Amends the Property Tax Code. Modifies the exclusions to the definition of "aggregate extension" by excluding special purpose extensions made for the purpose of making contributions to the pension fund established under Article 13 of the Illinois Pension Code by use of bonds issued under specified provisions of the Metropolitan Water Reclamation District Act. Amends the Metropolitan Water Reclamation District Article of the Illinois Pension Code. Provides that, beginning in fiscal year 2032 and each year thereafter, the District shall contribute the actuarially determined contribution. Provides that the actuarially determined contribution is equal to the employer's normal cost plus an amount to amortize the unfunded liability on a level percent of payroll basis and bring the total actuarial assets of the Fund up to 100% of the total actuarial liability, calculated using the entry age normal actuarial cost method, by the year 2050. Makes conforming changes. Amends the Metropolitan Water Reclamation District Act. Adds a provision allowing for the corporate authorities of the district to issue bonds in the principal amount of $600,000,000 for the purpose of making contributions to the pension fund without submitting the question of issuing bonds to the voters of the District. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

House Floor Amendment No. 1

In the Property Tax Extension Limitation Law in the Property Tax Code, modifies the exclusions to the definition of "aggregate extension" by excluding special purpose extensions made for payments of principal and interest on bonds issued under specified provisions of the Metropolitan Water Reclamation District Act to make contributions to the pension fund established under Article 13 of the Illinois Pension Code (rather than made for the purpose of making contributions to the pension fund established under Article 13 of the Illinois Pension Code by use of bonds issued under specified provisions of the Metropolitan Water Reclamation District Act). Makes a conforming change. Modifies provisions in the Metropolitan Water Reclamation District Article of the Illinois Pension Code. Removes language providing that, beginning in fiscal year 2032 and each year thereafter, the District shall contribute the actuarially determined pension contribution requirements from its annual tax levy and related provisions. In provisions requiring revenues derived from the tax to be paid to the Metropolitan Water Reclamation District Retirement Fund for the benefit of the Fund, adds an exception for amounts of revenues to be retained by the District and used to pay principal and interest on bonds issued for the sole purpose of making contributions to the Fund. In the Metropolitan Water Reclamation District Act, provides that the corporate authorities are authorized to issue from time to time bonds of the district in the principal amount of an amount not to exceed $600,000,000 without submitting the question of issuing bonds to the voters of the District and that the bonds issued under the specified paragraph (rather than subsection) are intended to decrease the unfunded liability of the pension fund and shall not decrease the amount of the employer pension contributions.

Representative Mark Batinick
HB 05472     (CONTINUED)

Amends the Illinois Pension Code. In the Downstate Teacher Article, provides that beginning July 1, 2021 through June 30, 2022, to assist with addressing the substitute teacher shortage that has been exacerbated by the ongoing COVID-19 global pandemic and public health emergency, an annuitant may accept employment as a teacher without impairing his or her retirement status if that employment is not within the school year during which service was terminated and does not exceed 140 paid days (rather than 120 paid days) or 700 paid hours (rather than 600 paid hours) in each school year, but not more than 100 paid days in the same classroom. In the Chicago Teacher Article, provides that the service retirement pension shall not be cancelled in the case of a service retirement pensioner who is re-employed as a teacher or administrator (rather than a teacher) on a temporary and non-annual basis or on an hourly basis, so long as the person (1) does not work as a teacher or administrator (rather than a teacher) for compensation on more than 120 days in a school year or (2) in the case of a person who retires with at least 5 years of service as a principal or administrator, does not work as a teacher or administrator for compensation on more than 140 days in a school year. Removes a limitation on the amount of gross compensation a service retirement pensioner may receive for such re-employment without having the service retirement pension cancelled. Effective immediately.

Amends the Guardians For Adults With Disabilities Article of the Probate Act of 1975. Provides that a guardian shall consider the ward's current preferences to the extent the ward has the ability to participate in decision making when those preferences are known or reasonably ascertainable by the guardian. Provides that decisions by the guardian shall conform to the ward's current preferences unless the guardian reasonably believes that doing so would result in substantial harm to the ward's welfare or personal or financial interests. Amends the Biometric Information Privacy Act. Changes the term of “written release” to “written consent”. Provides that the written policy that is developed by a private entity in possession of biometric identifiers shall be made available to the person from whom biometric information is to be collected or was collected (rather than to the public). Provides that an action brought under the Act shall be commenced within one year after the cause of action accrued if, prior to initiating any action against a private entity, the aggrieved person provides a private entity 30 days’ written notice identifying the specific provisions the aggrieved person alleges have been or are being violated. Provides that if within the 30 days the private entity actually cures the noticed violation and provides the aggrieved person an express written statement that the violation has been cured and that no further violations shall occur, no action for individual statutory damages or class-wide statutory damages may be initiated against the private entity. Provides that if a private entity continues to violate the Act in breach of the express written statement, the aggrieved person may initiate an action against the private entity to enforce the written statement and may pursue statutory damages for each breach of the express written statement and any other violation that postdates the written statement. Provides that a prevailing party may recover: against a private entity that negligently violates the Act, actual damages (rather than liquidated damages of $1,000 or actual damages, whichever is greater); or against a private entity that willfully (rather than intentionally or recklessly) violates the Act, actual damages plus liquidated damages up to the amount of actual damages (rather than liquidated damages of $5,000 or actual damages, whichever is greater). Provides that the Act does not apply to a private entity if the private entity's employees are covered by a collective bargaining agreement that provides for different policies regarding the retention, collection, disclosure, and destruction of biometric information. Makes other changes.

Amends the School Construction Law. Makes changes concerning application for a grant, a conditional grant award, the required local match and grant award amount, eligibility, the priority of school construction projects, and referendum requirements. Repeals provisions concerning carry over projects, Fiscal Year 2002 escalation, debt service grants, and a school capital needs assessment. Amends the State Finance Act and the Local Government Debt Reform Act to make related changes. Effective immediately.

House Floor Amendment No. 3

Replaces everything after the enacting clause. Reinserts the contents of the bill with the following changes: Makes changes to the definition of "grant index". Provides that during the first application cycle after June 30, 2022 (instead of June 30, 2021), the required local match and grant award amount may be adjusted if the applicant had previously expended funds on a school construction project on the 2004, 2005, or 2006 School Construction Grant List (instead of the 2004 School Construction Grant List). Provides that in that case, the grant award amount shall be increased by an amount equal to the amount of the grant the applicant would have received had it been awarded a grant in 2004, 2005, or 2006 based on the 2004 School Construction Grant List and the year in which the school district applied for the grant (instead of increasing the grant award amount by an amount equal to the amount of the grant the applicant would have received had it been awarded a grant in 2004 based on the 2004 School Grant Construction List). Changes other dates. Provides that a school district shall have 2 years from the date the school district was issued a conditional grant award from the Capital Development Board to obtain the school district's required local match and receive a final grant award from the Capital Development Board. If the required local match is not obtained within the 2-year time frame, provides that the school district shall be required to reapply in another application cycle, after the 2-year time frame, to be considered for a grant award. Requires the State share of the grant amount in a conditional grant award that is not claimed by a school district within the 2-year time frame to be reallocated to future application cycles after the 2-year time frame expires. Effective immediately.

House Floor Amendment No. 4

In provisions concerning the School Construction Law, provides that the definition of grant index applies only to completed or partially completed, as determined by the Capital Development Board, school construction projects (rather than only to completed school construction projects) as specified.

Amends the Educator Licensure Article of the School Code. Provides that for any 5-year renewal cycle that includes the 2021-2022 school year, each professional educator licensee shall complete a total of 100 hours of professional development during the 5-year renewal cycle in order to renew the license (rather than being required to complete a total of 120 hours). For the 2021-2022 school year only, provides that a licensee with an administrative endorsement who is working in a position requiring such endorsement or an individual with a Teacher Leader endorsement serving in an administrative capacity at least 50% of the day is not required to complete an Illinois Administrators' Academy course (rather than being required to complete one course). Effective immediately.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill but removes the changes regarding the 5-year renewal cycle.

Amends the Educator Licensure Article of the School Code. With regard to licensure candidates being required to pass a teacher performance assessment, provides that a candidate may not be required to submit test materials by video or audio submission (rather than by video submission). Instead of a video or audio submission, provides that a candidate may submit a written letter approved and signed by (i) the principal of the school in which the candidate completed student teaching, (ii) the supervising licensed educator overseeing the candidate's classroom experience, and (iii) the candidate's academic advisor at the candidate's educator preparation program stating that the candidate meets the requirements to pass the teacher performance assessment. Provides that the submission of a written letter by a candidate does not waive the requirement that the candidate pass a teacher performance assessment approved by the State Board of Education. Requires the State Board of Education, in consultation with the State Educator Preparation and Licensure Board, to develop a standard form to be used by a candidate in the submission of the written letter. Effective July 1, 2022.

105 ILCS 5/11E-140 new

Amends the Conversion and Formation of School Districts Article of the School Code. Creates the School District Efficiency Commission. Provides for the membership and support of the Commission. Requires the Commission to make recommendations to the Governor and the General Assembly on the number of school districts in this State, the optimal amount of enrollment for a school district, and where reorganization and realignment of school districts would be beneficial. Sets forth what areas the recommendations must focus on, including drafting specific propositions to reduce the statewide total number of school districts by no less than 25% through the reorganization of school districts into unit districts. Provides that, on or before May 1, 2022, the Commission must vote on its recommended propositions and file a report with the Governor and the General Assembly. Provides that if the Commission adopts the report by an affirmative vote of at least 11 of its members, then the Commission's specific propositions for reorganization of school districts into unit districts shall be filed with the appropriate regional superintendent of schools. Sets forth the regional superintendent's and State Superintendent of Education's duties with respect to the propositions. Repeals these provisions on January 31, 2023, and exempts these provisions from certain financial incentives. Effective immediately.

Amends the School Code. Requires the superintendent of an employing school board to notify the State Superintendent of Education and applicable regional superintendent of schools if the superintendent has reasonable cause to believe that a license holder committed an act of sexual misconduct that resulted in the license holder's dismissal or resignation from the school district. Sets forth the information that must be included in the notice. Amends the Personnel Record Review Act. Specifies that provisions requiring an employer to review and delete records concerning disciplinary actions that are more than 4 years old do not apply to a school district sharing information related to an incident or attempted incident of sexual misconduct. 105 ILCS 5/26A-30
Expands the provisions requiring the governing body of each school district, charter school, and nonpublic school to implement procedures for notice concerning an alleged act of sexual misconduct between an employee, agent, or contractor of the school and a student. Requires notice to be provided to the student prior to notification of the student's parents or guardian. In provisions concerning employment history review by a public or nonpublic school or contractor (instead of independent contractor) of certain applicants for employment, limits provisions to allegations or findings of sexual misconduct (rather than abuse or sexual misconduct). Requires an employer who has or had an employment relationship with an applicant to provide additional information about disclosed matters and records. Removes provision permitting a school or contractor from hiring an applicant on a provisional basis. Requires the State Board of Education to develop templates for employment history review. In provisions concerning confidentiality, permits disclosure to the parents or guardians of students of sexual misconduct between an employee, agent, or contractor of the school and the student. In provisions concerning suspension or revocation license, endorsement, or approval, adds sexual misconduct as grounds to initiate suspension or revocation. Changes the effective date to July 1, 2023 (rather than immediate).

215 ILCS 5/356z.22
Representative Dan Brady  
HB 03308 (CONTINUED)

Amends the Illinois Insurance Code. Includes the delivery of covered health care services by way of telephone usage in the definition of "telehealth services". Provides that health care services that are covered under an individual or group policy of accident or health insurance must be covered when delivered via telehealth services when clinically appropriate, subject to specified conditions (rather than requiring an individual or group policy of accident or health insurance to comply with specified conditions if it provides coverage for telehealth services). Provides that patient cost-sharing may be no more than if the health care service were delivered in person. Provides that no excepted benefit policy may deny or reduce any benefit to a patient based on the use of clinically appropriate telehealth services in the course of satisfying the policy's benefit criteria.

House Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. In provisions concerning health care services that are covered under an individual or group policy of accident and health insurance that must be covered when delivered via telehealth services when clinically appropriate, provides that reimbursement to a health care provider for telehealth services for behavioral health services provided through an interactive telecommunications system shall be made on the same basis, in the same manner, and at the same rate as would be applied for the same services if they had been delivered in-person and shall include reasonable compensation to a facility that serves as the originating site at the time a telehealth service is rendered. Provides that with respect to telehealth benefits provided in an individual or group policy of accident or health insurance, insurers may not (rather than an individual or group policy of accident or health insurance may not) require patients to use a separate panel of health care providers to receive telehealth service coverage and reimbursement; create geographic or facility restrictions or requirements for telehealth services; require patients or health care providers to prove a hardship or access barrier before the approval of telehealth services for coverage or reimbursement; negotiate different contract rates for telehealth services and in-person services for behavioral health services; or impose upon telehealth services utilization review requirements that are unnecessary, duplicative, or unwarranted or impose any treatment limitations, prior authorization, documentation, or recordkeeping requirements that are more stringent than the requirements applicable to the same health care service when rendered in-person. Provides that health care providers shall determine the appropriateness of specific sites, technology platforms, and technology vendors for a telehealth service, as long as delivered services adhere to privacy laws. Defines terms.

Effective immediately.

State Debt Impact Note, House Floor Amendment No. 1 (Government Forecasting & Accountability)

HB 1463, as amended by House Amendment 1, would not change the amount of authorization for any type of State-issued bond, and, therefore, would not affect the level of State indebtedness.

Balanced Budget Note, House Floor Amendment No. 1 (Office of Management and Budget)

Please be advised that the Balanced Budget Note Act does not apply to House Bill 1463, as amended by House Amendment 1 as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.
This legislation would neither increase nor decrease the number of judges needed in the state of Illinois.
Fiscal Note, House Floor Amendment No. 1 (The Department of Insurance)
The Department of Insurance approximates the cost of the bill to be $836,500.

215 ILCS 5/356u

Amends the Illinois Insurance Code. In provisions concerning cancer screenings, provides that a group policy of accident and health insurance that provides coverage for hospital or medical treatment or services for illness on an expense-incurred basis and is amended, delivered, issued, or renewed after the effective date of the amendatory Act shall provide coverage without imposing a deductible, coinsurance, copayment, or any other cost-sharing requirement on the benefits. Provides for coverage for an annual prostate cancer screening for male insureds. Defines “prostate cancer screening” as medically viable methods for the detection and diagnosis of prostate cancer, including a digital rectal exam and the prostate-specific antigen test and associated laboratory work, and provides that the term includes subsequent follow-up testing as directed by a health care provider, including, but not limited to, urinary analysis, serum biomarkers, and medical imaging.

House Floor Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Provides that a group policy of accident and health insurance that provides coverage for hospital or medical treatment or services for illness on an expense-incurred basis and is amended, delivered, issued, or renewed after January 1, 2024 (rather than the effective date of the amendatory Act) shall provide coverage, without imposing a deductible, coinsurance, copayment, or any other cost-sharing requirement, for specified methods of cancer testing. Specifies that the provisions do not apply to coverage of prostate cancer screenings to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account under the Internal Revenue Code. Defines “prostate cancer screening” to include medically necessary subsequent follow-up testing as directed by a health care provider, including, but not limited to, urinary analysis, serum biomarkers, and medical imaging.

Urges all Illinois public and private universities and community colleges to waive the application fees for students of Lincoln College. Urges all Illinois public and private universities and community colleges to attempt to match or exceed the financial award letters, including scholarships, of Lincoln College students. Encourages the Illinois Department of Employment Security and the Illinois Department of Commerce and Economic Opportunity to work with the displaced Lincoln College employees to ease their financial hardships and support their attempts to find new employment. Resolves to continue striving to provide better protections for Illinois' higher education students in the unfortunate event of a closure of an institution of higher learning in the State and to help provide a smooth transition for students and a path to continue pursue higher education in Illinois.

Amends the Biometric Information Privacy Act. Changes the term of "written release" to "written consent". Provides that the written policy that is developed by a private entity in possession of biometric identifiers shall be made available to the person from whom biometric information is to be collected or was collected (rather than to the public). Provides that an action brought under the Act shall be commenced within one year after the cause of action accrued if, prior to initiating any action against a private entity, the aggrieved person provides a private entity 30 days' written notice identifying the specific provisions the aggrieved person alleges have been or are being violated. Provides that if within the 30 days the private entity actually cures the noticed violation and provides the aggrieved person an express written statement that the violation has been cured and that no further violations shall occur, no action for individual statutory damages or class-wide statutory damages may be initiated against the private entity. Provides that if a private entity continues to violate the Act in breach of the express written statement, the aggrieved person may initiate an action against the private entity to enforce the written statement and may pursue statutory damages for each breach of the express written statement and any other violation that postdates the written statement. Provides that a prevailing party may recover: against a private entity that negligently violates the Act, actual damages (rather than liquidated damages of $1,000 or actual damages, whichever is greater); or against a private entity that willfully (rather than intentionally or recklessly) violates the Act, actual damages plus liquidated damages up to the amount of actual damages (rather than liquidated damages of $5,000 or actual damages, whichever is greater). Provides that the Act does not apply to a private entity if the private entity's employees are covered by a collective bargaining agreement that provides for different policies regarding the retention, collection, disclosure, and destruction of biometric information. Makes other changes.

Creates the Prescription Drug Repository Program Act. Requires the Department of Public Health to, by rule, establish a prescription drug program, under which any person may donate a prescription drug or supplies needed to administer a prescription drug for use by an individual who meets eligibility criteria specified by the Department. Sets forth requirements that prescription drugs or supplies must meet in order to be accepted and dispensed under the program. Provides that no drugs or supplies donated under the prescription drug repository program may be resold. Provides that nothing in the Act requires that a pharmacy or pharmacist participate in the prescription drug repository program. Provides for civil and criminal immunity for drug and supply manufacturers and individuals in relation to the donation, acceptance, or dispensing of prescription drugs or supplies under the prescription drug repository program. Imposes conditions on any rulemaking authority. Amends the Pharmacy Practice Act, the Wholesale Drug Distribution Licensing Act, the Senior Pharmaceutical Assistance Act, the Illinois Food, Drug and Cosmetic Act, the Illinois Controlled Substances Act, and the Cannabis and Controlled Substances Tort Claims Act to provide that persons engaged in donating or accepting, or packaging, repackaging, or labeling, prescription drugs to the extent permitted or required under the Prescription Drug Repository Program Act are exempt from provisions of those other Acts that might prohibit or otherwise regulate such activity.

House Committee Amendment No. 1
Replaces everything after the enacting clause with the provisions of the engrossed bill with the following changes. In provisions creating the Illinois Drug Reuse Opportunity Program Act, provides that "prescription drug" does not include a drug for the treatment of cancer that can only be dispensed to a patient registered with the drug manufacturer in accordance with the federal Food and Drug Administration's requirements. Removes language providing that "recipient" includes a prescriber office. Provides that when dispensing a drug to an eligible patient, the recipient must do so at no cost to the eligible patient, except that a uniform reasonable handling fee (rather than a reasonable handling fee) may be charged. Provides that a drug may be accepted under the Act only if, in addition to other requirements, the donor has removed or redacted any patient name and prescription number and any other patient identifying information (rather than removed or redacted any patient name and prescription number) on the drug or otherwise maintains patient confidentiality by executing a confidentiality agreement with the recipient according to all State and federal medical patient privacy laws, rules, or regulations (rather than or otherwise maintains patient confidentiality by executing a confidentiality agreement with the recipient).

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Changes references from “utilization review organization” to “health insurance issuer” or “health insurance issuer or its contracted utilization review organization”. Provides that a health insurance issuer or its contracted utilization review organization must ensure that all adverse determinations are made by a physician when the request is by a physician or a representative of a physician. Provides that a health insurance issuer shall periodically review its prior authorization requirements and consider removal of prior authorization requirements in specified circumstances (rather than a utilization review organization shall not require prior authorization in specified circumstances). In provisions concerning length of prior authorization approval, provides that a prior authorization approval shall be valid for the lesser of 12 months after the date the health care professional or health care provider receives the prior authorization approval or the length of treatment as determined by the patient's health care professional. In provisions concerning clinical review criteria of prior authorization requirements, removes language that provides that a utilization review organization shall seek input from actively practicing physicians representing major areas of the specialty who are not employees of the utilization review organization or consultants to the utilization review organization before establishing or substantially or materially altering written clinical review criteria. Removes language that provides that a utilization review organization shall not deny prior authorization of a health care service solely based on the grounds that a health care professional or health care provider judges a service, product, or procedure is medically appropriate for his or her patient even if it has not been formally approved for the specific condition being treated. In provisions concerning statistics that shall be made available regarding prior authorization approvals and denials, removes specified categories of information. In provisions concerning requirements applicable to the physician who can review consultations and appeals, removes language that provides that the physician must not be employed by a utilization review organization, be under contract with the utilization review organization other than to participate in one or more of the utilization review organization's health care professional networks or to perform reviews of appeals, or otherwise have any financial interest in the outcome of the appeal. Makes other changes. Effective January 1, 2022.

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Provides that each covered manufacturer must, beginning January 1, 2024 (rather than no later than July 1, 2022) or 6 months after becoming a covered manufacturer, individually or collectively implement (rather than participate in) an approved drug take-back program.

House Floor Amendment No. 3
Representative Jim Durkin
HB 03637     (CONTINUED)

Replaces everything after the enacting clause. Reinserts the contents of the bill with the following changes: Makes changes to the definition of "grant index". Provides that during the first application cycle after June 30, 2022 (instead of June 30, 2021), the required local match and grant award amount may be adjusted if the applicant had previously expended funds on a school construction project on the 2004, 2005, or 2006 School Construction Grant List (instead of the 2004 School Construction Grant List). Provides that in that case, the grant award amount shall be increased by an amount equal to the amount of the grant the applicant would have received had it been awarded a grant in 2004, 2005, or 2006 based on the 2004, 2005, or 2006 School Construction Grant List and the year in which the school district applied for the grant (instead of increasing the grant award amount by an amount equal to the amount of the grant the applicant would have received had it been awarded a grant in 2004 based on the 2004 School Grant Construction List). Changes other dates. Provides that a school district shall have 2 years from the date the school district was issued a conditional grant award from the Capital Development Board to obtain the school district's required local match and receive a final grant award from the Capital Development Board. If the required local match is not obtained within the 2-year time frame, provides that the school district shall be required to reapply in another application cycle, after the 2-year time frame, to be considered for a grant award. Requires the State share of the grant amount in a conditional grant award that is not claimed by a school district within the 2-year time frame to be reallocated to future application cycles after the 2-year time frame expires. Effective immediately.

House Floor Amendment No. 4

In provisions concerning the School Construction Law, provides that the definition of grant index applies only to completed or partially completed, as determined by the Capital Development Board, school construction projects (rather than only to completed school construction projects) as specified.

Provides that if a cable or video provider does not provide a customer or subscriber with a channel for which the customer or subscriber has been billed, then the cable or video provider shall credit the customer or subscriber $5 per channel for each month that the customer or subscriber does not receive the channel due to the contract dispute. Provides that responsibility for payment of the credit shall be split evenly between all parties to the contract dispute, with reimbursement from the broadcaster to be made promptly to the cable or video provider. (Sen. John Connor-Jacqueline Y. Collins-Laura M. Murphy-Karina Villa, Craig Wilcox, Jason Plummer, Diane Pappas-Sara Feigenholtz, Emil Jones, III and Julie A. Morrison)
Amends the School Code. Requires the superintendent of an employing school board to notify the State Superintendent of Education and applicable regional superintendent of schools if the superintendent has reasonable cause to believe that a license holder committed an act of sexual misconduct that resulted in the license holder's dismissal or resignation from the school district. Requires a public or nonpublic school or independent contractor to conduct an employment history review of certain applicants for employment. Requires the governing body of each school district, charter school, or nonpublic school to adopt a policy under which notice concerning an alleged act of sexual misconduct between an educator and a student is provided to the parent or guardian of that student. Sets forth the information that must be included in the notice. Amends the Personnel Record Review Act. Specifies that provisions requiring an employer to review and delete records concerning disciplinary actions that are more than 4 years old do not apply to a school district sharing information related to an incident or attempted incident of sexual misconduct. Effective immediately.

House Floor Amendment No. 2
Adds reference to:
105 ILCS 5/21B-75

Adds reference to:
105 ILCS 5/26A-30

Expands the provisions requiring the governing body of each school district, charter school, and nonpublic school to implement procedures for notice concerning an alleged act of sexual misconduct between an employee, agent, or contractor of the school and a student. Requires notice to be provided to the student prior to notification of the student's parents or guardian. In provisions concerning employment history review by a public or nonpublic school or contractor (instead of independent contractor) of certain applicants for employment, limits provisions to allegations or findings of sexual misconduct (rather than abuse or sexual misconduct). Requires an employer who has or had an employment relationship with an applicant to provide additional information about disclosed matters and records. Removes provision permitting a school or contractor from hiring an applicant on a provisional basis. Requires the State Board of Education to develop templates for employment history review. In provisions concerning confidentiality, permits disclosure to the parents or guardians of students of sexual misconduct between an employee, agent, or contractor of the school and the student. In provisions concerning suspension or revocation license, endorsement, or approval, adds sexual misconduct as grounds to initiate suspension or revocation. Changes the effective date to July 1, 2023 (rather than immediate).

Senate Committee Amendment No. 1
Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes: Further amends the Medical Assistance Article of the Illinois Public Aid Code. Provides that a managed care organization must pay for preventative prenatal services, perinatal healthcare services, and postpartum services rendered by a non-affiliated provider, for which the health plan would pay if rendered by an affiliated provider, at the rate paid (rather than at no less than the rate paid) under the Illinois Medicaid fee-for-service program methodology for such services. Provides that, in cases where a managed care organization must pay for preventive prenatal services, perinatal healthcare services, and postpartum services rendered by a non-affiliated provider, the payment rate requirements under the amendatory Act shall not apply if the services were not emergency services, as defined in a specified provision of the Code, and: (1) the non-affiliated provider is a perinatal hospital and has, within the 12 months preceding the date of service, rejected a contract that was offered in good faith by the health plan as determined by the Department of Healthcare and Family Services; or (2) the health plan has terminated a contract with the non-affiliated provider for cause, and the Department has not deemed the termination to have been without merit. Provides that the Department may deem that a determination for cause has merit if: (i) an institutional provider has repeatedly failed to conduct discharge planning; or (ii) the provider's conduct adversely and substantially impacts the health of Medicaid patients; or (iii) the provider's conduct constitutes fraud, waste, or abuse; or (iv) the provider's conduct violates the code of ethics governing his or her profession. Amends the Downstate Police and Illinois Municipal Retirement Fund (IMRF) Articles of the Illinois Pension Code. Provides that an active IMRF member who is a sheriff's law enforcement employee may transfer up to 15 years of creditable service under the Downstate Police Article to IMRF. Authorizes the reinstatement of creditable service terminated upon receipt of a refund by paying to the police pension fund the amount of the refund plus interest. Provides that, to establish the credit, a person may elect to either pay to IMRF an amount equal to the difference between the amount of employee and employer contributions transferred to IMRF and the amounts that would have been contributed had such contributions been made at the rates applicable to an employee under IMRF, plus interest; or to have the amount of his or her creditable service reduced by an amount corresponding to the amount by which the contributions that would have been required if he or she had participated in IMRF during the period for which credit is being transferred, plus interest, exceeds the amount actually transferred to IMRF. Provides that a sheriff's law enforcement employee shall be deemed to be a person who first became a sheriff's law enforcement employee before January 1, 2011 if the transferred creditable service was for service as a police officer who first became a police officer before January 1, 2011; at the time the sheriff's law enforcement employee applied to transfer the creditable service, the amount of creditable service under Article 3 was greater than the amount of creditable service the sheriff's law enforcement employee had under IMRF; and other requirements are met. Effective immediately.

State Debt Impact Note, House Floor Amendment No. 1 (Government Forecasting & Accountability)

HB 1463, as amended by House Amendment 1, would not change the amount of authorization for any type of State-issued bond, and, therefore, would not affect the level of State indebtedness.

Balanced Budget Note, House Floor Amendment No. 1 (Office of Management and Budget)

Please be advised that the Balanced Budget Note Act does not apply to House Bill 1463, as amended by House Amendment 1 as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

This legislation would neither increase nor decrease the number of judges needed in the state of Illinois.

Fiscal Note, House Floor Amendment No. 1 (The Department of Insurance)

The Department of Insurance approximates the cost of the bill to be $836,500.
Amends the Criminal Code of 2012. Rep. Norine K. Hammond and Amy Grant

210 ILCS 45/2-106.1

Amends the Nursing Home Care Act. In provisions requiring the Department of Public Health to adopt a protocol specifying how informed consent for psychotropic medication may be obtained or refused that requires a discussion between the resident or the resident's surrogate decision maker and the resident's physician, a registered pharmacist, or a licensed nurse about the possible risks and benefits of a recommended medication and the use of standardized consent forms designated by the Department, (i) removes language prohibiting the registered pharmacist from being a dispensing pharmacist for the facility where the resident lives and (ii) specifies that a licensed nurse includes a licensed practical nurse. Provides that specified forms shall be designated (rather than developed) by the Department and may be able to be downloaded from a website designated by the Department (other than the Department's official website). Provides that the maximum possible period for informed consent shall be until a change in the prescription occurs as to the change in the type of psychotropic medication or an increase in dosage (rather than a change in dosage), unless the physician's order for which informed consent was given provides for an increase in dosage. Effective immediately.

HB 04165
New Act

Creates the Lake Michigan Rescue Equipment Act. Provides that the owner of a pier or drop-off on Lake Michigan shall install public rescue equipment, including, at a minimum, ring life buoys, on each of the owner's piers and drop-offs along the Lake Michigan coast. Provides that public rescue equipment shall also be installed in all high-incident drowning areas on an owner's property. Includes requirements for ring life buoys. Provides that each unit of local government owning a pier or drop-off on Lake Michigan shall track and report to the Department of Public Health, in a form prescribed by the Department, Lake Michigan lakefront drownings, both fatal and non-fatal drownings, near the unit's piers and drop-offs. Includes tracking and reporting requirements. Provides that the Department shall analyze the tracking and reporting and appropriately provide a plan and recommendations for reduction in drowning incidents. Defines terms. Effective 180 days after becoming law.

House Floor Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes: Modifies definitions. Provides that, to reduce vandalism and theft, the rescue equipment station shall have signage (rather than an alarm, signage, and a warning of cameras) that warns lakefront patrons that tampering with or misuse of public rescue equipment is strictly prohibited. Removes provisions about automatic contacting of 9-1-1 and compliance with a specified guide. Provides that the buoyant line attached to each ring life buoy must be at least 100 feet in length (rather than 100 inches). Provides that each unit of local government owning a pier or drop-off on Lake Michigan shall track and publish a report on the unit's website lakefront drownings if such drownings occur within 100 feet of the unit's piers and drop-offs and if the unit was made aware of such drowning (rather than making a report to the Department of Public Health). Provides that, if there have been drownings during the reporting period, each unit of local government must also publish a water safety plan on the unit's website. Adds provisions relating to high-incident drowning area plans. Makes other changes. Changes the effective date from 180 days after becoming law to one year after becoming law.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes:

Further amends the Medical Assistance Article of the Illinois Public Aid Code. Provides that a managed care organization must pay for preventative prenatal services, perinatal healthcare services, and postpartum services rendered by a non-affiliated provider, for which the health plan would pay if rendered by an affiliated provider, at the rate paid (rather than at no less than the rate paid) under the Illinois Medicaid fee-for-service program methodology for such services. Provides that, in cases where a managed care organization must pay for preventive prenatal services, perinatal healthcare services, and postpartum services rendered by a non-affiliated provider, the payment rate requirements under the amendatory Act shall not apply if the services were not emergency services, as defined in a specified provision of the Code, and: (1) the non-affiliated provider is a perinatal hospital and has, within the 12 months preceding the date of service, rejected a contract that was offered in good faith by the health plan as determined by the Department of Healthcare and Family Services; or (2) the health plan has terminated a contract with the non-affiliated provider for cause, and the Department has not deemed the termination to have been without merit. Provides that the Department may deem that a determination for cause has merit if: (i) an institutional provider has repeatedly failed to conduct discharge planning; or (ii) the provider's conduct adversely and substantially impacts the health of Medicaid patients; or (iii) the provider's conduct constitutes fraud, waste, or abuse; or (iv) the provider's conduct violates the code of ethics governing his or her profession. Amends the Department of Natural Resources (Conservation) Law of the Civil Administrative Code of Illinois. Requires, within one year following the effective date of the amendatory Act, the Department of Natural Resources, in collaboration with the Department of Public Health, to perform an assessment of State parks, including recreational trails, and other outdoor recreation areas and facilities to determine where it is appropriate to install signage to warn visitors of possible Lyme and other tick-borne diseases. Provides that the assessment shall be updated no less than once every 3 years, or more often as deemed necessary by both the Department of Natural Resources and the Department of Public Health. Requires that a summary of the assessment be posted by the Department of Natural Resources on its website within 60 days of the completion of the assessment. Provides that the Department of Natural Resources shall thereafter install and maintain signs at all State-managed parks and outdoor recreation areas and facilities, including, but not limited to, recreational trail entryways, campgrounds, and any other location as defined and determined by the Department as necessary and based on the assessment, warning individuals that ticks may be found in the area and cause Lyme or other tick-borne diseases. (Sen. Julie A. Morrison-Jason Plummer)

New Act
30 ILCS 805/8.45 new

Creates the Decennial Committees on Local Government Consolidation and Efficiency Act. Provides that within one year after the effective date of the Act and at least once every 10 years thereafter, each unit of local government (except municipalities and counties) must form a committee to: study local efficiencies, including an analysis of whether to consolidate with another governmental unit, municipality, or county; and create a report with recommendations regarding efficiencies, increased accountability, and consolidation. Provides that the duties of the committee include, but are not limited to, the study of the unit of local government's governing statutes, ordinances, rules, procedures, powers, jurisdiction, shared services, intergovernmental agreements, and interrelationships with other units of local government and the State. Provides that the committee shall collect data, research, analysis, and public input. Dissolves the committee after completion of its report and oral presentation of the report. Contains provisions about committee membership, meetings, and report requirements. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

House Floor Amendment No. 1

Provides that the 2 residents appointed to the commission shall be appointed by the board of the governmental unit (rather than appointed by the county board chairperson or the president of the board of county commissioners in the county in which the governmental unit lies). Removes a government studies representative from a community college or State university from the committee and, instead, provides that the committee may seek assistance from community colleges or universities with research and the development and review of reports of the committee. Provides that, at the conclusion of each meeting, the committee shall conduct a survey of residents who attended asking for input on what was discussed at the meeting (rather than allowing public input through at least one public survey sent to at least 10% of residents within the governmental unit). Allows the committee meetings to take place at the same time as the governmental unit's regularly scheduled meetings under specified circumstances. Removes a requirement of an oral presentation of the committee's report. Requires that the committee submit its report no later than 18 months (rather than 6 months) after the formation of the committee.

Replaces everything after the enacting clause. Amends the Address Confidentiality for Victims of Domestic Violence, Sexual Assault, or Stalking Act. Changes the name of the Act to the Address Confidentiality for Victims of Domestic Violence, Sexual Assault, Human Trafficking, or Stalking Act. Makes the Act's requirements applicable to victims of human trafficking. Deletes language providing that: a program participant who is otherwise qualified to vote may apply to vote under the Election Code; the program participant shall automatically receive absentee ballots for all elections in the jurisdictions for which that individual resides; and the election authority shall transmit the absentee ballot to the program participant at the address designated by the participant in his or her application. Provides instead that a program participant who is otherwise qualified to vote may register to vote by submitting an Illinois Address Confidentiality Program Voter Registration Application created by the State Board of Elections to the appropriate election authority. Provides that the State Board of Elections (rather than the Attorney General) shall adopt rules to ensure the integrity of the voting process and the confidentiality of the program participant. In a provision regarding when disclosure of an address is prohibited, removes the exception requirement that a certification has been canceled. Exempts a program participant's address and phone number on file with the Attorney General from being disclosed under the Freedom of Information Act. Makes corresponding changes in the Freedom of Information Act and the Election Code.

Amends the Address Confidentiality for Victims of Domestic Violence, Sexual Assault, or Stalking Act. Changes the name of the Act to the Address Confidentiality for Victims of Domestic Violence, Sexual Assault, Human Trafficking, or Stalking Act. Makes the Act's requirements applicable to victims of human trafficking. Deletes language providing that: a program participant who is otherwise qualified to vote may apply to vote under the Election Code; the program participant shall automatically receive absentee ballots for all elections in the jurisdictions for which that individual resides; and the election authority shall transmit the absentee ballot to the program participant at the address designated by the participant in his or her application. Provides instead that a program participant who is otherwise qualified to vote may register to vote by submitting an Illinois Address Confidentiality Program Voter Registration Application created by the State Board of Elections to the appropriate election authority. Provides that the State Board of Elections (rather than the Attorney General) shall adopt rules to ensure the integrity of the voting process and the confidentiality of the program participant. In a provision regarding when disclosure of an address is prohibited, removes the exception requirement that a certification has been canceled. Exempts a program participant's address and phone number on file with the Attorney General from being disclosed under the Freedom of Information Act. 235 ILCS 5/6-39 new

Amends the Liquor Control Act of 1934. Provides that if a licensee has more than 800 persons at the licensed location at any time while hosting live music, the licensee shall ensure that it has opioid antagonists available at the premises and that there is a sufficient number of staff members on the premises who have been sufficiently trained on how to properly administer an opioid antagonist.

House Floor Amendment No. 1
Adds reference to:
215 ILCS 5/388h new

Replaces everything after the enacting clause. Amends the Liquor Control Act of 1934. Defines "music venue" as an indoor or outdoor location with a capacity of more than 800 persons used as a space to hold a live concert or musical performance. Provides that if a licensee operates as a music venue, the licensee shall ensure that, during its hours of operation as a music venue, it has opioid antagonists available at the premises and that there is a staff member on the premises who has been sufficiently trained on how to properly administer an opioid antagonist. Provides that a person who has been certified in the administration of opioid antagonists by a governmental or private entity, regardless of when the person received that certification, is deemed to be sufficiently trained. Provides an exemption from civil liability for the good faith administration or provision of an opioid antagonist. Amends the Casualty Insurance, Fidelity Bonds, and Surety Contracts Article of the Illinois Insurance Code. Provides that an insurer may not increase the amount of an insured's premium based on the insured's compliance with the amendatory Act. Effective June 1, 2023.

House Floor Amendment No. 2
Provides that any person who is sufficiently trained and in good faith (rather than any person who in good faith) administers or provides an opioid antagonist in accordance with the provisions, shall not, as a result of his or her acts or omissions, except willful or wanton misconduct on the part of the person, in administering or providing the opioid antagonist, be liable for civil damages.

65 ILCS 5/11-101-3

Amends the Illinois Municipal Code if and only if House Bill 106 of the 102nd General Assembly becomes law in the form in which it passed both houses on October 28, 2021. Allows the Minority Leader of the House of Representatives and the Minority Leader of the Senate to appoint one member each to an advisory committee that determines which homes contain windows or doors that cause offensive odors and are eligible for replacement pursuant to the Residential Sound Insulation Program. Effective immediately or the date that House Bill 106 takes effect, whichever is later.

House Floor Amendment No. 1

Provides that residents who altered or modified a replacement window or accepted a replacement screen for the window as an interim solution or partial replacement that failed to mitigate, in whole or in part, an odorous or malfunctioning window shall not be disqualified from compensation or future services (rather than residents who altered or modified a replacement window or accepted a replacement screen for the window shall not be disqualified from compensation or future services). Provides that residents who have altered or modified a replacement window or accepted a replacement screen for the window as an interim solution or partial replacement who apply for future mitigation services shall be sequenced in the ordinary course of the Residential Sound Insulation Program upon a finding of eligibility. Provides at least 10% of the homes receiving a replacement in a year shall be homes that have demonstrated extreme hardship, except when at least 10% of the number of applicants eligible to receive a replacement fail to demonstrate extreme hardship. Provides that the advisory committee shall accept all public questions concerning the Residential Sound Insulation Program (rather than all public questions) and furnish a written response within 2 business days. Corrects a typographical error.

New Act
5 ILCS 140/7.5

Creates the Illinois Broadband Deployment, Equity, Access, and Affordability Act of 2022. Provides that access to affordable, reliable, high-speed broadband service is essential to full participation in modern life in the State and throughout the United States. Defines terms. Provides that the Department of Commerce and Economic Opportunity shall establish and implement a statewide broadband service grant program. Provides that the Department shall use money from the grant program only for the exclusive purpose of awarding grants to applicants for projects that are limited to the construction and deployment of broadband service into unserved areas in the State and for the Department's cost to administer the program. Provides that the Department shall not award grant money to a governmental entity or educational institution. Provides that the Department shall not, as a condition of an award of grant money, impose an open network architecture requirement, rate regulation, or other term or condition of service that differs from the applicant's terms or conditions of service in its other service areas. Includes provisions providing for the criteria for determining the award of funds, the information an applicant must provide for an application for a grant, the priority by which the Department shall follow in granting awards, and when the Department shall not award a grant to an applicant. Provides that when a grant is awarded, the Department shall provide notice on its website of each application receiving a grant. Provides that the Department shall require an applicant awarded a grant to submit a semi-annual report from the time the applicant receives the grant to 3 years after completion of the project. 105 ILCS 5/21B-35

Creates the Right to Read Act. Provides that the State Board of Education shall offer support: to each public school district
to select evidence-based core reading instruction programs and implement them using structured literacy instruction; and to each early
childhood, elementary, and special education teacher, reading specialist, literacy coach, and administrator to complete evidence-based
training in teaching reading. Requires the State Board of Education to annually compile and post on its website information on the
steps it has undertaken to support school districts to deliver high-quality, evidence-based literacy instruction, including a list of any
Early Literacy Grant recipients, documentation of how the recipient allocated the funding to support improved literacy, and what

requires applicants seeking specified licenses to pass a test in reading foundations, which shall include assessment of the applicant's
understanding of phonological and phonemic awareness, concepts of print and the alphabetic principle, the role of phonics in
promoting reading development, word analysis skills and strategies, vocabulary development, application of reading comprehension
skills and strategies, and methods for assessing reading development. In provisions concerning minimum requirements for educators

HB 05318  
215 ILCS 5/356u

Amends the Illinois Insurance Code. In provisions concerning cancer screenings, provides that a group policy of accident and health insurance that provides coverage for hospital or medical treatment or services for illness on an expense-incurred basis and is amended, delivered, issued, or renewed after the effective date of the amendatory Act shall provide coverage without imposing a deductible, coinsurance, copayment, or any other cost-sharing requirement on the benefits. Provides for coverage for an annual prostate cancer screening for male insureds. Defines “prostate cancer screening” as medically viable methods for the detection and diagnosis of prostate cancer, including a digital rectal exam and the prostate-specific antigen test and associated laboratory work, and provides that the term includes subsequent follow-up testing as directed by a health care provider, including, but not limited to, urinary analysis, serum biomarkers, and medical imaging.

House Floor Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Provides that a group policy of accident and health insurance that provides coverage for hospital or medical treatment or services for illness on an expense-incurred basis and is amended, delivered, issued, or renewed after January 1, 2024 (rather than the effective date of the amendatory Act) shall provide coverage, without imposing a deductible, coinsurance, copayment, or any other cost-sharing requirement, for specified methods of cancer testing. Specifies that the provisions do not apply to coverage of prostate cancer screenings to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account under the Internal Revenue Code. Defines “prostate cancer screening” to include medically necessary subsequent follow-up testing as directed by a health care provider (rather than subsequent follow-up testing as directed by a health care provider).

Provides that for purposes of determining enrollment capacity, priority in the admission of applicants to an institution must be given to applicants who are residents of this State and admission to an institution may not be denied to an applicant who is a State resident based on the institution's enrollment capacity unless 100% of the enrollment capacity is filled exclusively by students who are State residents.

Provides that for any appeal permitted under the Act to the Director of the Illinois State Police for failure to act on a Firearm Owner's Identification Card application within 30 days or its denial, seizure, or revocation, the Director shall either grant or deny the appeal within 60 days of the receipt of the appeal. Provides that if the appeal is granted, the Director shall return the aggrieved party's Firearm Owner's Identification Card to the aggrieved party, or issue him or her a new Firearm Owner's Identification Card, as the case may be, no later than 7 business days after the appeal is granted. Provides that if the appeal is denied, the Director shall set forth in writing the specific reasons for the denial and shall cause the written denial to be mailed to the aggrieved party no later than 7 business days after the appeal is denied. Provides that if the Director fails to either grant or deny the appeal within 60 days of the receipt of the appeal, the appeal shall be considered granted, and the Director shall return the aggrieved party's Firearm Owner's Identification Card or issue him or her a new Firearm Owner's Identification Card, as the case may be, no later than 67 days from the date that the appeal was received. Provides that a denial shall be considered a final administrative order, regardless of whether there was a formal hearing in which evidence was taken, and the aggrieved party may seek judicial review of the final administrative order in accordance with the provisions of the Administrative Review Law and the Act. Provides that if administrative review is taken and if the circuit court then finds that the Director denied the appeal without reasonable cause, the circuit court may award the aggrieved party court costs and a reasonable attorney's fee to be paid by the State. Nothing herein limits the contempt power of the circuit court. Provides that when the word "shall" appears in this provision, it shall be construed as being mandatory and not discretionary.

Amends the Criminal Code of 2012. Provides that when the victim is under 18 years of age at the time of the offense or a person with a disability, a prosecution for grooming may be commenced within 10 years after the discovery of such an offense by a person or agency having the legal duty to report the offense or in the absence of such discovery, within 10 years after the proper prosecuting officer becomes aware of the offense. In the definition provisions of the Sex Offenses Article of the Code, includes "sibling" in the definition of "family member" and includes in the definition of "unconscious of the nature of the act", incapable of resisting because the victim was asleep, unconscious, or surprised such that the victim could not give voluntary, intelligent, and knowing agreement to the sexual act. In the definition of "family member" deletes provision that if the victim is a child under 18 years of age, an accused must have resided in the household with the child continuously for at least 6 months. Provides that a person also commits grooming when he or she knowingly engages in a pattern of conduct that entices, persuades, induces, or coerces a child to engage or participate in criminal sexual activity or is for the purpose of sexual gratification or arousal of the victim, the accused, or another. Amends the Code of Criminal Procedure of 1963. Provides that the court may set any conditions it finds just and appropriate on the taking of testimony of a victim or witness who is under 18 years of age or an intellectually disabled person or a person affected by a developmental disability (rather than a victim who is a child under the age of 18 years or a moderately, severely, or profoundly intellectually disabled person or a person affected by a developmental disability), involving the use of a facility dog in any criminal proceeding (rather than in a prosecution of criminal sexual assault, predatory criminal sexual assault of a child, aggravated criminal sexual assault, criminal sexual abuse, aggravated criminal sexual abuse, or any violent crime). Amends the Regulatory Sunset Act. Provides that the Professional Counselor and Clinical Professional Counselor Licensing and Practice Act will be repealed on January 1, 2028 (instead of January 1, 2023). Amends the Professional Counselor and Clinical Professional Counselor Licensing and Practice Act. Defines "email address of record". Provides the definition of "clinical supervision" includes face-to-face video if the session is synchronous and involves verbal and visual interaction during supervision. Provides that licensees shall provide a valid email address to the Department and inform of any change of email address. Removes a provision that provides that nothing in the Act shall be construed to limit licensed professional counselors from providing social services that do not fall within the definition of professional counseling. Provides that no person shall, without a valid license, hold one's self out to the public as a professional counselor by using the credential "L.P.C.". Removes a provision that the Department of Financial and Professional Regulation may maintain names and addresses of all licenses and all persons whose licenses have been suspended, revoked, or denied renewal for cause within the previous calendar year. Provides that the Professional Counselor Licensing and Disciplinary Board shall consist of 7 persons, one (instead of 2) of whom is licensed solely as a professional counselor and 4 (instead of 3) of whom are licensed solely as clinical professional counselors. Removes a provision that provides for an exception for an applicant who applied for licensure before a specified date where an approved baccalaureate program in human services approved by the Department and 5 years of supervised experience would count as a qualification for licensure. Provides that if the Department finds an individual unable to practice because of a substance-related violation, the Department may require that individual to submit to a substance abuse evaluation or treatment by programs approved by the Department as a condition, term, or restriction for continued, restored, or renewed licensure to practice. Makes other changes. Some provisions are effective immediately.

Amends the Illinois Power Agency Act. Requires the Illinois Power Agency to collect data for all applicants for solar contracts under any Agency-administered program as well as each entity that has currently been awarded solar contracts under any Agency-administered program. Lists information the Agency is required to collect from applicants and program participants. Requires the Agency to immediately deny any application for solar contracts under any Agency-administered program if the Agency finds that the project would include any products mined, produced, or manufactured, in whole or in part, that the United States Department of Labor's Bureau of International Labor Affairs has listed in its list of goods produced by child labor or forced labor. Requires the Agency to revoke any existing solar contracts that it has already awarded to any participant that used products listed on the list of goods produced by child labor or forced labor. Amends the Juvenile Court Act of 1987. Provides that a neglected minor includes any minor under the age of 12 (rather
than 14) years whose parent or other person responsible for the minor's welfare leaves the minor without supervision for an
unreasonable period of time without regard for the mental or physical health, safety, or welfare of that minor. Provides that neglect
does not include permitting a child, whose basic needs are met and who is of sufficient age and maturity to avoid harm or unreasonable
risk of harm, to engage in independent activities, including: (1) traveling to and from school, including by walking, running, or
bicycling; (2) traveling to and from nearby commercial or recreational activities; (3) engaging in outdoor play; (4) remaining in a
vehicle unattended, except as otherwise provided by law; (5) remaining at home unattended; or (6) engaging in a similar independent
activity. Amends the Criminal Code of 2012. Provides that a person commits child abandonment when he or she, as a parent, guardian,
or other person having physical custody or control of a child, without regard for the mental or physical health, safety, or welfare of that
child, knowingly leaves that child who is under the age of 12 (rather than 13) without supervision by a responsible person over the age
of 14 for a period of 24 hours or more.

House Floor Amendment No. 2
Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes:

Changes the legislative findings. Provides that a neglected minor includes any minor (rather than a minor under 14 years) whose parent or other person responsible for the minor's welfare leaves the minor without supervision for an unreasonable period of time without regard for the mental or physical health, safety, or welfare of that minor. Provides that a minor shall not be considered neglected for the sole reason that the minor was engaged in independent activities, except if the person responsible for the minor's health, safety, or welfare willfully disregards danger that the independent activity poses to the physical or mental health of the minor under circumstances when the danger is sufficiently obvious that no reasonable person would cause or permit the minor to be unsupervised in such a situation given the minor's level of maturity, physical condition, or mental abilities. Provides that factors considered in determining if a minor's needs can be sufficiently met during an independent activity are whether the activity is generally accepted as suitable for minors of the same age or level of maturity, or are developmentally appropriate for a minor based on the development of cognitive, emotional, physical, and behavioral capacities that are typical for the minor's age or age group. Provides that the determination for a specific minor shall also take into account the developmental stage of that minor's cognitive, emotional, and physical development and the minor's behavioral capacities. Amends the Criminal Code of 2012 to change the child abandonment statute. Provides that a person commits child abandonment when he or she, as a parent, guardian, or other person having physical custody or control of a child, without regard for the mental or physical health, safety, or welfare of that child, knowingly permits a child to engage in independent activities that were unreasonable under the circumstances or for an unreasonable period of time without regard for the minor's mental or physical health, safety or well-being. Provides that for the purposes of this provision, no specific age shall be determinative of reasonableness. Provides that reasonableness shall be determined by the maturity of each individual child (rather than leaves that child who is under the age of 13 without supervision by a responsible person over the age of 14 for a period of 24 hours or more).

HB 00711 (CONTINUED)

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Changes references from “utilization review organization” to “health insurance issuer” or “health insurance issuer or its contracted utilization review organization”. Provides that a health insurance issuer or its contracted utilization review organization must ensure that all adverse determinations are made by a physician when the request is by a physician or a representative of a physician. Provides that a health insurance issuer shall periodically review its prior authorization requirements and consider removal of prior authorization requirements in specified circumstances (rather than a utilization review organization shall not require prior authorization in specified circumstances). In provisions concerning length of prior authorization approval, provides that a prior authorization approval shall be valid for the lesser of 12 months after the date the health care professional or health care provider receives the prior authorization approval or the length of treatment as determined by the patient's health care professional. In provisions concerning clinical review criteria of prior authorization requirements, removes language that provides that a utilization review organization shall seek input from actively practicing physicians representing major areas of the specialty who are not employees of the utilization review organization or consultants to the utilization review organization before establishing or substantially or materially altering written clinical review criteria. Removes language that provides that a utilization review organization shall not deny prior authorization of a health care service solely based on the grounds that a health care professional or health care provider judges a service, product, or procedure is medically appropriate for his or her patient even if it has not been formally approved for the specific condition being treated. In provisions concerning statistics that shall be made available regarding prior authorization approvals and denials, removes specified categories of information. In provisions concerning requirements applicable to the physician who can review consultations and appeals, removes language that provides that the physician must not be employed by a utilization review organization, be under contract with the utilization review organization other than to participate in one or more of the utilization review organization's health care professional networks or to perform reviews of appeals, or otherwise have any financial interest in the outcome of the appeal. Makes other changes. Effective January 1, 2022.

Amends the Illinois Power Agency Act. In provisions concerning the renewable portfolio standards, specifies the goals for procurement of renewable energy credits and cost-effective renewable energy resources that shall be included in the long-term renewable resources procurement plan and makes other changes concerning these procurements and provides for the calculation of the cost of equity for the purposes of recovering all reasonable and prudently incurred costs of energy efficiency measures from retail customers. Provides that savings of fuels other than electricity achieved by measures that educate about, incentivize, encourage, or otherwise support the use of electricity to power vehicles shall count towards the applicable annual incremental goal and shall not be included in determining certain limits. Amends the Public Utilities Act. Provides that an electric utility that serves less than 3,000,000 retail customers but more than 500,000 customers in this State may plan for, construct, install, control, own, manage, or operate photovoltaic electricity production facilities and any energy storage facilities that are planned for, constructed, installed, controlled, owned, managed, or operated in connection with photovoltaic electricity production facilities without obtaining a certificate of public convenience and necessity subject to specified terms and conditions. Provides that a public utility that provided electric service to at least 1,000,000 retail customers in Illinois and gas service to at least 500,000 retail customers in Illinois may elect to recover its natural gas delivery services costs through a performance-based rate. Provides that, beginning in 2022, without obtaining any approvals from the Commission or any other agency, regardless of whether any such approval would otherwise be required, a participating utility that is a combination utility shall pay $1,000,000 per year for 10 years to the energy low-income and support program. Adds provisions authorizing certain utilities to plan for, construct, install, control, own, manage, or operate electric vehicle charging infrastructure. Amends the Prevailing Wage Act to include specified facilities financed in whole or in part with renewable energy resources in the definition of "public works". Makes other changes. Effective immediately.

Senate Committee Amendment No. 1
Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes: Further amends the Counties Code. In a provision permitting a county with a Veterans Assistance Commission to impose a tax on all taxable property for the purpose of providing assistance to military veterans and their families, provides that the tax shall be separate from all other taxes which the county is authorized to levy. Provides that in counties where a Veterans Assistance Commission has been properly created, those County Veterans Assistance Commissions shall be in charge of the administration of the assistance provided under certain provisions of the Illinois Public Aid Code. Further amends the Military Veterans Assistance Act. Makes changes to the definition of "veteran service organization". Provides that it shall be the duty of the commander, quartermaster, or commandant (rather than the commander) of each veteran service organization to send the commander, quartermaster, or commandant (rather than the commander) of every other organization a written list of the names of all persons to whom assistance has been granted during the preceding month. 215 ILCS 5/356u

Amends the Illinois Insurance Code. In provisions concerning cancer screenings, provides that a group policy of accident and health insurance that provides coverage for hospital or medical treatment or services for illness on an expense-incurred basis and is amended, delivered, issued, or renewed after the effective date of the amendatory Act shall provide coverage without imposing a deductible, coinsurance, copayment, or any other cost-sharing requirement on the benefits. Provides for coverage for an annual prostate cancer screening for male insureds. Defines "prostate cancer screening" as medically viable methods for the detection and diagnosis of prostate cancer, including a digital rectal exam and the prostate-specific antigen test and associated laboratory work, and provides that the term includes subsequent follow-up testing as directed by a health care provider, including, but not limited to, urinary analysis, serum biomarkers, and medical imaging.

House Floor Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Provides that a group policy of accident and health insurance that provides coverage for hospital or medical treatment or services for illness on an expense-incurred basis and is amended, delivered, issued, or renewed after January 1, 2024 (rather than the effective date of the amendatory Act) shall provide coverage, without imposing a deductible, coinsurance, copayment, or any other cost-sharing requirement, for specified methods of cancer testing. Specifies that the provisions do not apply to coverage of prostate cancer screenings to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account under the Internal Revenue Code. Defines "prostate cancer screening" to include medically necessary subsequent follow-up testing as directed by a health care provider (rather than subsequent follow-up testing as directed by a health care provider).

Amends the Biometric Information Privacy Act. Changes the term of "written release" to "written consent". Provides that the written policy that is developed by a private entity in possession of biometric identifiers shall be made available to the person from whom biometric information is to be collected or was collected (rather than to the public). Provides that an action brought under the Act shall be commenced within one year after the cause of action accrued if, prior to initiating any action against a private entity, the aggrieved person provides a private entity 30 days' written notice identifying the specific provisions the aggrieved person alleges have been or are being violated. Provides that if within the 30 days the private entity actually cures the noticed violation and provides the aggrieved person an express written statement that the violation has been cured and that no further violations shall occur, no action for individual statutory damages or class-wide statutory damages may be initiated against the private entity. Provides that if a private entity continues to violate the Act in breach of the express written statement, the aggrieved person may initiate an action against the private entity to enforce the written statement and may pursue statutory damages for each breach of the express written statement and any other violation that postdates the written statement. Provides that a prevailing party may recover: against a private entity that negligently violates the Act, actual damages (rather than liquidated damages of $1,000 or actual damages, whichever is greater); or against a private entity that willfully (rather than intentionally or recklessly) violates the Act, actual damages plus liquidated damages up to the amount of actual damages (rather than liquidated damages of $5,000 or actual damages, whichever is greater). Provides that the Act does not apply to a private entity if the private entity's employees are covered by a collective bargaining agreement that provides for different policies regarding the retention, collection, disclosure, and destruction of biometric information. Makes other changes.

Amends the Environmental Protection Act. Requires public water supply operators to notify specified health care facilities at least 30 days prior to any known, planned, or anticipated disruption event and within one hour after being aware of an unplanned disruption event. Provides that any planned or unplanned disruption event notification sent to a health care facility shall be sent to the Environmental Protection Agency and the Department of Public Health and shall be posted on the public water supply operator's website. Contains notification requirements. Contains other provisions. Effective immediately.

House Floor Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Defines "disruption event" and "water supply operator". Requires public water supply operators to notify specified health care facilities and their water supply operator not more than 30 days, but no fewer than 15 days (rather than at least 30 days) before any known, planned, or anticipated disruption event and within 2 hours (rather than one hour) after being aware of an unplanned disruption event. Requires any planned or unplanned disruption event notification sent to a health care facility to be sent to State agencies within 5 business days. Makes other changes. Effective immediately.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the engrossed bill with the following changes. Requires public water supply operators' designated employees or contractors (rather than public water supply operators) to notify specified health care facilities at least 30 days prior to any known, planned, or anticipated disruption event and within 2 hours after being aware of an unplanned disruption event. Provides that a health care facility shall designate an email address accessible to the health care facility's designated water management plan administrator and other responsible administrative personnel (rather than to the health care facility's designated management and other personnel) to receive electronic notifications from the public water supply operator. Removes language requiring notice to include any action undertaken to correct a disruption event. Provides that, beginning one year after the amendatory Act's effective date (rather than each month), the State agencies shall make available upon request a list of disruption events, in an electronic format, sorted by the year and month of each occurrence (rather than publish on their websites a list of disruptions events that have occurred in the preceding month).

House Floor Amendment No. 2

Replaces everything after the enacting clause. Reinserts the provisions of the bill, as amended by Senate Amendment No.1, with the following changes. In provisions containing definitions, provides that the meaning of a disruption event includes any change to a disinfection technique, practice, or technology that could change disinfectant levels in the water within a public water supply that results in a residual disinfectant level 20% above or below normal operating levels (rather than any change to a disinfection technique, practice, or technology that could change disinfectant levels in the water within a public water supply). Removes language providing that a disruption event includes any water main break, system failure or disruption, equipment failure, chemical or disinfectant treatment interruption, or flooding of a public water supply operator's facilities. Changes references from a public water supply operator to a public water distribution entity. In provisions concerning notification, requires a public water distribution entity to notify its water supply operator and all affected health care facilities on the public water supply's health care facility list not less than 14 days before any known, planned, or anticipated disruption event (rather than requiring a public water supply operator to notify its public water supply operator and all health care facilities on the public water supply's health care facility list not more than 30 days or fewer than 15 days before any known, planned, or anticipated disruption event). In the provision requiring that any planned or unplanned disruption event notification sent to a health care facility also be sent to the State agencies within 30 business days, provides that notification shall be sent to the State agencies via email to the email addresses designated by the State agencies. Removes the provisions requiring notification to be posted on the public water supply operator's website or on a social media website. Makes other changes. Effective immediately.

Senate Floor Amendment No. 3

Provides that "disruption event" means, among other things, any change to a disinfection technique, practice, or technology, including each instance of any change in the concentration of any disinfectant in the water of a public water supply that results in residual concentrations of the disinfectant in the water either exceeding 50% or falling below 20% of the monthly average concentration of disinfectant reported to the Agency in a public water distribution entity's most recent monthly submission of Daily Operating Reports (rather than any change to a disinfection technique, practice, or technology that could change disinfectant levels in the water within a public water supply that results in a residual disinfectant level 20% above or below normal operating levels).

Replaces everything after the enacting clause. Amends the Medical Assistance Article of the Illinois Public Aid Code.
Requires the Department of Healthcare and Family Services to adjust the Department's criteria for determining the appropriateness of
non-emergency transportation by striking any reference to prohibiting approval of ground ambulance services when the sole purpose of
the transport is for the navigation of stairs or the assisting or lifting of a patient at a medical facility or during a medical appointment.
Provides that it is the intent of the General Assembly to permit ground ambulance reimbursement for lifting, moving, or navigating
stairs when a recipient exhibits extenuating circumstances related to the social determinants of health which would make an otherwise
non-eligible ground ambulance transport eligible for reimbursement. Provides that such extenuating circumstances may be established
through the completion of a Physician Certification Statement. Requires the Department to establish a methodology for providing
reimbursement for: (i) bariatric transports at an amount of one additional base rate for each additional 2 personnel necessary to safely
move the patient; and (ii) specialty care transports to include transports originating or terminating at a residence and for intra-facility
transports. Provides that, to increase access to non-emergency transportation services, the Department shall increase the base rate for
medi-car and stretcher van services to at least $50, and the rate of each attendant for medi-car and stretcher van services to at least $50.
Provides that the reimbursement rate shall only apply to stretcher van providers licensed by the Department of Public Health in
accordance with the Emergency Medical Services (EMS) Systems Act. Requires the Department of Healthcare and Family Services to
establish a grant program for the purpose of building capacity among IMPACT-enrolled and BEP-certified providers of medi-car and
stretcher van transportation services. Amends the Emergency Medical Services (EMS) Systems Act. Removes pre-hospital or
inter-hospital transportation from the definition of "critical care transport". Effective immediately.

House Floor Amendment No. 3
Further amends the Emergency Medical Services (EMS) Systems Act. Changes the definition of "critical care transport" to
mean transportation which includes the provision of pre-hospital or inter-hospital emergency care or non-emergency medical services
to a critically injured or ill patient by a vehicle service provider, including the provision of medically necessary supplies and services,
at a level of service beyond the scope of the Paramedic (rather than the pre-hospital or inter-hospital transportation of a critically
injured or ill patient by a vehicle service provider, including the provision of medically necessary supplies and services, at a level of
service beyond the scope of the Paramedic).

House Floor Amendment No. 6  
Adds reference to:  
410 ILCS 705/10-35
In provisions amending the Compassionate Use of Medical Cannabis Program Act, makes changes to the definition of "Social Equity Justice Involved Applicant". Requires cannabis in a vehicle to be in a reasonably secured, sealed or resealable (rather than a reasonable secured, sealed) container. In provisions amending the Cannabis Regulation and Tax Act, makes the following changes. Removes language providing that any person 21 years of age or older in possession of cannabis shall not be required to possess cannabis in a container that meets specified requirements. Provides an exception for breaching the confidentiality of information obtained under the Act. Provides that an Early Approval Adult Use Dispensing Organization's application to relocate its license under specified provisions shall be deemed approved 30 days (rather than within 30 days) following the submission of a complete application to relocate. Provides that specified applicants may not be located within 1,500 of a dispensing organization licensed under provisions regarding Early Approval Adult Use Dispensing Organization Licenses or Early Approval Adult Use Dispensing Organization License secondary sites (rather than within 1,500 of a dispensing organization), unless specified requirements are met. Provides that if awarding a license in a Tied Applicant Lottery would result in a Tied Applicant possessing more than 10 specified licenses, or any combination of the specified licenses, (rather than only the specified licenses) the Tied Applicant must choose which license to abandon. Restores language requiring any product containing cannabis to be sold in a container that, among other things, must be odor-proof.

820 ILCS 112/13 new

Amends the Equal Pay Act and the Consumer Fraud and Deceptive Business Practices Act. Provides that when using predictive data analytics in determining creditworthiness or in making hiring decisions, the use of predictive data analytics may not include information that correlates with the race or zip code of the applicant for credit or employment. Provides that a person or entity that relies either partially or fully on predictive data analytics to determine a consumer's creditworthiness may not allow information about the consumer's preference that correlates with the consumer's race or zip code to influence any conclusion regarding the consumer's creditworthiness. Provides that a person or entity that violates the provision commits an unlawful practice under the Consumer Fraud and Deceptive Business Practices Act.

House Floor Amendment No. 3
Deletes reference to:

Adds reference to:
815 ILCS 505/2AAAA new

Replaces everything after the enacting clause. Reinserts the contents of the bill as amended by House Amendment No. 2 with the following changes: Further amends the Illinois Human Rights Act. Provides that nothing in the Act shall be construed to prevent the use of predictive data analytics to support the inclusion of diverse candidates in making employment decisions. Provides that the definition of "predictive data analytics" means the use of automated machine learning algorithms for the purpose of statistically analyzing a person's (rather than an employee's) behavior. Further amends the Consumer Fraud and Deceptive Business Practices Act. Provides that a person or entity that relies either partially or fully on predictive data analytics to determine a consumer's creditworthiness may not allow the use of information about the consumer that assigns specific risk factors to the consumer's race or zip code resulting in rejection of credit or other adverse credit-related action to a consumer (rather than to influence any conclusion regarding the consumer's creditworthiness). Provides that a person or entity that uses predictive data analytics to determine the creditworthiness of more than 50 consumers in a calendar year who are Illinois residents shall devise procedures to ensure that it does not consider information that assigns specific risk factors to a consumer's race or zip code when rejecting or taking other adverse action on a consumer's application for credit (rather than when determining a consumer's creditworthiness). Makes other changes.

Amends the School Construction Law. Makes changes concerning application for a grant, a conditional grant award, the required local match and grant award amount, eligibility, the priority of school construction projects, and referendum requirements. Repeals provisions concerning carry over projects, Fiscal Year 2002 escalation, debt service grants, and a school capital needs assessment. Amends the State Finance Act and the Local Government Debt Reform Act to make related changes. Effective immediately.

House Floor Amendment No. 3

Replaces everything after the enacting clause. Reinserts the contents of the bill with the following changes: Makes changes to the definition of "grant index". Provides that during the first application cycle after June 30, 2022 (instead of June 30, 2021), the required local match and grant award amount may be adjusted if the applicant had previously expended funds on a school construction project on the 2004, 2005, or 2006 School Construction Grant List (instead of the 2004 School Construction Grant List). Provides that in that case, the grant award amount shall be increased by an amount equal to the amount of the grant the applicant would have received had it been awarded a grant in 2004, 2005, or 2006 based on the 2004, 2005, or 2006 School Construction Grant List and the year in which the school district applied for the grant (instead of increasing the grant award amount by an amount equal to the amount of the grant the applicant would have received had it been awarded a grant in 2004 based on the 2004 School Grant Construction List). Changes other dates. Provides that a school district shall have 2 years from the date the school district was issued a conditional grant award from the Capital Development Board to obtain the school district's required local match and receive a final grant award from the Capital Development Board. If the required local match is not obtained within the 2-year time frame, provides that the school district shall be required to reapply in another application cycle, after the 2-year time frame, to be considered for a grant award. Requires the State share of the grant amount in a conditional grant award that is not claimed by a school district within the 2-year time frame to be reallocated to future application cycles after the 2-year time frame expires. Effective immediately.

House Floor Amendment No. 4

In provisions concerning the School Construction Law, provides that the definition of grant index applies only to completed or partially completed, as determined by the Capital Development Board, school construction projects (rather than only to completed school construction projects) as specified.

40 ILCS 5/16-150.1  

Amends the Downstate Teacher Article of the Illinois Pension Code. In the provision defining "eligible employment" for the purpose of allowing a teacher to return to teaching in subject shortage areas without impairing his or her retirement status or retirement annuity, changes the ending date of the employment from no later than June 30, 2021 to no later than June 30, 2026. Removes language requiring a school to advertise its vacancies in the subject shortage area in a newspaper of general circulation in the area in which the school is located. Provides that certain requirements related to advertising the vacancy in the subject shortage area and searching for teachers legally qualified to fill those vacancies through the Illinois Education Job Bank shall not apply to a school district replacing a teacher who is unable to continue employment with the school district because of illness, injury, or disability after being hired by a school district. Effective immediately.  

House Committee Amendment No. 1  
Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. In the provision defining "eligible employment" for the purpose of allowing a teacher to return to teaching in subject shortage areas without impairing his or her retirement status or retirement annuity, changes the ending date of the employment from no later than June 30, 2021 to no later than June 30, 2024 (rather than June 30, 2026). Provides that before hiring a teacher under the provisions, the school district must post all vacancies on the school district's website and list the vacancy in an online job portal or database. Provides that a school district replacing a teacher who is unable to continue employment with the school district because of documented illness, injury, or disability that occurred after being hired by a school district shall be exempt from the job-posting requirements for 90 school days. Requires the school district to comply with the job-posting requirements on an ongoing basis. Effective immediately.

Amends the Election Code. In provisions requiring election authorities to automatically register a voter, requires the election authority to act within 90 days of receipt of information from the National Change of Address database. Requires county clerks and the Board of Election Commissioners to complete verifications of voter registrations after a consolidated election in an odd-numbered year but before the first day of candidate circulation for candidate filing for the following primary election in an even-numbered year (rather than at least once in every 2 years). Requires the county clerks and the Board of Election Commissioners to certify to the State Board of Elections that the verification has been conducted and completed within 30 days of completion of the verification. Requires the State Board of Elections to establish training materials and guidelines for judges of elections. Requires an election authority with a public-facing website to ensure that its vote by mail processing procedures are published on that website according to a specified schedule. Provides that vote by mail ballots received after the election are subject to audit by the State Board of Elections and provides the auditing guidelines. Provides that the State central committee chair of each established political party shall be given prior written notice of the time and place of the random selection procedure and may be represented at the procedure. Provides that if tally sheets to be delivered to the office of county clerk by judges of elections are delayed more than 5 hours after the closing of the polls, the designated judges from each of the 2 major political parties shall subscribe to a written affidavit explaining the delay. Requires the county clerk to keep any affidavits for one year and allows certified copies to be used as evidence in all courts, proceedings, and election contests. Requires the affidavits to also appear on an election authority's post on its website along with the number of uncounted votes.

Amends the Illinois Vehicle Code. Prohibits a person from driving or being in actual physical control of any vehicle within this State while under the influence of cannabis.

Fiscal Note (Illinois State Police)  
House Bill 4590 prohibits a person from driving or being in actual physical control of any vehicle within this State when under the combined influence of alcohol, cannabis, other drug or drugs, or intoxicating compound or compounds to a degree that renders the person incapable of safely driving or under the influence of cannabis to a degree that renders the person incapable of safely driving. If House Bill 4590 were to become law, there would be no additional fiscal impact on the Illinois State Police.
