with emergency medical needs. A home rule unit may not respond to or provide services for a mental or behavioral health emergency, or create a transportation plan or other regulation, relating to the provision of mental or behavioral health services in a manner inconsistent with this Act. Provides that one plan shall describe how the EMS Region will provide mobile emergency mental and behavioral health services to individuals who do not present as a threat to the responders, and are not involved in criminal activity at the time of the response. Provides that the plan shall conform to the requirements of the Act and, recognizing the variety of systems, services, and needs across the State, provide the specific requirements and guidance appropriate for that region. Provides that the plan shall be identified as the region's community emergency services and supports plan. Provides that the second plan shall describe the manner and extent to which responders operating under the region's Community Emergency Services and Supports Plan coordinate with law enforcement when responding to individuals who appear to be in a mental or behavioral health emergency while engaged in conduct alleged to constitute a non-violent misdemeanor. Provides that the plan shall be identified as the region's Non-Violent Misdemeanor Coordination Plan. Amends the Emergency Telephone System Act to make conforming changes. Effective immediately.

Provides that each 9-1-1 call center and provider of emergency services dispatched through a 9-1-1 system must coordinate with the mobile mental and behavioral health services established by the Division of Mental Health of the Department of Human Services so that the following State goals and State prohibitions are met whenever a person interacts with one of these entities for the purpose seeking emergency mental and behavioral health care or when one of these entities recognizes the appropriateness of providing mobile mental or behavioral health care to an individual with whom they have engaged. Provides that the Division of Mental Health is also directed to provide guidance regarding whether and how these entities should coordinate with mobile mental and behavioral health services when responding to individuals who appear to be in a mental or behavioral health emergency while engaged in conduct alleged to constitute a non-violent misdemeanor. Provides that 9-1-1 call centers, emergency services dispatched through 9-1-1 call centers, and the mobile mental and behavioral health service established by the Division of Mental Health must coordinate their services so that certain specified State prohibitions are avoided. Amends the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois. Requires the Department of Public Health to administer an annual survey, which shall be named the Healthy Illinois Survey. Provides that, in developing the annual Healthy Illinois Survey, the Department shall consult with specified persons and entities with the goal of a comprehensive survey that will assist the State and other partners in developing the data to measure public health and health equity. Requires the Department to provide the results of the Healthy Illinois Survey in forms useful to cities, communities, local health departments, hospitals, and other potential users, including annually publishing on its website data at the most granular geographic and demographic levels possible while protecting identifying information. New Act

Creates the Birth Center Licensing Act. Provides that, except as provided by the Act, no person shall open, manage, conduct, offer, maintain, or advertise as a birth center without a valid license issued by the Department of Public Health. Requires all birth centers in existence as of the effective date of the Act to obtain a valid license to operate within 2 years after the adoption of rules by the Department to implement the Act. Provides that an applicant for a license under the Act shall submit an application on forms prescribed by the Department, which shall be accompanied by a nonrefundable license fee, as established by rule by the Department. Provides that licenses under the Act are renewable every 3 years upon submission of specified materials. Requires birth centers, to the extent possible, to link and integrate services with nearby health care facilities. Contains provisions concerning staffing requirements; minimum standards to protect the health and safety of a patient of a birth center; and requirements for reimbursement, reporting, training, and inspections. Requires the Department to adopt specified rules. Contains other provisions. Effective immediately.

House Floor Amendment No. 2
Replacements everything after the enacting clause with the provisions of the introduced bill with the following changes. Makes changes concerning definitions. Refers to certified nurse midwives (rather than midwives). Provides that licenses under the Act are renewable every year (rather than every 3 years) upon submission of specified materials. Provides that birth centers shall obtain certificates of need from the Health Facilities and Services Review Board under the Illinois Health Facilities Planning Act before receiving a license by the Department of Public Health. Provides that if, after obtaining an initial certificate of need, a birth center seeks to increase the bed capacity of the birth center, the birth center must obtain a certificate of need from the Health Facilities and Services Review Board before increasing the bed capacity. Provides that a birth center in a medically underserved area shall receive priority in obtaining a certificate of need. Provides that a birth center shall link and integrate its services with at least one birthing hospital with a minimum of a Level 1 perinatal designation (rather than with nearby health care facilities). Provides that a birth center shall have an established agreement with a nearby receiving birthing center (rather than a written plan for transfer of patients). Provides that a birth center is encouraged to participate in quality improvement projects implemented by the Department of Public Health's Administrative Perinatal Centers and other Department-supported perinatal quality improvement projects. Requires clinicians, or their clinical representative, and attending persons in labor at a birth center to attend morbidity and mortality reviews that occur at the receiving birthing hospital on their patients. Requires the Department to require each birth center to report specified information every year (rather than every 3 years). Removes language requiring the Department to deem an accreditation body applicable to birth centers as a substitute for its own periodic inspection. Makes other changes.

Creates the Scholars of Service Act. Defines terms. Creates the public service student loan forgiveness grant program, and
provides that the Illinois Student Assistance Commission must, each year, receive and consider applications for grant assistance under
the program. Specifies grant eligibility requirements, including requiring an applicant to have been enrolled in the federal Public
Service Loan Forgiveness Program and been denied federal student loan forgiveness. Provides that after receiving an application from
an eligible applicant, the Commission must evaluate if the applicant is eligible to receive financial assistance through any loan
forgiveness program of this State and, if eligible, must assist the applicant in applying for that financial assistance, to be used toward
his or her federal student loan debt. Provides that after all eligible financial assistance has been awarded to the applicant, the
Commission must award the applicant a grant to be used toward any remaining federal student loan debt. Provides that if the
Commission finds that a student loan servicer (i) has negligently or intentionally misinformed or misrepresented certain information to
an applicant and (ii) the misinformation or misrepresentation led to the applicant's denial of federal student loan forgiveness under the
federal Public Service Loan Forgiveness Program, then the Commission must report this finding to the Office of the Attorney General,
who may pursue legal action against the student loan servicer. Requires the Commission to adopt rules. Amends the State Finance Act

Amends the Criminal Identification Act. Provides that the Illinois State Police and all law enforcement agencies within the State shall automatically expunge all criminal history records of an arrest, charge not initiated by arrest, order of supervision, or order of qualified probation for any person who, on or after January 1, 1970, has been convicted of, or is serving an order of supervision for, possession or delivery, but not manufacture or production, of cannabis whether or not the person has served or is serving his or her sentence for that violation on the effective date of the amendatory Act. Provides that the clerk of the circuit court shall, on the effective date of the amendatory Act, automatically expunge the court records of a person who, on or after January 1, 1970, has been convicted of, or is serving an order of supervision for, possession or delivery, but not manufacture or production, of cannabis whether or not the person has served or is serving his or her sentence for that violation on the effective date of the amendatory Act. Provides that a person imprisoned solely as a result of one or more convictions for possession or delivery, but not manufacture or production, of cannabis shall be released from incarceration on the effective date of the amendatory Act. Amends the Cannabis Control Act. Repeals the provision prohibiting the possession of cannabis. Modifies the provision prohibiting the delivery or manufacture of cannabis so it applies only to manufacture or production of cannabis. Amends the Cannabis Regulation and Tax Act to make conforming changes.

Fiscal Note (Admin Office of the Illinois Courts)
HB3085 amends the Criminal Identification Act, requiring automatic expungement of law enforcement and court records related to cannabis convictions on the effective date of the bill. Based on a review of the bill, it is not possible to determine what fiscal impact, if any, the bill would have on state appropriations to the judicial branch or what fiscal impact, if any, the bill would have on local judicial budgets.

Fiscal Note (Illinois State Police)
House Bill 3085 provides the Illinois State Police shall automatically expunge all criminal history records of an arrest, charge not initiated by arrest, order of supervision, or order of qualified probation for any person who, on or after January 1, 1970, has been convicted of, or is serving an order of supervision for, possession or delivery, but not manufacture or production, of cannabis whether or not the person has served or is serving his or her sentence for that violation. Automatic expungement outside the judicial process will not allow for the collection of statutory fees, which cover administrative costs. While existing personnel may be used to develop and implement computer programming to carry out the automatic expungement of electronic records, our records unit who handles physical records would need additional staff. The cost of one office specialist in our records unit is $113,583, which includes personal services and fringe benefits (retirement, social security and insurance). If House Bill 3085 were to become law, we would hire three additional records specialists at a cost of approximately $340,749.

Representative Bob Morgan
HB 03308
(Sen. Napoleon Harris, III-Cristina H. Pacione-Zayas)

215 ILCS 5/356z.22

Amends the Illinois Insurance Code. Includes the delivery of covered health care services by way of telephone usage in the definition of "telehealth services". Provides that health care services that are covered under an individual or group policy of accident or health insurance must be covered when delivered via telehealth services when clinically appropriate, subject to specified conditions (rather than requiring an individual or group policy of accident or health insurance to comply with specified conditions if it provides coverage for telehealth services). Provides that patient cost-sharing may be no more than if the health care service were delivered in person. Provides that no excepted benefit policy may deny or reduce any benefit to a patient based on the use of clinically appropriate telehealth services in the course of satisfying the policy's benefit criteria.

House Committee Amendment No. 1
Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. In provisions concerning health care services that are covered under an individual or group policy of accident and health insurance that must be covered when delivered via telehealth services when clinically appropriate, provides that reimbursement to a health care provider for telehealth services for behavioral health services provided through an interactive telecommunications system shall be made on the same basis, in the same manner, and at the same rate as would be applied for the same services if they had been delivered in-person and shall include reasonable compensation to a facility that serves as the originating site at the time a telehealth service is rendered. Provides that with respect to telehealth benefits provided in an individual or group policy of accident or health insurance, insurers may not (rather than an individual or group policy of accident or health insurance may not) require patients to use a separate panel of health care providers to receive telehealth service coverage and reimbursement; create geographic or facility restrictions or requirements for telehealth services; require patients or health care providers to prove a hardship or access barrier before the approval of telehealth services for coverage or reimbursement; negotiate different contract rates for telehealth services and in-person services for behavioral health services; or impose upon telehealth services utilization review requirements that are unnecessary, duplicative, or unwarranted or impose any treatment limitations, prior authorization, documentation, or recordkeeping requirements that are more stringent than the requirements applicable to the same health care service when rendered in-person. Provides that health care providers shall determine the appropriateness of specific sites, technology platforms, and technology vendors for a telehealth service, as long as delivered services adhere to privacy laws. Defines terms.

Provides that a health insurer shall reimburse a network provider for behavioral health services delivered through telehealth on at least the same basis and at the same rate as if delivered in-person. Provides that a health insurer may establish reasonable requirements and parameters for telehealth services. Further amends the Illinois Insurance Code. Creates the Telehealth Payment Parity Task Force to review and study the use of telehealth services in the State with respect to payment and reimbursement parity for health care providers providing such services. Sets forth provisions concerning election of a chairperson, compensation, and appointments of members of the Telehealth Payment Parity Task Force. Provides that the task force shall submit its findings and recommendations to the Governor and General Assembly by December 31, 2021. Provides that the task force is dissolved on January 1, 2023. Amends the Compassionate Use of Medical Cannabis Program Act. Provides that employers are not prohibited from adopting specified policies concerning medical cannabis by registered qualifying patients, including drug testing policies for such patients working in safety sensitive positions. Unless specified circumstances are met, prohibits employers from taking adverse action against registered qualifying patients who work in non-safety sensitive positions solely due to a positive drug test for medicinal cannabis. Defines "safety sensitive position". Provides that nothing in the Act prohibits an employer from enforcing a preemployment drug testing policy, zero-tolerance drug testing policy, random drug testing policy, or a drug free workplace policy (rather than only a workplace drug policy) or disciplining a registered qualifying patient for violating such a policy, provided that an employer shall not take adverse action against a registered qualifying patient in a non-safety sensitive position solely due to a positive drug test for medical cannabis (rather than due to a positive drug test for cannabis) unless specified criteria are met. Provides that there is not a cause of action for any person against an employer for disciplining or terminating the employment of a registered qualifying patient when enforcing a compliant policy. Makes other changes. Amends the Right to Privacy in the Workplace Act. Provides that the amendatory Act's provisions are an exception to provisions prohibiting an employer from refusing to hire or to discharge or disadvantage any individual because the individual uses lawful products off the premises of the employer during nonworking and non-call hours. Allows for paid leave to bond with newborn and newly adopted children. Establishes computation of benefit amounts and contributions by employees and employers toward the cost of the program. Contains provisions regarding the administration of the program. Defines terms.

Replaces everything after the enacting clause. Reinserts the contents of the bill with the following changes. Provides that the State Board of Education shall adopt rules governing the use of isolated time, time out, and physical restraint in public schools and special education nonpublic facilities (rather than just in public schools). Provides that the State Board shall, by the adoption of emergency rules if it so chooses, create (rather than must create) a grant program for school districts, certain special education nonpublic facilities, and special education cooperatives (rather than for school districts and special education cooperatives and charter schools approved by the State Board). Makes changes concerning the prohibition against the use of prone restraint to allow prone restraint to be used when specified conditions are satisfied. Amends the Illinois Administrative Procedure Act to make a related change. Corrects grammatical errors. Effective immediately.

HB 1736 (H-AM 1) does not create a State Mandate.

Fiscal Note, House Committee Amendment No. 1 (State Board of Education)

HB 1736 (H-AM 1) includes new requirements for the State Board of Education (Board) and school districts that will have a fiscal impact. This fiscal impact estimate only addresses known or estimated costs for the Board and not PreK-12 public school districts, other State agencies or other entities impacted by the amendments. The Board is tasked with adopting sex education standards by July 1, 2022, develop and maintain sex education resources, and provide technical assistance to school district as needed. ISBE anticipates needing to hire additional staff to implement the requirements of HB 1736 (H-AM 1). ISBE estimates the cost of implementing this amendment will be $1.45m in years 1 and 2 and $100,000 in future years.

New Act

Creates the Racial Disproportionality in Child Welfare Task Force Act. Creates the Racial Disproportionality in Child Welfare Task Force within the Department of Children and Family Services. Requires the Task Force to examine the historical and current role of mandatory reporting and its impact on the racial and gender disparities of families involved with the Department of Children and Family Services; examine the underlying factors that bring families into contact with the Department and the factors that lead to child removal; review the Department's progress on the planning and implementation of the Family First Prevention Services Act; examine the current processes and policies, data, and data collection methods for families involved simultaneously in the child welfare, juvenile justice, or criminal justice systems; explore policies and protocols for race-blind child protection screenings and child removal reviews; and other duties. Contains provisions concerning the composition of the Task Force and Task Force meetings. Requires the Task Force to submit a report to the General Assembly and the Governor within one year after the Task Force has its first meeting. Provides that the report shall contain policy recommendations that seek to prioritize preserving and reunifying families involved in the child welfare system, particularly Black families; reduce child welfare system involvement, particularly for Black families; and eliminate racial disproportionality in system involvement and the disproportionate impact of system involvement on families. Provides that the Task Force is dissolved, and the Act repealed, on January 1, 2024. Effective immediately.

House Committee Amendment No. 1
Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Provides that the Task Force shall include one member (rather than 2 members) from an organization with expertise in the child welfare system that advocates to preserve and reunify families, appointed by the Governor's Office; 2 members who provide legal representation on behalf of the State of Illinois in child protection cases, one from the Cook County State's Attorney's Office, appointed by the Governor's Office, and one from a State's Attorney's office outside of Cook County, appointed by the Governor's Office; and one member from a statewide organization advocating for the advancement of civil liberties for at least 80 years in Illinois, appointed by the Governor's Office. Provides that the Department of Children and Family Services shall facilitate the prompt and timely collection and provision of data as requested by or on behalf of the Task Force. Requires the Task Force to explore policies and protocols that honor language, culture, and heritage in identity formation and familial relationships, including, but not limited to, race-blind child protection screenings and child removal reviews, as implemented in other jurisdictions around the United States, and to make recommendations for implementation in Illinois. Effective immediately.

House Floor Amendment No. 2
Provides that any data provided by the Department of Children and Family Services to the Racial Disproportionality in Child Welfare Task Force shall not contain any personally identifiable information of any clients or families in accordance with the provisions of the Abused and Neglected Child Reporting Act.

Amends the Code of Criminal Procedure of 1963. Provides that no law enforcement officer shall seek, execute, or participate in the execution of a no-knock search warrant. A search warrant authorized under this Section shall require that a law enforcement officer be recognizable and identifiable as a uniformed law enforcement officer and provide audible notice of his authority and purpose reasonably expected to be heard by occupants of the place to be searched prior to the execution of the search warrant. After entering and securing the place to be searched and prior to undertaking any search or seizure pursuant to the search warrant, the executing law enforcement officer shall read and give a copy of the search warrant to the person to be searched or the owner of the place to be searched or, if the owner is not present, to any occupant of the place to be searched. If the place to be searched is unoccupied, the executing law enforcement officer shall leave a copy of the search warrant suitably affixed to the place to be searched. Search warrants authorized under this section shall be executed only in the daytime unless: (1) a judge authorizes the execution of the search warrant at another time for good cause shown; or (2) the search warrant is for the withdrawal of blood. A search warrant for the withdrawal of blood may be executed at any time of day. A law enforcement officer shall make reasonable efforts to locate a judge before seeking authorization to execute the warrant at another time. Such reasonable efforts shall be documented in an affidavit and submitted to a judge when seeking the authorization. Any evidence obtained from a search warrant in violation of this subsection shall not be admitted into evidence for the State in any prosecution.

Amends the Rental Housing Support Program Act. In a provision requiring the Illinois Housing Development Authority to adopt rules concerning grants awarded to local administering agencies to fund rent subsidies for low-income families, provides that the rules must limit eligibility for tenancy in the subsidized rental units to households with gross income that is at or below 40% (rather than 30%) of the family median income for the area in which the grant will be made. In a provision concerning rules on grants awarded to entities for the development of affordable rental housing, provides that the rules must require 50% of the units that are supported by any grant to be set aside for households whose income is at or below 25% (rather than 15%) of the median family income for the area in which the grant will be made.

Replaces everything after the enacting clause. Amends the Rental Housing Support Program Act. Provides that once a tenant has received assistance under the Rental Housing Support Program the tenant shall remain eligible for assistance under the Program until the tenant reaches an income level of 35% of area median family income and will then begin the transition out of the Program, as described in the rules governing the Program. Provides that local administering agencies should (rather than must) include 2-bedroom, 3-bedroom, and 4-bedroom units among those intended to be supported by grants under the Program.

35 ILCS 5/304.1 new
35 ILCS 5/1501  from Ch. 120, par. 15-1501

Amends the Illinois Income Tax Act. Provides that all the corporations, wherever incorporated or domiciled, that are members of a unitary business shall file a combined return as a combined group. Makes changes to the definition of "unitary business". Contains provisions concerning a water's edge election. Provides that, with respect to unitary business groups, "United States" means the 50 states of the United States, the District of Columbia, and United States' territories and possessions.

Fiscal Note (Dept. of Revenue)
The revenue impact of this bill is unknown. Several issues need to be addressed before determining if and how this bill might impact State revenues. As an example, in a provision relating to a water's-edge election, the bill provides that a taxpayer's "entire income" must be considered. The bill does not define "entire income" nor is this a relevant term in the Illinois Income Tax Act. Aside from this and similar type issues needing addressed, there are other challenges to determining a fiscal impact. For example, where there might be a revenue impact, there is no way to compute an estimate since the provision brings income into the apportionable base from companies that previously have not had to file with the Department. There is no way for the Department to know anything about those companies, their income, or their apportionment factors. In fact, the Department cannot definitively say whether the overall revenue impact of this bill, as written, is positive, negative, or neutral.

Amends the Illinois Income Tax Act. Contains provisions concerning a deduction for income included in the taxpayer's federal adjusted gross income and deemed received under Section 951A (GILTI) or Section 952 (Subpart F) of the Internal Revenue Code.

Fiscal Note (Dept. of Revenue)
The bill refers to a corporate taxpayer's calculation of federal adjusted gross income. However, corporate taxpayers do not have a federal adjusted gross income. They have federal taxable income. Additionally, the bill proposes to disallow a subtraction at the State level that would have been made in tax years 2018 and 2019 for amounts included federally pursuant to Section 965 of the Internal Revenue Code. This is likely to raise issues as to the constitutionality of the proposal. For these reasons, an estimate cannot be determined.

HB 03793

Rep. Delia C. Ramirez, Lindsey LaPointe, Dave Vella and Justin Slaughter
(Sen. Julie A. Morrison-John Connor)

705 ILCS 405/2-10 from Ch. 37, par. 802-10

Amends the Juvenile Court Act of 1987. In the Section concerning temporary custody of an abused or neglected minor, provides that nothing in the provisions shall restrict the Department of Children and Family Services from immediately restricting or terminating parent-child contact or sibling contacts if the Department or its assigns reasonably believe that continuation of the contact, as set out in the plan, would result in an immediate threat (instead of "would be contrary to") to the child's health, safety, and welfare. Provides that the reasonable belief must be based on credible evidence. Provides that such restrictions on parent-child contact and sibling contacts by the Department or its assigns shall only occur on an individual case-by-case basis.

House Floor Amendment No. 1
Replaces everything after the enacting clause. Reinserts the provisions of the bill as introduced, with the following changes:
Provides that the Department of Children and Family Services may immediately restrict or terminate parent-child contact or sibling contacts, without either amending the parent-child visiting plan or the sibling contact plan or obtaining a court order, where the Department or its assigns reasonably believe there is an immediate need to protect the child's health, safety, and welfare. Provides that such restrictions or terminations must be based on available facts to the Department and its assigns when viewed in light of the surrounding circumstances and shall only occur on an individual case-by-case basis.

Representative Delia C. Ramirez
HB 03821 (CONTINUED)

Creates the Racial Disproportionality in Child Welfare Task Force Act. Creates the Racial Disproportionality in Child Welfare Task Force within the Department of Children and Family Services. Requires the Task Force to examine the historical and current role of mandatory reporting and its impact on the racial and gender disparities of families involved with the Department of Children and Family Services; examine the underlying factors that bring families into contact with the Department and the factors that lead to child removal; review the Department's progress on the planning and implementation of the Family First Prevention Services Act; examine the current processes and policies, data, and data collection methods for families involved simultaneously in the child welfare, juvenile justice, or criminal justice systems; explore policies and protocols for race-blind child protection screenings and child removal reviews; and other duties. Contains provisions concerning the composition of the Task Force and Task Force meetings. Requires the Task Force to submit a report to the General Assembly and the Governor within one year after the Task Force has its first meeting. Provides that the report shall contain policy recommendations that seek to prioritize preserving and reuniting families involved in the child welfare system, particularly Black families; reduce child welfare system involvement, particularly for Black families; and eliminate racial disproportionality in system involvement and the disproportionate impact of system involvement on families. Provides that the Task Force is dissolved, and the Act repealed, on January 1, 2024. Effective immediately.

House Committee Amendment No. 1
Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Provides that the Task Force shall include one member (rather than 2 members) from an organization with expertise in the child welfare system that advocates to preserve and reunify families, appointed by the Governor's Office; 2 members who provide legal representation on behalf of the State of Illinois in child protection cases, one from the Cook County State's Attorney's Office, appointed by the Governor's Office, and one from a State's Attorney's office outside of Cook County, appointed by the Governor's Office; and one member from a statewide organization advocating for the advancement of civil liberties for at least 80 years in Illinois, appointed by the Governor's Office. Provides that the Department of Children and Family Services shall facilitate the prompt and timely collection and provision of data as requested by or on behalf of the Task Force. Requires the Task Force to explore policies and protocols that honor language, culture, and heritage in identity formation and familial relationships, including, but not limited to, race-blind child protection screenings and child removal reviews, as implemented in other jurisdictions around the United States, and to make recommendations for implementation in Illinois. Effective immediately.

House Floor Amendment No. 2
Provides that any data provided by the Department of Children and Family Services to the Racial Disproportionality in Child Welfare Task Force shall not contain any personally identifiable information of any clients or families in accordance with the provisions of the Abused and Neglected Child Reporting Act.

Deletes a provision concerning objections relating to specificity, timing, filing, and form. 215 ILCS 5/356z.22

Amends the Illinois Insurance Code. Includes the delivery of covered health care services by way of telephone usage in the
definition of "telehealth services". Provides that health care services that are covered under an individual or group policy of accident or
health insurance must be covered when delivered via telehealth services when clinically appropriate, subject to specified conditions
(rather than requiring an individual or group policy of accident or health insurance to comply with specified conditions if it provides
coverage for telehealth services). Provides that patient cost-sharing may be no more than if the health care service were delivered in
person. Provides that no excepted benefit policy may deny or reduce any benefit to a patient based on the use of clinically appropriate
telehealth services in the course of satisfying the policy's benefit criteria.

House Committee Amendment No. 1
Represents Sue Scherer
HB 03308 (CONTINUED)

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. In provisions concerning health care services that are covered under an individual or group policy of accident and health insurance that must be covered when delivered via telehealth services when clinically appropriate, provides that reimbursement to a health care provider for telehealth services for behavioral health services provided through an interactive telecommunications system shall be made on the same basis, in the same manner, and at the same rate as would be applied for the same services if they had been delivered in-person and shall include reasonable compensation to a facility that serves as the originating site at the time a telehealth service is rendered. Provides that with respect to telehealth benefits provided in an individual or group policy of accident or health insurance, insurers may not (rather than an individual or group policy of accident or health insurance may not) require patients to use a separate panel of health care providers to receive telehealth service coverage and reimbursement; create geographic or facility restrictions or requirements for telehealth services; require patients or health care providers to prove a hardship or access barrier before the approval of telehealth services for coverage or reimbursement; negotiate different contract rates for telehealth services and in-person services for behavioral health services; or impose upon telehealth services utilization review requirements that are unnecessary, duplicative, or unwarranted or impose any treatment limitations, prior authorization, documentation, or recordkeeping requirements that are more stringent than the requirements applicable to the same health care service when rendered in-person. Provides that health care providers shall determine the appropriateness of specific sites, technology platforms, and technology vendors for a telehealth service, as long as delivered services adhere to privacy laws. Defines terms.

Provides for resentencing of currently incarcerated persons based on these changes. Effective immediately.

Fiscal Note (Dept. of Revenue)

Although the bill limits the credit to $1.5 billion over its 6-year life, the Department is unable to provide a fiscal impact estimate for House Bill 3215 because the legislation, as introduced, contains multiple drafting ambiguities, errors, and incomplete definitions. For example, the bill defines "participant" to mean, in part, a full-time employee who was formerly incarcerated between January 1, 2009 and December 31, 2019. The bill, however, provides later that the credit is limited to 10,000 participants "newly released" from prison and 10,000 participants that were released between January 1, 2009 and December 31, 2019. Additionally, the bill provides the credit amount awarded is to be between $10,000 and $15,000 each year per participant hired. The bill further provides a list of criteria to be considered in determining the amount of the credit, but no guidance is provided as to how that list of criteria computes to a given credit amount.

These problems, among others in the bill as introduced, prevent the Department from making adequately precise determinations of who qualifies for the credit and of how to calculate the credit.

Provides that at any time upon the recommendation of the State's Attorney of the county in which the defendant was sentenced, the State's Attorney may petition the sentencing court or the sentencing court's successor to resentence the offender if the original sentence no longer advances the interests of justice. Provides that the sentencing court or the sentencing court's successor may resentence the offender if it finds that the original sentence no longer advances the interests of justice. Provides that, upon receipt of a petition for resentencing, the court may resentence the defendant in the same manner as if the offender had not previously been sentenced; however, the new sentence, if any, may not be greater than the initial sentence. Provides that the court may consider postconviction factors, including, but not limited to, the inmate's disciplinary record and record of rehabilitation while incarcerated; evidence that reflects whether age, time served, and diminished physical condition, if any, have reduced the inmate's risk for future violence; and evidence that reflects changed circumstances since the inmate's original sentencing such that the inmate's continued incarceration no longer serves the interests of justice. Provides that credit shall be given for time served; that victims shall be afforded all rights as outlined in the Rights of Crime Victims and Witnesses Act; and that resentencing shall not reopen the defendant's conviction to challenges that would otherwise be barred. Provides that nothing in the new provisions shall be construed to limit the power of the Governor under the Constitution to grant a reprieve, commutation of sentence, or pardon.

HB3447 amends the Criminal Identification Act regarding expungements. Provides that, upon receipt of a petition for resentencing, the court may resentence the defendant in the same manner as if the offender had not previously been sentenced; however, the new sentence, if any, may not be greater than the initial sentence. Provides that the court may consider postconviction factors, including, but not limited to, the inmate's disciplinary record and record of rehabilitation while incarcerated; evidence that reflects whether age, time served, and diminished physical condition, if any, have reduced the inmate's risk for future violence; and evidence that reflects changed circumstances since the inmate's original sentencing such that the inmate's continued incarceration no longer serves the interests of justice. Provides that credit shall be given for time served; that victims shall be afforded all rights as outlined in the Rights of Crime Victims and Witnesses Act; and that resentencing shall not reopen the defendant's conviction to challenges that would otherwise be barred. Provides that nothing in the new provisions shall be construed to limit the power of the Governor under the Constitution to grant a reprieve, commutation of sentence, or pardon.

215 ILCS 134/45.3 new

Amends the Managed Care Reform and Patient Rights Act. Requires health insurance carriers that provide coverage for prescription drugs to ensure that, within service areas and levels of coverage specified by federal law, at least half of individual and group plans meet one or more of the following criteria: apply a pre-deductible and flat-dollar copayment structure to the entire drug benefit, limit a beneficiary's monthly out-of-pocket financial responsibility for prescription drugs to a specified amount, or limit a beneficiary's annual out-of-pocket financial responsibility for prescription drugs to a specified amount. Provides that all plans for prescription drugs offered under the amendatory Act must be clearly and appropriately named, marketed in the same manner as other plans offered by the health insurance carrier, and offered for purchase to any individual and group plan sponsor. Effective January 1, 2022.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Amends the Managed Care Reform and Patient Rights Act. In provisions concerning individual health plans that provide coverage for prescription drugs, provides that beginning January 1, 2023, health insurance carriers shall ensure that at least 10% of individual health care plans offered in each applicable service area apply a flat-dollar copayment structure to the entire drug benefit; and beginning January 1, 2024, health insurance carriers shall ensure that at least 25% of individual health care plans offered in each applicable service area apply a flat-dollar copayment structure to the entire drug benefit. In provisions concerning group health plans that provide coverage for prescription drugs, provides that beginning January 1, 2023, health insurance carriers shall offer at least one group health plan in each applicable service area that applies a flat-dollar copayment structure to the entire drug benefit; and beginning January 1, 2024, health insurance carriers shall offer at least 2 group health plans in each applicable service area that apply a flat-dollar copayment structure to the entire drug benefit. Provides that the flat-dollar copayment structure for prescription drugs must be applied pre-deductible and be reasonably graduated and proportionately related in all tier levels such that the copayment structure as a whole does not discriminate against or discourage the enrollment of individuals with significant health care needs. Requires the health insurance carriers to clearly and appropriately name the plans to aid in individual or group plan selection. Requires the health insurance carriers to market the plans in the same manner as their other plans. Requires the Department of Insurance to adopt rules necessary to implement and enforce the provisions. Effective January 1, 2023.

     New Act
Replaces everything after the enacting clause. Creates the Consumer Choice in Maternal Care for African-American Mothers Pilot Program Act. Requires the Task Force on Infant and Maternal Mortality Among African Americans to partner with community-based maternal care providers to develop rules and regulations for a Medicaid voucher pilot program to expand consumer choice for Black mothers that includes planned home birth services and in-home perinatal and postpartum care services provided by racially concordant nationally accredited certified professional midwives. Requires the Department of Healthcare and Family Services to implement the pilot program no later than January 1, 2023. Provides that the pilot program shall operate for a 5-year period. Requires the Task Force to submit annual reports to the General Assembly, beginning January 1, 2024, and each January 1 thereafter through January 1, 2028, that provides a status update on the pilot program and annual impact measure reporting. Provides that the pilot program shall implement a maternity episode payment model that provides a single payment for all services across the prenatal, intrapartum, and postnatal period which covers the 9 months of pregnancy plus 12 weeks of postpartum. Requires the Department of Healthcare and Family Services to make available to the Task Force all relevant data related to maternal care expenditures made under the State's Medical Assistance Program so that budget-neutral reimbursement rates can be established for bundled maternal care services spanning the prenatal, labor and delivery, and postpartum phases of a maternity episode.

HB 00060
Amends the Amusement Ride and Attraction Safety Act. Provides that "amusement ride" includes any trampoline court. Defines "trampoline court".

House Floor Amendment No. 1
Provides that "amusement ride" means, among other things, any dry slide, alpine slide, or toboggan slide that a person must pay to gain access to, but not a slide at a private residence, public or nonpublic school, daycare, or public park (rather than any dry slide, alpine slide, or toboggan slide). Provides that "trampoline court" does not include a gymnastic training facility that derives all (rather than a majority) of its revenue from supervised instruction in the teaching of gymnastic skills (rather than gymnastic skills and basics).

House Floor Amendment No. 2
Makes changes to the bill as amended by House Amendment No. 1 to provide that "amusement ride" does not include (1) any slide that is placed in a playground and that does not normally require the supervision or services of a person responsible for its operation; or (2) any slide that is not open to the general public and for which admission is monitored and strictly controlled by invitation, company or group identification, or other means of identification (rather than providing that "amusement ride" includes any dry slide, alpine slide, or toboggan slide that a person must pay to gain access to, but not a slide at a private residence, public or nonpublic school, daycare, or public park).

730 ILCS 5/5-9-3 from Ch. 38, par. 1005-9-3

Amends the Unified Code of Corrections. Provides that no less than 30 days before the issuance of a warrant of arrest for nonpayment of a fine or an installment of a fine, a notice shall be mailed to the offender by first class mail to the most recent address which the offender has provided to the court. Provides that the notice shall contain the following information: (1) the amount of the fine which is due and owing; (2) the docket number of the case in which the fine was assessed; (3) the due date for payment of the fine; (4) instructions as to how payment of the fine may be made; (5) an explanation that willful refusal to pay the fine may result in imprisonment; and (6) instructions as to how the offender may request a hearing to present evidence that the offender did not willfully refuse to pay the fine, and that failure to pay was the result of the offender's inability to pay the fine.

House Floor Amendment No. 3

Adds reference to:
625 ILCS 5/6-308

Amends the Illinois Vehicle Code. Provides that for purposes of a provision concerning procedures for traffic violations, a violation shall be deemed resolved if the person has appeared in court and the court entered any final disposition, including: (i) a final order regarding the person's guilt or innocence; or (ii) an order granting a request by the State or local governmental body that initiated the charges for permission not to prosecute the charges. Further amends the Unified Code of Corrections. Provides that if the prosecutor shows that default was due to an intentional refusal to pay, and due to a failure on the offender's part to make a good faith effort to pay, rather than the offender demonstrating the absence of these factors, the court may order the offender imprisoned for a term not to exceed 6 months if the fine was for a felony, or 30 days if the fine was for a misdemeanor, a petty offense or a business offense. Adds an immediate effective date to the bill.

Amends the Public University Uniform Admission Pilot Program Act. Beginning with the 2022-2023 academic year, requires the University of Illinois to create a 4-year uniform admission system pilot program under the Act to admit first-time freshman students for each semester of the pilot program; makes corresponding changes. Provides that if an institution requires a student's successful completion of certain curriculum requirements prior to or concurrently with enrollment at the institution, then the institution shall identify and connect the student to a community college that offers the required curriculum and that has an articulation agreement with the institution or the institution shall offer the required curriculum through online instruction to the student. Provides that for purposes of determining enrollment capacity, priority in the admission of applicants to an institution must be given to applicants who are residents of this State and admission to an institution may not be denied to an applicant who is a State resident based on the institution's enrollment capacity unless 100% of the enrollment capacity is filled exclusively by students who are State residents.

House Floor Amendment No. 2

Amends the Civil Administrative Code of Illinois. Provides that, if the Department of Financial and Professional Regulation refuses to issue a license or certificate or grant registration to an applicant based upon a criminal conviction or convictions, the Department shall include in its notification to the applicant an explanation of how the conviction directly relates to and would prevent the person from effectively engaging in the position for which a license, registration, or certificate is sought. Provides that the Department shall post on its website a list of all State and federal licensing restrictions that would prohibit an applicant from working in a position for which a license is sought. In provisions concerning an annual report summarizing statistical information relating to new license, certification, or registration applications during the preceding calendar year, requires the Department to include the types of criminal convictions that contributed to the denial of a license, certificate, or registration.

Provides that the Department of Financial and Professional Regulation shall post on its website a list of all State (rather than State and federal) licensing restrictions that would prohibit an applicant from working in a position for which a license is sought.

Provides that the juvenile law enforcement records of a person who before his or her 18th birthday has committed an act which if committed by an adult would constitute a criminal violation under the Cannabis Control Act or a criminal violation of the Drug Paraphernalia Control Act with respect to cannabis are subject to automatic expungement. Provides that the law enforcement agency who initiated the violation shall automatically expunge, on or before January 1 and July 1 of each year, the juvenile law enforcement records of a person eligible under this provision. Provides that the law enforcement agency shall provide by rule the process for access, review, and confirmation of the automatic expungement by the law enforcement agency. Provides that the clerk of the circuit court shall expunge, upon order of the court, or in the absence of a court order on or before January 1 and July 1 of each year, the juvenile court records of a person who before his or her 18th birthday has committed an act which if committed by an adult would constitute a criminal violation under the Cannabis Control Act or a criminal violation of the Drug Paraphernalia Control Act with respect to cannabis in the clerk's possession or control and which contains the final satisfactory disposition which pertain to a person eligible under this provision. Effective immediately.

Fiscal Note (Illinois State Police)

House Bill 1952 provides law enforcement agencies that initiated a criminal violation of the Cannabis Control or Drug Paraphernalia Control Acts, would have to automatically expunge juvenile records of a person who committed a criminal violation on or before January 1 and July 1 of each year. Automatic expungement outside the judicial process will not allow for the collection of statutory fees, which cover administrative costs. While existing personnel may be used to develop and implement computer programming to carry out the automatic expungement of electronic records, our records unit who handles physical records would need additional staff. The cost of one office specialist in our records unit is $113,583, which includes personal services and fringe benefits (retirement, social security and insurance). If House Bill 1952 were to become law, we would hire three additional records specialists at a cost of approximately $340,749.
Amends the Firearm Owners Identification Card Act and the Firearm Concealed Carry Act. Provides that the Illinois State Police shall establish and maintain an email and text message notification system for persons who are applying for or possess Firearm Owner's Identification Cards or concealed carry licenses. Provides that in addition to receiving a mail notification of the status of a person's application for, renewal, suspension, or revocation of his or her Firearm Owner's Identification Card or concealed carry license, the person may request email or text message, or both, notifications of the status of his or her application, renewal, suspension, revocation, and other notifications concerning his or her Firearm Owner's Identification Card or concealed carry license. Provides that the Illinois State Police shall notify a person who possesses a valid Firearm Owner's Identification Card or concealed carry license of the expiration of his or her Card or license at least 90 days before its expiration. Provides that if a person is issued a concealed carry license under the Firearm Concealed Carry Act, the person may be issued a Firearm Owner's Identification Card that is valid for the person to whom it is issued for a period of 5 years and which expires upon the expiration of the person's concealed carry license. Provides that if the only reason for the revocation of a person's concealed carry license is the expiration of the licensee's Firearm Owner's Identification Card, the person does not have to submit a form to the Illinois State Police to conduct an investigation of the person's suitability for the issuance of a concealed carry license.

Provides limitations on the credit. Creates the Access to Apprenticeship Act. Provides that no preapprenticeship or apprenticeship program may require a recommendation from a union member or any other person as a condition of acceptance. Amends the Illinois Administrative Procedure Act and the Illinois Income Tax Act to make conforming changes. Creates the Illinois Hazardous Workforce Materials Training Act. Requires workers at high hazard facilities to obtain minimum approved safety training, provided by the Occupational and Safety Health Administration, and to file a certificate of completion with the Department of Labor. Contains enforcement provisions. Provides that the Act does not apply to any owner or operator that has an executed national or local labor agreement in effect pertaining to the performance of construction work at a given facility or site under the terms of the agreement. Requires applicable apprenticeship and training programs, approved by and registered with the U.S. Department of Labor's Office of Apprenticeship, providing minimum approved safety training for workers in high hazard facilities and contractors employing workers at high hazard facilities to file an annual report with the Department and the Illinois Works Review Panel. Provides that an owner or operator who violates the requirements of the Act shall be subject to a minimum civil penalty of $10,000 for each violation. Makes other changes. In provisions amending the Illinois Income Tax Act, removes changes to the reporting periods upon which the amount computed for maximum credit is based. Makes other changes. HB 02542

(Sen. Robert Peters, Bill Cunningham and Laura Fine)

Amends the Arsonist Registration Act, the Sex Offender Registration Act, and the Murderer and Violent Offender Against Youth Registration Act. Provides that a person required to register under the Act may change her or his name if the change is due to marriage, religious beliefs, status as a victim of trafficking or gender-related identity as defined by the Illinois Human Rights Act. Requires the person to report the name change within 10 days to the law enforcement agency with whom they last registered. Amends the Code of Civil Procedure. Provides further requirements for when name changes may and may not be granted. Provides that a petition for this change shall be a statewide, standardized form approved by the Illinois Supreme Court and include a warning about when a name change may be charged as a felony. Provides when an objection to the name change may be filed. Deletes notice by publication language.

House Floor Amendment No. 1
Deletes reference to:
735 ILCS 5/21-103 rep.

Adds reference to:
735 ILCS 5/21-103 from Ch. 110, par. 21-103

Deletes a provision concerning objections relating to specificity, timing, filing, and form. Provides that a person who has been convicted of a felony offense in this State or any other state and whose sentence has not been terminated, completed, or discharged is not permitted to file a petition for a name change in the courts of this State unless that person is pardoned for the offense. Adds "name" to two section headings to reflect the duty to report a legal name change. Provides that certain objections shall be served upon the petitioner. Replaces a repeal of a provision concerning notice by publication with a change to the provision providing that the court may issue an order directing that the notice and publication requirement be waived for a change of name involving a person who files with the court a statement verified under oath that the person believes that publishing notice of the name change would be a hardship, including but not limited to, a negative impact on the person's health or safety. Provides that in a case where waiver of the notice and publication requirement is sought, the petition for waiver will be presumed granted and heard at the same hearing as the petition for name change. Provides that the court retains discretion to determine whether a hardship is shown and may order the petitioner to publish thereafter.

Provides that the program may provide for the issuance of a temporary Hope Card at the time of the entry of the plenary order of protection. Provides that the first Hope Card shall be free, and the Supreme Court may establish a fee for any additional Hope Card, not to exceed $7 per Hope Card. Makes a corresponding change.

House Committee Amendment No. 1

Provides that the Supreme Court shall (rather than may) implement a program to issue a Hope Card to the petitioner of a plenary order of protection. Provides that 3 Hope Cards per protected party (rather than the first Hope Card) issued shall be free. Allows the Supreme Court to establish a fee for any additional Hope Card, not to exceed $5 (rather than $7) per Hope Card.

House Floor Amendment No. 2

Replaces everything after the enacting clause with the contents of the introduced bill and House Amendment No. 1, but provides that the Supreme Court may (rather than shall) implement a program to issue a Hope Card to the petitioner of a plenary order of protection.

New Act

House Committee Amendment No. 1

Adds reference to:

5 ILCS 100/5-45.8 new

Adds reference to:

35 ILCS 5/704A
Replaces everything after the enacting clause. Creates the Investing in Illinois Works Tax Credit Act. Provides that each owner or operator, as defined in the Illinois Hazardous Materials Workforce Training Act, may apply for a credit against withholding payments due under the Illinois Income Tax Act for each member of its skilled and trained workforce who is also a qualifying graduate. Provides limitations on the credit. Creates the Access to Apprenticeship Act. Provides that no preapprenticeship or apprenticeship program may require a recommendation from a union member or any other person as a condition of acceptance. Amends the Illinois Administrative Procedure Act and the Illinois Income Tax Act to make conforming changes. Creates the Illinois Hazardous Workforce Materials Training Act. Requires workers at high hazard facilities to obtain minimum approved safety training, provided by the Occupational and Safety Health Administration, and to file a certificate of completion with the Department of Labor. Contains enforcement provisions. Provides that the Act does not apply to any owner or operator that has an executed national or local labor agreement in effect pertaining to the performance of construction work at a given facility or site under the terms of the agreement. Requires applicable apprenticeship and training programs, approved by and registered with the U.S. Department of Labor's Office of Apprenticeship, providing minimum approved safety training for workers in high hazard facilities and contractors employing workers at high hazard facilities to file an annual report with the Department and the Illinois Works Review Panel. Provides that an owner or operator who violates the requirements of the Act shall be subject to a minimum civil penalty of $10,000 for each violation. Requires all moneys received by the Department as fees and civil penalties under the Act to be deposited into the Illinois Works Fund to be used to recruit, prescreen, and provide preapprenticeship skills training. Contains other provisions. Effective January 1, 2022.

House Floor Amendment No. 2
Replaces everything after the enacting clause with the provisions of House Amendment No. 1 with the following changes. In provisions creating the Investing in Illinois Works Tax Credit Act, makes changes to provisions concerning definitions. Provides that each owner or operator may claim an amount equal to $2,500 (rather than may apply for a credit up to 45% of qualified wages paid) against a tax imposed under specified provisions of the Illinois Income Tax Act for each member of its skilled and trained workforce who is also a qualifying graduate. Contains provisions regarding the application process for the credit. Provides that the credit shall not be awarded more than an aggregate of $20,000,000 in total tax credits. Contains provisions regarding penalties and recapture. Makes other changes. In provisions creating the Illinois Hazardous Workforce Materials Training Act, provides that the Illinois Department of Labor (rather than the Attorney General's Workers Rights Bureau, in conjunction with the Department) must certify that an emergency warrants noncompliance with the Act. Makes other changes. In provisions amending the Illinois Income Tax Act, removes changes to the reporting periods upon which the amount computed for maximum credit is based. Makes other changes. Effective January 1, 2022.

Fiscal Note, House Floor Amendment No. 2 (Dept. of Labor)
There is no fiscal impact to the Department of Labor by the Illinois Works Tax Credit Act and the amendments to the Illinois Income Tax Act. The fiscal impact to the Department of Labor by the Illinois Hazardous Materials Workforce Training Act is estimated as follows: 3 Labor Conciliators (salary, benefits, and expenses): $179,917.93 each; 1 Information Services Specialist (salary, benefits, and expenses): $155,960.06; Total Department of Labor fiscal impact: $695,713.85.

State Debt Impact Note, House Floor Amendment No. 2 (Government Forecasting & Accountability)
HB 3437, as amended by House Amendment 2, would not change the amount of authorization for any type of State-issued bond, and, therefore, would not affect the level of State indebtedness.

New Act
30 ILCS 805/8.45 new

Creates the Decennial Committees on Local Government Consolidation and Efficiency Act. Provides that within one year after the effective date of the Act and at least once every 10 years thereafter, each unit of local government (except municipalities and counties) must form a committee to: study local efficiencies, including an analysis of whether to consolidate with another governmental unit, municipality, or county; and create a report with recommendations regarding efficiencies, increased accountability, and consolidation. Provides that the duties of the committee include, but are not limited to, the study of the unit of local government's governing statutes, ordinances, rules, procedures, powers, jurisdiction, shared services, intergovernmental agreements, and interrelationships with other units of local government and the State. Provides that the committee shall collect data, research, analysis, and public input. Dissolves the committee after completion of its report and oral presentation of the report. Contains provisions about committee membership, meetings, and report requirements. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

House Floor Amendment No. 1

Provides that the 2 residents appointed to the commission shall be appointed by the board of the governmental unit (rather than appointed by the county board chairperson or the president of the board of county commissioners in the county in which the governmental unit lies). Removes a government studies representative from a community college or State university from the committee and, instead, provides that the committee may seek assistance from community colleges or universities with research and the development and review of reports of the committee. Provides that, at the conclusion of each meeting, the committee shall conduct a survey of residents who attended asking for input on what was discussed at the meeting (rather than allowing public input though at least one public survey sent to at least 10% of residents within the governmental unit). Allows the committee meetings to take place at the same time as the governmental unit's regularly scheduled meetings under specified circumstances. Removes a requirement of an oral presentation of the committee's report. Requires that the committee submit its report no later than 18 months (rather than 6 months) after the formation of the committee.
