Replaces everything after the enacting clause. Reinserts the provisions of the bill as engrossed with the following changes: In provisions concerning an application for an owners license, requires the application to also include evidence that the applicant has entered into a fully executed project labor agreement with the applicable local building trades council (rather than evidence that the applicant has entered into a construction project labor agreement that includes certain provisions regarding employee compensation and a commitment to pay a prevailing wage). Provides that in the Illinois Gaming Board's decision to grant an owners license, the Board shall also consider whether the applicant has entered into such a project labor agreement (rather than whether the applicant has entered into a construction project labor agreement that includes certain provisions regarding employee compensation and whether the applicant pays a prevailing wage for construction employees). In provisions concerning the renewal of an owners license, removes language allowing the Board to shorten a renewal period. Effective immediately.

Provides instead that a hospital, physician and surgeon, procurement organization, or other person shall not, solely on the basis of an individual's mental or physical disability: deem an individual ineligible to receive an anatomical gift or organ transplant; deny medical and other services related to organ transplantation, including evaluation, surgery, counseling, postoperative treatment, and services; refuse to refer the individual to a transplant center or other related specialist for the purpose of evaluation for or receipt of an organ transplant; refuse to place an individual on an organ transplant waiting list or place an individual at a lower priority position on the waiting list than the position at which the individual would have been placed if not for the individual's disability; or decline insurance coverage for any procedure associated with the receipt of the anatomical gift, including posttransplantation care. Provides that a hospital, physician and surgeon, procurement organization, or other person may take an individual's disability into account when making treatment or coverage recommendations or decisions solely to the extent that the physical or mental disability has been found by a physician or surgeon, following an individualized evaluation of the potential recipient, to be medically significant to the provision of the anatomical gift.

Senate Committee Amendment No. 1
Senator Jason A. Barickman  
SB 00500  (CONTINUED)

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes: Provides that a hospital, physician and surgeon, procurement organization, or other person shall not, solely on the basis of an individual's mental or physical disability, if an individual has the necessary support system to assist the individual in complying with posttransplant medical requirements, consider the individual's inability to independently comply with posttransplant medical requirements to be medically significant. Provides that a covered entity shall make reasonable modifications to its policies, practices, or procedures to allow individuals with disabilities access to transplantation-related services, unless the covered entity can demonstrate that making such modifications would fundamentally alter the nature of such services. Provides that a covered entity shall take steps necessary to ensure that an individual with a disability is not denied medical services or other services related to organ transplantation due to the absence of auxiliary aids or services, unless the covered entity demonstrates that taking the steps would fundamentally alter the nature of the medical services or other services related to organ transplantation or would result in an undue burden for the covered entity.

Senate Floor Amendment No. 2

Provides instead that a covered entity shall comply with the requirements of the Americans with Disabilities Act of 1990 and its implementing regulations in making reasonable modifications to its policies or procedures in response to a request from an individual with disabilities regarding access to transplantation-related services. 210 ILCS 45/3-102.3 new
5 ILCS 100/5-45.8 new
Amends the Nursing Home Care Act. Provides that the Department of Public Health shall require each long-term care facility in the State, as a condition of facility licensure, to adopt and implement written policies, provide for the availability of technology to facility residents, and ensure that appropriate staff and other capabilities are in place to prevent the social isolation of facility residents. Contains specified requirements for the social isolation prevention policies. Provides that the Department shall distribute civil monetary penalty funds, as approved by the federal Centers for Medicare and Medicaid Services, and any other available federal and State funds, upon request, to facilities for communicative technologies and accessories needed for the purposes of the provisions. Provides that whenever the Department conducts an inspection of a long-term care facility, the Department's inspector shall determine whether the long-term facility is in compliance with the provisions and the policies, protocols, and procedures adopted pursuant to the provisions. Requires the Department to adopt rules necessary to implement the provisions within 60 days after the amendatory Act's effective date (and makes conforming changes in the Illinois Administrative Procedure Act). Contains other provisions. Effective immediately.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Removes language providing that the Department of Public Health shall require each long-term care facility in the State to perform specified actions as a condition of facility licensure. Provides that the social isolation prevention policies shall not be interpreted as a substitute for in person visitation, but shall be wholly in addition to the existing in person visitation policies. Provides that a resident's individualized visitation plan shall give priority to the resident's preferences over the preferences of the resident's representative. Provides that a long-term care facility may apply for (rather than the Department shall distribute) civil monetary penalty fund grants, and may request other available federal and State funds to obtain assistive and supportive technologies and related accessories that would facilitate communication between residents and other family members, friends, and external support systems. Provides that the Department (rather than the Department's inspector) shall determine whether a long-term care facility is in compliance with the provisions whenever the Department conducts an annual licensure and certification survey, when a complaint is received, or as frequently as may be necessary (rather than whenever the Department conducts an inspection of a long-term care facility). Provides that a noncompliant long-term care facility shall be liable to pay an administrative penalty as a Type "C" violation. Provides that implementation of an administrative penalty as a Type "C" violation under the provisions shall not be imposed prior to January 1, 2023. Makes other changes. Effective immediately.

Senate Floor Amendment No. 2

In provisions amending the Nursing Home Care Act, provides that the social isolation prevention policies adopted by each long-term care facility shall be consistent with the rights and privileges guaranteed to residents and constraints provided under specified provisions of the Nursing Home Care Act.

House Floor Amendment No. 2

Replaces everything after the enacting clause with the provisions of the engrossed bill with the following changes. Adds provisions regarding legislative findings. Replaces references to specified types of equipment with references to assistive and supportive technology and devices. Requires appropriate staff to develop and update an individualized virtual visitation schedule while taking into account the individual's requests and preferences (rather than to assess and regularly reassess the individual needs and preferences of facility residents). Requires appropriate staff to develop an individualized virtual visitation schedule (rather than an individualized visitation plan) with specified requirements. Provides that specific protocols and procedures shall be developed to ensure that the quantity of assistive and supportive technology and devices maintained on-site at a facility remains sufficient, at all times, to meet the assessed social and activity needs and preferences of each facility resident. Makes other changes. Effective immediately.

Replaces everything after the enacting clause. Amends the Children and Family Services Act. Provides that a front-line staff member is authorized to carry and use personal protection spray devices, as defined, for self-defense purposes while investigating a report of child abuse or neglect if the front-line staff member has been trained on the proper use of such personal protection spray devices by the Department of Children and Family Services, in consultation with the Illinois State Police. Provides that by January 1, 2023, the Department, in consultation with the Illinois State Police, shall (i) identify a list of approved personal protection spray devices and (ii) jointly develop and approve a training curriculum and program for front-line staff members on the proper use of such personal protection spray devices for self-defense purposes. Requires the Department to provide funding for the training program. Sets forth specific circumstances under which a front-line staff member may use a personal protection spray device including if the front-line staff member: (i) reasonably believes that use is necessary to protect the staff member from an imminent physical assault posed by another person; (ii) uses the device to incapacitate a person attempting a physical assault in order to avoid imminent physical harm and to facilitate escape from danger when there is no other alternative available to the front-line staff member; and (iii) except in exigent circumstances, has issued a verbal warning to persons in close proximity to the spray area. Provides that a front-line staff member's use of personal protection spray devices during the performance of his or her professional duties in any manner other than as expressly authorized under the amendatory Act shall be prohibited by Department policy. Provides that whenever a front-line staff member discharges a personal protection spray device, the front-line staff member shall complete an incident report. Provides that, following the discharge of a personal protection spray device that results in exposure, the front-line staff member shall notify his or her supervisor and, if appropriate, call 9-1-1 for emergency response or responders as soon as reasonably practical and when safe to do so. Requires the Department to annually report and publish on its website, beginning January 1, 2024, the number of front-line staff members trained to carry personal protection spray devices, the number of front-line staff members reporting personal protection spray devices and the make or model of the devices, and the number of reported uses of personal protection spray devices by service region. Provides that, in addition, the Department shall report each incident involving the deployment of a personal protection spray device that occurred during the preceding calendar year, including: (1) the estimated age, gender, and race of the intended target of the personal protection spray device; (2) whether there were injuries to the intended target resulting from the deployment of the personal protection spray device; (3) the age, gender, and race of the front-line staff member who utilized the personal protection spray device; and (4) whether there were injuries to the front-line staff member resulting from the incident. Requires the Department to also report yearly data on the number of personal protection spray device deployments found to be against Department policy. Effective immediately.

40 ILCS 5/16-127  from Ch. 108 1/2, par. 16-127
Amends the Downstate Teacher Article of the Illinois Pension Code. Allows a member to establish optional credit for up to 2 years of service as a teacher or administrator employed by a private school recognized by the Illinois State Board of Education, provided that the teacher (i) was certified under the law governing the certification of teachers at the time the service was rendered, (ii) applies in writing on or before June 30, 2023, (iii) supplies satisfactory evidence of the employment, (iv) completes at least 10 years of contributing service as a teacher, and (v) pays the required contribution. Effective immediately.

House Floor Amendment No. 2
Adds reference to:
40 ILCS 5/16-158 from Ch. 108 1/2, par. 16-158
Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes.
Further amends the Downstate Teacher Article of the Illinois Pension Code. In a provision that requires an employer to make an additional contribution to the System for certain salary increases greater than 6%, excludes salary increases resulting from teaching summer school on or after May 1, 2021 and before September 15, 2022. Effective immediately.

Fiscal Note, House Floor Amendment No. 2 (Teachers Retirement System)
Actuarial cost impact. SB 1646 as amended would have an unknown impact to TRS. Changes allowing optional service purchase under the bill are designed to be fully paid for by the related member contributions. Changes in required school district contributions would likely create some additional cost to the State of Illinois, but the total cost cannot be calculated without knowing the actual behavior of individual school districts and employees. Administrative cost impact. Administering the provisions of this bill would not increase the administrative costs of TRS.

Provides that if, due to health or safety concerns, the General Assembly is unable to convene in either regular or special session to approve the extension or further proclamation, the extension or further proclamation may continue in effect until the General Assembly is able to convene in regular or special session if the President of the Senate, the Speaker of the House of Representatives, the Minority Leader of the Senate, and the Minority Leader of the House of Representatives submit written certification to the Governor that the General Assembly is unable to convene to provide the necessary approval of the extension or further proclamation. 755 ILCS 50/5-15 was 755 ILCS 50/4.5
Amends the Illinois Anatomical Gift Act. Deletes language providing that no hospital, physician and surgeon, procurement organization, or other person shall determine the ultimate recipient of an anatomical gift based upon a potential recipient's physical or mental disability, except to the extent that the physical or mental disability has been found by a physician and surgeon, following a case-by-case evaluation of the potential recipient, to be medically significant to the provision of the anatomical gift. Provides instead that a hospital, physician and surgeon, procurement organization, or other person shall not, solely on the basis of an individual's mental or physical disability: deem an individual ineligible to receive an anatomical gift or organ transplant; deny medical and other services related to organ transplantation, including evaluation, surgery, counseling, postoperative treatment, and services; refuse to refer the individual to a transplant center or other related specialist for the purpose of evaluation for or receipt of an organ transplant; refuse to place an individual on an organ transplant waiting list or place an individual at a lower priority position on the waiting list than the position at which the individual would have been placed if not for the individual's disability; or decline insurance coverage for any procedure associated with the receipt of the anatomical gift, including posttransplantation care. Provides that a hospital, physician and surgeon, procurement organization, or other person may take an individual's disability into account when making treatment or coverage recommendations or decisions solely to the extent that the physical or mental disability has been found by a physician or surgeon, following an individualized evaluation of the potential recipient, to be medically significant to the provision of the anatomical gift.
Senate Committee Amendment No. 1
Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes:
Provides that a hospital, physician and surgeon, procurement organization, or other person shall not, solely on the basis of an individual's mental or physical disability, if an individual has the necessary support system to assist the individual in complying with posttransplant medical requirements, consider the individual's inability to independently comply with posttransplant medical requirements to be medically significant. Provides that a covered entity shall make reasonable modifications to its policies, practices, or procedures to allow individuals with disabilities access to transplantation-related services, unless the covered entity can demonstrate that making such modifications would fundamentally alter the nature of such services. Provides that a covered entity shall take steps necessary to ensure that an individual with a disability is not denied medical services or other services related to organ transplantation due to the absence of auxiliary aids or services, unless the covered entity demonstrates that taking the steps would fundamentally alter the nature of the medical services or other services related to organ transplantation or would result in an undue burden for the covered entity.
Senate Floor Amendment No. 2
Deletes language providing that: a covered entity shall make reasonable modifications to its policies, practices, or procedures to allow individuals with disabilities access to transplantation-related services unless the covered entity can demonstrate that making such modifications would fundamentally alter the nature of such services; and a covered entity shall take steps necessary to ensure that an individual with a disability is not denied medical services or other services related to organ transplantation, due to the absence of auxiliary aids or services, unless the covered entity demonstrates that taking the steps would fundamentally alter the nature of the medical services or other services related to organ transplantation or would result in an undue burden for the covered entity. Provides instead that a covered entity shall comply with the requirements of the Americans with Disabilities Act of 1990 and its implementing regulations in making reasonable modifications to its policies or procedures in response to a request from an individual with disabilities regarding access to transplantation-related services. Adds a definition for "covered entity".

SB 01405 (CONTINUED)  

Replaces everything after the enacting clause. Amends the Medical Patient Rights Act. Removes language providing that nothing in the Act shall restrict the ability of a health care facility to regulate the hours of visitation, the number of visitors per patient or the movement of visitors within the facility. Provides that, during a period for which the Governor has issued a proclamation declaring that a disaster exists or in the event of an outbreak or epidemic of a communicable disease in the community in which the health care facility is located, a health care facility shall ensure an opportunity for at least one visitor, not counting a clergy person, to visit a resident or patient of the health care facility. Requires visitation to be subject to the guidelines, conditions, and limitations of the health care facility's visitation policy and any rules or guidelines established by the U.S. Centers for Medicare and Medicaid Services and the Centers for Disease Control and Prevention. Provides that visitors may be required by the health care facility to submit to health screenings necessary to prevent the spread of infectious disease. Provides that a health care facility may restrict a visitor who does not pass its health screening requirement and require a visitor to adhere to infection control procedures. Provides that a health care facility may deny visitation under the Act if the situation demands. Makes other changes. Effective immediately.

House Floor Amendment No. 2

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes. Authorizes a skilled nursing home, extended care facility, or intermediate care facility to prohibit an individual from visiting a resident or patient of the nursing home or facility if specific facts demonstrate that the individual would endanger his or her physical health or safety or the health or safety of a resident, patient, or health care worker of the nursing home or facility. Requires such a denial to be in writing and provided to the individual and the resident or patient with whom the individual was denied visitation. Requires each skilled nursing home, extended care facility, and intermediate care facility to inform each resident of the nursing home or facility (or that individual's representative) of the resident's visitation rights and the facility's visitation-related policies and procedures. Specifies that these nursing homes and facilities must not restrict, limit, or otherwise deny visitation privileges on the basis of race, color, national origin, religion, sex, gender identity, sexual orientation, or disability. Requires the nursing homes and facilities to ensure that all visitors enjoy full and equal visitation privileges, consistent with the residents' preferences.

Amends the Revised Uniform Unclaimed Property Act. Provides that property due or owed by a business association resulting from a transaction occurring in the normal and ordinary course of business is exempt from the Act. Provides that an action or proceeding may not be maintained by the administrator more than 10 years after the holder filed a nonfraudulent report with the administrator (rather than after the holder specifically identified the property in a report filed with the administrator or gave express notice to the administrator of a dispute regarding the property). Provides that the administrator may not commence an action, proceeding, or examination with respect to a duty of a holder more than 10 years after the duty arose. Provides that if a person subject to examination does not retain the records, the administrator may use specific estimation techniques to determine the amount of unclaimed property and shall incorporate a net method of extrapolation (rather than determine the value of property due using a reasonable method of estimation based on all information available to the administrator). Provides that a holder may request a hearing to contest the use or validity of the estimation technique. Provides that the examination is final upon the failure of the holder to request a hearing. Provides that if a hearing is held, the State Treasurer shall issue an order approving or disapproving the use or validity of the estimation techniques. Deletes language providing that if the administrator contracts with a person, the contract may provide for compensation of the person based on a contingent fee. Deletes language providing that an initial report filed for property that was not required to be reported before the Act took effect must include all items of property that would have been presumed abandoned during the 5-year period preceding the effective date as if the Act had been in effect during that period.

Changes the nature of the required disclosures that must be made. Repeals a provision that established a separate form for persons required to file a statement of economic interests with county clerks. Defines terms. Adds an applicability clause. Makes conforming changes. Effective immediately.
Amends the Election Code. Prohibits a member of the State Board of Elections from contributing to a political committee, serving as an officer of a political committee, or being a candidate supported by a candidate political committee. Creates the Prescription Drug Repository Program Act. Requires the Department of Public Health to, by rule, establish a prescription drug repository program, under which a donor may donate a prescription drug or supplies needed to administer a prescription drug for use by an individual who meets eligibility criteria specified by the Department. Sets forth requirements that prescription drugs or supplies must meet in order to be accepted and dispensed under the program. Provides that uninsured and underinsured individuals shall be given priority over other eligible persons for drugs and supplies donated under the Act. Provides that no drugs or supplies donated under the prescription drug repository program may be resold. Provides that nothing in the Act requires that a pharmacy or pharmacist participate in the prescription drug repository program. Provides for civil and criminal immunity for drug and supply manufacturers and individuals in relation to the donation, acceptance, or dispensing of prescription drugs or supplies under the prescription drug repository program. Imposes conditions on any rulemaking authority. Contains other provisions. Amends the Pharmacy Practice Act, the Wholesale Drug Distribution Licensing Act, the Senior Pharmaceutical Assistance Act, the Illinois Food, Drug and Cosmetic Act, and the Cannabis and Controlled Substances Tort Claims Act to provide that persons engaged in donating or accepting, or packaging, repackaging, or labeling, prescription drugs to the extent permitted or required under the Prescription Drug Repository Program Act are exempt from provisions of those other Acts that might prohibit or otherwise regulate such activity.

Replaces everything after the enacting clause. Amends the Illinois Pension Code. In the General Assembly, Illinois Municipal Retirement Fund (IMRF), State Universities, Downstate Teachers, and Judges Articles, makes changes to the age at which certain distributions are required and the age at which certain annuities are payable. In the General Provisions and IMRF Articles, moves provisions concerning Tier 2 members of IMRF from the General Provisions Article to the IMRF Article. Provides that the increase to the retirement annuity of a Tier 1 regular employee shall be computed from the effective date of the retirement annuity, the first increase being 0.25% (instead of 0.167%) of the monthly amount times the number of months from the effective date to January 1. Provides that if the employee was a Tier 1 regular employee, the surviving spouse annuity shall be increased by an amount equal to (i) 3% of the original amount thereof if the deceased employee was receiving a retirement annuity at the time of his or her death; otherwise (ii) 0.25% (instead of 0.167%) of the original amount thereof for each complete month that has elapsed since the date the annuity began. In the Metropolitan Water Reclamation District Article, provides that payments of an ordinary disability benefit shall be made at least monthly (instead of intervals of not more than 30 days). In the Chicago Teacher Article, makes changes concerning mistakes in benefit amount, the definition of "administrator", and payroll deductions. In the State Universities Article, makes changes concerning the qualification of trustees and the optional defined contribution benefit. In a provision of the Cook County Forest Preserve Article concerning the property tax levy for providing revenue for the Fund, provides that the forest preserve district may use other lawfully available funds in lieu of all or part of the levy. In a provision of the Cook County Article concerning proof of disability, provides that proof of duty or ordinary disability shall be furnished to the board by at least one licensed and practicing physician appointed by or acceptable to the board (instead of appointed by the board) and provides that each disabled employee who receives a duty or ordinary disability benefit shall be examined at least once a year or a longer period of time as determined by the board (instead of at least once a year). In the State Employee Article, provides that the System may indemnify a financial institution insured by an agency of the federal government as necessary to recover for the System any benefit overpayment that the System has made to the financial institution on behalf of a member. In the Social Security Enabling Act Article, repeals a provision requiring the submission of a report to the General Assembly covering the administration and operation of the Article during the preceding biennium. In the Downstate Firefighter Article, provides that an active member of the State Employees' Retirement System (SERS) who is an arson investigator may apply to transfer to SERS his or her credits and creditable service accumulated in any downstate firefighter pension fund. In the IMRF Article, provides that an active member of SERS who is a Commerce Commission police officer may apply to transfer to SERS certain IMRF credits. In the State Employee Article, provides that a State policeman, conservation police officer, arson investigator, or Commerce Commission police officer may elect to establish eligible creditable service under the alternative retirement annuity formula. Provides that a State policeman or conservation police officer may elect to convert service credit earned under the Article to eligible creditable service. In the Chicago Teacher Article, provides that payment from the Fund shall be made upon checks or through direct deposit transmittals authorized by the executive director (instead of upon warrants signed by the president and the secretary of the Board of Education, the president of the Board, and countersigned by the executive director). In the Downstate Teacher Article, adds to the definition of "teacher", the chief administrative officer of the education service centers established under the School Code and serving that portion of a Class II county outside a city of 500,000 or more inhabitants. Amends the State Mandates Act to require implementation without reimbursement. Certain changes to the Illinois Pension Code and the changes to the State Mandates Act are effective immediately.

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes. In provisions amending the State Universities Retirement System Article of the Illinois Pension Code, removes language that changes references to the "optional defined contribution benefit" to "optional defined contribution plan". Amends the State Employees Group Insurance Act of 1971. Deletes language providing that if in any case an error is made in billing a TRS benefit recipient under a provision concerning health benefits for TRS benefit recipients and TRS dependent beneficiaries, the Department shall identify the error and refund the overpaid amount as soon as practicable; and providing that a TRS benefit recipient who has overpaid shall be entitled to a refund of overpayments for up to 7 years of past payments. Provides that if, for any month beginning on or after January 1, 2013, a TRS benefit recipient or TRS dependent beneficiary was enrolled in Medicare Parts A and B and such Medicare coverage was primary to coverage under certain provisions of the Act but payment for that coverage was made at a rate greater than the Medicare primary rate published by the Department of Central Management Services, the TRS benefit recipient or TRS dependent beneficiary shall be eligible for a refund equal to the difference between the amount paid by the TRS benefit recipient or TRS dependent beneficiary and the published Medicare primary rate. Provides that to receive a refund, the TRS benefit recipient or TRS dependent beneficiary must provide documentation to the Department of Central Management Services evidencing the TRS benefit recipient's or TRS dependent beneficiary's Medicare coverage and the amount paid by the TRS benefit recipient or TRS dependent beneficiary during the applicable time period. ### Senator Brian W. Stewart

**SR 00487**

Honors the memory of all U.S. service members killed in Afghanistan, including the thirteen who died on August 26, 2021. Extends gratitude to all men and women of the U.S. Armed Forces who served in Afghanistan. Urges the federal government to secure the safety and evacuation of any U.S. citizens still remaining in Afghanistan. Further urges the federal government to work with international, state, and local governments to assist displaced Afghan allies to resettle in safe communities. Further urges the federal government to somberly evaluate the failures of U.S. leadership that led to this grim denouement of Operation Enduring Freedom, to stand boldly against totalitarian regimes emboldened by this perceived American weakness, and to once again take up America's historic position as the leader of the free world and as a beacon of liberty across the globe.

Amends the Community-Integrated Living Arrangements Licensure and Certification Act. In the definition of "community-living arrangement", includes a living arrangement where 10 or fewer persons under 22 years of age reside and receive services under the supervision of the community mental health or developmental services agency that was licensed under the Child Care Act of 1969 as a Children's Group Home 17D up to and including July 1, 2021 (a group home). Amends the Child Care Act of 1969 to exclude those group homes from the definition of "group home" under that Act. Further amends the Child Care Act of 1969 to repeal provisions regarding group homes for adolescents diagnosed with autism. Effective July 1, 2021.

Amends the Nursing Home Care Act. In provisions requiring the Department of Public Health to adopt a protocol specifying how informed consent for psychotropic medication may be obtained or refused that requires a discussion between the resident or the resident's surrogate decision maker and the resident's physician, a registered pharmacist, or a licensed nurse about the possible risks and benefits of a recommended medication and the use of standardized consent forms designated by the Department, (i) removes language prohibiting the registered pharmacist from being a dispensing pharmacist for the facility where the resident lives and (ii) specifies that a licensed nurse includes a licensed practical nurse. Provides that specified forms shall be designated (rather than developed) by the Department and may be able to be downloaded from a website designated by the Department (other than the Department's official website). Provides that the maximum possible period for informed consent shall be until a change in the prescription occurs as to the change in the type of psychotropic medication or an increase in dosage (rather than a change in dosage), unless the physician's order for which informed consent was given provides for an increase in dosage. Effective immediately.

SB 02265 (CONTINUED)

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Provides that each form designated or developed (rather than designated) by the Department of Public Health shall conform with specified requirements. Provides that the maximum possible period for informed consent shall be until a change in the prescription occurs as to the change in the type of psychotropic medication or an increase or decrease in dosage, dosage range, or titration schedule of the prescribed medication that was not included in the original informed consent (rather than the change in the type of psychotropic medication or an increase in dosage, unless the physician's order for which informed consent was given provides for an increase in dosage). Provides that when informed consent is not required for a change in dosage, the facility shall note in the resident's file that the resident was informed of the dosage change prior to the administration of the medication or that verbal, written, or electronic notice has been communicated to the resident's surrogate decision maker that a change in dosage has occurred. Effective immediately.

House Floor Amendment No. 1

In provisions requiring that the protocol adopted by the Department of Public Health specifying how informed consent for psychotropic medication may be obtained or refused include a discussion between specified persons, removes language providing that a licensed nurse includes, but is not limited to, a licensed practical nurse. Amends the Counties Code. Provides that, if a county board member, county board chairman, State's Attorney, or other countywide elected official is criminally charged with an infamous crime or of any offense involving a violation of his or her official oath, the county board shall review the alleged crimes to determine by a three-fifths vote of all members if the countywide elected official should be placed on administrative leave. Provides that, if the county board believes the official has been criminally charged with an infamous crime or of any offense involving a violation of his or her official oath, the county board shall send their determination to the State's Attorney or, if the determination is regarding the State's Attorney, the determination shall be sent to the Attorney General. Provides that, upon receipt of a determination from the county board, if the State's Attorney or Attorney General believes the crime or crimes to be germane to the official's duties, then the State's Attorney or Attorney General shall file a motion to place the elected official on administrative leave with the circuit court of the county. Provides that, upon receipt of the motion, the circuit court shall review and determine if the official shall be placed on administrative leave. Provides that the court may require the county to pay court costs or reasonable attorney fees, or both, if the court dismisses the action. Provides that, if the official is placed on administrative leave because a conflict exists, the official is barred from county property and performing the official's duties until the case is closed and the county board determines the conflict is resolved. Provides that the official shall continue to receive all compensation and benefits during the official's administrative leave. Provides that, if the county board puts an official on administrative leave, the board shall appoint a replacement for the official while the official is on administrative leave. Amends the Township Code. Makes similar changes. Effective immediately.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes:
Provides that if a State's Attorney or township attorney believes the crime or crimes to be germane to the official's duties, or a special State's Attorney (rather than the Attorney General) if the crime or crimes deal with the State's Attorney, such attorney shall file a petition (rather than a motion) with the circuit court for a rule to show cause why not to place the elected official on administrative leave (rather than to have the court place the elected official on administrative leave). Replaces the procedure by which the court determines if an officer shall be placed on administrative leave with the following: provides that the court shall issue a rule requiring the officer to show cause why he or she should not be put on administrative leave and the officer shall have a trial in the date stated in the rule; and provides that, if, after trial, the court determined that the township officer should be placed on administrative leave, the township officer shall be removed from office. Effective immediately.

Senate Committee Amendment No. 2

Replaces everything after the enacting clause. Reinserts the provisions of the Senate Amendment No. 1 with the following changes: Provides that if relating to the State's Attorney or if the State's Attorney has a conflict of interest (rather than only if relating to the State's Attorney). Makes conforming changes. Limits the provisions to counties that have a population of less than 500,000 people and townships within counties that have a population of less than 500,000 people. Effective immediately.

Senate Floor Amendment No. 3

Limits the provisions to officials charged with an infamous crime or of any felony in violation of his or her official oath (rather than any offense involving a violation of his or her official oath). Provides that, if the official is removed from office, then the official is barred from county or township property and performing the official's duties until the case is closed and the county or township board determines the conflict is resolved. Makes other changes.
Amends the Downstate Teacher Article of the Illinois Pension Code. Provides that the effective date of a retirement annuity may be after the date of official termination of employment but before de minimis posttermination employment as long as such employment is (1) less than 10 days in length, (2) less than $2,000 in compensation, and (3) is deemed de minimis by the System. Provides that any benefit increase that results from the amendatory Act is excluded from the definition of "new benefit increase". Effective immediately.

Senate Floor Amendment No. 2
Replaces everything after the enacting clause with the provisions of the introduced bill and makes the following changes:
Provides that the effective date of a retirement annuity may be after the date of official termination of employment (rather than after the date of official termination of employment but before de minimis posttermination employment) as long as such employment is for (1) less than 10 days in length and (2) less than $2,000 in compensation. Removes a requirement that the employment must be deemed de minimis by the System. Effective immediately.

Provides that, during a period for which the Governor has issued a proclamation declaring that a disaster exists or in the event of an outbreak or epidemic of a communicable disease in the community in which the health care facility is located, a health care facility shall ensure an opportunity for at least one visitor, not counting a clergy person, to visit a resident or patient of the health care facility. Requires visitation to be subject to the guidelines, conditions, and limitations of the health care facility's visitation policy and any rules or guidelines established by the U.S. Centers for Medicare and Medicaid Services and the Centers for Disease Control and Prevention. Provides that visitors may be required by the health care facility to submit to health screenings necessary to prevent the spread of infectious disease. Provides that a health care facility may restrict a visitor who does not pass its health screening requirement and require a visitor to adhere to infection control procedures. Provides that a health care facility may deny visitation under the Act if the situation demands. Effective immediately.

House Floor Amendment No. 2
Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes. Authorizes a skilled nursing home, extended care facility, or intermediate care facility to prohibit an individual from visiting a resident or patient of the nursing home or facility if specific facts demonstrate that the individual would endanger his or her physical health or safety or the health or safety of a resident, patient, or health care worker of the nursing home or facility. Requires such a denial to be in writing and provided to the individual and the resident or patient with whom the individual was denied visitation. Requires each skilled nursing home, extended care facility, and intermediate care facility to inform each resident of the nursing home or facility (or that individual's representative) of the resident's visitation rights and the facility's visitation-related policies and procedures. Specifies that these nursing homes and facilities must not restrict, limit, or otherwise deny visitation privileges on the basis of race, color, national origin, religion, sex, gender identity, sexual orientation, or disability. Requires the nursing homes and facilities to ensure that all visitors enjoy full and equal visitation privileges, consistent with the residents' preferences.

Senator Jil Tracy
SJRCA 00012

Sen. Terri Bryant, Sally J. Turner, Brian W. Stewart-Neil Anderson-Jil Tracy, Jason Plummer, Chapin Rose and Win Stoller
Proposes to amend the Bill of Rights Article of the Illinois Constitution. Provides that the right of a parent to determine his or her child's education and healthcare shall not be infringed prior to the child's attainment of the age of majority, except where the child is in the care and custody of the State. Effective upon being declared adopted.
Amends the Freedom of Information Act. Exempts from disclosure risk and vulnerability assessments, security measures, schedules, certifications, and response policies or plans that are designed to detect, defend against, prevent, or respond to potential cyber attacks upon the State's or an election authority's network systems, or records that the disclosure of which would, in any way, constitute a risk to the proper administration of elections or voter registration. Provides that the information is exempt only to the extent that disclosure could reasonably be expected to jeopardize the effectiveness of the measures or the safety of computer systems. Provides that the exemption applies to records held by the State Board of Elections, the Department of Innovation and Technology, election authorities, and any other necessary party to protect the administration of elections. Amends the Election Code. In provisions governing the administration of the cyber navigator program, directs the allocation of resources received in accordance with the 2018 Help America Vote Act Election Security Grant (instead of the allocation of resources received in accordance with the federal Help America Vote Act). Effective immediately.

Makes changes to the filing requirements of a petition for a statewide advisory referendum, including removing the requirement that a proponent file a copy of the petition with each proper election authority. Entitles registered proponents and opponents of a proposed amendment to the Legislative Article of the Illinois Constitution to observe the conduct of the sample signature verification. Entitles each political party, civic organization, and registered proponents and opponents of a proposed amendment to the Legislative Article of the Illinois Constitution or statewide advisory public question to participate in any proceedings related to the sample signature verification. Makes other and conforming changes throughout the Code. Effective immediately.

Replaces everything after the enacting clause. Amends the Children and Family Services Act. Provides that a child protective investigator is authorized to carry and use personal protection spray devices, such as mace, pepper mace, or pepper gas, for self-defense purposes while investigating a report of child abuse or neglect if the child protective investigator has been trained on the proper use of such personal protection spray devices by the Illinois State Police. Requires the Illinois State Police to establish a training program for child protective investigators on the proper use of personal protection spray devices for self-defense purposes. Requires the Department of Children and Family Services to provide funding for the training program. Effective immediately.

House Floor Amendment No. 3
Replaces everything after the enacting clause. Amends the Children and Family Services Act. Provides that a front-line staff member is authorized to carry and use personal protection spray devices, as defined, for self-defense purposes while investigating a report of child abuse or neglect if the front-line staff member has been trained on the proper use of such personal protection spray devices by the Department of Children and Family Services, in consultation with the Illinois State Police. Provides that by January 1, 2023, the Department, in consultation with the Illinois State Police, shall (i) identify a list of approved personal protection spray devices and (ii) jointly develop and approve a training curriculum and program for front-line staff members on the proper use of such personal protection spray devices for self-defense purposes. Requires the Department to provide funding for the training program. Sets forth specific circumstances under which a front-line staff member may use a personal protection spray device including if the front-line staff member: (i) reasonably believes that use is necessary to protect the staff member from an imminent physical assault posed by another person; (ii) uses the device to incapacitate a person attempting a physical assault in order to avoid imminent physical harm and to facilitate escape from danger when there is no other alternative available to the front-line staff member; and (iii) except in exigent circumstances, has issued a verbal warning to persons in close proximity to the spray area. Provides that a front-line staff member's use of personal protection spray devices during the performance of his or her professional duties in any manner other than as expressly authorized under the amendatory Act shall be prohibited by Department policy. Provides that whenever a front-line staff member discharges a personal protection spray device, the front-line staff member shall complete an incident report. Provides that, following the discharge of a personal protection spray device that results in exposure, the front-line staff member shall notify his or her supervisor and, if appropriate, call 9-1-1 for emergency response or responders as soon as reasonably practical and when safe to do so. Requires the Department to annually report and publish on its website, beginning January 1, 2024, the number of front-line staff members trained to carry personal protection spray devices, the number of front-line staff members reporting personal protection spray devices and the make or model of the devices, and the number of reported uses of personal protection spray devices by service region. Provides that, in addition, the Department shall report each incident involving the deployment of a personal protection spray device that occurred during the preceding calendar year, including: (1) the estimated age, gender, and race of the intended target of the personal protection spray device; (2) whether there were injuries to the intended target resulting from the deployment of the personal protection spray device; (3) the age, gender, and race of the front-line staff member who utilized the personal protection spray device; and (4) whether there were injuries to the front-line staff member resulting from the incident. Requires the Department to also report yearly data on the number of personal protection spray device deployments found to be against Department policy. Effective immediately.

55 ILCS 5/5-1188 new
60 ILCS 1/85-70 new
Amends the Counties Code. Provides that, if a county board member, county board chairman, State's Attorney, or other countywide elected official is criminally charged with an infamous crime or of any offense involving a violation of his or her official oath, the county board shall review the alleged crimes to determine by a three-fifths vote of all members if the countywide elected official should be placed on administrative leave. Provides that, if the county board believes the official has been criminally charged with an infamous crime or of any offense involving a violation of his or her official oath, the county board shall send their determination to the State's Attorney or, if the determination is regarding the State's Attorney, the determination shall be sent to the Attorney General. Provides that, upon receipt of a determination from the county board, if the State's Attorney or Attorney General believes the crime or crimes to be germane to the official's duties, then the State's Attorney or Attorney General shall file a motion to place the elected official on administrative leave with the circuit court of the county. Provides that, upon receipt of the motion, the circuit court shall review and determine if the official shall be placed on administrative leave. Provides that the court may require the county to pay court costs or reasonable attorney fees, or both, if the court dismisses the action. Provides that, if the official is placed on administrative leave because a conflict exists, the official is barred from county property and performing the official's duties until the case is closed and the county board determines the conflict is resolved. Provides that the official shall continue to receive all compensation and benefits during the official's administrative leave. Provides that, if the county board puts an official on administrative leave, the board shall appoint a replacement for the official while the official is on administrative leave. Amends the Township Code. Makes similar changes. Effective immediately.

Senate Committee Amendment No. 1
Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes: Provides that if a State's Attorney or township attorney believes the crime or crimes to be germane to the official's duties, or a special State's Attorney (rather than the Attorney General) if the crime or crimes deal with the State's Attorney, such attorney shall file a petition (rather than a motion) with the circuit court for a rule to show cause why not to place the elected official on administrative leave (rather than to have the court place the elected official on administrative leave). Replaces the procedure by which the court determines if an officer shall be placed on administrative leave with the following: provides that the court shall issue a rule requiring the officer to show cause why he or she should not be put on administrative leave and the officer shall have a trial in the date stated in the rule; and provides that, if, after trial, the court determined that the township officer should be placed on administrative leave, the township officer shall be removed from office. Effective immediately.

Senate Committee Amendment No. 2
Replaces everything after the enacting clause. Reinserts the provisions of the Senate Amendment No. 1 with the following changes: Provides that the county board shall petition the court for the appointment of a special State's Attorney to review the board's determination if the determination is relating to the State's Attorney or if the State's Attorney has a conflict of interest (rather than only if relating to the State's Attorney). Makes conforming changes. Limits the provisions to counties that have a population of less than 500,000 people and townships within counties that have a population of less than 500,000 people. Effective immediately.

Senate Floor Amendment No. 3
Limits the provisions to officials charged with an infamous crime or of any felony in violation of his or her official oath (rather than any offense involving a violation of his or her official oath). Provides that, if the official is removed from office, then the official is barred from county or township property and performing the official's duties until the case is closed and the county or township board determines the conflict is resolved. Makes other changes.

Honors the memory of all U.S. service members killed in Afghanistan, including the thirteen who died on August 26, 2021. Extends gratitude to all men and women of the U.S. Armed Forces who served in Afghanistan. Urges the federal government to secure the safety and evacuation of any U.S. citizens still remaining in Afghanistan. Further urges the federal government to work with international, state, and local governments to assist displaced Afghan allies to resettle in safe communities. Further urges the federal government to somberly evaluate the failures of U.S. leadership that led to this grim denouement of Operation Enduring Freedom, to stand boldly against totalitarian regimes emboldened by this perceived American weakness, and to once again take up America's historic position as the leader of the free world and as a beacon of liberty across the globe.
