WHEREAS, The Illinois Department of Human Services maintains a state-wide database known as PUNS, or Prioritization for Urgency of Needs for Services, that records information about individuals with developmental disabilities who are potentially in need of services; and

WHEREAS, The Department of Human Services uses the data on Prioritization for Urgency of Needs for Services to select individuals for services as funding becomes available, to develop proposals and materials for budgeting, and to plan for future needs; and

WHEREAS, Prioritization for Urgency of Needs for Services exists in order to provide assistance with service needs; and

WHEREAS, Besides adults, Prioritization for Urgency of Needs for Services is also available for children and teens with developmental disabilities who need services or support; and

WHEREAS, Prioritization for Urgency of Needs for Services is the first step toward getting services in Illinois; if individuals are not on the Prioritization for Urgency of Needs for Services list, they are not in queue for State services; and

WHEREAS, Prioritization for Urgency of Needs for Services may be under-utilized by children and their parents due to unawareness or a lack of information; therefore, be it

RESOLVED, BY THE SENATE OF THE NINETY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we strongly encourage the Illinois State Board of Education to work with school districts to inform all students with developmental disabilities and especially their parents that the Prioritization for Urgency of Needs for Services database is a resource that can assist them in obtaining services for their needs; and be it further

[March 4, 2014]

RESOLVED, That we further encourage local school districts to direct parents and students to the Illinois Department of Human Services' Prioritization for Urgency of Needs for Services website for information annually during the Individualized Education Plan process.

Senator Martinez offered the following Senate Resolution, which was referred to the Committee on Assignments:

SENATE RESOLUTION NO. 969

WHEREAS, Under the misnomer of the Democratic People's Republic of Korea, the current North Korean government is a continuation of the absolute dynastic dictatorship started by Kim Il-sung in 1948; following his death in 1994, Kim Il-sung was succeeded by his eldest son, Kim Jong-il; on December 17, 2011, Kim Jong-il died and his youngest son, Kim Jong-un, was immediately installed as his successor; the majority of the North Korean people have experienced unimaginable suffering during the regimes of all 3 dictators; and

WHEREAS, The North Korean government's top priority is total control of all aspects of life in North Korea; all information, artistic expression, academic works, and media activity within its borders is strictly limited, as is freedom of speech; and

WHEREAS, The North Korean government has executed political prisoners, other outspoken opponents of the regime, and certain "repatriated" defectors, as well as members of outlawed religions and organizations; and

WHEREAS, The North Korean government currently holds almost a quarter of a million political prisoners in camps under deplorable conditions; and

WHEREAS, In the early 1990s, more than 2 million inhabitants of North Korea died of starvation due to the failure of the North Korean government-operated centralized agricultural and distribution systems; a 2002 United Nations-European Union survey indicated that one out of every 10 North Korean children are acutely malnourished and 4 out of 10 are chronically malnourished; and

WHEREAS, The North Korean government continues to prevent the monitoring of the delivery of food aid provided by the World Food Program since 1995; and

WHEREAS, The resultant risk of starvation, threat of persecution, and lack of personal freedoms have caused hundreds of thousands of North Koreans to flee, primarily into China, where the women are often at risk of being kidnapped and sold as brides, concubines, or forced into prostitution; and

WHEREAS, The Chinese government has consistently detained, convicted, and imprisoned foreign aid workers who, in accord with United Nations conventions and protocol, assist these North Korean aliens; and

WHEREAS, While the responsibility for domestic refugee resettlement naturally devolves to the South Koreans, the United States should play a leadership role in addressing the plight of these refugees and develop international solutions for this humanitarian crisis; therefore, be it

RESOLVED, BY THE SENATE OF THE NINETY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we express our solidarity with the North Korean refugees in their quest for relief from hunger and persecution; and be it further

RESOLVED, That we articulate our support for development of a Human Rights and Democracy program that includes meaningful cultural and educational exchanges with North Korea; and be it further

RESOLVED, That we call upon the United States government to take a leadership role in forming an international framework for resettlement of North Korean refugees both here and abroad; and be it further

[March 4, 2014]

RE: Waivers of School Code Mandates: Spring 2014 Waiver Summary Report

As required by Section 2-3.25g of the School Code (105 ILCS 5/2-3.25g), the following report provides summaries of requests for waivers of School Code mandates being transmitted to the Illinois General Assembly for its consideration. The report concludes with a database listing all of the requests received, organized by Senate and House districts, including those requests for waivers and modifications acted on by the State Superintendent of Education in accordance with Section 1A-4 of the School Code (105 ILCS 5/1A-4) and applications that have been returned to school districts or other eligible applicants.

If you have any questions or comments, please contact Nicki Bazer, General Counsel, at (217) 782-8535.

Executive Summary

The following report outlines waivers of School Code mandates that school districts, regional offices of education, or special education or vocational education cooperatives have requested since the last report, which was transmitted in September 2013. Pursuant to Section 2-3.25g of the School Code (105 ILCS 5/2-3.25g), these requests must be sent to the General Assembly for its consideration before March 1, 2014.

The report is organized by subject area and by school district, regional office, or special education or vocational education cooperative. The General Assembly may disapprove the report in whole or in part within 60 calendar days after each chamber next convenes once the report is filed. This is done by a joint resolution. If either chamber fails to reject a waiver request, then that request is deemed granted.

Section I summarizes the 85 requests received for waivers of School Code mandates for consideration by the General Assembly, which are presented alphabetically by topic area. The largest number of applications received (25 requests) seeks waivers from the requirements for non-resident tuition. There are 22 requests for daily physical education; 11 requests for school improvement/in-service training; ten requests for administrative cost cap limitations; eight requests to raise the fee to be charged for driver's education; six requests for conversion/formation of school districts; two requests for statement of affairs and one request for a waiver from state graduation requirements.

Section 2-3.25g of the School Code (105 ILCS 5/2-3.25g) limits the number of waivers of daily physical education that may be requested by school districts and other eligible applicants to an initial, 2-year request, with the possibility of no more than two additional, 2-year renewal requests. Of the 22 waiver requests for physical education contained in this report, nine districts are requesting their second and final renewal.

This document also contains one other section beyond what is required under Section 2-3.25g of the School Code. Section II is a database with listings of modifications or waivers of State Board of Education rules and modifications of School Code mandates upon which the State Superintendent of Education has acted in accordance with Section 1A-4 of the School Code (105 ILCS 5/1A-4). The database also includes

[March 4, 2014]

listings of requests that have been returned to or withdrawn by the petitioning entities. In addition, the database includes the 85 waiver requests for the General Assembly's consideration and is organized by Senate and House districts.

Complete copies of the waiver requests for the General Assembly's consideration have been made available to legislative staff.

This is the thirty-eighth report submitted pursuant to Section 2-3.25g of the School Code, which requires that the State Board of Education through agency staff compile and submit requests for waivers of School Code mandates to the General Assembly before March 1 and October 1 of each year.

Conversion/Formation of School Districts

Woodlawn CHSD 205 – Jefferson (SD 58/HD 115) / **Expiration: 2018-19 school year**

WM100-5835 – Waiver of School Code (Sections 11E-30, 11E-35 and 11E-65) request to allow the district, working with Woodlawn Community Consolidated School District 4, to be eligible to file a petition for the formation of an Optional Elementary Unit District, commonly called a "hybrid district." The waiver is being requested since the two districts are not "substantially coterminous" as defined in the School Code. This potential consolidation is expected to improve the curriculum in both districts and allow for flexibility in staffing (the districts share a superintendent and two other staff members). The corporate existence of the five districts not included in this petition would not be affected. If granted, the [March 4, 2014]

Limitation of Administrative Costs

Eastland CUSD 308 – Carroll (SD 45/HD 89) / Expiration: 2013-14 school year

WM100-5830 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. During the 2012-2013 school year, the superintendent also served as building principal for a small prekindergarten through grade 2 facility. That facility was closed during the 2013-2014 school year and the superintendent's time is now fully devoted to superintendent duties. The increase in costs for the superintendent account function caused the district's budgeted administrative costs for FY 2014 to exceed those for FY 2013 by more than the 5 percent limitation.

Rhodes SD 84.5 – Cook (SD 39/HD 78) / Expiration: 2013-14 school year

WM100-5831 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. In order to address the need for improved student performance, the district has added four building-level teacher positions, including an English Language Learning/Bilingual Teacher, two grade-level teachers and one social worker. No new

[March 4, 2014]

administrative staff have been hired but salaries and benefits have been slightly increased to compensate for additional duties. These increases caused the district's budgeted administrative costs for FY 2014 to exceed those for FY 2013 by more than the 5 percent limitation.

Wesclin CUSD 3 – Clinton, St. Clair (SD 54/HD 108) / Expiration: 2013-14 school year

WM100-5842 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. The district employed an interim superintendent for 100 days during FY 2013. A full-time superintendent has been hired for the 2013-2014 school year. The hiring of a full-time administrator for FY 2014 caused the district's administrative costs to exceed the 5 percent limitation.

Rantoul City SD 137 – Champaign (SD 52/HD 104) / Expiration: 2013-14 school year

WM100-5854 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. In prior years, salary and benefit costs for the superintendent were divided among several funds and functions. The district's accounting firm advised that all costs related to the superintendent's salary and benefits should be placed in one function. The one-time shifting of monies necessary to record funds correctly caused the district's administrative costs for SY 2013-2014 to exceed the 5 percent limitation.

Elwood CCSD 203 – Will (SD 43/HD 86) / Expiration: 2013-14 school year

WM100-5855 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. The district increased the compensation for its superintendent in FY 2013, noting the improvement in students' academic outcomes during her tenure. It was also decided to include family medical premiums for administrators as part of their salaries and not as a separate benefit. The effect of these two changes caused the district's administrative costs to exceed the 5 percent limitation.

West Harvey – Dixmoor PSD 147 – Cook (SD 15/HD 30) / Expiration: 2013-14 school year

WM100-5856 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. For the 2012-13 school year, the district employed an interim superintendent on a part-time basis. A full-time superintendent was hired for the 2013-14 school year with full benefits and salary, causing the district to exceed the 5 percent limitation.

Sunnybrook SD 171 – Cook (SD 17/HD 33) / Expiration: 2013-14 school year

WM100-5866 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. For the 2012-2013 school year, the district employed an interim superintendent for 100 days and then employed its business manager, who held an educator license with stipulations endorsed for provisional superintendent. For the 2013-2014 school year the district hired a full-time superintendent as well as a new business manager, with family insurance benefits. The effect of these changes caused the district to exceed the 5 percent limitation.

Lincolnwood SD 74 – Cook (SD 08/HD 16) / Expiration: 2013-14 school year

WM100-5901 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. The district employed an interim superintendent for 100 days during FY 2013. A full-time superintendent was hired for the 2013-2014 school year. In addition, the district's auditors directed that expenses for the business manager must be recoded to administrative expenses. The hiring of a full-time administrator for FY 2014 in combination with the necessary reallocation of costs caused the district's administrative costs to exceed the 5 percent limitation.

St. George CCSD 258 – Kankakee (SD 17/HD 34) / Expiration: 2013-14 school year

WM100-5903 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. In FY 2014 the district elected to employ a full-time dean of students, a position that allowed for the elimination of two part-time positions but increased administrative expenses. The new position will provide additional resources for managing student behavior and is expected to improve student performance. In addition, a new staff member hired in FY 2013 elected health insurance not needed by the employee previously holding the position. The combined effect of these changes caused the district's budgeted administrative costs for FY 2014 to exceed

[March 4, 2014]

those for FY 2013 by more than the 5 percent limitation.

Carrollton CUSD 1 – Greene (SD 50/HD 100) / Expiration: 2013-14 school year

WM100-5917 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. The district superintendent retired in June of 2013, with 64 unused vacation days; under the terms of her contract with the district, she was compensated for the unused days. This unplanned payment was not included in the district's budget for FY 2013; therefore, the district's costs for FY 2014 exceeded those for the previous fiscal year by more than the 5 percent limitation.

WM100-5834 (renewal) – Waiver of School Code (Section 27-6) request to allow the district to permit students in kindergarten through grade 5 to participate in physical education twice a week for 30 minutes each session rather than daily. This schedule will allow the district to increase the time spent in language arts and mathematics to 90 minutes daily for each of those subject areas, leading to improved student performance and test scores. Each building has programs in place to incorporate physical activity into classroom and extracurricular activities. If granted, this is the last physical education waiver the district will be permitted to request under the law.

New Lenox SD 122 – Will (SD 19/HD 37) / **Expiration: 2015-16 school year**

WM100-5838 (renewal) – Waiver of School Code (Section 27-6) request to allow the district to permit students in kindergarten through grade 3 to participate in physical education two times a week for 30 minutes each session and students in grades 4 through 6 to participate three times a week for 30 minutes each session due to inadequate facilities. Additionally, all students participate in daily physical education activities based on a district-developed “Motor Activity Guide” (30 minutes per day for students in kindergarten through grade 3 and 15 minutes per day for students in grades 4 through 6). Smaller classes will enable the district to provide safer and more effective instruction. Over 500 students participate in interscholastic athletic programs or band in the district, and many others also join non-school-sponsored athletic programs. If granted, this is the last physical education waiver the district will be permitted to request under the law.

Hononegah CHSD 207 – Winnebago (SD 35/HD 69) / Expiration: 2015-16 school year

Students in grades 10 through 12 also will be excused from the physical education requirement if they both pass a pre-test for fitness and enroll in a sixth academic course. Students in grades 7 through 12 will be excused from the daily physical education requirement on a case-by-case and semester-by-semester basis. Reasons for waiving the physical education requirements for students in grades 7 through 12 include: participation in interscholastic athletics (grades 9 and 10); participation in health class (grade 11); the need for additional academic instruction; participation in driver's education (either the classroom or the behind-the-wheel segment); and participation in cheerleading and/or pom-poms. The district expects student performance in core academic areas to improve through the use of this waiver, which allows increased time to provide students the intervention services needed to eliminate academic deficiencies.

WM100-5895-2 – Waiver of School Code (Section 27-22.10) request to allow the district to permit students in grades 7 and 8 to take math and science courses required for high school graduation under Section 27-22 of the School Code at the middle school, as opposed to taking them at the high school, provided that such courses are taught by middle school teachers who hold professional educator licenses endorsed for secondary and mathematics.
