(a) The county board of any county may impose a tax upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from the sales made in the course of business to provide revenue to be used exclusively for public safety, public facility, mental health, substance abuse, or transportation purposes in that county, if a proposition for the tax has been submitted to the electors of that county and approved by a majority of those voting on the question. If imposed, this tax shall be imposed only in one-quarter percent increments. By resolution, the county board may order the proposition to be submitted at any election. If the tax is imposed for transportation purposes for expenditures for public highways or as authorized under the Illinois Highway Code, the county board must publish notice of the existence of its long-range highway transportation plan as required or described in Section 5-301 of the Illinois Highway Code and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax. If the tax is imposed for transportation purposes for expenditures for passenger rail transportation, the county board must publish notice of the existence of its long-range passenger rail transportation plan and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax.

If a tax is imposed for public facilities purposes, then the name of the project may be included in the proposition at the discretion of the county board as determined in the enabling resolution. For example, the "XXX Nursing Home" or the "YYY Museum".

The county clerk shall certify the question to the proper election authority, who shall submit the proposition at an election in accordance with the general election law.

(1) The proposition for public safety purposes shall be in substantially the following form:

"To pay for public safety purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every \$100 of tangible personal property bought at retail."

The county board may also opt to establish a sunset provision at which time the additional sales tax would cease being collected, if not terminated earlier by a vote of the county board. If the county board votes to include a sunset provision, the proposition for public safety purposes shall be in substantially the following form:

"To pay for public safety purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate) for a period not to exceed (insert number of years)?"

(2) The proposition for transportation purposes shall be in substantially the following form:

"To pay for improvements to roads and other transportation purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every \$100 of tangible personal property bought at retail."

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every \$100 of tangible personal property bought at retail. If imposed, the additional tax would cease being collected at the end of (insert number of years), if not terminated earlier by a vote of the county board."

The votes shall be recorded as "Yes" or "No".

(5) The proposition for substance abuse purposes shall be in substantially the following form:

"To pay for substance abuse purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every \$100 of tangible personal property bought at retail."

If the county board votes to include a sunset provision, the proposition for public facilities purposes shall be in substantially the following form:

If imposed, the additional tax would cease being collected at the end of (insert number of years), if not terminated earlier by a vote of the county board."

The votes shall be recorded as "Yes" or "No".

If a majority of the electors voting on the proposition vote in favor of it, the county may impose the tax. A county may not submit more than one proposition authorized by this Section to the electors at any one time.

This additional tax may not be imposed on the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food which has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed by a county under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Illinois Department of Revenue and deposited into a special fund created for that purpose. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their sellers' tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracketed schedules as the Department may prescribe.

[November 15, 2018]

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation Retailers' Occupation Tax Fund.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the county, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the county as an incident to a sale of service. This tax may not be imposed on sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer and enforce this subsection; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this subsection, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the county), 2a, 2b, 2c, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the county), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the county), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the county), Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation Retailers' Occupation Fund.

Nothing in this subsection shall be construed to authorize the county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the County Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation Retailers' Occupation Tax Fund, which shall be an unappropriated trust fund held outside of the State treasury.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the counties from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each county, and deposited by the county into its special fund created for the purposes of this Section, shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the

second preceding calendar month by the Department on behalf of the county, (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county, (iii) any amounts that are transferred to the STAR Bonds Revenue Fund, and (iv) 1.5% of the remainder, which shall be transferred into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the counties, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the disbursement certification to the counties and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in March of each year to each county that received more than \$500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

A county may direct, by ordinance, that all or a portion of the taxes and penalties collected under the Special County Retailers' Occupation Tax For Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation be deposited into the Transportation Development Partnership Trust Fund.

(d) For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(e) Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(e-5) If a county imposes a tax under this Section, the county board may, by ordinance, discontinue or lower the rate of the tax. If the county board lowers the tax rate or discontinues the tax, a referendum must be held in accordance with subsection (a) of this Section in order to increase the rate of the tax or to reimpose the discontinued tax.

(f) Beginning April 1, 1998 and through December 31, 2013, the results of any election authorizing a proposition to impose a tax under this Section or effecting a change in the rate of tax, or any ordinance lowering the rate or discontinuing the tax, shall be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the filing.

Beginning January 1, 2014, the results of any election authorizing a proposition to impose a tax under this Section or effecting an increase in the rate of tax, along with the ordinance adopted to impose the tax or increase the rate of the tax, or any ordinance adopted to lower the rate or discontinue the tax, shall be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of May, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the adoption and filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the adoption and filing.

(g) When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a miscalculation is discovered.

(h) This Section may be cited as the "Special County Occupation Tax For Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation Law".

(i) For purposes of this Section, "public safety" includes, but is not limited to, crime prevention, detention, fire fighting, police, medical, ambulance, or other emergency services. The county may share tax proceeds received under this Section for public safety purposes, including proceeds received before August 4, 2009 (the effective date of Public Act 96-124), with any fire protection district located in the

county. For the purposes of this Section, "transportation" includes, but is not limited to, the construction, maintenance, operation, and improvement of public highways, any other purpose for which a county may expend funds under the Illinois Highway Code, and passenger rail transportation. For the purposes of this Section, "public facilities purposes" includes, but is not limited to, the acquisition, development, construction, reconstruction, rehabilitation, improvement, financing, architectural planning, and installation of capital facilities consisting of buildings, structures, and durable equipment and for the acquisition and improvement of real property and interest in real property required, or expected to be required, in connection with the public facilities, for use by the county for the furnishing of governmental services to its citizens, including but not limited to museums and nursing homes.

(j) The Department may promulgate rules to implement Public Act 95-1002 only to the extent necessary to apply the existing rules for the Special County Retailers' Occupation Tax for Public Safety to this new purpose for public facilities.

MESSAGES FROM THE HOUSE

[November 15, 2018]

A message from the House by
Mr. Hollman, Clerk:

Mr. President -- I am directed to inform the Senate that the House of Representatives has passed a bill of the following title, the Governor's specific recommendations for change notwithstanding, in the passage of which I am instructed to ask the concurrence of the Senate, to-wit:

HOUSE BILL 5195

A bill for AN ACT concerning education.

I am further instructed to deliver to you the objections of the Governor which are contained in the attached copy of his letter to the House of Representatives:

Passed the House, November 14, 2018, by a three-fifths vote.

JOHN W. HOLLMAN, Clerk of the House

August 21, 2018

To the Honorable Members of
The Illinois House of Representatives,
100th General Assembly:

Today, I return House Bill 5195 with specific recommendations for change.

This legislation creates an avenue for students who do not have access to school-sponsored transportation to obtain said transportation, if the student's route to school poses a safety hazard due to "a course or pattern of criminal activity."

As written, House Bill 5195 explicitly excludes Chicago Public Schools due to the fact that Chicago already has legislation governing the safe travel of students to and from school. That law, which includes Chicago's Safe Passage Program, only applies to Chicago Public Schools and utilizes a different process and set of criteria to guarantee the safe travel of students than is proposed in House Bill 5195.

All students in Illinois, regardless of zip code, have the right to safely travel to and from school, and our government has a responsibility to protect that right. However, access to safe transit for students across the state should be evaluated and granted comparably, without any exceptions or carve-outs for particular cities or jurisdictions.

Therefore, pursuant to Section 9(e) of Article IV of the Illinois Constitution of 1970, I hereby return House Bill 5195, entitled "AN ACT concerning education," with the following recommendation for change:
By replacing page 2, line 25 through page 3, line 1 with:

"Omnibus Prevention Act. Such transportation, if provided due to vehicular traffic or rail crossings, shall not be provided if adequate transportation for the public is available. Such transportation, if provided due to a course or pattern of criminal activity, may be provided notwithstanding if adequate transportation for the public is available."; and

On page 5, by deleting lines 6 through 9.

With these changes, House Bill 5195 will have my approval. I respectfully request your concurrence.

Sincerely,
Bruce Rauner
GOVERNOR

The bill reported on the foregoing veto message was placed on the Senate Calendar for Tuesday, November 27, 2018.

MOTIONS IN WRITING

HB5177AVM001

MOTION

I move to accept the specific recommendations of the Governor as to House Bill 5177 in manner and form as follows:

AMENDMENT TO HOUSE BILL 5177
IN ACCEPTANCE OF GOVERNOR'S RECOMMENDATIONS

Amend House Bill 5177 on page 2, by replacing lines 16 through 19 with the following:

"civilian employee of the department. Notwithstanding any other provision of law, the board shall reconsider an application for credit for service under this item (c) that was submitted after January 1, 1992 and before April 1, 2008 and was denied."

Date: _____, 2018 _____

August 21, 2018

To the Honorable Members of
The Illinois House of Representatives,
100th General Assembly:

[November 15, 2018]

Today I return House Bill 5177 from the 100th General Assembly, which clarifies an issue in law that prohibited the transfer of service credits for Chicago police officers who retired from prior service with the Cook County Sheriff's Department.

This legislation would correct a misinterpretation of law caused by the Retirement Board of the Policemen's Annuity and Benefit Fund of the City of Chicago, which in 1992 stopped crediting this group of officers for their past service. This is a considerate approach to ensure these hardworking men and women are recognized properly.

House Bill 5177 needs to be balanced, however, with correct principles of due process. As the legislation is currently written, it is not narrowly tailored to the officers who were adversely affected by the Board's decisions from 1992 to 2008. Instead, HB 5177 opens up for redetermination *all* of the Board's denial decisions made on these sheriff classes prior to 2008. This goes beyond fixing the problem the legislature sought to solve and unnecessarily allows for anyone to appeal who did not agree the Board's proper decisions before 1992 as well.

There should be, as much as can be achieved, finality to administrative decisions and clarity about the rights and privileges of those who come before the State's boards and commissions. House Bill 5177 unnecessarily introduces uncertainty about cases that closed before 1992. A narrow approach to resolve the obvious and defined problem that prompted this legislation is more appropriate.

Therefore, pursuant to Section 9(e) of Article IV of the Illinois Constitution of 1970, I hereby return House Bill 5177, entitled "AN ACT concerning public employee benefits," with the following specific recommendation for change:

On page 2, by replacing lines 16 through 19 with the following:

"civilian employee of the department. Notwithstanding any other provision of law, the board shall reconsider an application for credit for service under this item (c) that was submitted after January 1, 1992 and before April 1, 2008 and was denied."

With these changes, House Bill 5177 will have my approval. I respectfully request your concurrence.

Sincerely,

Bruce Rauner
GOVERNOR

The bill reported on the foregoing veto message was placed on the Senate Calendar for Wednesday, November 27, 2018.

"Section 5. The Nurse Practice Act is amended by changing Section 50-75 as follows:

(225 ILCS 65/50-75)

(Section scheduled to be repealed on January 1, 2028)

Sec. 50-75. Nursing delegation by a registered professional nurse.

(a) For the purposes of this Section:

"Delegation" means transferring to a specific individual the authority to perform a specific nursing intervention in a specific situation.

"Predictability of outcomes" means that a registered professional nurse or advanced practice registered nurse has determined that the patient's or individual's clinical status is stable and expected to improve or the patient's or individual's deteriorating condition is expected to follow a known or expected course.

"Stability" means a registered professional nurse or advanced practice registered nurse has determined that the individual's clinical status and nursing care needs are consistent.

(b) This Section authorizes a registered professional nurse ~~or advanced practice registered nurse~~ to:

(1) delegate nursing interventions to other registered professional nurses, licensed practical nurses, and other unlicensed personnel based on the comprehensive nursing assessment that includes, but is not limited to:

(A) the stability and condition of the patient;

(B) the potential for harm;

(C) the complexity of the nursing intervention to be delegated;

(D) the predictability of outcomes; and

(E) competency of the individual to whom the nursing intervention is delegated;

(2) delegate medication administration to other licensed nurses;

(3) in community-based or in-home care settings, delegate the administration of medication (limited to oral or subcutaneous dosage and topical or transdermal application) to unlicensed personnel, if all the conditions for delegation set forth in this Section are met;

(c) This Section prohibits the following:

(1) An individual or entity from mandating that a registered professional nurse delegate nursing interventions if the registered professional nurse determines it is inappropriate to do so. Nurses shall not be subject to disciplinary or any other adverse action for refusing to delegate a nursing intervention based on patient safety.

(2) The delegation of medication administration to unlicensed personnel in any institutional or long-term facility, including, but not limited to, those facilities licensed by the Hospital Licensing Act, the University of Illinois Hospital Act, State-operated mental health hospitals, or State-operated developmental centers, except as authorized under Article 80 of this Act or otherwise specifically authorized by law.

(3) A registered professional nurse from delegating nursing judgment, the comprehensive patient assessment, the development of a plan of care, and the evaluation of care to licensed or unlicensed personnel.

(4) A licensed practical nurse or unlicensed personnel who has been delegated a nursing intervention from re-delegating a nursing intervention.
