#### AMENDMENT NO. 1 TO SENATE BILL 1902

AMENDMENT NO. 1. Amend Senate Bill 1902 by replacing everything after the enacting clause with the following:

"Section 5. The State Finance Act is amended by changing Section 9.02 as follows:

(30 ILCS 105/9.02) (from Ch. 127, par. 145c)

Sec. 9.02. Vouchers; signature; delegation; electronic submission.

(a)(1) Any new contract or contract renewal in the amount of \$250,000 or more in a fiscal year, or any order against a master contract in the amount of \$250,000 or more in a fiscal year, or any contract amendment or change to an existing contract that increases the value of the contract to or by \$250,000 or more in a fiscal year, shall be signed or approved in writing by the chief executive officer of the agency or his or her designee, and shall also be signed or approved in writing by the agency's chief legal counsel or his or her designee and chief fiscal officer or his or her designee. If the agency does not have a chief legal counsel or a chief fiscal officer, the chief executive officer of the agency shall designate in writing a senior executive as the individual responsible for signature or approval.

(2) No document identified in paragraph (1) may be filed with the Comptroller, nor may any authorization for payment pursuant to such documents be filed with the Comptroller, if the required signatures or approvals are lacking.

(3) Any person who, with knowledge the signatures or approvals required in paragraph (1) are lacking, either files or directs another to file documents or payment authorizations in violation of paragraph (2) shall be subject to discipline up to and including discharge.

(4) Procurements shall not be artificially divided so as to avoid the necessity of complying with paragraph (1).

(5) Each State agency shall develop and implement procedures to ensure the necessary signatures or approvals are obtained. Each State agency may establish, maintain and follow procedures that are more restrictive than those required herein.

(6) This subsection (a) applies to all State agencies as defined in Section 1-7 of the Illinois State Auditing Act, which includes without limitation the General Assembly and its agencies. For purposes of this subsection (a), in the case of the General Assembly, the "chief executive officer of the agency" means (i) the Senate Operations Commission for Senate general operations as provided in Section 4 of the General Assembly Operations Act, (ii) the Speaker of the House of Representatives for House general operations as provided in Section 5 of the General Assembly Operations Act, (iii) the Speaker of the House for majority leadership staff and operations, (iv) the Minority Leader of the House for minority leadership staff and operations, (v) the President of the Senate for majority leadership staff and operations, (vi) the Minority Leader of the Senate for minority staff and operations, and (vii) the Joint Committee on Legislative Support Services for the legislative support services agencies as provided in the Legislative Commission Reorganization Act of 1984. For purposes of this subsection (a), in the case of agencies, the "chief executive officer of the agency" means the head of the agency.

(b)(1) Every voucher, as submitted by the agency or office in which it originates, shall bear (i) the signature of the officer responsible for approving and certifying vouchers under this Act and (ii) if authority to sign the responsible officer's name has been properly delegated, also the signature of the person actually signing the voucher.

[March 27, 2019]

(2) When an officer delegates authority to approve and certify vouchers, he shall send a copy of such authorization containing the signature of the person to whom delegation is made to each office that checks or approves such vouchers and to the State Comptroller. Such delegation may be general or limited. If the delegation is limited, the authorization shall designate the particular types of vouchers that the person is authorized to approve and certify.

(3) When any delegation of authority hereunder is revoked, a copy of the revocation of authority shall be sent to the Comptroller and to each office to which a copy of the authorization was sent.

The Comptroller may require State agencies to maintain signature documents and records of delegations of voucher signature authority and revocations of those delegations, instead of transmitting those documents to the Comptroller. The Comptroller may inspect such documents and records at any time.

(c) The Comptroller may authorize the submission of vouchers through electronic transmissions, on magnetic tape, or otherwise.

### READING BILLS OF THE SENATE A SECOND TIME

On motion of Senator Link, **Senate Bill No. 24** having been printed, was taken up, read by title a second time and ordered to a third reading.

On motion of Senator Harris, **Senate Bill No. 177** having been printed, was taken up, read by title a second time.

The following amendment was offered in the Committee on Transportation, adopted and ordered printed:

#### AMENDMENT NO. 1 TO SENATE BILL 177

AMENDMENT NO. 1. Amend Senate Bill 177 by replacing everything after the enacting clause with the following:

"Section 5. The Department of Transportation Law of the Civil Administrative Code of Illinois is amended by adding Section 2705-615 as follows:

(20 ILCS 2705/2705-615 new)

Sec. 2705-615. Local government business enterprise programs. The Department shall assist municipalities, counties, and road districts in implementing business enterprise programs as provided in Section 8 of the Motor Fuel Tax Law and shall designate a point of contact person for those purposes. In addition, the Department shall submit to each such municipality, county, and road district an estimate of appropriate subcontracting goals for available contractors based on the Department's data for existing State and federal programs.

Section 10. The Motor Fuel Tax Law is amended by changing Section 8 as follows:

(35 ILCS 505/8) (from Ch. 120, par. 424)

Sec. 8. Except as provided in Section 8a, subdivision (h)(1) of Section 12a, Section 13a.6, and items 13, 14, 15, and 16 of Section 15, all money received by the Department under this Act, including payments made to the Department by member jurisdictions participating in the International Fuel Tax Agreement, shall be deposited in a special fund in the State treasury, to be known as the "Motor Fuel Tax Fund", and shall be used as follows:

(a) 2 1/2 cents per gallon of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be transferred to the State Construction Account Fund in the State Treasury;

(b) \$420,000 shall be transferred each month to the State Boating Act Fund to be used by the Department of Natural Resources for the purposes specified in Article X of the Boat Registration and Safety Act;

(c) \$3,500,000 shall be transferred each month to the Grade Crossing Protection Fund to be used as follows: not less than \$12,000,000 each fiscal year shall be used for the construction or reconstruction of rail highway grade separation structures; \$2,250,000 in fiscal years 2004 through 2009 and \$3,000,000 in fiscal year 2010 and each fiscal year thereafter shall be transferred to the Transportation Regulatory Fund and shall be accounted for as part of the rail carrier portion of such funds and shall be used to pay the cost of administration of the Illinois Commerce Commission's railroad safety program in connection with its duties under subsection (3) of Section 18c-7401 of the Illinois Vehicle Code, with the remainder to be used by the Department of Transportation upon order of the Illinois Commerce Commission, to pay that

[March 27, 2019]

part of the cost apportioned by such Commission to the State to cover the interest of the public in the use of highways, roads, streets, or pedestrian walkways in the county highway system, township and district road system, or municipal street system as defined in the Illinois Highway Code, as the same may from time to time be amended, for separation of grades, for installation, construction or reconstruction of crossing protection or reconstruction, alteration, relocation including construction or improvement of any existing highway necessary for access to property or improvement of any grade crossing and grade crossing surface including the necessary highway approaches thereto of any railroad across the highway or public road, or for the installation, construction, reconstruction, or maintenance of a pedestrian walkway over or under a railroad right-of-way, as provided for in and in accordance with Section 18c-7401 of the Illinois Vehicle Code. The Commission may order up to \$2,000,000 per year in Grade Crossing Protection Fund moneys for the improvement of grade crossing surfaces and up to \$300,000 per year for the maintenance and renewal of 4-quadrant gate vehicle detection systems located at non-high speed rail grade crossings. The Commission shall not order more than \$2,000,000 per year in Grade Crossing Protection Fund moneys for pedestrian walkways. In entering orders for projects for which payments from the Grade Crossing Protection Fund will be made, the Commission shall account for expenditures authorized by the orders on a cash rather than an accrual basis. For purposes of this requirement an "accrual basis" assumes that the total cost of the project is expended in the fiscal year in which the order is entered, while a "cash basis" allocates the cost of the project among fiscal years as expenditures are actually made. To meet the requirements of this subsection, the Illinois Commerce Commission shall develop annual and 5-year project plans of rail crossing capital improvements that will be paid for with moneys from the Grade Crossing Protection Fund. The annual project plan shall identify projects for the succeeding fiscal year and the 5-year project plan shall identify projects for the 5 directly succeeding fiscal years. The Commission shall submit the annual and 5-year project plans for this Fund to the Governor, the President of the Senate, the Senate Minority Leader, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives on the first Wednesday in April of each year;

(d) of the amount remaining after allocations provided for in subsections (a), (b) and (c), a sufficient amount shall be reserved to pay all of the following:

(1) the costs of the Department of Revenue in administering this Act;

(2) the costs of the Department of Transportation in performing its duties imposed by the Illinois Highway Code for supervising the use of motor fuel tax funds apportioned to municipalities, counties and road districts;

(3) refunds provided for in Section 13, refunds for overpayment of decal fees paid under Section 13a.4 of this Act, and refunds provided for under the terms of the International Fuel Tax Agreement referenced in Section 14a;

(4) from October 1, 1985 until June 30, 1994, the administration of the Vehicle Emissions Inspection Law, which amount shall be certified monthly by the Environmental Protection Agency to the State Comptroller and shall promptly be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund to the Vehicle Inspection Fund, and for the period July 1, 1994 through June 30, 2000, one-twelfth of \$25,000,000 each month, for the period July 1, 2000 through June 30, 2003, one-twelfth of \$30,000,000 each month, and \$15,000,000 on July 1, 2003, and \$15,000,000 on January 1, 2004, and \$15,000,000 on each July 1 and October 1, or as soon thereafter as may be practical, during the period July 1, 2004 through June 30, 2012, and \$30,000,000 on June 1, 2013, or as soon thereafter as may be practical, and \$15,000,000 on July 1 and October 1, or as soon thereafter as may be practical, during the period of July 1, 2013 through June 30, 2015, for the administration of the Vehicle Emissions Inspection Law of 2005, to be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund into the Vehicle Inspection Fund;

(5) amounts ordered paid by the Court of Claims; and

(6) payment of motor fuel use taxes due to member jurisdictions under the terms of the International Fuel Tax Agreement. The Department shall certify these amounts to the Comptroller by the 15th day of each month; the Comptroller shall cause orders to be drawn for such amounts, and the Treasurer shall administer those amounts on or before the last day of each month;

(e) after allocations for the purposes set forth in subsections (a), (b), (c) and (d), the remaining amount shall be apportioned as follows:

(1) Until January 1, 2000, 58.4%, and beginning January 1, 2000, 45.6% shall be deposited as follows:

(A) 37% into the State Construction Account Fund, and

(B) 63% into the Road Fund, \$1,250,000 of which shall be reserved each month for the Department of Transportation to be used in accordance with the provisions of Sections 6-901 through 6-906 of the Illinois Highway Code;

[March 27, 2019]

(2) Until January 1, 2000, 41.6%, and beginning January 1, 2000, 54.4% shall be transferred to the Department of Transportation to be distributed as follows:

- (A) 49.10% to the municipalities of the State,
- (B) 16.74% to the counties of the State having 1,000,000 or more inhabitants,
- (C) 18.27% to the counties of the State having less than 1,000,000 inhabitants,
- (D) 15.89% to the road districts of the State.

As soon as may be after the first day of each month the Department of Transportation shall allot to each municipality its share of the amount apportioned to the several municipalities which shall be in proportion to the population of such municipalities as determined by the last preceding municipal census if conducted by the Federal Government or Federal census. If territory is annexed to any municipality subsequent to the time of the last preceding census the corporate authorities of such municipality may cause a census to be taken of such annexed territory and the population so ascertained for such territory shall be added to the population of the municipality as determined by the last preceding census for the purpose of determining the allotment for that municipality. If the population of any municipality was not determined by the last Federal census preceding any apportionment, the apportionment to such municipality shall be in accordance with any census taken by such municipality. Any municipal census used in accordance with this Section shall be certified to the Department of Transportation by the clerk of such municipality, and the accuracy thereof shall be subject to approval of the Department which may make such corrections as it ascertains to be necessary.

As soon as may be after the first day of each month the Department of Transportation shall allot to each county its share of the amount apportioned to the several counties of the State as herein provided. Each allotment to the several counties having less than 1,000,000 inhabitants shall be in proportion to the amount of motor vehicle license fees received from the residents of such counties, respectively, during the preceding calendar year. The Secretary of State shall, on or before April 15 of each year, transmit to the Department of Transportation a full and complete report showing the amount of motor vehicle license fees received from the residents of each county, respectively, during the preceding calendar year. The Department of Transportation shall, each month, use for allotment purposes the last such report received from the Secretary of State.

As soon as may be after the first day of each month, the Department of Transportation shall allot to the several counties their share of the amount apportioned for the use of road districts. The allotment shall be apportioned among the several counties in the State in the proportion which the total mileage of township or district roads in the respective counties bears to the total mileage of all township and district roads in the State. Funds allotted to the respective counties for the use of road districts therein shall be allocated to the several road districts in the county in the proportion which the total mileage of such township or district roads in the respective road districts bears to the total mileage of all such township or district roads in the county. After July 1 of any year prior to 2011, no allocation shall be made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such road district at a rate of not less than either .08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less. Beginning July 1, 2011 and each July 1 thereafter, an allocation shall be made for any road district if it levied a tax for road and bridge purposes. In counties other than DuPage County, if the amount of the tax levy requires the extension of the tax against the taxable property in the road district at a rate that is less than 0.08% of the value thereof, based upon the assessment for the year immediately prior to the year in which the tax was levied and as equalized by the Department of Revenue, then the amount of the allocation for that road district shall be a percentage of the maximum allocation equal to the percentage obtained by dividing the rate extended by the district by 0.08%. In DuPage County, if the amount of the tax levy requires the extension of the tax against the taxable property in the road district at a rate that is less than the lesser of (i) 0.08% of the value of the taxable property in the road district, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue, or (ii) a rate that will yield an amount equal to \$12,000 per mile of road under the jurisdiction of the road district, then the amount of the allocation for the road district shall be a percentage of the maximum allocation equal to the percentage obtained by dividing the rate extended by the district by the lesser of (i) 0.08% or (ii) the rate that will yield an amount equal to \$12,000 per mile of road under the jurisdiction of the road district.

Notwithstanding any other provision of law, for each fiscal year beginning on or after July 1, 2021, if a municipality, county, or road district received a distribution under this Section totaling more than \$1,000,000 in the previous fiscal year, then, in order to receive a distribution for the current fiscal year, that municipality, county, or road district must certify to the Department of Transportation that it has

established a minority-owned, women-owned, and veteran-owned business enterprise program consistent with the rules and regulations of the Department of Central Management Services Business Enterprise Program in all local procurement of all contracts. The municipality, county, or road district shall accept vendor certification from the State of Illinois, the County of Cook, and the City of Chicago for minority-owned, women-owned or veteran-owned businesses. The Department of Transportation shall prepare a list of all affected municipalities, counties, and road districts that received a distribution of more than \$1,000,000 in the last fiscal year and shall publish the list on its website. The Department of Central Management Services shall prepare and conduct all necessary studies, including an availability analysis and a disparity study for all affected municipalities, counties, and road districts, and shall use all existing studies as much as possible. The Department of Central Management Services shall maximize economies of scale in these studies where local governments draw from the same pool of vendors. If the study does not support the establishment of a business enterprise program for any local municipality, county, or road district, the requirements of this Section shall not apply to that local municipality, county, or road district. The Department of Transportation and the Illinois Toll Highway Authority shall provide all data on their studies related to their business enterprise programs to the Department of Central Management Services to assist the Department of Central Management Services in the completion of the study.

Prior to 2011, if any road district has levied a special tax for road purposes pursuant to Sections 6-601, 6-602 and 6-603 of the Illinois Highway Code, and such tax was levied in an amount which would require extension at a rate of not less than .08% of the value of the taxable property thereof, as equalized or assessed by the Department of Revenue, or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less, such levy shall, however, be deemed a proper compliance with this Section and shall qualify such road district for an allotment under this Section. Beginning in 2011 and thereafter, if any road district has levied a special tax for road purposes under Sections 6-601, 6-602, and 6-603 of the Illinois Highway Code, and the tax was levied in an amount that would require extension at a rate of not less than 0.08% of the value of the taxable property of that road district, as equalized or assessed by the Department of Revenue or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less, that levy shall be deemed a proper compliance with this Section and shall qualify such road district for a full, rather than proportionate, allotment under this Section. If the levy for the special tax is less than 0.08% of the value of the taxable property, or, in DuPage County if the levy for the special tax is less than the lesser of (i) 0.08% or (ii) \$12,000 per mile of road under the jurisdiction of the road district, and if the levy for the special tax is more than any other levy for road and bridge purposes, then the levy for the special tax qualifies the road district for a proportionate, rather than full, allotment under this Section. If the levy for the special tax is equal to or less than any other levy for road and bridge purposes, then any allotment under this Section shall be determined by the other levy for road and bridge purposes.

Prior to 2011, if a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the equivalent of a tax levy requiring extension at a rate of at least .08%, or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less, such transfer, together with any such tax levy, shall be deemed a proper compliance with this Section and shall qualify the road district for an allotment under this Section.

In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law, road districts may retain their entitlement to a motor fuel tax allotment or, beginning in 2011, their entitlement to a full allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. Any road district may in all circumstances retain its entitlement to a motor fuel tax allotment or, beginning in 2011, its entitlement to a full allotment if it levied a road and bridge tax in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than 0.08% of the assessed value of the property, based upon the assessment for the year immediately preceding the year in which the tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less.

As used in this Section the term "road district" means any road district, including a county unit road district, provided for by the Illinois Highway Code; and the term "township or district road" means any road in the township and district road system as defined in the Illinois Highway Code. For the purposes of this Section, "township or district road" also includes such roads as are maintained by park districts, forest preserve districts and conservation districts. The Department of Transportation shall determine the mileage

of all township and district roads for the purposes of making allotments and allocations of motor fuel tax funds for use in road districts.

Payment of motor fuel tax moneys to municipalities and counties shall be made as soon as possible after the allotment is made. The treasurer of the municipality or county may invest these funds until their use is required and the interest earned by these investments shall be limited to the same uses as the principal funds.

Section 99. Effective date. This Act takes effect upon becoming law."

There being no further amendments, the foregoing Amendment No. 1 was ordered engrossed, and the bill, as amended, was ordered to a third reading.

On motion of Senator Bennett, **Senate Bill No. 211** having been printed, was taken up, read by title a second time.

Senator Bennett offered the following amendment and moved its adoption:

**AMENDMENT NO. 1 TO SENATE BILL 211**

AMENDMENT NO. 1. Amend Senate Bill 211 by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Procurement Code is amended by adding Section 25-47 as follows:

(30 ILCS 500/25-47 new)

Sec. 25-47. Renewable energy resources contracts or leases. State purchasing officers or a State agency may enter into renewable energy resources contracts and leases for a period of time deemed to be in the best interest of the State, but not exceeding 25 years inclusive of proposed contract or lease renewals. For the purposes of this Section, "renewable energy resources" has the meaning ascribed to that term in Section 1-10 of the Illinois Power Agency Act.

Section 99. Effective date. This Act takes effect upon becoming law."

The motion prevailed.

And the amendment was adopted and ordered printed.

There being no further amendments, the foregoing Amendment No. 1 was ordered engrossed, and the bill, as amended, was ordered to a third reading.

(c) Such certification by the respective political parties or groups in this State of electors of President and Vice-President shall be made to the State Board of Elections within 2 days after such State convention or meeting of the State central committee in which the electors were chosen.

(d) Should more than one certificate of choice and selection of electors of the same political party or group be filed by contesting conventions or contesting groups, it shall be the duty of the State Board of Elections within 10 days after the adjournment of the last of such conventions to meet and determine which set of nominees for electors of such party or group was chosen and selected by the authorized convention of such party or group. The Board, after notice to the chair and secretaries or managers of the conventions or groups and after a hearing shall determine which set of electors was so chosen by the authorized convention and shall so announce and publish the fact, and such decision shall be final and the set of electors so determined upon by the electoral board to be so chosen shall be the list or set of electors to be deemed elected if that party shall be successful at the polls, as herein provided.

**AMENDMENT NO. 1 TO SENATE BILL 1868**

AMENDMENT NO. 1. Amend Senate Bill 1868 by replacing everything after the enacting clause with the following:

"Section 1. Findings. Credible reports from around the world, including this State, have indicated instances of repeat childhood sexual abuse have occurred at the hands of clergymen. These reports have also indicated efforts may have been taken to conceal the identities and conduct of the individuals responsible for the sexual abuse. The General Assembly finds that victims of such conduct should be afforded a remedy to the fullest extent available under the law.

[March 27, 2019]

Section 5. The Code of Civil Procedure is amended by changing Section 13-202.2 as follows:  
(735 ILCS 5/13-202.2) (from Ch. 110, par. 13-202.2)

Sec. 13-202.2. Childhood sexual abuse.

(a) In this Section:

"Childhood sexual abuse" means an act of sexual abuse that occurs when the person abused is under 18 years of age.

"Sexual abuse" includes but is not limited to sexual conduct and sexual penetration as defined in Section 11-0.1 of the Criminal Code of 2012.

(b) Notwithstanding any other provision of law, an action for damages for personal injury based on childhood sexual abuse must be commenced within 20 years of the date the limitation period begins to run under subsection (d) or within 20 years of the date the person abused discovers or through the use of reasonable diligence should discover both (i) that the act of childhood sexual abuse occurred and (ii) that the injury was caused by the childhood sexual abuse. The fact that the person abused discovers or through the use of reasonable diligence should discover that the act of childhood sexual abuse occurred is not, by itself, sufficient to start the discovery period under this subsection (b). Knowledge of the abuse does not constitute discovery of the injury or the causal relationship between any later-discovered injury and the abuse.

(c) If the injury is caused by 2 or more acts of childhood sexual abuse that are part of a continuing series of acts of childhood sexual abuse by the same abuser, then the discovery period under subsection (b) shall be computed from the date the person abused discovers or through the use of reasonable diligence should discover both (i) that the last act of childhood sexual abuse in the continuing series occurred and (ii) that the injury was caused by any act of childhood sexual abuse in the continuing series. The fact that the person abused discovers or through the use of reasonable diligence should discover that the last act of childhood sexual abuse in the continuing series occurred is not, by itself, sufficient to start the discovery period under subsection (b). Knowledge of the abuse does not constitute discovery of the injury or the causal relationship between any later-discovered injury and the abuse.

(d) The limitation periods under subsection (b) do not begin to run before the person abused attains the age of 18 years; and, if at the time the person abused attains the age of 18 years he or she is under other legal disability, the limitation periods under subsection (b) do not begin to run until the removal of the disability.

(d-1) The limitation periods in subsection (b) do not run during a time period when the person abused is subject to threats, intimidation, manipulation, fraudulent concealment, or fraud perpetrated by the abuser or by any person acting in the interest of the abuser.

(e) This Section applies to actions pending on the effective date of this amendatory Act of 1990 as well as to actions commenced on or after that date. The changes made by this amendatory Act of 1993 shall apply only to actions commenced on or after the effective date of this amendatory Act of 1993. The changes made by this amendatory Act of the 93rd General Assembly apply to actions pending on the effective date of this amendatory Act of the 93rd General Assembly as well as actions commenced on or after that date. The changes made by this amendatory Act of the 96th General Assembly apply to actions commenced on or after the effective date of this amendatory Act of the 96th General Assembly if the action would not have been time barred under any statute of limitations or statute of repose prior to the effective date of this amendatory Act of the 96th General Assembly.

(f) Notwithstanding any other provision of law, an action for damages based on childhood sexual abuse may be commenced at any time; provided, however, that the changes made by this amendatory Act of the 98th General Assembly apply to actions commenced on or after the effective date of this amendatory Act of the 98th General Assembly if the action would not have been time barred under any statute of limitations or statute of repose prior to the effective date of this amendatory Act of the 98th General Assembly.
