Mr. President -- I am directed to inform the Senate that the House of Representatives has adopted the following conference committee report:

First Conference Committee Report to SENATE BILL NO. 1080

Adopted by the House, May 27, 1999.

ANTHONY D. ROSSI, Clerk of the House

91ST GENERAL ASSEMBLY
 CONFERENCE COMMITTEE REPORT
 ON SENATE BILL 1080

To the President of the Senate and the Speaker of the House of Representatives:

We, the conference committee appointed to consider the differences between the houses in relation to House Amendment No. 1 to Senate Bill 1080, recommend the following:

- (1) that the House recede from House Amendment No. 1; and
- (2) that Senate Bill 1080 be amended by replacing the title with the following:

"AN ACT in relation to business development."; and
 by replacing everything after the enacting clause with the following:

"Section 5. The Civil Administrative Code of Illinois is amended by changing Sections 46.19j and 46.21 and adding Sections 46.75 and 46.76 as follows:

(20 ILCS 605/46.19j)

Sec. 46.19j. Job Training and Economic Development ~~Demonstration~~
 Grant Program.

- (a) Legislative findings. The General Assembly finds that:

(1) despite the large number of unemployed job seekers, many employers are having difficulty matching the skills they require with the skills of workers; a similar problem exists in industries where overall employment may not be expanding but there is an acute need for skilled workers in particular occupations;

(2) the State of Illinois should foster local economic development by linking the job training of unemployed disadvantaged citizens with the workforce needs of local business and industry; and

(3) employers often need assistance in developing training resources that will provide work opportunities for disadvantaged populations.

(b) Definitions. As used in this Section:

"Community based provider" means a not-for-profit organization, with local boards of directors, that directly provides job training services.

"Disadvantaged persons" has the same meaning as the term is defined in Titles II-A and II-C of the federal Job Training Partnership Act.

"Training partners" means a community-based provider and one or more employers who have established training and placement linkages.

(c) From funds appropriated for that purpose, the Department of Commerce and Community Affairs shall administer a Job Training and Economic Development ~~Demonstration~~ Grant Program. The Director shall make ~~not less than 12 and not more than 20 demonstration project~~ grants to community-based providers. The grants shall be made to support the following:

(1) partnerships between community-based providers and employers for the customized training of existing low-skilled, low-wage employees and newly hired disadvantaged persons; and

(2) partnerships between community-based providers and employers to develop and operate training programs that link the work force needs of local industry with the job training of disadvantaged persons.

(d) For projects created under paragraph (1) of subsection (c):

(1) the Department shall give a priority to projects that include an in-kind match by an employer in partnership with a community-based provider and projects that use instructional materials and training instructors directly used in the specific industry sector of the partnership employer; and

(2) the partnership employer must be an active participant in the curriculum development, ~~employ under 250 workers~~, and train primarily disadvantaged populations.

(e) For projects created under paragraph (2) of subsection (c):

(1) community based organizations shall assess the employment barriers and needs of local residents and work in partnership with local economic development organizations to identify the priority workforce needs of the local industry;

(2) training partners, that is, community-based organizations and employers, shall work together to design programs with maximum benefits to local disadvantaged persons and local employers;

(3) employers must be involved in identifying specific skill-training needs, planning curriculum, assisting in training activities, providing job opportunities, and coordinating job retention for people hired after training through this program and follow-up support; and

(4) the community-based organizations shall serve disadvantaged persons, including welfare recipients.

(f) The Department shall adopt rules for the grant program and

SENATE

shall create a competitive application procedure for those grants to be awarded beginning in fiscal year 1998. Grants shall be based on a performance based contracting system. Each grant shall be based on the cost of providing the training services and the goals negotiated and made a part of the contract between the Department and the training partners. The goals shall include the number of people to be trained, the number who stay in the program, the number who complete the program, the number who enter employment, their wages, and the number who retain employment. The level of success in achieving employment, wage, and retention goals shall be a primary consideration for determining contract renewals and subsequent funding levels. In setting the goals, due consideration shall be given to the education, work experience, and job readiness of the trainees; their barriers to employment; and the local job market. Periodic payments under the contracts shall be based on the degree to which the relevant negotiated goals have been met during the payment period.

(b) Provide grants from the Build Illinois Bond Fund, the Build Illinois Purposes Fund, the Fund for Illinois' Future, or the Large Business Attraction Fund to or for the direct benefit of a business undertaking a project. Any such grant shall (i) be made and used only for the purpose of assisting the financing of the business for the project in order to reduce the cost of financing to the business, (ii) be made only if a participating lender, or other funding source including the applicant, also provides a portion of the financing with respect to the project, and only if the Department determines, on the basis of all the information available to it, that the project would not be undertaken in Illinois unless the grant is provided, (iii) provide no more than 25% of the total dollar amount of any single project cost and be approved for amounts from the Fund not to exceed \$500,000 for any single project, unless waived by the Director upon a finding that such waiver is appropriate to accomplish the purpose of this Article, (iv) be made only after the Department has determined that the grant will cause a project to be undertaken which has the potential to create substantial employment in relation to the amount of the grant, and (v) be made with a business that has

(c) Enter into agreements, accept funds or grants and cooperate with agencies of the federal government, local units of government and local regional economic development corporations or organizations for the purposes of carrying out this Article.

(d) Enter into contracts, letters of credit or any other agreements or contracts with financial institutions necessary or desirable to carry out the purposes of this Article. Any such agreement or contract may include, without limitation, terms and provisions relating to a specific project such as loan documentation, review and approval procedures, organization and servicing rights, default conditions and other program aspects.

(e) Fix, determine, charge and collect any premiums, fees, charges, costs and expenses, including application fees, commitment fees, program fees, financing charges or publication fees in connection with its activities under this Article.

(f) Establish application, notification, contract and other procedures, rules or regulations deemed necessary and appropriate.

(i) Acquire and accept by gift, grant, purchase or otherwise, but not by condemnation, fee simple title, or such lesser interest as may be desired, in land, and to improve or arrange for the improvement of such land for industrial or commercial site

(j) Provide grants from the Build Illinois Bond Fund or Build Illinois Purposes Fund to municipalities and counties to demolish abandoned buildings pursuant to Section 11-31-1 of the Illinois Municipal Code or Section 5-1080 of the Counties Code, for the purpose of making unimproved land available for purchase by businesses for economic development. Such grants shall be provided only when: (1) the owner of property on which the abandoned building is situated has entered into a contract to sell such property; (2) the Department has determined that the grant will be used to cause a

project to be undertaken which will result in the creation of employment; (3) the business which has entered into a contract to purchase the property has certified that it will use the property for a project which is a new plant start-up or expansion or a new venture opportunity and is not a relocation of an existing business from another site within the State unless that relocation results in substantial employment growth. If a municipality or county receives grants under this paragraph, it shall file a notice of lien against the owner or owners of such demolished buildings to recover the costs and expenses incurred in the demolition of such buildings pursuant to Section 11-31-1 of the Illinois Municipal Code or Section 5-1080 of the Counties Code. All such costs and expenses recovered by the county or municipality shall be paid to the Department for deposit in the Build Illinois Purposes Account. Priority shall be given to enterprise zones or those areas with high unemployment whose tax base is adversely impacted by the closing of existing factories.

(k) Exercise such other powers as are necessary or incidental to the foregoing.

(30 ILCS 750/10-4) (from Ch. 127, par. 2710-4)

Sec. 10-4. Loans. Any loan made under this Article shall:

(a) Be made only if a participating lender or other funding source, including the applicant, also provides a portion of the financing with respect to the project and only if the Department determines, on the basis of all the information available to it, that the project would not be undertaken in Illinois unless the loan is provided. The other risk assumption may be in the form of a loan, letter of credit, guarantee, loan participation, bond purchase, direct cash payment, or other form approved by the Department.

(b) Finance no more than 25% of the total amount of any single project and be approved for amounts from the Fund not to exceed \$2,000,000 for any single project, unless waived by the Director upon a finding that a waiver is appropriate to accomplish the purposes of this Article.

(c) Be protected by adequate security satisfactory to the Department to secure payment of the loan agreement.

(d) Be in a principal amount and form and contain terms and provisions with respect to property insurance, repairs, alterations, payment of taxes and assessments, delinquency charges, default remedies, additional security, and other matters as the Department shall determine adequate to protect the public interest.

(e) Include provisions to call the loan agreement as due and payable if the project is not completed, if the project fails to generate anticipated employment opportunities, or if the business

ceases to operate the project.

(f) Be made only after the Department has determined that the loan will cause a project to be undertaken that has the potential to create substantial employment in relation to the principal amount of the loan.

(g) Be made with a business that has certified the project is a new plant start-up or expansion and is not a relocation of an existing business from another site in Illinois unless that

relocation results in substantial employment growth.

(h) All receipts, including principal and interest payments, royalties, or other payments, paid to the Department because of any loan made under this Article and all proceeds of assets of whatever nature received by the Department as a result of default and delinquency with respect to loans made under this Article, including proceeds from the sale, disposal, lease, or rental of real or personal property that the Department may receive as a result of a default or delinquency, shall be deposited into the Large Business Attraction Fund General Revenue Fund.

(105 ILCS 5/14-7.04) (from Ch. 122, par. 14-7.04)

Sec. 14-7.04. Health care reimbursement.

Those federally funded health care programs shall also share in the cost of all screenings and diagnostic evaluations for children suspected of having or known to have a disability.

However, all such services shall continue to be initially funded by the local educational agency and shall be provided regardless of subsequent cost sharing with other funding sources. Federally funded health care reimbursement funds are supplemental and shall not be used to reduce any other Federal payments, private payments or State Board of Education funds for special education as provided in Article 14 of the School Code for which the local education agency is eligible.

Local educational agencies providing early periodic screening and diagnostic testing services on or after August 1, 1991, including screening and diagnostic services, health care and treatment, preventive health care, and any other measure to correct or improve health impairments of Medicaid-eligible children, may also access federally funded health care resources.

The State Board of Education and the Department of Public Aid may enter into an intergovernmental agreement whereby school districts or their agents may claim medicaid matching funds for medicaid eligible special education children as authorized by Section 1903 of the Social Security Act. Under that intergovernmental agreement, school districts or their agents may also claim federal funds for the services provided to special education students enrolled in the Children's Health Insurance Program.

(b) No employee or officer of a school district, special

education joint agreement, office of a regional superintendent of schools or the State Board of Education may have a direct or indirect financial interest in any agreement between the entity of which the person is an employee or officer and any corporation, organization or other entity that collects or participates in the collection of payments from private health care benefit plans or federally funded health care programs authorized under this Section.

(105 ILCS 5/18-8.05)

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9, 18-10, and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is \$4,225. For the 1999-2000 school year, the Foundation Level of support is \$4,325. For the 2000-2001 school year, the

Foundation Level of support is \$4,425.

(3) For the 2001-2002 school year and each school year thereafter, the Foundation Level of support is \$4,425 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.20%, and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources

per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of \$218 multiplied by the Average Daily Attendance of the school district.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year, except that any days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as

an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at

least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day

of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or

SENATE

assessed by the Department of Revenue of all taxable property of every school district together with the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades

kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.20% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. For purposes of this subsection, the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are

6074

JOURNAL OF THE

[May 27, 1999]

coterminous with the high school district, the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H).

(2) Supplemental general State aid pursuant to this subsection shall be provided as follows:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be \$800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be \$1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be \$1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be \$1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d), immediately above shall be increased by ~~\$100~~ to \$1,243 ~~\$1,200~~, \$1,600, and \$2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts

specified in subparagraphs (b), (c), and (d) immediately above shall be ~~increased to~~ \$1,273 ~~\$1,230~~, \$1,640, and \$2,050, respectively.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than \$261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general

State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial

expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment

of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any

district that has not submitted a plan that has been approved by the State Board of Education.

(I) General State Aid for Newly Configured School Districts.

(1) For a new school district formed by combining property included totally within 2 or more previously existing school districts, for its first year of existence the general State aid and supplemental general State aid calculated under this Section shall be computed for the new district and for the previously existing districts for which property is totally included within the new district. If the computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

(2) For a school district which annexes all of the territory of one or more entire other school districts, for the first year during which the change of boundaries attributable to such annexation becomes effective for all purposes as determined under Section 7-9 or 7A-8, the general State aid and supplemental general State aid calculated under this Section shall be computed for the annexing district as constituted after the annexation and for the annexing and each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the annexing school district as constituted upon such annexation.

(3) For 2 or more school districts which annex all of the territory of one or more entire other school districts, and for 2 or more community unit districts which result upon the division (pursuant to petition under Section 11A-2) of one or more other unit school districts into 2 or more parts and which together include all of the parts into which such other unit school district or districts are so divided, for the first year during which the change of boundaries attributable to such annexation or division becomes effective for all purposes as determined under Section 7-9 or 11A-10, as the case may be, the general State aid and supplemental general State aid calculated under this Section shall be computed for each annexing or resulting district as constituted after the annexation or division and for each annexing and annexed district, or for each resulting and divided district, as constituted prior to the annexation or division; and if the aggregate of the general State aid and supplemental general State aid as so computed for the annexing or resulting districts as constituted after the annexation or division is less than the aggregate of the general State aid and supplemental general State aid as so computed for the annexing and annexed districts, or for the resulting and divided districts, as constituted prior to the annexation or division, then a supplementary payment equal to the difference shall be made and allocated between or among the annexing or resulting districts, as constituted upon such annexation or division, for the first 4 years of their existence. The total difference payment shall be allocated between or among the annexing or resulting districts in the same ratio as the pupil enrollment from that portion of the annexed or divided district or districts which is annexed to or included in each such annexing or

resulting district bears to the total pupil enrollment from the entire annexed or divided district or districts, as such pupil enrollment is determined for the school year last ending prior to the date when the change of boundaries attributable to the annexation or division becomes effective for all purposes. The amount of the total difference payment and the amount thereof to be allocated to the annexing or resulting districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data which shall be certified to the State Board of Education, on forms which it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts, or resulting and divided districts are located.

(3.5) Claims for financial assistance under this subsection (I) shall not be recomputed except as expressly provided under this Section.

(4) Any supplementary payment made under this subsection (I) shall be treated as separate from all other payments made pursuant to this Section.

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a

public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the

university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of ~~those~~ the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) Impaction. Impaction payments shall be made as provided for in Section 18-4.2.

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members

appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that

commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(N) General State Aid Adjustment Grant.

(1) Any school district subject to property tax extension

limitations as imposed under the provisions of the Property Tax Extension Limitation Law shall be entitled to receive, subject to the qualifications and requirements of this subsection, a general State aid adjustment grant. Eligibility for this grant shall be determined on an annual basis and claims for grant payments shall be paid subject to appropriations made specific to this subsection. For purposes of this subsection the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Current Year": The school year immediately preceding the Budget Year.

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Extension Limitation Ratio": A numerical ratio, certified by a school district's County Clerk, in which the numerator is the Base Tax Year's tax extension amount resulting from the Limiting Rate and the denominator is the Preceding Tax Year's tax extension amount resulting from the Limiting Rate.

"Limiting Rate": The limiting rate as defined in the Property Tax Extension Limitation Law.

"Preliminary Tax Rate": The tax rate for all purposes except bond and interest that would have been used to extend those taxes absent the provisions of the Property Tax Extension Limitation Law.

(2) To qualify for a general State aid adjustment grant, a school district must meet all of the following eligibility criteria for each Budget Year for which a grant is claimed:

(a) (Blank).

(b) The Preliminary Tax Rate of the school district for the Base Tax Year was reduced by the Clerk of the County as a result of the requirements of the Property Tax Extension Limitation Law.

(c) The Available Local Resources per pupil of the school district as calculated pursuant to subsection (D) using the Base Tax Year are less than the product of 1.75 times the Foundation Level for the Budget Year.

(d) The school district has filed a proper and timely claim for a general State aid adjustment grant as required under this subsection.

(3) A claim for grant assistance under this subsection shall be filed with the State Board of Education on or before April 1 of the Current Year for a grant for the Budget Year. The claim shall be made on forms prescribed by the State Board of Education and must be accompanied by a written statement from the Clerk of the County, certifying:

(a) That the school district had its Preliminary Tax Rate for the Base Tax Year reduced as a result of the Property Tax Extension Limitation Law.

(b) (Blank).

(c) The Extension Limitation Ratio as that term is defined in this subsection.

(4) On or before August 1 of the Budget Year the State Board of Education shall calculate, for all school districts meeting the other requirements of this subsection, the amount of the general State aid adjustment grant, if any, that the school districts are eligible to receive in the Budget Year. The amount of the general State aid adjustment grant shall be calculated as follows:

(a) Determine the school district's general State aid grant for the Budget Year as provided in accordance with the provisions of subsection (E).

(b) Determine the school district's adjusted level of general State aid by utilizing in the calculation of Available Local Resources the equalized assessed valuation that was used to calculate the general State aid for the preceding fiscal year multiplied by the Extension Limitation Ratio.

(c) Subtract the sum derived in subparagraph (a) from the sum derived in subparagraph (b). If the result is a positive number, that amount shall be the general State aid adjustment grant that the district is eligible to receive.

(5) The State Board of Education shall in the Current Year, based upon claims filed in the Current Year, recommend to the General Assembly an appropriation amount for the general State aid adjustment grants to be made in the Budget Year.

(6) Claims for general State aid adjustment grants shall be paid in a lump sum on or before January 1 of the Budget Year only from appropriations made by the General Assembly expressly for claims under this subsection. No such claims may be paid from amounts appropriated for any other purpose provided for under this Section. In the event that the appropriation for claims under this subsection is insufficient to meet all Budget Year claims for a general State aid adjustment grant, the appropriation available shall be proportionately prorated by the State Board of Education amongst all districts filing for and entitled to payments.

(7) The State Board of Education shall promulgate the required claim forms and rules necessary to implement the provisions of this subsection.

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(a) This Program is not an entitlement and shall not be construed to create an entitlement. Eligibility for the Program is subject to appropriation of funds by the State and federal governments. Subdivision (a)(2) of Section 25 shall operate and be funded only if subdivision (a)(1) of Section 25 is operational and funded. (c) Payments under this Act shall be appropriated from the General Revenue Fund and other funds that are authorized to be used to reimburse or make medical payments for health care benefits under this Act or Title XXI of the Social Security Act.

Section 25. The Illinois Public Aid Code is amended by changing Sections 5-5.4, 10-3.1, 10-8, 10-10, 10-16, 10-19, 12-4.11, 12-4.34, 12-9, 12-10, 12-11, 15-2, 15-3, and 15-4 and adding Section 12-9.1 as follows:

(305 ILCS 5/5-5.4) (from Ch. 23, par. 5-5.4)

Sec. 5-5.4. Standards of Payment - Department of Public Aid. The Department of Public Aid shall develop standards of payment of skilled nursing and intermediate care services in facilities providing such services under this Article which:

(1) Provides for the determination of a facility's payment for skilled nursing and intermediate care services on a prospective basis. The amount of the payment rate for all nursing facilities certified under the medical assistance program shall be prospectively established annually on the basis of historical, financial, and statistical data reflecting actual costs from prior years, which shall be applied to the current rate year and updated for inflation, except that the capital cost element for newly constructed facilities

shall be based upon projected budgets. The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. Rate increases shall be provided annually thereafter on July 1 in 1984 and on each subsequent July 1 in the following years, except that no rate increase and no update for inflation shall be provided on or after July 1, 1994 and before July 1, 2000 ~~1999~~, unless specifically provided for in this Section.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1998 shall include

an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1998 shall include an increase of 3% plus \$1.10 per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% plus \$3.00 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% and, for services provided on or after October 1, 1999, shall be increased by \$4.00 per resident-day, as defined by the Department.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the United States Department of Health, Education and Welfare pursuant to Title XIX of the Social Security Act.

The Department of Public Aid shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations,

including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted

professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

Sec. 10-3.1. Child and Spouse Support Unit. The Illinois Department shall establish within its administrative staff a Child and Spouse Support Unit to search for and locate absent parents and spouses liable for the support of persons resident in this State and to exercise the support enforcement powers and responsibilities assigned the Department by this Article. The unit shall cooperate with all law enforcement officials in this State and with the authorities of other States in locating persons responsible for the support of persons resident in other States and shall invite the cooperation of these authorities in the performance of its duties.

In addition to other duties assigned the Child and Spouse Support Unit by this Article, the Unit may refer to the Attorney General or units of local government with the approval of the Attorney General, any actions under Sections 10-10 and 10-15 for judicial enforcement of the support liability. The Child and Spouse Support Unit shall act for the Department in referring to the Attorney General support matters requiring judicial enforcement under other laws. If requested by the Attorney General to so act, as provided in Section 12-16, attorneys of the Unit may assist the Attorney General or themselves institute actions in behalf of the Illinois Department under the Revised Uniform Reciprocal Enforcement of Support Act; under the Illinois Parentage Act of 1984; under the Non-Support of Spouse and Children Act; or under any other law, State or Federal, providing for support of a spouse or dependent child.

The Illinois Department shall also have the authority to enter into agreements with local governmental units or individuals, with the approval of the Attorney General, for the collection of moneys owing because of the failure of a parent to make child support payments for any child receiving services under this Article. Such agreements may be on a contingent fee basis, but such contingent fee shall not exceed 25% of the total amount collected.

An attorney who provides representation pursuant to this Section shall represent the Illinois Department exclusively. Regardless of the designation of the plaintiff in an action brought pursuant to this Section, an attorney-client relationship does not exist for purposes of that action between that attorney and (i) an applicant for or recipient of child and spouse support services or (ii) any other party to the action other than the Illinois Department. Nothing in this Section shall be construed to modify any power or duty (including a duty to maintain confidentiality) of the Child and Spouse Support Unit or the Illinois Department otherwise provided by law.

The Illinois Department may also enter into agreements with local governmental units for the Child and Spouse Support Unit to exercise the investigative and enforcement powers designated in this Article, including the issuance of administrative orders under Section 10-11, in locating responsible relatives and obtaining support for persons applying for or receiving aid under Article VI. Payments for defrayment of administrative costs and support payments obtained shall be deposited into the DHS Public Assistance Recoveries Trust Fund. Support payments shall be paid over to the General Assistance

Fund of the local governmental unit at such time or times as the agreement may specify.

With respect to those cases in which it has support enforcement powers and responsibilities under this Article, the Illinois Department may provide by rule for periodic or other review of each administrative and court order for support to determine whether a modification of the order should be sought. The Illinois Department shall provide for and conduct such review in accordance with any applicable federal law and regulation.

As part of its process for review of orders for support, the Illinois Department, through written notice, may require the responsible relative to disclose his or her Social Security Number and past and present information concerning the relative's address, employment, gross wages, deductions from gross wages, net wages, bonuses, commissions, number of dependent exemptions claimed, individual and dependent health insurance coverage, and any other information necessary to determine the relative's ability to provide support in a case receiving child and spouse support services under this Article X.

The Illinois Department may send a written request for the same information to the relative's employer. The employer shall respond to the request for information within 15 days after the date the employer receives the request. If the employer willfully fails to fully respond within the 15-day period, the employer shall pay a penalty of \$100 for each day that the response is not provided to the Illinois Department after the 15-day period has expired. The penalty may be collected in a civil action which may be brought against the employer in favor of the Illinois Department.

A written request for information sent to an employer pursuant to this Section shall consist of (i) a citation of this Section as the statutory authority for the request and for the employer's obligation to provide the requested information, (ii) a returnable form setting forth the employer's name and address and listing the name of the employee with respect to whom information is requested, and (iii) a citation of this Section as the statutory authority authorizing the employer to withhold a fee of up to \$20 from the wages or income to be paid to each responsible relative for providing the information to the Illinois Department within the 15-day period. If the employer is withholding support payments from the responsible relative's income pursuant to an order for withholding, the employer may withhold the fee provided for in this Section only after withholding support as required under the order. Any amounts withheld from the responsible relative's income for payment of support and the fee provided for in this Section shall not be in excess of the amounts permitted under the federal Consumer Credit Protection Act.

In a case receiving child and spouse support services, the Illinois Department may request and obtain information from a particular employer under this Section no more than once in any 12-month period, unless the information is necessary to conduct a review of a court or administrative order for support at the request of the person receiving child and spouse support services.

The Illinois Department shall establish and maintain an

administrative unit to receive and transmit to the Child and Spouse Support Unit information supplied by persons applying for or receiving child and spouse support services under Section 10-1. In addition, the Illinois Department shall address and respond to any alleged deficiencies that persons receiving or applying for services from the Child and Spouse Support Unit may identify concerning the Child and Spouse Support Unit's provision of child and spouse support services. Within 60 days after an action or failure to act by the Child and Spouse Support Unit that affects his or her case, a recipient of or applicant for child and spouse support services under Article X of this Code may request an explanation of the Unit's

SENATE

handling of the case. At the requestor's option, the explanation may be provided either orally in an interview, in writing, or both. If the Illinois Department fails to respond to the request for an explanation or fails to respond in a manner satisfactory to the applicant or recipient within 30 days from the date of the request for an explanation, the applicant or recipient may request a conference for further review of the matter by the Office of the Administrator of the Child and Spouse Support Unit. A request for a conference may be submitted at any time within 60 days after the explanation has been provided by the Child and Spouse Support Unit or within 60 days after the time for providing the explanation has expired.

The applicant or recipient may request a conference concerning any decision denying or terminating child or spouse support services under Article X of this Code, and the applicant or recipient may also request a conference concerning the Unit's failure to provide services or the provision of services in an amount or manner that is considered inadequate. For purposes of this Section, the Child and Spouse Support Unit includes all local governmental units or individuals with whom the Illinois Department has contracted under Section 10-3.1.

Upon receipt of a timely request for a conference, the Office of the Administrator shall review the case. The applicant or recipient requesting the conference shall be entitled, at his or her option, to appear in person or to participate in the conference by telephone. The applicant or recipient requesting the conference shall be entitled to be represented and to be afforded a reasonable opportunity to review the Illinois Department's file before or at the conference. At the conference, the applicant or recipient requesting the conference shall be afforded an opportunity to present all relevant matters in support of his or her claim. Conferences shall be without cost to the applicant or recipient requesting the conference and shall be conducted by a representative of the Child or Spouse Support Unit who did not participate in the action or inaction being reviewed.

The Office of the Administrator shall conduct a conference and inform all interested parties, in writing, of the results of the conference within 60 days from the date of filing of the request for a conference.

In addition to its other powers and responsibilities established by this Article, the Child and Spouse Support Unit shall conduct an

annual assessment of each institution's program for institution based paternity establishment under Section 12 of the Vital Records Act. (Source: P.A. 90-18, eff. 7-1-97.)

Sec. 10-8. Support Payments - Partial Support - Full Support.→ The notice to responsible relatives issued pursuant to Section 10-7 shall direct payment (a) to the Illinois Department in cases of applicants and recipients under Articles III, IV, V and VII, (b) except as provided in Section 10-3.1, to the local governmental unit in the case of applicants and recipients under Article VI, and (c) to the Illinois Department in cases of non-applicants and non-recipients given access to the child and spouse support services of this Article, as provided by Section 10-1. However, if the support payments by responsible relatives are sufficient to meet needs of a recipient in full, including current and anticipated medical needs, and the Illinois Department or the local governmental unit, as the case may be, has reasonable grounds to believe that such needs will continue to be provided in full by the responsible relatives, the relatives may be directed to make subsequent support payments to the needy person or to some person or agency in his behalf and the

recipient shall be removed from the rolls. In such instance the recipient also shall be notified by registered or certified mail of the action taken. If a recipient removed from the rolls requests the Illinois Department to continue to collect the support payments in his behalf, the Department, at its option, may do so and pay amounts so collected to the person. The Department may provide for deducting any costs incurred by it in making the collection from the amount of any recovery made and pay only the net amount to the person.

Payments under this Section to the Illinois Department pursuant to the Child Support Enforcement Program established by Title IV-D of the Social Security Act shall be paid into the Child Support Enforcement Trust Fund. All ~~other~~ payments under this Section to the Illinois Department of Human Services shall be deposited in the DHS Public Assistance Recoveries Trust Fund. Disbursements from these funds shall be as provided in Sections 12-9.1 ~~12-9~~ and 12-10.2 of this Code. Payments received by a local governmental unit shall be deposited in that unit's General Assistance Fund.

(305 ILCS 5/10-10) (from Ch. 23, par. 10-10)

Sec. 10-10. Court enforcement; applicability also to persons who are not applicants or recipients. Except where the Illinois Department, by agreement, acts for the local governmental unit, as provided in Section 10-3.1, local governmental units shall refer to the State's Attorney or to the proper legal representative of the governmental unit, for judicial enforcement as herein provided, instances of non-support or insufficient support when the dependents are applicants or recipients under Article VI. The Child and Spouse Support Unit established by Section 10-3.1 may institute in behalf of the Illinois Department any actions under this Section for judicial enforcement of the support liability when the dependents are (a) applicants or recipients under Articles III, IV, V or VII (b) applicants or recipients in a local governmental unit when the

Illinois Department, by agreement, acts for the unit; or (c) non-applicants or non-recipients who are receiving support enforcement services under this Article X, as provided in Section 10-1. Where the Child and Spouse Support Unit has exercised its option and discretion not to apply the provisions of Sections 10-3 through 10-8, the failure by the Unit to apply such provisions shall not be a bar to bringing an action under this Section.

Action shall be brought in the circuit court to obtain support, or for the recovery of aid granted during the period such support was not provided, or both for the obtainment of support and the recovery of the aid provided. Actions for the recovery of aid may be taken separately or they may be consolidated with actions to obtain support. Such actions may be brought in the name of the person or persons requiring support, or may be brought in the name of the Illinois Department or the local governmental unit, as the case requires, in behalf of such persons.

The court may enter such orders for the payment of moneys for the support of the person as may be just and equitable and may direct payment thereof for such period or periods of time as the circumstances require, including support for a period before the date the order for support is entered. The order may be entered against any or all of the defendant responsible relatives and may be based upon the proportionate ability of each to contribute to the person's support.

The Court shall determine the amount of child support (including child support for a period before the date the order for child support is entered) by using the guidelines and standards set forth in subsection (a) of Section 505 and in Section 505.2 of the Illinois Marriage and Dissolution of Marriage Act. For purposes of determining

the amount of child support to be paid for a period before the date the order for child support is entered, there is a rebuttable presumption that the responsible relative's net income for that period was the same as his or her net income at the time the order is entered.

An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a minor child, or both, would be seriously endangered by disclosure of the party's address.

The Court shall determine the amount of maintenance using the

standards set forth in Section 504 of the Illinois Marriage and Dissolution of Marriage Act.

Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. Any such judgment is subject to modification or termination only in accordance with Section 510 of the Illinois Marriage and Dissolution of Marriage Act. A lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

When an order is entered for the support of a minor, the court may provide therein for reasonable visitation of the minor by the person or persons who provided support pursuant to the order. Whoever willfully refuses to comply with such visitation order or willfully interferes with its enforcement may be declared in contempt of court and punished therefor.

Except where the local governmental unit has entered into an agreement with the Illinois Department for the Child and Spouse Support Unit to act for it, as provided in Section 10-3.1, support orders entered by the court in cases involving applicants or recipients under Article VI shall provide that payments thereunder be made directly to the local governmental unit. Orders for the support of all other applicants or recipients shall provide that payments thereunder be made directly to the Illinois Department. In accordance with federal law and regulations, the Illinois Department may continue to collect current maintenance payments or child support payments, or both, after those persons cease to receive public assistance and until termination of services under Article X. The Illinois Department shall pay the net amount collected to those persons after deducting any costs incurred in making the collection or any collection fee from the amount of any recovery made. In both cases the order shall permit the local governmental unit or the

Illinois Department, as the case may be, to direct the responsible relative or relatives to make support payments directly to the needy person, or to some person or agency in his behalf, upon removal of the person from the public aid rolls or upon termination of services under Article X.

If the notice of support due issued pursuant to Section 10-7 directs that support payments be made directly to the needy person, or to some person or agency in his behalf, and the recipient is removed from the public aid rolls, court action may be taken against the responsible relative hereunder if he fails to furnish support in accordance with the terms of such notice.

Actions may also be brought under this Section in behalf of any person who is in need of support from responsible relatives, as defined in Section 2-11 of Article II who is not an applicant for or

recipient of financial aid under this Code. In such instances, the State's Attorney of the county in which such person resides shall bring action against the responsible relatives hereunder. If the Illinois Department, as authorized by Section 10-1, extends the support services provided by this Article to spouses and dependent children who are not applicants or recipients under this Code, the Child and Spouse Support Unit established by Section 10-3.1 shall bring action against the responsible relatives hereunder and any support orders entered by the court in such cases shall provide that payments thereunder be made directly to the Illinois Department.

Whenever it is determined in a proceeding to establish or enforce a child support or maintenance obligation that the person owing a duty of support is unemployed, the court may order the person to seek employment and report periodically to the court with a diary, listing or other memorandum of his or her efforts in accordance with such order. Additionally, the court may order the unemployed person to report to the Department of Employment Security for job search services or to make application with the local Jobs Training Partnership Act provider for participation in job search, training or work programs and where the duty of support is owed to a child receiving support services under this Article X, the court may order the unemployed person to report to the Illinois Department for participation in job search, training or work programs established under Section 9-6 and Article IXA of this Code.

Whenever it is determined that a person owes past-due support for a child receiving assistance under this Code, the court shall order at the request of the Illinois Department:

(1) that the person pay the past-due support in accordance with a plan approved by the court; or

(2) if the person owing past-due support is unemployed, is subject to such a plan, and is not incapacitated, that the person participate in such job search, training, or work programs established under Section 9-6 and Article IXA of this Code as the court deems appropriate.

A determination under this Section shall not be administratively reviewable by the procedures specified in Sections 10-12, and 10-13 to 10-13.10. Any determination under these Sections, if made the basis of court action under this Section, shall not affect the de novo judicial determination required under this Section.

A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of this Code and shall be enforced by the court upon petition.

All orders for support, when entered or modified, shall include a provision requiring the non-custodial parent to notify the court and, in cases in which a party is receiving child and spouse support

services under this Article X, the Illinois Department, within 7 days, (i) of the name, address, and telephone number of any new employer of the non-custodial parent, (ii) whether the non-custodial parent has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and

the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent in any manner expressly provided by the Code of Civil Procedure or this Code, which service shall be sufficient for purposes of due process.

~~in accordance with the Income Withholding for Support Act~~

An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of majority or is otherwise emancipated. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this paragraph shall be construed to prevent the court from modifying the order.

Upon notification in writing or by electronic transmission from the Illinois Department to the clerk of the court that a person who is receiving support payments under this Section is receiving services under the Child Support Enforcement Program established by Title IV-D of the Social Security Act, any support payments subsequently received by the clerk of the court shall be transmitted in accordance with the instructions of the Illinois Department until the Illinois Department gives notice to the clerk of the court to cease the transmittal. After providing the notification authorized under this paragraph, the Illinois Department shall be entitled as a party to notice of any further proceedings in the case. The clerk of the court shall file a copy of the Illinois Department's notification in the court file. The clerk's failure to file a copy of the notification in the court file shall not, however, affect the Illinois Department's right to receive notice of further proceedings.

Payments under this Section to the Illinois Department pursuant to the Child Support Enforcement Program established by Title IV-D of the Social Security Act shall be paid into the Child Support Enforcement Trust Fund. All ~~other~~ payments under this Section to the Illinois Department of Human Services shall be deposited in the DHS ~~Public Assistance~~ Recoveries Trust Fund. Disbursements from these funds shall be as provided in Sections 12-9.1 ~~12-9~~ and 12-10.2 of this Code. Payments received by a local governmental unit shall be deposited in that unit's General Assistance Fund.

Where the clerk has entered into an agreement of cooperation with the Department to record the terms of child support orders and payments made thereunder directly into the Department's automated data processing system, the clerk shall account for, transmit and otherwise distribute child support payments in accordance with such agreement in lieu of the requirements contained herein.

In any action filed in a county with a population of 1,000,000 or less, the court shall assess against the respondent in any order of maintenance or child support any sum up to \$36 annually authorized by ordinance of the county board to be collected by the clerk of the court as costs for administering the collection and disbursement of maintenance and child support payments. (c) Except as provided in subsection (d) of this Section, the clerk shall disburse the payments to the person or persons entitled thereto under the terms of the order or judgment.

(d) The court shall determine, prior to the entry of the support order, if the party who is to receive the support is presently receiving public aid or has a current application for public aid pending and shall enter the finding on the record.

If the person entitled to payment is a recipient of aid under the Illinois Public Aid Code, the clerk, upon being informed of this fact by finding of the court, by notification by the party entitled to payment, by the Illinois Department of Public Aid or by the local governmental unit, shall make all payments to: (1) the Illinois Department of Public Aid if the person is a recipient under Article III, IV, or V of the Code or (2) the local governmental unit responsible for his or her support if the person is a recipient under Article VI or VII of the Code. In accordance with federal law and regulations, the Illinois Department of Public Aid may continue to collect current maintenance payments or child support payments, or both, after those persons cease to receive public assistance and until termination of services under Article X of the Illinois Public Aid Code. The Illinois Department of Public Aid shall pay the net

amount collected to those persons after deducting any costs incurred in making the collection or any collection fee from the amount of any recovery made. Upon termination of public aid payments to such a recipient or termination of services under Article X of the Illinois Public Aid Code, the Illinois Department of Public Aid or the appropriate local governmental unit shall notify the clerk in writing or by electronic transmission that all subsequent payments are to be sent directly to the person entitled thereto.

Upon notification in writing or by electronic transmission from the Illinois Department of Public Aid to the clerk of the court that a person who is receiving support payments under this Section is receiving services under the Child Support Enforcement Program established by Title IV-D of the Social Security Act, any support payments subsequently received by the clerk of the court shall be transmitted in accordance with the instructions of the Illinois Department of Public Aid until the Department gives notice to the clerk of the court to cease the transmittal. After providing the notification authorized under this paragraph, the Illinois Department of Public Aid shall be entitled as a party to notice of any further proceedings in the case. The clerk of the court shall file a copy of the Illinois Department of Public Aid's notification in the court file. The failure of the clerk to file a copy of the notification in the court file shall not, however, affect the Illinois Department of Public Aid's right to receive notice of further proceedings.

Payments under this Section to the Illinois Department of Public Aid pursuant to the Child Support Enforcement Program established by Title IV-D of the Social Security Act shall be paid into the Child Support Enforcement Trust Fund. All ~~other~~ payments under this Section to the Illinois Department of Human Services ~~Public Aid~~ shall be deposited in the DHS ~~Public Assistance~~ Recoveries Trust Fund. Disbursements from these funds shall be as provided in the Illinois Public Aid Code. Payments received by a local governmental unit

shall be deposited in that unit's General Assistance Fund.

(e) Any order or judgment may be amended by the court, upon its own motion or upon the motion of either party, to conform with the provisions of Sections 709 through 712, either as to the requirement of making payments to the clerk or, where payments are already being made to the clerk, as to the statutory fees provided for under Section 711.

(f) The clerk may invest in any interest bearing account or in any securities, monies collected for the benefit of a payee, where such payee cannot be found; however, the investment may be only for the period until the clerk is able to locate and present the payee with such monies. The clerk may invest in any interest bearing account, or in any securities, monies collected for the benefit of any other payee; however, this does not alter the clerk's obligation to make payments to the payee in a timely manner. Any interest or capital gains accrued shall be for the benefit of the county and shall be paid into the special fund established in subsection (b) of Section 711.

(g) The clerk shall establish and maintain a payment record of all monies received and disbursed and such record shall constitute

prima facie evidence of such payment and non-payment, as the case may be.

(h) For those cases in which child support is payable to the clerk of the circuit court for transmittal to the Illinois Department of Public Aid by order of court or upon notification by the Illinois Department of Public Aid, the clerk shall transmit all such payments, within 4 working days of receipt, to insure that funds are available for immediate distribution by the Department to the person or entity entitled thereto in accordance with standards of the Child Support Enforcement Program established under Title IV-D of the Social Security Act. The clerk shall notify the Department of the date of receipt and amount thereof at the time of transmittal. Where the clerk has entered into an agreement of cooperation with the Department to record the terms of child support orders and payments made thereunder directly into the Department's automated data processing system, the clerk shall account for, transmit and otherwise distribute child support payments in accordance with such agreement in lieu of the requirements contained herein.

Section 35. The Non-Support of Spouse and Children Act is amended by changing Section 2.1 as follows:

(750 ILCS 15/2.1) (from Ch. 40, par. 1105)

Sec. 2.1. Support payments; receiving and disbursing agents.

(1) In actions instituted under this Act on and after August 14, 1961, involving a minor child or children, the Court, except in actions instituted on or after August 26, 1969, in which the support payments are in behalf of a recipient of aid under the Illinois Public Aid Code, shall direct that moneys ordered to be paid for support under Sections 3 and 4 of this Act shall be paid to the clerk of the court in counties of less than 3 million population, and in counties of 3 million or more population, to the clerk or probation officer of the court or to the Court Service Division of the County Department of Public Aid. After the effective date of this amendatory Act of 1975, the court shall direct that such support moneys be paid to the clerk or probation officer or the Illinois Department of Public Aid. However, the court in its discretion may direct otherwise where exceptional circumstances so warrant. If payment is to be made to persons other than the clerk or probation officer, the Court Service Division of the County Department of Public Aid, or the Illinois Department of Public Aid, the judgment or order of support shall set forth the facts of the exceptional

circumstances.

(2) In actions instituted after August 26, 1969, where the support payments are in behalf of spouses, children, or both, who are recipients of aid under the Illinois Public Aid Code, the court shall order the payments to be made directly to (1) the Illinois Department of Public Aid if the person is a recipient under Articles III, IV or V of the Code, or (2) to the local governmental unit responsible for the support of the person if he or she is a recipient under Articles VI or VII of the Code. In accordance with federal law and regulations, the Illinois Department of Public Aid may continue to collect current maintenance payments or child support payments, or

both, after those persons cease to receive public assistance and until termination of services under Article X of the Illinois Public Aid Code. The Illinois Department of Public Aid shall pay the net amount collected to those persons after deducting any costs incurred in making the collection or any collection fee from the amount of any recovery made. The order shall permit the Illinois Department of Public Aid or the local governmental unit, as the case may be, to direct that support payments be made directly to the spouse, children, or both, or to some person or agency in their behalf, upon removal of the spouse or children from the public aid rolls or upon termination of services under Article X of the Illinois Public Aid Code; and upon such direction, the Illinois Department or the local governmental unit, as the case requires, shall give notice of such action to the court in writing or by electronic transmission.

(3) The clerks, probation officers, and the Court Service Division of the County Department of Public Aid in counties of 3 million or more population, and, after the effective date of this amendatory Act of 1975, the clerks, probation officers, and the Illinois Department of Public Aid, shall disburse moneys paid to them to the person or persons entitled thereto under the order of the Court. They shall establish and maintain current records of all moneys received and disbursed and of delinquencies and defaults in required payments. The Court, by order or rule, shall make provision for the carrying out of these duties.

~~in accordance with the Income Withholding for Support~~

Upon notification in writing or by electronic transmission from the Illinois Department of Public Aid to the clerk of the court that a person who is receiving support payments under this Section is receiving services under the Child Support Enforcement Program established by Title IV-D of the Social Security Act, any support payments subsequently received by the clerk of the court shall be transmitted in accordance with the instructions of the Illinois Department of Public Aid until the Department gives notice to cease the transmittal. After providing the notification authorized under this paragraph, the Illinois Department of Public Aid shall be entitled as a party to notice of any further proceedings in the case. The clerk of the court shall file a copy of the Illinois Department of Public Aid's notification in the court file. The failure of the clerk to file a copy of the notification in the court file shall not, however, affect the Illinois Department of Public Aid's right to receive notice of further proceedings.

(4) Payments under this Section to the Illinois Department of Public Aid pursuant to the Child Support Enforcement Program established by Title IV-D of the Social Security Act shall be paid into the Child Support Enforcement Trust Fund. All ~~other~~ payments under this Section to the Illinois Department of Human Services ~~Public Aid~~ shall be deposited in the DHS Public Assistance Recoveries Trust Fund. Disbursements from these funds shall be as provided in the Illinois Public Aid Code. Payments received by a local governmental unit shall be deposited in that unit's General

Assistance Fund.

(5) Orders and assignments entered or executed prior to the Act

approved August 14, 1961 shall not be affected thereby. Employers served with wage assignments executed prior to that date shall comply with the terms thereof. However, the Court, on petition of the state's attorney, or of the Illinois Department of Public Aid or local governmental unit in respect to recipients of public aid, may order the execution of new assignments and enter new orders designating the clerk, probation officer, or the Illinois Department of Public Aid or appropriate local governmental unit in respect to payments in behalf of recipients of public aid, as the person or agency authorized to receive and disburse the salary or wages assigned. On like petition the Court may enter new orders designating such officers, agencies or governmental units to receive and disburse the payments ordered under Section 4.

(6) For those cases in which child support is payable to the clerk of the circuit court for transmittal to the Illinois Department of Public Aid by order of court or upon notification by the Illinois Department of Public Aid, the clerk shall transmit all such payments, within 4 working days of receipt, to insure that funds are available for immediate distribution by the Department to the person or entity entitled thereto in accordance with standards of the Child Support Enforcement Program established under Title IV-D of the Social Security Act. (30 ILCS 105/8.20) (from Ch. 127, par. 144.20)

Sec. 8.20. Appropriations for the ordinary and contingent expenses of the Illinois Liquor Control Commission shall be paid from the Dram Shop Fund. ~~On August 30 of each fiscal year's license period, an amount of money equal to the number of retail liquor licenses issued for that fiscal year multiplied by \$50 shall be transferred from the Dram Shop Fund and shall be deposited in the Youth Alcoholism and Substance Abuse Prevention Fund.~~ Beginning June 30, 1990 and on June 30 of each subsequent year, any balance over \$5,000,000 remaining in the Dram Shop Fund shall be credited to State liquor licensees and applied against their fees for State liquor licenses for the following year. The amount credited to each licensee shall be a proportion of the balance in the Dram Shop Fund that is the same as the proportion of the license fee paid by the licensee under Section 5-3 of The Liquor Control Act of 1934, as now or hereafter amended, for the period in which the balance was accumulated to the aggregate fees paid by all licensees during that period.

In addition to any other permitted use of moneys in the Fund, and notwithstanding any restriction on the use of the Fund, moneys in the Dram Shop Fund may be transferred to the General Revenue Fund as authorized by Public Act 87-14. The General Assembly finds that an excess of moneys existed in the Fund on July 30, 1991, and the Governor's order of July 30, 1991, requesting the Comptroller and Treasurer to transfer an amount from the Fund to the General Revenue Fund is hereby validated.
